ONE HUNDRED NINETEENTH COUNCIL

LOUIS MASON, JR. President
MICHAEL A. PERRY City Clerk
WILLIAM F. McCRAY Ass't. City Clerk

Pittsburgh, Pa.

Monday, January 5, 1976

In accordance with the provisions of the Act of Assembly of the Commonwealth of Pennsylvania, approved May 31, 1911, the Members-elect of the Council of the City of Pittsburgh, together with those holding over, convened in the Chambers at 10:00 o'clock, A.M.

The Council was called to order to Michael A. Perry, City Clerk, who acted as Chairman pro tem of the meeting.

Mr. Perry:

This being the day and hour fixed by the Act of Assembly of the Commonwealth of Pennsylvania for the organization of the Council of the City of Pittsburgh, the One Hundred Nineteenth Council will be in order.

We will rise for the pledge of allegiance to the Flag, and remain standing for the invocation, which will be delivered by Monsignor Leo Vanyo of St. Paul's Cathedral.

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

Monsignor Paul Vanyo:

Almighty and Eternal God: At the very beginning of human life you instilled within us the will to live, not alone and separately, but with one another and in community. You have taught us that it is together in such a society that we will work most effectively and successfully to achieve the blessings of peace and harmony. You have shown us that if such a society is to grow and prosper, it requires government and that certain individuals must be chosen to lead in your name and with your power and authority.

Lord, today our city and community welcomes and honors those who have been designated by its citizens to rule and govern us as our legislators. As they begin their term of office, we ask that you grant to them first of all the good health which they must have to endure the rigors and demands of their offices. Grant them the wisdom and understanding to reconcile the high purposes and lofty principles of their office with the individual needs of those whom they govern. Fill them with a compassion and a mercy for all, but especially for the poor and the despised who are in special need of their concern. Grant them the resolve to work long and zealously to achieve peace and harmony within our city and our community. Bless their families, their wives, and their children, who will be called upon to sacrifice and share their presence and their concern with the larger family of this community.

Finally, we ask you, Almighty Father, look favorably upon our city and all its citizens so that together we may grow and prosper according to your law and your commandments.

Amen.

Mr. Perry:

The first order of business will be the presentation of the Certificates of Election.

The Chair presented

Mr. Perry:

We are honored to have with us this morning the Honorable Louis Farino, Judge of the Court of Common Pleas of Allegheny County, who will administer the Oath of Office to Richard S. Caliguiri and Eugene P. DePasquale.

The Oath of Office was administered by Judge Farino, and Mr. Caliguiri and Mr. DePasquale signed the oath.

Mr. Perry:

We also have with us the Honorable Bernard McGowan, Judge of the Court of Common Pleas of Allegheny County, who will administer the Oath of Office to Richard E. Givens.

The Oath of Office was administered by Judge McGowan and Mr. Givens signed the oath.

Mr. Perry:

Also, the Honorable Michael O'Malley, Judge of the Court of Common Pleas of Allegheny County, who will administer the Oath of Office to James F. Lally.

The Oath of Office was administered by Judge O'Malley and Mr. Lally signed the oath.

Mr. Perry:

Also, the Honorable Homer S. Brown, former Judge of the Court of Common Pleas of Allegheny County, who will administer the Oath of Office to Louis Mason, Jr.

The Oath of Office was administered by Judge Brown and Mr. Mason signed the oath.

Mr. Perry:

In that the newly-elected and re-elected Members of the Council of the City of Pittsburgh have been duly sworn in, the Clerk will call the roll.

And the roll being called, there were present:

Miss Ballinger	Mr. Lally
Mr. Caliguiri	Mr. Lucchino
Mr. Coyne	Mr. Mason
Mr. DePasquale	Mr. Stone
Mr. Givens	

Mr. Perry:

The next order of business is the nomination and election of the President of Council.

Mr. DePasquale:

I have been on City Council for the last four years, and it has been my privilege and pleasure to have Mr. Louis Mason as President of City Council. During the last four years, I have seen Mr. Mason prosper and come a long way in coping with City Council. And I think that for the rest of this term, I would like Mr. Mason placed in nomination for Presidency.

Mr. Stone:

I second the nomination and move that the nominations close on the name of Louis Mason, Jr.

Which motion prevailed.

Mr. Perry:

The Clerk will call the roll on the election of Louis Mason, Jr., as President of the Council of the City of Pittsburgh.

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Ayes:

Miss Ballinger	Mr. Givens
Mr. Caliguiri	Mr. Lally
Mr. Coyne	Mr. Lucchino
Mr. DePasquale	Mr. Stone

Ayes 8 Noes none (Mr. Mason not voting)

And the vote of Council being unanimous, Mr. Mason was elected President of Council.

Mr. Perry:

We have with us the Honorable Homer S. Brown, who will administer the Oath of Office to the President of Council. Will Mr. Mason approach the Chair.

The Honorable Homer S. Brown administered the Oath of Office of President of Council to N Mason.

Mr. Perry:

Members of Council, ladies and gentlemen, may I present to you the President of the Council of the City of Pittsburgh, Mr. Louis Mason, Jr.

Mr. Mason:

The Chair wishes to recognize, with appreciation, the confidence that my colleagues have placed in me, in what little leadership that I have, and some insight that I have to the problems of this community, and I have accepted it humbly.

In that light, I would like the opportunity to

give my colleagues who ran with me in this last election an opportunity to speak.

First on the list is Mr. Richard Givens.

Mr. Givens, will you kindly come to the podium.

Mr. Givens:

Mr. President, Reverend Clergy, Mayor, and distinguished guests, it is a great honor to be up here. It has been almost a childhood dream to be working for the City of Pittsburgh as a councilman.

I have had many members working very hard. It was a small group, and we overcame insurmountable mountains within the political field. But I hope that each and everyone of you will join this Council in spearheading Pittsburgh to be one of those cities that people will think about, and will want to live in.

It takes three sectors of our community to move this city forward. One of those is you people sitting in the audience. The others are the elected officials here this morning. And third is the private sector. With those three in mind, we can move the City of Pittsburgh forward.

I thank everyone who helped me in my campaign. And God bless us all.

Mr. Mason:

Judge McGowan will present the members of Mr. Givens family.

Judge McGowan:

Thank you, President Mason. Dick Givens asked me to do this, and it is a great pleasure. When we are sworn in as judges, generally men deliver this short three minute speech covering their background, but that will take too long. I will skip mentioning their background and introduce the people with whom Dick Givens spent most of his life with. I shall now introduce Mr. Givens' family: his wife, the former Ethel Coleman; his mother, Julia A. Flaherty; and the

man who is not here today, his father, who used to be the Building Inspector, George 'Barney' Givens. Mr. Givens has a number of children and when they are all standing, I would like to have you applaud. His daughter, Sharlene, and her husband, John, could not be here; Mr. Givens' first son, George and his wife Patty; his daughter, Marlene; his son, John; his daughter, Julia; his daughter, Maura; his son, Edward; and his son, Richard. Please be seated, there are two more people. First, his father-in-law, John Coleman, and his mother-in-law, Mrs. Mary Coleman.

Thank you very much.

Mr. Mason:

Thank you, Judge McGowan. The next person is Mr. Richard Caliguiri.

Mr. Caliguiri:

Thank you, Mr. President. Again it is a great honor to be standing before you for my second time. I probably would have worked against Mr. Givens and Mr. Lally because nobody was going to split Amy and I. As long as they are both 'G' and 'L', we are glad to have them come.

You know that government today, if I can just take one brief moment, is really one of the toughest things to be involved in. You sacrifice yourself so many times, and you share yourself, not only with your family, but practically the entire City of Pittsburgh and beyond.

When you decide to become involved in politics, as Richard Givens, James Lally, and the rest of my colleagues have done, there are times when things don't seem to go well. Because you sort of live in a fish bowl. But that fish bowl looks two ways. It looks in at you. And you look outside also.

You have got to take, sometimes, adversity. You have got to take criticism. But the one thing you can give back to the people is honesty and sincerity. These two things. I have attempted to do these two things in my five years on Council. And these two things I will continue to do in my next four years on City Council. And no matter what may be done or what may be said, it is up to each individual to take that and fight back.

This past week I lost a very dear friend, Louis Curto, my uncle. He is somebody who exhibited honesty and sincerity. In his memory, I dedicate my next four years of that same honesty and integrity that I will give to the people of Pittsburgh.

Now, if I may take a brief moment, the last time I was here I had the opportunity to introduce all of my relatives, and I missed a couple. In the audience, of course, is my mother, Mrs. Caliguiri; and Jean's mother, Mrs. Conte; standing in the rear, these two people probably helped me get elected because they watched our kids over the last several months and fed them, too, my sister, Virginia and my brother, Bob; and I have a number of uncles and aunts, Joe and Jim Caliguiri; we have Ann Curto and my brother-in-law Bob Angell, and I see a couple of nieces, the Caliguiri nieces; of course, last and not least, the last time I had one child and now I have two, I don't know if I will ever catch up with Mr. Givens, but my sons, Greg and David; and, of course, the girl who puts up with me more than anybody else, and sometimes it is not easy and I recognize that, my wife, Jean. She has been a tremendous help. There are trying times and you need somebody to come home to; you need somebody to talk to; and you need somebody to help you to continue on the right path.

Mr. Mason:

Now, it is my privilege to introduce the man who has the unique and distinguished name of 'Jeep.' It has taken me 20 years to find out that his name is Eugene. He is outstanding because he is the only grandfather on City Council.

Mr. DePasquale:

Thank you, Mr. Mason. Mr. Givens is a grandfather, so I no longer have that distinction.

Mr. President, Reverend Clergy, and distinguished guests. First of all, I would like to tell Mr. Mason that Jeep goes back a long way. My brother gave me that name. And he got it from the old Popeye cartoons. But my real name is Bartolomeo Eugenio Pietro DePasquale. And the other day Mr. Lally asked me if I was really Italian.

With all due respect to my colleagues on City Council, I was listening to one of those talk

shows, there was a woman on and she said, "City Council is going to pot. There are three labor leaders on City Council now; isn't that a shame."

It would be okay with me if all of City Council were labor leaders. Myself, I have been involved with labor all my life, and I am proud to say it. I know you are going to see, as you have with Amy Ballinger, great leadership. Jim Lally is a friend of labor, and a friend of Council in the City of Pittsburgh.

I do want to say that when I came aboard four years ago, I had mixed emotions. You had the newspapers fighting the Mayor, and I didn't want to come aboard with that type of aggression. And I certainly don't want that now.

Over the past four years, and under the Mayor's leadership, and with the cooperation of Council, we have set a criteria for the rest of the nation. We have great leadership and a great city, and I know that that type of leadership is going to continue.

I do want to comment on Walter Kamyk. On his own time, Walter Kamyk has taken the time to come here. I want to thank Walter.

I have seen great leadership on this Council. And I know that Mr. Lally and Mr. Givens will fit right into that mold. But I cannot forget Tom Fagan, Ed Michaels, Mr. Kamyk, and that lovable chubby fellow who is going over to the Controller's office, Jack Lynch.

Well, I get to the point where I am going to introduce my family, I want to mention, before I introduce the living members of my family, four years ago I had the great honor and distinction of having my late dad present at my swearing in. Dad was my inspiration. He used to preach about liars and thieves. So someone might wonder how I ever got into politics. He was a man that gave me leadership to follow. He came to the United States when he was 13 years of age, you might say on a banana boat. When he landed, he couldn't speak the language, didn't know the customs, and he became a successful businessman and raised a wonderful family. He also preached patriotism, and if I am guilty of committing crimes of patriotism, then I am damn proud to say so. Now, I would like to introduce my wife, Jo; my daughter Carol, she is number one because she married a fellow named Hertz; my number one son, Allie, he is late as usual, but I see his lovable wife, Josephine and their two

children, Eugene and Vincent; my son, James and his lovable wife, Helen, they were two survivors in Nicaragua when they had that earthquake; I have two other sons who still live at home, Eugene and Marky. I don't see my brother, Al, but his wife is here, and my sister is behind Bob.

I am not going to take up much of your time. As I did in the past, I let my heart and my conscience rule me and guide me. And I hope I did a credible job. And I hope I continue to do a credible job in the near future.

Thank you.

Mr. Mason:

I am supposed to be last, but I have to bow to the dignity of the office of the Mayor of the City of Pittsburgh for a few remarks, Mayor Flaherty.

I am sorry, I missed Mr. Lally.

Mr. Lally:

Thank you, Mr. President, Reverend Clergy, Honorable Judges, and friends all. It is a great honor for me today to accept the oath-of-office for City Council in the City of Pittsburgh. Pittsburgh is someplace special as far as I am concerned.

I want to thank my friends from the labor movement. I want to thank my friends all from the Committee people who are from the City of Pittsburgh. They were the ones who really worked to help me.

I hope to be able to serve on City Council with honor. And from this day forward, I promise that that will be my main purpose.

I don't have a big family like Mr. DePasquale and Mr. Givens, but I would like to introduce the members of my family. First, I would like to introduce my wife, Joan; my daughter, Michele; and the woman who started me in politics, my mother. I have a lot of cousins in the audience and I can't introduce them all so I want to thank you all for coming. There is one thing that I would like to say about Vanyo, who gave the invocation, he is the only priest in the city that has three councilmen in his Cathedral, plus the

Mayor. That is Mr. DePasquale, Mr. Coyne, myself, and the Mayor of Pittsburgh, we are all members of St. Paul's Cathedral. I also would like to thank Judge Michael O'Malley. Mike and I were raised together.

Thank you very much.

Mr. Mason:

Mr. Peter Francis Flaherty, Mayor of the City of Pittsburgh.

Mayor Flaherty:

Thank you, Mr. Mason, Reverend Clergy, Judges, City Controller, Members of Council, Mr. Kamyk, my staff and Council's staff, and all of the relatives that are gathered here this morning.

Mr. Lally, I really would rather come to my regular term.

You know, everybody has given a very good talk. And as Council members were talking, I was kind of listening and I was also looking out to the audience. What you see is a kind of a sample of all the people of Pittsburgh here today. And I see a lot to be proud of. Pride, not only of sport games, particularly our Steelers, but pride of accomplishment of our city. A beautiful city. When people come to Pittsburgh, that have never come here before, they exclaim in almost disbelief, "My what a beautiful city you have." That does not happen overnight.

You have entrusted yourselves to those who have served in the city government, Council persons who have worked here and spent the good part of their daily lives here. We have a great trust to keep Pittsburgh moving, and it is with your help that it is going to continue. We are going to continue to keep this city amongst the top cities in the country. And I look forward to working with all of you. And I am delighted and very happy to be a part of this very fine ceremony.

Mr. Mason:

Well, now comes my turn. You can start out with a handful of notes, if you wish. Some of my colleagues suggested that I speak last. Now, I understand what the thought was because here Mr.

Lally and Mr. Givens took care of that one; there goes that part of the speech; Mr. Caliguri took care of that one; and Mr. DePasquale took care of that.

There are a lot of friends out there who have helped each of us who ran as a team to get elected. And there is one person that I would like to call special attention to here: her dedication, her ideas, and the way she handles her business. She is Ms. Mary Hall. A very sweet girl who knows how to really make you work, and work hard at your task.

I am in a kind of unique position when it comes to introducing members of my family. You are all part of my family, and so I have special people who are my family; my brother, who I hope is here, he may have been detained by Meade Mulvihill on some assignment on an accident task; my wife of 35 years, Mrs. Dorothea Mason; there is a club in town, in the older part of the city, called 'The Girlfriends,' and they are all part of my family, too; then I will cite very quickly two of my friends, Mr. James Hunter and Mr. George Mosby.

As I have said to you, thank you all; you are all my family. Because it is not your community, it is not his community; it is not her community. It is our community. And I think that's very important to the spirit with which we attack the various problems which we face in the city of Pittsburgh, and will be continuing to face for a number of years.

The Mayor has alluded to the fact that we cannot solve these problems at once. Those who are elected recently, and those who have served for the previous years, really know the problems that we have to go through. And might I say, the caliber of the appeal of government for petition for their rights under the first amendment of the Constitution of America and also under the Commonwealth of Pennsylvania is the right of the citizen to seek a redress of his grievance at the neighborhood level because he wanted to be involved in city government, not government in the nature of the problem in which they bring forth publicity, but it is the nature in which they present themselves, the gathering of transcripts, and the evidence we have to make judgment, whether it be in housing, employment, or other matters of that nature. These are the problems we grapple with at the local level. They might seem minute, but they are the successes and the failures. And those who would take a dim view of this city are not speaking for our community. They are speaking for themselves.

I heard in some of my travels in one of the San Francisco hotels, someone asked, "Where do you live?" and he answered, "I live in Morningside." "Is that in Pittsburgh?" "Yes, that's near Pittsburgh." And another time this lady said to this man in the Chicago Airport, "I live in Troy Hill." "Is that near Pittsburgh?" "Oh, yes, that's near Pittsburgh. It is not in Pittsburgh, but it is near Pittsburgh." And then people wonder why the nation at large has a bad image of us. We have a bad image of ourselves, and I think this is poor public relations for the welfare of our city's growth and development. Then they are astounded when they come into this town. They are overwhelmed with what we have done. That is the plus side.

With the rate of demolition and by upping the rate of buildings, we can improve the deplorable conditions under which people live. I am very disappointed with the participation of the private sector relative to the reinvestment of money to make the city grow and become attractive to people, for maintenance of those who we need here, and for the youngsters whom we are unable to keep here.

This will be my objective in the following years. We need an Industrial Research Park where we will have the opportunity to save these youngsters, not save, but keep them here and help pave the way when they come out of Pittsburgh University, Carnegie Institute, and Mt. Mercy. They can go to Industrial Research Park. We will be able to get cooperation and help to maintain it for metallurgy, medicine, you name it, we would have it. This will give jobs, and this happens to have been one of my pet peeves over the years. The other is employment for women. We do not have much employment for women, and I think it is extremely important.

To each of you, this is your government. It is not Mr. Mason's; it is not Mr. DePasquale's; it is not any councilman's out there. We are sitting here making judgments as best we can and with all the facts we have for the benefit of the whole city. So your neighborhood is just a part of the total, and we have to take a look at the total if we are going to make the kind of progress we hope to make.

Finally, I think I would have to say that in the past four years, and the two and a half years that was taken up with the Pension Board matters, which we now see a new pension plan for our city employees which is equal to and exceeds others across the country, we will be trying to find ways and means to help fund our program so we can release the city share, and they can be

substantially turned back to the General Fund for general operation. I know that it sounds complicated; I can't balance my checkbook.

This morning the papers will carry the fact that they are cutting 90 billion dollars out of the budget for such programs that direct welfare growth and development in the field of housing and in the field of developing recreation for senior citizens. All those 90 billion dollars will affect those programs and little to the Defense program.

We are becoming, at last, cosmopolitan and less provincial. With the dual role of such an approach, we will become one of the greatest cities in the United States of America.

And lastly, a personal message to you, Walter. Having worked for you for more than 23 years, in all 23 years it has been a pleasure. And it is with deep regret that I see you leave. I have watched your wonderful daughters travel all over, and it is a compliment to you that they all got their dream and have succeeded.

And now appointments for chairmanship of Committees.

Finance - Mr. Caliguiri
Public Works - Mr. DePasquale
Public Service and Surveys - Miss Ballinger
Planning and Redevelopment - Mr. Stone
Water - Mr. Givens
Parks, Recreation and Libraries - Mr. Lucchino
Public Safety - Mr. Coyne
Lands and Buildings - Mr. Lally

Many thanks for your attendance, and we hope you will come back.

Also, the appointment of councilmen to Carnegie Library as follows: Richard S. Caliguiri, Eugene P. DePasquale, William J. Coyne, Richard E. Givens, James F. Lally, Robert R. Stone, and Louis Mason, Jr., and Mr. Lucchino is reappointed to the Buhl Planetarium, where I understand you are doing a beautiful job.

Mr. DePasquale:

Sorry to take up your time, but I want to say that in the audience we have a very distinguished guest, and I am very proud he came. I am very

sorry I neglected to acknowledge him earlier, he was here, and that's the President of the Italian Sons and Daughters of America, Mr. Guy Mendola.

And the other thing, I have received permission from Monsignor Paul Vanyo for Mr. Coyne to pass the basket.

Ms. Ballinger:

If I am in order, Mr. President, I propose the name of Mr. Caliguiri as President Pro tem of City Council. I think he is the man that, in your absence, undertook your duties and did it well.

Mr. DePasquale:

It gives me pleasure to second the motion.

Mr. Mason:

Let it be recorded that Mr. Richard Caliguiri has been elected President Pro tem.

Mr. Caliguiri:

I move that the Rules of the preceding Council be adopted as the rules of this Council.

Ms. Ballinger:

Second.

Mr. Mason:

It has been moved that the Rules of Council will be extended to the year 1976, pending the development of what happens under the new Home Rule Charter.

Mr. Mason:

Pending adjournment, we will have Benediction by Julius Canon F. Carter, Clergy of the Holy Cross Episcopal Church.

Reverend Carter: ¹

We pray, O'Lord, for all those who have been sworn as councilmen in this City of Pittsburgh, for all in our community who are responsible for undertaking the work of local government as a vocation and ministry. Grant to them at this time special gifts of wisdom and understanding; Counsel; and strength; that upholding what is right and, following what is true, they may obey thy holy will and fulfill thy divine purposes. Give to this city under their direction, honorable industry, sound learning, and pure manners. Save us from violence, discord and confusion; from pride and arrogance and from every evil way. In the times of prosperity, fill our hearts with thankfulness, and in the day of trouble, suffer not our trust in thee to fail.

Amen.

Mr. Mason:

I would like to invite the families of the newly sworn Councilmen, if they wish, to come forward and extend their congratulations, and extend their greetings and best wishes, or tell them all to go to hell, whichever is your pleasure.

Mr. DePasquale moved

That Council adjourn.

Which motion prevailed.

And Council adjourned.

MOTIONS AND RESOLUTIONS

The Chair presented

Bill No. 57.

City of Pittsburgh Pete Flaherty, Mayor
January 12, 1976

President and Members of Council
510 City-County Building
Pittsburgh, Pennsylvania 15219

Dear Gentlemen and Madame:

I am forwarding a Resolution for the appointment of Ms. Gretchen Donaldson as a City Court Magistrate replacing Mr. John Chapas.

Very truly yours,

/s/ Pete Flaherty
PETE FLAHERTY

PF:fk
Enclosure

Which was read, received and filed.

Also,

Bill No. 58 BE IT RESOLVED BY THE COUNCIL OF THE CITY OF PITTSBURGH AS FOLLOWS:

SECTION 1. That the appointment by the Mayor of Gretchen Donaldson of 5825 Fifth Avenue, be and the same is hereby approved and confirmed as a Magistrate in City Court.

Which was read.

Mr. Stone:

Move to hold for two weeks.

Mr. Caliguiri:

Second.

Mr. Stone:

That nomination be held by Council for investigation and for final approval. Also, ask her to appear on Wednesday. If not this Wednesday, the following Wednesday. Ask her to appear so that we will know more about her.

Mr. Mason:

The purpose, Mr. Stone, was not to do that. The purpose was for Council to contact the candidate, himself or herself, so that they would not have to make a public appearance. That was the original procedure.

Mr. Stone:

I don't mind contacting her.

Mr. Caliguiri:

We will leave that for Mr. Coyne.

Mr. Lucchino:

Maybe we ought to change that procedure, and just let them appear. We would be in compliance with the Sunshine Act. And if we want, we can still conduct any private investigation.

Mr. Caliguiri:

Sister Wellinger appeared before us about a month ago under the same circumstances.

Mr. Mason:

I recall what you are talking about. What we have been doing is inconsistent of last month.

Mr. Stone:

It will give you an opportunity to research, if you want to.

Mr. Mason:

I generally do mine by phone anyway. We can handle any person or meeting with 45 minutes

notice, Sunshine Act notwithstanding.

Mr. Lucchino:

I am just saying that the confirmation power that Council has is an important power, and why should we give up that power of not having this person appear before this confirming body. That is the power that we have.

Mr. Mason:

I am in agreement that Ms. Donaldson be called this Wednesday or the following Wednesday. Do we have a second?

Mr. Lucchino:

I don't think it needs a second.

Mr. Mason:

Council has the right to, I would concur. Do the rest of you concur?

Then which Wednesday?

Mr. Stone:

Make it next Wednesday

Mr. Mason:

Ms. Donaldson will be so invited

Mr. Caliguiri:

I want to comment that this past week we have been reading about some concerns regarding the arbitration with the F.O.P. award. Richard Givens has been meeting, and myself and parties of the F.O.P., and we had been speculating on possibly bringing in the arbitrators to clarify those points of the award. I understand that the administration and the F.O.P. are given to work out these differences. They all met with the arbitrators, and certainly that's a much better idea if they can work out those differences at their own table.

Mr. Givens, if you want to elaborate, then hold out on that until we have members of the administration at our meeting which is scheduled for Wednesday. However, if they come to this agreement, there will be no need for that meeting or to call the arbitrators in.

I just want to bring you up-to-date on what has transpired over the weekend.

Mr. Mason:

Mr. Givens, go ahead and comment.

Mr. Givens:

I think Councilman Caliguiri has indicated what has transpired starting with last Thursday and throughout the weekend, beginning with the F.O.P. sitting down in session over the arbitration agreement, and trying to award it in such a way that it is favorable to both sides, and bringing the arbitrators in to give final solution to their differences. And if this can be completed before this evening or tomorrow, then there will be no need to have the meeting this coming Wednesday morning.

Mr. Mason:

I think that's substantially acceptable. This morning the Mayor said we should have a letter by the close of the day, today. And this will give us time to call this meeting off. In that way, we can notify so many people. My understanding of your remarks and your discussion is that the Mayor had thought that you had got these things out. It is not our business really. The fact is, all we have to worry about is whether we are going to have this meeting or not. I would think about the close of business today or the first thing tomorrow so we will know if we do have conclusive differences of the agreement between both parties, and if so, the meeting will proceed.

Mr. Stone:

That will give them an opportunity to see if they can work it out. I find it regrettable though that every time we have a collective bargain, we find out that someone wants to misinterpret the agreement afterwards. I think that if they can't resolve it, I think we should keep it under the gun and resolve it here. This is the second time that we have had this kind of problem. Going to arbitration meetings no one likes. They don't get everything they want; they don't lose anything. I think we ought to respect that kind of decision. Once the arbitrator issues a final decision that is it.

Mr. Mason:

As to what Council really could have done, all we could do is to hear them out.

Mr. Caliguiri:

I think that intense involvement got these people back to the table, or this would not have happened.

Mr. Mason:

Any further motions or resolutions?

Mr. Caliguiri:

Welcome to our first business meeting, Councilman Givens and Councilman Lally. We welcome them here and wish them great success. Their success will be Council's success.

Mr. Stone moved

That Miss Ballinger and Mr. DePasquale be excused for absence from this meeting.

Which motion prevailed.

Mr. Stone moved

That the Minutes of Council of Monday, December 29, 1975, be approved.

Which motion prevailed.

MOTIONS AND RESOLUTIONS

Mr. Caliguiri presented

Bill No. 93. WHEREAS, the Pittsburgh Steelers, having won the 1976 Super Bowl X title, by defeating the Dallas Cowboys, with a score of 21 to 17; and

WHEREAS, this being the second consecutive Super Bowl Title Championship

the Steelers have brought home to their loyal fans; and

WHEREAS, the Steeler Team achieved this goal of becoming the 1976 Super Bowl Champions not only through the individual efforts of all the members of the squad, but also through the spirit, discipline and teamwork which reflects the outstanding coaching of Chuck Noll and his assistants; and

WHEREAS, this winning team effort has given great distinction not only to the Pittsburgh Steelers players and their coach, but also to the City of Pittsburgh.

NOW, THEREFORE, BE IT

RESOLVED, That the Mayor, and the members of the Council of the City of Pittsburgh, on behalf of all the citizens of Pittsburgh, congratulate the Pittsburgh Steelers, the coaches, and owner Art Rooney, on winning the 1976 Super Bowl X title, and once again achieving the ultimate football goal SUPER BOWL CHAMPIONS.

Which was read.

Mr. Caliguiri:

We had them all the way, and I move that the resolution be adopted.

Which motion prevailed.

Enclosure

Which was read, received and filed.

Also,

Bill No. 97. Resolution that the appointment by the Mayor of Thomas Ken-

nelly of 4927 Deerbourn Street be and the same is hereby approved and confirmed as Chief of the Bureau of Fire.

Which was read.

Mr. Caliguiri:

Under the new charter we must vote on both of those points.

Mr. Mason:

Why don't we wait for the rest of our colleagues.

Mr. DePasquale:

I think we should do it today, if there are no objections.

Mr. Lucchino:

Mr. Coyne or Mr. Lally would have something to say about it.

Mr. Mason:

I would like to have consistency here. We make one decision for one person, and another decision for someone else. That's unfair. I am just looking for consistency. Holding it further is quite incidental.

Mr. Lucchino:

Both of these men have been before Council for the last year almost every week. You are talking about the appointment that the Mayor made last week for magistrate. But nobody knows the woman. Nobody has ever seen her. She has never testified here. So, I think there is a clear distinction.

Mr. Stone:

They have been here long enough. I move acceptance of their nomination for those points.

Mr. Givens:

I second.

Which notion prevailed.

Mr. Caliguiri:

Mrs. Donaldson is coming this Wednesday.

Mr. Stone:

When is the resignation of Amy Ballinger effective?

Mr. Mason:

Immediately.

Mr. Stone:

I know not what the reasons were specifically as to why Ms. Ballinger resigned at this time. But I think this Council would be remiss if we did not make a note on the record that she has served well the City of Pittsburgh, and on City Council. I think her record had indicated that she has been able to stand the heat at trying times. And I think that she is deserving of thought at this particular time. I believe in all of her dealings with the City of Pittsburgh, I believe she has exercised the ability to take stock, the ability to analyze, and the ability to fight over any pressure when it was there in order to come to a decision which she felt was in the best interest of the City of Pittsburgh. It behooves all of us to enter into the report here that indicates that we join in thanking Ms. Ballinger for her years of service in the City of Pittsburgh, and on City Council.

Mr. Caliguiri:

Second.

Mr. Mason:

We regrettably accept Ms. Ballinger's resignation as of this date.

Which motion prevailed.

Mr. DePasquale:

I just want to add that I had the distinction of being the only grandfather on City

Council. Now, Mr. Givens joins me. But, I do think that I am at present the only Councilman that was with the Pittsburgh Steelers in 1933. I was towel boy for the Steelers during the night game back in 1933. So, you see, I was part of this winning team.

Mr. Stone:

There is something to be said about that. When he was in that service, the Steelers didn't win one championship. Mr. DePasquale, do not rejoin the Steelers in any capacity.

Mr. DePasquale moved

That Mr. Coyne and Mr. Lally be excused for absence from this meeting.

Which motion prevailed.

Mr. Caliguiri moved

That the Minutes of Council of Monday, January 12, 1976, be approved.

Which motion prevailed.

And on motion of Mr. Stone,

Council adjourned.

UNFINISHED BUSINESS

The Chair presented

Bill No. 58. Resolution approving the appointment of Gretchen Donaldson of 5825 Fifth Avenue, as a Magistrate in City court,

Which was read.

Mr. Caliguiri:

I move that the Bill be amended to read "For a term of two years," effective immediately. And, I move for a favorable recommendation of this Resolution.

Mr. Mason:

I guess that we had better vote on the Amendment first. Bill be moved and seconded to read "two years, effective immediately."

Mr. Caliguiri:

That's the Home Rule Charter. The Charter specifies that all appointments be made for a specific length of time. We must designate a term, and there is no term designated by Payroll.

Mr. Mason:

Any other questions on the Amendment?

Mr. DePasquale:

Second.

Mr. Lucchino:

That's the two years. It expires on what date?

Mr. Caliguiri:

I guess the appointment would be effective immediately. When, in December 1978?

Mr. Lucchino:

We should make the date clear as to when it expires so that there is no misunderstanding. Two years from the date of appointment.

Mr. Caliguiri:

As I see it, the term would expire in December pending the Mayor's nomination.

Mr. Lucchino:

It is a two-year term. December 31, 1977 would be the expiration date.

Mr. Caliguiri:

I would say a two-year term, effective

her appointment. If effective today, then it would expire two years from today.

Mr. Lucchino:

With that in mind, putting that in from the two years of the date it expires.

Mr. Caliguiri:

We can add some words; can we not? Would that be all right?

Mr. Stone:

To make it valid you have to end it at the end of each year. We are going to have to move chane in the administration. Someone is going to pass the end of the year.

Mr. Caliguiri:

We are talking months. Make it December 31, 1977.

Mr. DePasquale:

Is this the maximum period of time?

Mr. Caliguiri:

No.

Mr. DePasquale:

I feel that a two-year term would be significant. There are some reservations on Council's part for the nominee to prove herself in this position.

Mr. Lucchino:

It is obvious the way the votes are going to go. Members of Council have already made up their minds. I feel about this issue. I would like to have myself expressed on the record.

I think that it is a mistake to appoint any person, man or woman, who is so singularly unqualified, as this particular individual is. She has a total lack of experience in the criminal division of Common Pleas Court. She has lack of experience before the minor judiciary. Granted, she has a law degree, but

as a lawyer myself, I can attest to the fact that a great many lawyers who have law degrees are not qualified to work upon Courts in this Commonwealth.

It is up to Council to act as a confirming body, and not as an Advisory Board to the administration. We have consistently gone along with the appointments, and one of which has come back to haunt us many times, and that is that of the present City Solicitor. Anybody who has read the recent opinions that we have gotten from the City Solicitor knows that this Council is treated as a body about whom opinions should be written to get around. We have to appoint people and stand by these appointments. It appears that everybody has made up their minds. We are not going to change anybody's mind, and that is unfortunate because I think that that has happened in the national government with people like Haynesworth and Carswell when they were turned down. You have to keep turning down unqualified people until we somebody that is qualified. That is our role. I think it would be a mistake to vote yes on this particular person. We have the right to turn people down. We have that authority. We are never going to be treated as a separate legislative body until we begin turning down unqualified people. And until this does happen, we are going to be treated as an Advisory Board appointed in this City.

Mr. Stone:

Mr. President, if I may, relative to the candidate who is being offered today, at the outset I would like to say that my vote is not of a personal nature. It has nothing to do with the sex, but rather, I believe we have to take into consideration that she just passed the Bar Exam, and she had indicated that she had worked for the City Law Department. All of her experience has been in the civil end of the law. She has never been in the Magistrate's Court, and as yet, she has not tried a case before the Magistrate's Court, or our City Magistrate's Court, which is so very full, very complete, and very unexpected. We don't know from one case to the next what is coming up, and we are asking, at the present time, that Constitutional rights must be protected, that we not favor one side or the other, and yet, we are asking someone to rule coolly, without experience, and without ever having practiced in this Court. If we are

seeking a person based on sex, as a lawyer myself, I am sure there are other women who are experienced such as Jane Boucher, Sall Radick, from the Public Defender's office, June Schulberg, and also Doris Smith. Here are four that I can think of without trying too hard.

I think you've got to realize, that not only in fairness to City Council, in fairness to the attorneys, we owe a duty to the defendants, to the City of Pittsburgh, and in addition, we owe a duty to this particular individual whom we are placing in the lion's den, without qualifications to handle the particular problems.

She indicated, and I don't fault her personal desires, to be involved in Government. She indicated Wednesday morning that she had worked for the City Law Department. Fine! Then what should be done? If the Mayor feels so disposed to involve her in government, let her now get a second chance as an admitted lawyer to practice, to serve in our City Solicitor's office. After all, we can't do any worse there than we are doing now.

At any rate, I think that we cannot ignore qualifications. If the Mayor's decision in this instance is wrong, then our role as 'check and balance' cannot permit this to happen. Therefore, it is only with those reservations that I make my vote no.

Mr. Givens:

Mr. President, I feel concern for both of my fellow colleagues here about the appointment of Ms. Donaldson. Although there are no requirements set up for a magistrate to be an attorney or not to be an attorney, Ms. Donaldson is an attorney. You will find that throughout the country, very few magistrates are attorneys.

I think the fact that Ms. Donaldson has gone through the School of Law, has her degree, has passed the Pennsylvania Bar Association, that this would make an extremely qualified person for this job. Her experience that is lacking in Criminal Court, I think can be made up for the fact that those law courses know a little bit about the Criminal Code. Also the fact that someone does not have to have this degree to become a magistrate.

I went a little deeper than that. She has sent in a resume to us that included certain references as to where she worked. I went beyond that. I found people who knew her in the past, and they gave me a little bit about her background. So based on that, I feel that there are no reasons why we should restrict her from becoming a magistrate.

Mr. Coyne:

Mr. President, I intend to vote yes on the nomination because I think she is a good and qualified candidate. If I didn't, I would not vote for her.

Council in the past has made a point that there has been many vacancies. I feel that this vacancy should not be left unfilled for too long. I don't know of too many successful and qualified criminal attorneys in the City of Pittsburgh who would cut into their own practices to take on a job such as this. As Mr. Givens pointed out, many of the Justices of the Peace in the city, district, and county are acting as Justices of the Peace and are not attorneys, and have had no criminal experience prior to becoming Justices of the Peace. This should not inhibit us from okaying Ms. Donaldson.

Mr. DePasquale:

I have reservations myself. And, her trial experience or lack of trial experience has nothing to do with it whatsoever, and is not one of them. It hasn't been too long ago that the Supreme Justice was appointed, and he never presided in a court of law. We have two or three serving on the highest Bench in the Land, presiding in the Court of the Land. We are making an issue about lack of experience in City Court. As Mr. Givens and Mr. Coyne have pointed out, many Justices of the Peace have been elected and have never presided in Court at all. Some of them have had as high as fourth grade education, and no higher. Talking about experience, this doesn't swing. After a period of time things sway.

Mr. Caliguiri:

It is good if we can get the credentials that we think are required for every vacancy that exist on these various appointments. As

Mr. DePasquale pointed out, it is not only trial experience that is not necessary, but you don't even have to be an attorney to be a member of the Supreme Court.

Mr. DePasquale:

Probably could do a much better job.

Mr. Caliguiri:

However that may be, I don't think Council's duty is to reject or to accept people so that we can make the administration responsible to us. I think we have to take each decision that we make on its own merit and go from there. Whether or not it is approving or disapproving everybody. Each one that comes before us must list their merits. Ms. Donaldson, it is not so much her lack of experience, but her patience for working with people, and being fair and just in the decisions that she is going to have to make. The majority of Council has seen it that way, and for their own reasons.

I am sure that if each one of us did not like the nominee sent before us, we would in turn reject that person, and ask the Mayor to come back. We are going to make our decisions. And it is certainly not from the fear of knocking head to head with the administration. We have exhibited that. In fact, just this morning we have seen that they took a lead from us on the Unspecified Option that we have. They have gone out and found money. Only because we were not going to give that money on that one item. I see us acting individually. There is no reason why we should or should not reject this person this morning. For that reason I act for an affirmative recommendation on that.

Mr. Lally:

I also had some reservations about Ms. Donaldson. Checking into her past history and checking with attorneys in the city that knew her, I have found that everyone to the number gave her very good recommendations. I have to agree that you don't have to be an attorney to become a magistrate. I know this woman has sat in the Magistrate's Court, and has listened to cases for the last month. This came from the

Chief Magistrate at City Court. He tried to give her all the experience that he could give her in the period of a month. I think the place for this woman is in the Magistrate's Court. I will have to go along with her also.

Mr. Mason:

The clerk will call the roll approving the appointment of Gretchen Donaldson as Magistrate.

The ayes and noes were taken, agreeably to law, and were:

Ayes :	Noes:
Mr. Caliguiri	Mr. Lucchino
Mr. Coyne	Mr. Stone
Mr. DePasquale	
Mr. Givens	
Mr. Lally	
Mr. Mason (Pres't)	

Ayes 6 Noes 2

And a majority of the votes of Council being in the affirmative, the appointment was approved.

REPORTS OF COMMITTEES

Mr. Caliguiri presented

No. 128. Report of the Committee on Finance for January 21, 1976, transmitting sundry ordinances and resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation.

Bill No. 21. An Ordinance entitled, "An Ordinance further amending Ordinance No. 227, approved June 28, 1957 entitled 'An Ordinance regulating the parking of vehicles on off-street parking facilities in off-street parking facilities owned and operated or leased by the Public Parking Authority of Pittsburgh in which parking meters are provided; prohibiting the use of slugs or the defacing of such parking meters; and providing penalties for violation thereof.'"

(As amended in Committee)

Which was read.

Mr. Caliguiri:

Mr. Givens has further information on Bill No. 21. I ask that it be recommitted once again Bill No. 21, regarding the off-street parking.

Mr. Mason:

Is that your suggestion that it be recommitted to Finance Committee on Wednesday forthcoming?

Mr. Lucchino:

In regard to Bill No. 21, Mr. Givens wants to recommit that Bill regarding the process in which the tickets are given. We had talked about this bill 13 months in the old Council when the administration sent it in. We have held it for this long. I don't see any reason why we should recommit the Bill. We are talking about giving this authority to private security guards or not. Nothing else is going to change. The security guards will have exactly the same authority they had yesterday and last year. And that's all we are asking for. I don't see any reason why we should recommit it. Nobody is going to suffer anything. People get courtesy tickets, and that's exactly the way it is going to continue. There is only one issue involved, as I understand it, and that's to give that power to private security guards or not. There is no reason to recommit this Bill and give them the power or not.

Mr. Stone:

Mr. President, if I may, I join with Mr. Lucchino for this reason. That as it goes presently, at least we have some authority. I oppose giving this authority to these private individuals. If sometime in the future they are so imposed as to assert it again, then let it come as an amendment on that issue only.

Mr. Givens:

It will take a length of time to go into all the mitigating information and circumstances on it. But, if the rest of Council so chose, I will do it right now. We could

possibly take a vote to recommit it to Committee. If they feel like they want the information now, I will give it to them right now.

Mr. Mason:

Take up your line of reasoning in Finance Committee.

Mr. DePasquale:

I just want to say that in regard to the time that has been wasted, I don't think it would serve any purpose to recommit, other than to acknowledge the wishes of the Chairman. I go along with it.

Mr. Coyne:

Mr. Givens, it is your information that if this Amendment was to stand and the Bill was to pass in the form that it is in, that the guards who now patrol would no longer give out citations.

Mr. Givens:

They would give out citations, but they would have done away with the boxes, the courtesy boxes, which made it a simplified system. It differs from that of the regular ticket system. The normal notification that you would receive on a regular time would be 72 hours. You would get a Traffic Court notification stating that you owed a \$10 fine. Within this procedure, it is given by the Parking Authority. Then it has to go to the Magistrate's Court. Using their system it takes too long. In any case, you will not only pay the \$10 fee, but \$11 court cost.

I am concerned about this and other things. As Chairman of the Safety Committee, I receive reports daily on the rising crime within the City of Pittsburgh. I am trying to get the police officers back to fighting crimes, and back to policing these lots. I am trying to streamline this old system. He gets a ticket on the off-street, and he complies to this set of rules. And then there are another set of rules from the Parking Authority. This is going to be very confusing to the individual.

Mr. Lucchino:

The only thing is that there is no difference from the way that it has been for the past 25 years. It is exactly the way that it has been, and the Parking Authority tickets are only a dollar. If we want the courtesy box put back in, we can direct it. It was the legislature that took them out. And we can put them back, if that's the basic issue here. We are all in favor of helping the person. We are all in favor of making it not too difficult.

Mr. Givens:

I would like to take it in Council.

Mr. Mason:

Has he answered your question, Mr. Coyne?

Mr. Givens:

I have talked to the Police Superintendent, Mr. Robert Coll, to the F.O.P., and to the administration. There is no concern on them about the exercise of these security guards issuing the normal citations. Crime keeps going up. We have to do something.

Mr. Mason:

The Clerk will call the roll to recommit Bill No. 21 back to Committee on Finance.

The ayes and noes were taken, agreeably to law, and were:

Ayes:	Noes:

MOTIONS AND RESOLUTIONS

Mr. DePasquale:

Mr. Chairman, my remarks are prompted by an article I read about the East Street Valley Expressway.

I intended to hold a meeting in January of this year, before any demolition occurred in that area. We are all familiar with what has happened in that area. They were talking about an eight-lane through highway, and that was discarded. There was talk about a four-lane highway, and that was discarded. Now, they are talking about a six-lane highway.

A couple of years ago the State gave the City Diocese two million dollars, or something like that, to acquire St. Boniface Church, and to see that it remained intact. They wanted the road to go over the top of

the Church, so that it would remain intact. Fortunately, that was discarded. Now, there is some talk of going to Court. The State acquired the Church, and they feel that there is a division and separation. They are going to Court any day now.

There was also some talk a year ago to return the area back to its original state. I realize how difficult that would be to return it to the way it was before the demolition started in 1964. I felt that it is within our realm to ask for a hearing from PennDot and all the property owners involved in regard to just a status there and what is going on with this street and these people.

I would request, at this time, that we have a public hearing in regard to the East Street Valley Expressway situation, so that we can bring it up-to-date.

Mr. Caliguiri:

Second.

Mr. Stone:

Mr. DePasquale, you have no objection if we sent a letter to the Secretary of Transportation, asking them to give us a written report prior to that time?

Mr. DePasquale:

I have no objection.

Which motion prevailed.

Mr. Caliguiri moved

That the Minutes of Council of Monday, January 26, 1976, be approved.

Which motion prevailed.

And on motion of Mr. Stone,

Council adjourned.

Which was read.

Mr. Stone:

Mr. President, on Bill 83, I would like to make the following amendments, if I may.

After the words Community Development Block Grant Program Trust Fund, add and the Model Cities Program Trust Fund. Coming down to where we have figures and agencies, delete in the first Section 1., Model Cities and the amount \$2,014,000. That would then reduce the total to \$14,415,000. In Section 2., we would delete, portion of the 1975 Community Development Block Grant Program, and it would read as amended, The Model Cities Transition Program. Delete after 1975, Community Development Block Grant, and it will read, 1975 Model Cities Program Trust Fund. Section 3., we will change the figure from \$16,429,000 to \$14,415,000. and add, and to pay all expenses incurred in the Model Cities Transition Program and its listed categories from the Model Cities Program Fund in an amount not to exceed \$2,014,000.

This is purely for bookkeeping, it is not handled by the Treasurer. I so move.

Mr. Caliguiri:

I think that it should be made clear that it is in no way lessening the Block Grant Fund of \$16,429,000.

Mr. Mason:

Is there a second?

Mr. Lucchino:

Second.

Which motion prevailed.

MOTIONS AND RESOLUTIONS

Mr. Caliguiri presented

Bill No. 226. WHEREAS, the City of Pittsburgh is recognized as the "Engineering Capital of the World"; and

WHEREAS, The American engineer is an integral part of our heritage; and

WHEREAS, his contributions are basic to the evolution of our way of life,

responding to new opportunities and challenges to meet our everchanging needs; and

WHEREAS, this ability to anticipate and meet problems and requirements of changing life patterns makes this year's National Society of Professional Engineers' theme "American Ingenuity: 200 Years of Engineering" an appropriate focus for this bicentennial year; and

WHEREAS, the City of Pittsburgh recognizes the accomplishments of its many notable engineers; and

WHEREAS, the Pittsburgh Chapter is publishing a booklet on Western Pennsylvania Engineering Heritage to show to the country and the future generations the accomplishments of area engineers.

NOW, THEREFORE, Be it

RESOLVED, that the Mayor and members of the Council of the City of Pittsburgh take this opportunity to commend the professional Engineers of our area for its outstanding achievements in the field of Engineering.

Which was read.

Mr. Caliguiri:

I might add that this is not new. We have done this before. The last couple of years we have given credit to the engineers. This building would not have been built if it had not been for them. I ask for an affirmative recommendation.

Mr. Caliguiri moved

The adoption of the resolution.

Which motion prevailed.

Mr. Givens:

I have three points that I would like to address to all the Council members present today. There are eight Council members presently within the Council,

and I address my question as to what constitutes a simple majority. I think we should address ourselves to this in case any future action might come upon this Council to vote. I would like to know whether that vote might be constituted with a nine-member vote versus an eight-member vote that we have right here. A zoning change with the disapproval of the Planning Commission requires seven votes under a nine-man Council, and six votes to override the Mayor's veto, total two-thirds, and five in a simple majority.

Mr. Mason:

You are asking Council the question?

Mr. Givens:

Any questions from any Council members?

Mr. DePasquale:

Those figures would still apply.

Mr. Mason:

It still would be seven.

Mr. Givens:

I understand what a nine-man Council will have to hold in terms of continual conditional use, but I just would like to have the parliamentarian address us as to what procedure to follow on an eight-man Council.

Mr. Caliguiri:

It would remain, but we could ask the parliamentarian so that he could satisfy Mr. Givens. Maybe the parliamentarian could give it to us in writing.

Mr. Givens:

I would like an address by the parliamentarian in regards to this question just to get some type of . . .

Mr. Mason:

The Chair rules that seven still holds. I will ask the parliamentarian.

Mr. Curtin:

I will put it in writing.

Mr. Givens:

Make sure, because I feel that it might come up in the near future.

Mr. Givens:

The second thing is very disturbing to me about what happened recently over the weekend in the Public Safety Building, which is the robbery and some of the money is undetermined as far as I know at this time.

Mr. Mason:

We can take this up at the Finance Committee on Wednesday rather than now, because I think we really don't know too much about it at this present time.

Mr. Givens:

I would like to have Superintendent Coll at Wednesday's meeting.

Third, on the list of sewers, I would like to have Director Hess to address that particular problem. We have had three serious incidences within the City of Pittsburgh within the last year, one was out in East Liberty, one downtown, and one where we had one fire inspector seriously injured.

Mr. Mason:

I think you should raise the question at the Finance Committee because we don't have enough facts, and I think we can drill our facts out there.

Mr. Givens:

I would like to have Ms. Marasco also

summoned for the Wednesday meeting.

Mr. DePasquale:

I feel that it should be brought to the attention of Council on what's going on.

Mr. Mason:

We can air it in the Finance meeting on Wednesday.

Mr. Givens:

That's all, Mr. Mason.

Mr. Mason:

Your comments are well taken.

Mr. DePasquale moved

That Mr. Stone be excused for absence from this meeting.

Which motion prevailed.

Mr. Caliguiri moved

That the Minutes of Council of Monday, February 9, 1976, be approved.

Which motion prevailed.

And on motion of Mr. DePasquale,
Council adjourned.

REPORTS OF COMMITTEES

Mr. Caliguiri presented

No. 252. Report of the Committee on Finance for February 18, 1976, transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation.

Bill No. 164. A Resolution entitled, "Providing for the letting of a contract or contracts for the furnishing and delivery of Automotive Equipment, less trade-ins, for the Bureau of Automotive Equipment, Department of Supplies, and for the payment thereof."

Which was read.

Also,

Bill No. 165. A Resolution entitled, "Providing for the letting of a contract or contracts for the furnishing and delivery of Automotive Equipment, less trade-ins, for the Bureau of Automotive Equipment, Department of Supplies, and for the payment thereof."

Which was read.

Also,

Bill No. 166. A Resolution entitled, "Providing for the letting of a contract or contracts for the furnishing and delivery of Automotive Equipment less trade-ins for the Bureau of Automotive Equipment, Department of Supplies, and the payment thereof."

Which was read.

The titles of the bills were read and agreed to.

The bills were read on final action.

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Caliguiri	Mr. Lally
Mr. Coyne	Mr. Lucchino
Mr. DePasquale	Mr. Stone
Mr. Givens	Mr. Mason
	(Pres't)

Ayes 8 Noes none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Also,

Bill No. 198. A Resolution entitled, "Authorizing payment in the amount of \$505 to Hosek Auto Wreckers, Inc., 3015 Mt. Troy Road, Pittsburgh, Pa. - reimbursement for purchase of 1974 AMC Matador Serial A4A169H199913 at City Auction Sale December 10, 1975."

Which was read.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Caliguiri	Mr. Lally
Mr. Coyne	Mr. Lucchino
Mr. DePasquale	Mr. Stone
Mr. Givens	Mr. Mason
	(Pres't)

Ayes 8

Noes none

And there being two-thirds of the votes of Council in the affirmative, the bill passed finally.

Also,

Bill No. 199. A Resolution entitled, "Carrying over balances or portions thereof remaining in certain code accounts for the year 1975 to the same code accounts for the year 1976."

Which was read.

Mr. Stone:

If I may, Bill No. 199, I notice at the end of this on page 10 thereof, it talks about a grand total of five million dollars. Also, on pages one and three, if my fast calculations are correct, we are talking about \$309,000 that's unencumbered. It is my understanding that it automatically goes into the General Fund if it is not encumbered by the end of the term.

Mr. Caliguiri:

Correct.

Mr. Stone:

Look on page one, page one of that Bill No. 199 on the left-hand side, unencumbered, the whole page is unencumbered. Now, you look on page ten, I am not sure that addition adds up to all that is encumbered, or all total, whether it is included or excluded.

Mr. Perry:

It is a typographical error. On page three, unencumbered should be encumbered.

Mr. Lucchino:

Does the original Bill say encumbered?

Mr. Perry:

Yes.

Mr. Stone:

Are you saying that \$309,000 is in the wrong column?

Mr. Perry:

Right.

Mr. Stone:

Well, is the ordinance correct?

Mr. Perry:

Yes, the ordinance is correct. \$7,800 is unencumbered.

Mr. Stone:

A total figure of unencumbered funds.

Mr. Caliguiri:

We are not carrying over anything that is unencumbered that represents the surplus, except the balance after we encumber some of the money, everything else is encumbered. Last year we carried over everything that was unencumbered. This year we are carrying over none of that.

Mr. Rush:

The first item, \$7,800, is unencumbered.

Mr. Stone:

But, you can't—it is my understanding that at the end of the term that automatically goes into the General Fund.

Mr. Mason:

It is going into our Contingency Fund.

Mr. Stone:

Does that \$3,911,000 include or exclude the \$7,800?

Mr. Rush:

It includes.

Mr. Caliguiri:

How can that be?

Mr. Stone:

That's the point I am making.

Mr. Lucchino:

Let me say that we can carry over anything that we want to carry over whether encumbered or unencumbered.

Mr. Stone:

Yes.

Mr. Lucchino:

That's where the confusion is arising, because last year we carried over unencumbered funds from Demolition.

Mr. Stone:

That's right.

Mr. Lucchino:

If we do it by ordinance, we can carry over anything we want.

Mr. Caliguiri:

Last year we unencumbered funds and tucked them back. This year we decided we would not do that. Carry over is just that surplus balance that went into Council's Contingency Fund.

Mr. Stone:

Apparently, there is a typographical

error in our sheets. On page one, the \$309,000 is encumbered, not unencumbered.

Mr. Mason:

Does that answer your question?

Mr. Stone:

Yes.

Mr. Mason:

I want to ask Mr. Coyne, because he has worked so hard on this, when you were working on encumbered funds not spent, you were working on releasing back to the General Fund; is that correct?

Mr. Coyne:

Encumbered funds of the administration; that is right.

Mr. Mason:

I just want to make sure that we are talking about the same thing.

Mr. Caliguiri:

I might add that we have initiated a list of code accounts that have been enacted for the year 1975 that have been encumbered, not used. We are going to find out that they are not going to be used, but slipped into Council's Contingency Fund.

Mr. Stone:

Have we made inquiry of all accounts, not just 1975, anything in front of that? There is no sense in letting the money lay.

Mr. Caliguiri:

No matter when it was initiated, it will be questioned.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Caliguiri	Mr. Lally

MOTIONS AND RESOLUTIONS

Mr. Coyne presented

Bill No. 257. WHEREAS, fluoridation of municipal water supplies is widely

credited as an effective preventive of tooth decay; and

WHEREAS, fluoridation may be carried out by a municipality as an exercise of its general power of the water supply; and

WHEREAS, the City of Pittsburgh Water Department has been producing fluoridated water for its consumers since 1951.

NOW, THEREFORE, Be it

RESOLVED, that the Council of the City of Pittsburgh favors supplying fluoridated water to its residents. Including, where possible, those residents who are serviced by water suppliers other than the Water Department of the City of Pittsburgh.

Which was read.

Mr. Stone:

If I may point out, do you want to take this up on Wednesday at the Finance Committee meeting so that we may have the Director give some implement to it? Have you done that?

Mr. Coyne:

The Director has stated that he is in favor, and that we have had fluoridated water since 1951.

Mr. Coyne moved

The adoption of the resolution.

Which motion prevailed.

Move that we hold these for two weeks.

Mr. Lucchino:

Second. Request that these three nominees come before this Council a week from this Wednesday.

Mr. DePasquale:

Second that request.

Which motion prevailed.

Mr. Stone:

Do we have their resumes?

Mr. Perry:

No, we don't.

Mr. Stone:

May I suggest that we get those by that time, Mr. President.

Mr. Mason:

We will get the resumes.

Mr. Stone:

Mr. President, you are going to get the resumes before that time?

Mr. Mason:

Prior to that time we will get the resumes.

Mr. Stone:

I think we should request that to the Mayor that we get the resumes at the time we get the actual resolution.

Mr. DePasquale:

The Mayor has decided to hire twenty police officers, I believe he said either in April or May. We are way short of that mark, and probably short in the neighborhood of two hundred, in regard to a Police Department. I have been asking for those replacements to be filled like most members of Council. At this time, I would like to make a request of our Public Safety Chairman, Mr. Givens, that he draft legislation by giving Council the right to set a table of organizations for the Police Department in allowing us to fill the replacements and the vacancies.

In regard to the letter that I sent to the Governor,

"Dear Governor:

The situation in Pittsburgh with regard to the East Street Valley Expressway is intolerable. The treatment of the situation, and the people involved, is probably the blackest mark and tragedy in Pittsburgh's history. It has been marked from the start with incompetence, lack of compassion and outright lying.

Even to this very day your people can't tell us how many lanes the highway will be, when work will start, and when it will be completed. They can't even give the people a definite answer with regard to the status of St. Boniface Church.

The blame for all this bungling starts with Jacob Kassab and proceeds to the utter incompetence of Anthony Gaeta and his entire crew in Western Pennsylvania (Rudolph Melani, Frank Taylor, Fred DePasquale, etc.).

It strikes me that we have two alternatives: either to ask the federal government for a sweeping investigation, and most assuredly someone will go to jail; the other is for you to ask for the resignation of Gaeta and his entire staff in Western Pennsylvania.

I feel sure that a competent engineer can end the dilemma of East Street and bring it to a fruitful conclusion.

I beg you not to treat this matter lightly, for if you do so -- some day you will pay the consequences.

Sincerely,

Eugene P. DePasquale"

Mr. Mason:

It seems to me, Mr. DePasquale, that we have a meeting coming up very shortly with Mr. Gaeta.

Mr. DePasquale:

I doubt that it would serve anything.

Mr. Mason:

It seems to me that the intent of your motion is to find the status of what the staff was doing.

Mr. DePasquale:

There is just no assertion from the PennDot Authority as to what they are going to do, how they are going to do it, and how it will remain if they ever complete the Expressway. They wouldn't give an estimate of 20 years for the completion date. It should be investigated by the

federal government, and I would welcome that because it would unmask and bring things to head.

Mr. Mason:

It should be discussed in the Finance meeting, because it's an act on your part as an individual.

Withdraw that letter and hold the record.

Mr. Stone:

Mr. President, if I may, Councilman DePasquale has spoken on two subjects, and I would like to take one subject at a time. Relative, first of all to Mr. Gaeta, I think that I would be remiss if I didn't come to this individual's defense. This individual fought locally on all of the different forces that has existed in this area all these many years. In addition, I think he has had to fight those people, his superiors, and got no assistance. Nevertheless, the district under Mr. Gaeta has probably gotten more than its share of money because he has run an efficient district. Because others have not spent the money he was able to get, money due their particular district, he is being labeled incompetent. In this case, he has done more for us than anyone else. We have to have a target. We lost one of them, Jacob Kassab. He didn't do anything, but he is gone now. Let them not blame Mr. Gaeta, because he really had done a good job. He has done nothing in the way of stopping the East Street Valley Expressway project. As I have stated before, I would be remiss not to come to his defense. Southwest Regional Planning, part of the highway funding program, Mr. Gaeta worked with that. Therefore, I think we need a new target. I do believe that something has to be done to straighten this out one way or another.

Mr. DePasquale:

I differ with Mr. Stone, Mr. President. I knew Mr. Gaeta long before Mr. Stone knew him. Mr. Gaeta has been lying to

this Council for four years. My letter stands. Mr. Gaeta is incompetent, lacks compassion, and is a liar from the word go. I feel that Mr. Gaeta should be dismissed. If he isn't, I really hope and pray, because as the governor of this state, he put this fellow in there, and it is up to him to replace him.

Mr. Stone said two weeks ago that they would come up with a plan to satisfy Council about this East Street Valley Expressway situation. Mr. Gaeta has no intention of coming up with a plan. He did this to get us off his back. I am willing to do this, and I would if he came up with a plan in two weeks. If I recall correctly, it is about three weeks. He has no intentions; he has no plans.

Mr. Stone:

On point two, if I may, Mr. President, if you will recall, two weeks ago it was indicated that we wanted to have a report from the Mayor relative to the hiring of police officers. In my time to this Council I have never waived from the thought that we needed additional police officers. How we cannot spend \$200,000 in trying to maintain our streets safely, where we lose millions of dollars each year whenever there is a convention, and that is one year after another. It takes roughly five to ten years to mend a city after a convention, because of lack of protection. Just recently, Atlanta was a beautiful city. Now, because of lack of police protection, you would not want to go there.

I still contend that where we have victim clubs in our districts, where you have to be ripped off three times, where on the South Side you have a pharmacist who has to let one person enter at a time, and with a bar across the door, that our streets are not safe.

I would like at this time to make a motion that we go on record to the Mayor that we would like him to make a genuine effort to reappraise his position and hire the police officers. I am talking about the net results that give us increased police officers. I am not talking about where we lose 80 officers and hire only 40. Let it show that our intentions are good. If not, let it also carry behind it

that if there are no police officers hired, and that it not be a reasonable sum, if the Chairman of Public Safety don't do it, I will. We will have a table of organization, somewhere there has to be some responsibility. If nothing else, the citizens of Pittsburgh must know that if no one else is concerned about public safety, we are.

Mr. Perry, send a letter to the Mayor indicating that we would like him to reappraise his position relative to our police officers and spirit of communications. Hopefully City Council and the administration can compromise without a fight. We need a net increase in the City of Pittsburgh's police force.

Mr. Givens:

I would like to second that motion. I also am awaiting for Councilman Stone's request. I think Wednesday, two weeks ago, where we had asked for this information from the Mayor to present that to Council formally, I believe, if that's correct, and I am awaiting that response to enhance the police force here within the City of Pittsburgh.

Which motion prevailed.

Mr. Mason:

When you say enhance, do you mean increase?

Mr. Givens:

Yes. I have been waiting for response from Councilman Stone myself. We both have been on the same track, as far as wanting to generate the City of Pittsburgh's police force.

Mr. Stone:

I don't think that we would want to be in the administration's end, but if the administration is going to stand still doing nothing, it seems to me that we are going to have to get into it; somebody is.

Mr. Lucchino:

Back to East Street Valley Expressway, I have been under the impression that we are going to have a

public hearing in accordance with the motion that was made.

Mr. DePasquale:

It hasn't been settled. We want to have a public hearing.

Mr. Lucchino:

Do we have any idea as to when the meeting is scheduled?

Mr. Perry:

I haven't received a report from PennDot.

Mr. Lucchino:

How long has that been?

Mr. Perry:

Two weeks.

Mr. Caliguiri:

Going on three weeks.

Mr. Lucchino:

What would our position be if we don't get this report? Can we go ahead with this meeting?

Mr. Mason:

I would think so. I don't see how we can wait any longer, and the pressure is on it.

Mr. Caliguiri moved

That the Minutes of Council of Tuesday, February 17, 1976, be approved.

Which motion prevailed.

And on motion of Mr. Stone.

Council adjourned.

REPORTS OF COMMITTEES

Mr. Caliguiri presented

No. 281. Report of the Committee on Finance for February 25, 1976, transmitting sundry ordinances and resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 143. A Resolution entitled, "Providing authority to the Bureau of

Building Inspection to contract for the demolition and removal of buildings under its Community Development Block Grant Program."

Which was read.

Mr. Lally:

On Bill No. 143, I'd like to recommit this bill.

Mr. Stone:

I second it.

Which motion prevailed.

Also,

Bill No. 227. A Resolution entitled, "Providing for the issuance of a warrant to Theodore A. and Dorothy Rosenfeld in the amount of \$830.56 in full settlement of claim for damages to their automobile; and providing for the payment thereof."

Which was read.

Mr. Givens:

Could I make a comment on Bill No. 227. There is \$830.00 in damage incurred that the City will have to pay for that accident that happened on the East End of Pittsburgh. However, I would like to receive some type of notation from Director Doug Long from the Supply Department as what action was taken against that person who caused the accident. He indicated that it was brake failure. However, an investigation of that failure of the City damage is that the brakes were working perfectly. What actions have been taken against the individual or individuals in the future that incur accidents on the city vehicles. I would like to direct that to the City Clerk.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

------	---	------	------

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 240. An Ordinance entitled, "An Ordinance prohibiting the operation of bottle clubs."

Which was read.

Mr. DePasquale:

I move to recommit Bill No. 240.

Mr. Stone:

I second it.

Mr. DePasquale:

Under this ordinance, it doesn't exempt the so called family restaurants. It doesn't protect these people under the law.

Mr. Stone:

Relative to this particular Ordinance in its present form, I would vote against it, and I think it would be more sensible to return it for further committee action for the following reasons.

First of all I think the Ordinance is too broad and too loose. In an effort to get at a specific adverse situation, we are infringing on other, nonoffensive parties, namely, social, religious and small family establishments. Because it is intended against one specific place, I think it has made the legislation discriminatory. In the end I believe if this Ordinance passes as is, we will help rather than hurt the adverse party.

Secondly, I think the enforcement is too loose. I believe the enforcement would be like our present "bingo" legislation where we are at the whim like and/dislike of an individual police office as to whether he will enforce or not enforce the Ordinance. This is bad!

Thirdly, the field of liquor dispensing and enforcement is covered by the Pennsylvania Liquor Control Board, and in enabling legislation by the Pennsylvania Assembly, I believe it would more practical and more sensible for the Pennsylvania General Assembly to legislate on this alleged evil.

Lastly, legislation--no matter how well intended--but poorly drawn--is really, as it started--nothing!!!!

Mr. Givens:

Mr. President, I believe the main issue in this particular bill is a pecuniary gain or profit from many organizational and other opinions. That is the intent of many lawyers. There is a certain exception as to how these laws are to be enforced. You can't write everything into every law specifically for every particular case. The individual patrolman just can't make restitution of complying with the law itself. And, of course, there are differences to come in a court of law. I find this particular bill right here well written because you get into too much detail on this particular bill.

Here is another point, any company corporation that is making a profit, and the point of, "bring your own bottle" and some cities within the state have quite a problem right here in the City of Pittsburgh. It is not at the present time a large problem. I think we have to be concerned about the businesses that have a liquor license. Who is going to pay for this liquor license? In this case here, I think these restaurants do serve liquor, as many of them do, here in the City of Pittsburgh. They have liquor licenses to do so. Specifically on those family type restaurants where they serve wine with the meal. We feel that it is an infringement upon the particularly small group of people. I think again that the pecuniary gain or profit is the main issue in this particular ordinance.

Mr. Lucchino:

I have a feeling that we might be swinging at ghosts here. I wonder if any member of Council has been contacted by anybody objecting to this ordinance besides the owner of Fantastic Plastic. I have heard from no one and I would guess nobody else has either and I think we should vote on this bill.

Mr. Stone:

I would just like to answer, if I may.

You know, I can't believe what I am hearing. We are saying to pass this legislation. For instance, if someone was arrested and had abused this, and then we amended it, it seems to me, when as a legislative body, we have a duty and an obligation to those people who have licenses that they are not to be persecuted because of some legislation. We are trying to pass here something that will hurt the entire body. We owe them a duty and obligation not to pass it. I vote no.

Mr. DePasquale:

If I may make one more comment. I wonder if my fellow colleagues saw that someone was violating this, would they call the police and have them arrested? I know if I was in a restaurant, and I saw someone bringing in a bottle, I would call the police, and I would have the place raided.

The Chair:

The Clerk will call the roll.

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Caliguiri
Mr. DePasquale

Mr. Stone
Mr. Mason

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Lally presented

No. 285. Report of the Committee on Lands and Buildings for February 25, 1976, transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 243. Resolution repealing Resolution 201, approved May 27, 1975, for sale of property located at 2711 Larkins Way in the 16th Ward, due to Court Order to cancel sale and return hand money for \$100.00 to original purchaser, Jerome M. Joyce, and forfeit the hand money of objector, Sam Stipanovich.

Which was read.

Also,

Bill No. 244. Resolution repealing Resolution 388, approved October 27, 1975, which authorized the sale of a 2-1/2 story frame house located at 1326 Lincoln Avenue, 12th Ward, for the sum of \$1,500.00 to Clarence S. Anderson. Reason

repealed is purchaser was laid off from his job and has financial difficulties.

Which was read.

Also,

Bill No. 245. Resolution repealing Resolution 423, approved November 10, 1975, which authorized the sale of 2 vacant lots on Kirkpatrick Street in the 5th Ward, for the sum of \$2,000.00 to Zion Baptist Church. Repealed for the reason they have no use for these lots since they are purchasing building now occupied by them.

Which was read.

Mr. Givens:

I would like to propose at this time that these appointments be held in committee for four weeks. My reasoning behind that is primarily that in the past I think all members of Council here more or less approved these appointments by the Mayor. However, in going into the new charter, that section 220, within the charter where the Mayor was supposed to

appoint several members of Council to various authorities, but no action has been taken. No action has been taken by the Mayor, and also we have confronted the Civil Service Department wherein 30 days from now the personnel system will be enacted upon or stopped, either one of the two. I have heard nothing from the Mayor on this point in regards to that, and I would like to hold all of these appointments for at least four weeks until that 30-day period comes up in April, 1976.

Mr. Lucchino:

I second it.

Which motion prevailed.

Mr. Stone:

Mr. Coyne, am I correct that your motion to City Council approved the Economic Development Commission in December of 1974?

Mr. Coyne:

Correct.

Mr. Stone:

You mean it has taken the Mayor of the City of Pittsburgh 14 months to fill in this commission which is connected with the Economic Development? At a time when the economic condition is of a major factor to the City of Pittsburgh and Allegheny County, I think we have to look at that with a bit of suspicion and I regret that we, within the 14 months, couldn't find someone to fill this position during this trying period.

Mr. Caliguiri moved

That the Minutes of Council of Monday, February 23, 1976, be approved.

Which motion prevailed.

And on motion of Mr. Caliguiri,

UNFINISHED BUSINESS

The Chair presented

Bill No. 259. A Resolution that the appointment by the Mayor of Frank J. Schneider of Box 225 Harmony Road, Ingomar, Pennsylvania, be and the same is hereby approved and confirmed as a member of the Board of Standards and Appeals, for a term to expire in February, 1980.

Which was read.

Mr. Lally:

Is this a reappointment?

Mr. Perry:

No, it is a new one.

Mr. Stone:

Mr. President, if I may, it is my understanding this is a renewal of his prior position. If that is in fact correct, and I am led to believe it is, I would not vote against him.

I will not vote for anyone who is not a city resident, but the facts given to me now are that Mr. Schneider is continuing his term. In that light, I would withdraw my objection, since I had no other objection other than residence.

Mr. Lally:

I move that we affirm the action.

Mr. Perry:

The resolution says it is appointing, not reappointing.

Mr. Lally:

I have spoken to Mr. Schneider, and he told me that he had been appointed previously for the last four or five years and that his term is running out. He is a reappointee, and I have delivered that message to Mr. Stone because he has made that objection.

Mr. Mason:

Is there a second?

Mr. DePasquale:

Second.

Mr. Mason:

I think that Council must evermore be alert to the points raised by Mr. Stone that we are now ignoring people within the city, and acknowledging people who are located outside of the city. I think we ought to examine every new appointment henceforth on the basis of whether he lives in the city or not. There are citizens that are not getting involved in government like they should.

Mr. Stone:

Mr. President, if I may, under the Home Rule Charter we ask for a little more home rule and consistency in the City of Pittsburgh. It was in the best interest of this city that they govern themselves. I don't have any personal conflicts or battles with any of these proposed nominees in these positions; however, if we went through all this time to get a Home Rule Charter where we were going to rule and govern ourselves, it seems to me for us to approve any non-city resident in any capacity to serve the City of Pittsburgh, when we have 500,000 available people, it seems to me to be in the greatest insult to give appointments to the non-city residents and pass up the city residents.

Again, as I say, we must convey to the Mayor that if any names are non-city residents, that he should withdraw those names and submit city residents. So that we don't get into a problem, if he does not see fit, then I think that this Council has got to search its conscience as to whether or not, under the check and balance system, we are going to provide equality to city residents. We have to be vocal on this. We need a positive approach. It is time that we give respect to our own citizens. Some authorities and commissions almost have the same size of budget that we have in some of the municipalities in the areas around the City of Pittsburgh. For example, three out of five on the Stadium Authority members are non-city residents. They make decisions which will affect us because we guarantee the debt service of nearly \$800,000 yearly. This is not the way it should be done, and I therefore am opposed to being governed by non-city residents.

Again, it is nothing personal against anyone, it is just purely a matter that I think we ought to really in fact have some home rule.

Also,

Bill No. 261. A Resolution that the appointment by the Mayor of Mr. Herman L. Foreman of 5245 Forbes Avenue, Pit-

tsburgh, Pennsylvania, be and the same is hereby approved and confirmed as a member of the Commission on Human Relations for a term to expire in February, 1980.

Which was read.

Also,

Bill No. 263. A Resolution that the appointment by the Mayor of Mrs. Connie Wellons of 120 Climax Street, Pittsburgh, Pennsylvania, be and the same is hereby approved and confirmed as a member of the Commission on Human Relations for a term to expire in February, 1980.

Which was read.

Mr. Mason:

The clerk will call the roll approving the appointments.

The ayes and noes were taken, agreeably to law, and were:

Which was read.

Mr. Stone:

Mr. President, if I may, at this time I would like to speak on Bill No. 280 wherein we have, "Providing for agreement with Bloomfield-Garfield Corporation, a non-profit corporation, and/or such other party or parties, as the case may be, for purchase of property for use as a public parking lot and/or any other community development in the Bloomfield-Garfield area for the residents of the City of Pittsburgh; and providing for payment of costs thereof. Chargeable to and payable from 1975 Community Development Block Grant Program Funds, Unspecified Local Option Funds (\$85,000)." I would like to make a few remarks relative to this matter.

I met with the community, and in attendance were 250 people. Those people that were there, in my opinion having observed them, were all decent and respectable citizens who came there to better their community and lift themselves up. I saw a great deal of volunteer effort. In short, I think that community has got it all together. They are bound together in a cooperative group, the businessmen and the citizens in the community. I think that this is probably a new and innovative kind of idea.

Finally, government should give awards for good effort by communities. Government should be acting and acting responsibly in response to good volunteer efforts in the community such as the Bloomfield area.

This bill was introduced one week ago, and I feel strongly about it, and I am sure this Council feels strongly about it today. I think we will pass it, but I could not let it pass without some remarks that were made last Wednesday. If you will recall, the Director of City Planning, Mr. Pater-noster, kind of dressed Council down, and chastised us because we are trying to act responsibly and help this community. He, on the other hand, proposed some legislation, which was far in excess of then available monies.

In addition to that, I noticed today, as

well as the other Councilmen, how the administration proposed that the balance might be spent. Mr. Paternoster spoke on it this morning, and I was very careful to watch his reaction to this particular bill and the spending of the balance of the fund. I notice that there was no objection to the legislation of \$85,000, so it appears that Mr. Paternoster didn't speak for the Mayor, and now doesn't speak for himself. He is even in contradiction with his statements and actions, last Wednesday. I think that, as I indicated last Wednesday, that this Council has got to act more responsibly as they did this week in not permitting this administration to pit one community against another. In trying to do something for a community, it has invariably happened that this administration introduces legislation for some other community. It is very, very important that we embark on a positive program. I am wholeheartedly for this bill.

Mr. Mason:

I would also like to add that that group is eligible for a commercial loan. I think you picked that up before, but I would like to make it for the record. I don't want to see it left unturned, as to what they can get from a commercial loan relative to that.

Mr. Stone:

\$85,000 isn't going to make a big impact for Bloomfield-Garfield or and other area of the city. As I have indicated, it is a symbolic effort in what they have put together. In addition, they will need and will requisition for some commercial loan money, and also some home loan repairs money. The community has already collected \$10,000 of their own, and is embarking on additional fund raising collections.

What if some other community comes in and asks for some funds? My answer would be that if they put it together as this community has done with their volunteer efforts, I think government should also respond favorably.

I would like a letter to be sent to the Bloomfield-Garfield Corporation com-

mending them on their past efforts and wishing them success in a better future in that community.

Which was read.

Mr. Stone:

I would move that all appointments be held in line with our motion of last week, and that these matters be approved in three weeks. That will not affect anyone, since until you get a successor, they just continue in office. That is not a problem. Reappointment is not a problem. It is not going to handicap any of these positions.

At this time, if I may, relative to the appointment of Robert Stone to the Art Commission. Some people might be flattered by being selected, but I think that using a City Councilman for a nominal commission seems to be contra to what was intended under the Home Rule Charter. Relative to Councilmen, it appears to me that they should be put on the larger and more important boards. At this time, I will just have to say that I respectfully decline placing my name into nomination for the Art Commission, but I believe that I can serve, and am willing to serve upon the request of the Mayor in some larger capacity, or some Authority, but I think to engage in a nominal kind of appointment certainly isn't what I call in the best interest of the city or the best use of the efforts of the City Councilmen.

Mr. Givens:

Mr. President, in regard to the
various appointments of the Mayor, I am
very happy to see that he is making these
appointments. Secondly, I would like to
point out the fact that the composition of
these authorities and boards in the Home
Rule Charter, Article 220 is that "a mem-

ber of Council shall serve on each authority board. However, no member of Council may serve on more than one authority board at the same time." The Council members are in fact representing the citizens of the City of Pittsburgh, and that's a keynote; they're representing the citizens.

Along with that, they give closer supervision to all the authorities, the check and balance, the accountability and successability to these various boards and authorities. I might mention that of all of the outstanding authorities that we have, there is only one, the Public Housing Authority, that has been filled. We still have the Urban Redevelopment Authority, the Stadium Authority, the Auditorium Authority, which will be tied with the Convention Center, and we can get on the business of this.

Mr. Mason:

In line with that, Mr. Stone, what is your position to hold in line with that motion? All of these positions for the four weeks that you have asked for?

Mr. Stone:

Yes.

Mr. Lucchino:

Second.

Mr. DePasquale:

To hold for three weeks.

Mr. Caliguri:

Bring them all at the same time.

Mr. Mason:

If that's the understanding, that for three weeks from today, then we will make a decision. We will hold it for three weeks from the day of the date so that we can have an understanding without having a motion.

Mr. Caliguri:

I just want to make further comment on this. I have been appointed to the Sinking Fund Commission. I am going to find out everything that I can. I feel as Mr. Stone does, and I have indicated to the Mayor that he has an opportunity not only to appoint us to the Art Commission and Sinking Fund Commission, but there are a number of other boards and authorities as was mentioned, such as the Stadium Authority, Planning Commission, Housing Authority, which is done, and the Public Auditorium Authority. These authorities and boards have some substance, and for that matter, it doesn't really take the Home Rule Charter to put anyone of us on any board. The Mayor has that opportunity, if he so desires.

I have indicated to the Mayor that I would hope he would in fact appoint members of Council on these authorities and boards that have some substance. I told him I would serve on this Board, but I would like to be placed on a board or authority that does make some hard-line decision, especially in the era of finance. He said verbally that he would consider this; he would do this in the near future.

Mr. Mason:

He has three weeks to find out.

Mr. DePasquale:

Mr. President, If I may, I was on a swimming team in Schenley High School, why wasn't I put on the Sinking Fund Commission.

Mr. Lucchino:

As I understand it, you may only serve on one commission, so he can't appoint you then.

Mr. Caliguri:

If he wants to reappoint me, I will give up any position on the Sinking Fund Commission.

Mr. Coyne:

Mr. President, several consumers of water in the City of Pittsburgh have not received their bills on time in the last two months. I would like for Mr. Cosetti to come to Wednesday's Finance Committee meeting and explain what the delay is. I would like the City Clerk to send a letter.

Mr. DePasquale moved

That the Minutes of Council of Monday March 1, 1976 be approved.

Which motion prevailed.

And on motion of Mr. DePasquale,

Council adjourned.

Bill No. 319. Resolution authorizing the sale of property in the 31st Ward, being ten lots located on Panorama Street, designated as Block 91-C, Lot 218, to Andrew L. Pato, for the sum of \$3,000.00.

Which was read.

The titles of the bills were read and agreed to.

The bills were read on final action.

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne	Mr. Lucchino
Mr. DePasquale	Mr. Stone
Mr. Givens	Mr. Caliguiri
Mr. Lally	(Pres't pro tem)

Ayes	7	Noes	none
------	---	------	------

And a majority of the votes of Council being in the affirmative, the bills passed finally.

MOTIONS AND RESOLUTIONS

Mr. Lucchino:

We have 22 appointments pending before us and I wonder maybe if we couldn't ask the nominees for the Economic Development Commission and the nominees for the Human Relations Commission to come in on Wednesday.

The Chair:

This Wednesday?

Mr. Lucchino:

This Wednesday, but it is only a part of the 22. We can't do them all in one Wednesday.

The Chair:

Speaking of those appointments, I was supposedly going to serve five years, but I didn't have the opportunity.

Mr. Stone:

Sort of a service on record.

The Chair:

I ask at this time if a motion is in order that we get on board those law firms and individuals to begin to get on the business at hand here, especially the one where we indicated to Mr. Fox that these appointments are on boards and commissions. We have to sit down with these people and get them working right away.

Mr. DePasquale:

I make a motion.

Mr. Stone:

So move.

Which motion prevailed.

The Chair:

We will get in touch with the people immediately. We will get them all.

Mr. DePasquale:

I wonder if I read correctly in the paper this weekend that the state supersedes the Home Rule Charter. What is the purpose of the Home Rule Charter? I don't know what we are voting in the Home Rule Charter. This is the second time I have read this, that the state wants to forfeit our jobs if we violate the Home Rule Charter. Every time you turn around, they are forfeiting your job in some way. I think we should bring this Home Rule Charter up again and discuss it section by

section. I personally think that the opinion of Mead Mulvihill is all wet. His opinion is no basis for a Home Rule Charter. I move to scrap it.

The Chair:

Those state laws are considered a Uniform Act. It does supersede certain things under Act 62 of the Constitution that the Home Rule Charter does not take precedent. For example, surtax, gun control, things of that nature. Most of these things are in the Home Rule Charter, but we must get things cleared up.

Mr. DePasquale:

I couldn't care less if people elected me in and voted me out. It just doesn't make sense.

Mr. Givens:

Unrelated to the subject, in regards to the appointments of these individuals, before they come in front of us, I would like to have some idea where we are working. Within a short period of time we had better come up with a resume.

Mr. Lucchino:

They may have already submitted them.

The Chair:

We have received them.

Mr. Stone:

I thought he was alluding to the fact that we had set up this procedure. Anyone nominated was to present a resume to us in advance. We will then have the resume prior to our meeting with them. This is to be standard practice!

The Chair:

You might check that. We were supposed to get a resume immediately. Anything else on the motions and resolutions?

Mr. Stone moved

That Mr. Mason be excused for absence from this meeting.

Which motion prevailed.

Mr. Stone moved

That the Minutes of Council of Monday, March 8, 1976, be approved.

Which motion prevailed.

And on motion of Mr. Stone,

Council adjourned.

Which was read and referred to the Committee on Public Works.

REPORTS OF COMMITTEES

Mr. Caliguiri presented

No. 432. Report of the Committee on Finance for March 17, 1976, transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 302. A Resolution entitled, "Authorizing Issuance of a Warrant in favor of Dianna Johnson in the amount of \$900.00 in settlement of Act 195 Grievance Arbitration Matter between Dianna Johnson and the City of Pittsburgh; and Providing for Payment thereof."

Which was read.

Mr. Stone:

'Aye' on all bills, with the exception of Bill No. 302.

Mr. President, If I may, Bill No. 302 is the bill where we paid monies to Dianna Johnson, a school guard. It was my understanding, from the testimony we got on Wednesday, that there was no money due her from the city, but what had been resolved was that she resign from her employment, and that the City of Pittsburgh in turn will agree to pay Mrs. Johnson the sum of \$900.00. I think in this instance it might be convenient, it might be practical,

and it might be cheaper, but I think the better policy should be, in my opinion, that the city ought not to pay. I believe if we owe money, we should pay; but if we don't owe money, we ought not pay. Therefore, I am registering a 'no' vote.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Caliguiri	Mr. Givens
Mr. Coyne	Mr. Lally
Mr. DePasquale	Mr. Lucchino

Noes:

Mr. Stone	Mr. Mason
	(Pres't)

Ayes	6	Noes	2
------	---	------	---

And there being two-thirds of the votes of Council in the affirmative, the bill passed finally.

Also,

Bill No. 371. A Resolution entitled, "Providing for the Issuance of Warrants to Pennsylvania Blue Shield - \$100.00; R. L. Wechsler, M.D. - \$140.00; Robert E. Gregory, M. D. - \$182.00; J. P. Eichmiller, M.D. - \$23.00; Southside Hospital - \$30.00; Ronald D. Ecker - \$915.00; Chester Josefowicz and Dolores Josefowicz, reimbursement for medical expenses - \$879.00; Chester Josefowicz and Dolores Josefowicz as parents and natural guardians of Robert Josefowicz, a minor, for the use of and on behalf of and to hold in trust for Robert Josefowicz, a minor - \$481.00, in full settlement of claim for injuries to minor plaintiff, Robert Josefowicz; and providing for the payment thereof."

Which as read.

Also,

Bill No. 372. A Resolution entitled, "Providing for the issuance of a warrant in favor of the Pittsburgh Press Company in the aggregate amount of \$378.31 for advertising for applicants for positions with the City of Pittsburgh for the benefit of the City without previous authority of law."

Mr. DePasquale	Mr. Mason
Mr. Givens	Mr. Mason
	(Pres't)

Ayes	8	Noes	n e
------	---	------	-----

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Also,

Bill No. 374. A Resolution entitled, "Providing for the letting of a contract for the furnishing, delivery and installation of Two (2) Electronic Accounting Machines, for the Department of City Controller, and for the payment thereof."

Which was read.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Caliguiri	Mr. Lally
Mr. Coyne	Mr. Lucchino
Mr. DePasquale	Mr. Stone
Mr. Givens	Mr. Mason

Ayes	8	Noes	none
------	---	------	------

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 378. A Resolution entitled, "AUTHORIZING the Mayor to Issue and the City Controller to Countersign a Warrant in favor of Atwood & Bates Construction Company, Incorporated, in the amount of One Thousand Fifty (\$1,050.00) Dollars, in payment for 'Extra Work' being in addition to the original contract price of Two Hundred Ninety Six Thousand Nine Hundred Sixty One Dollars and Five Cents (\$296,961.05), on Con-

troller's Contract No. 21190, furnished for the benefit of the City in connection with the Rehabilitation of Ninth Street without previous authority of Law, and providing for the payment thereof."

Which was read.

Also,

Bill No. 381. A Resolution entitled, "Authorizing the issuance of a Warrant in the amount of \$1,020, in favor of the International Business Machines Corporation, P. O. Box 3029, Pittsburgh, Pennsylvania 15230, in payment for rental of equipment located in the Public Safety Building and used by the Department of Police, without previous authority of law."

Which was read.

Also,

Bill No. 383. A Resolution entitled, "AUTHORIZING the Mayor to issue and the City Controller to countersign a warrant in favor of Roanoke Iron and Bridges Works, in the amount of \$282.30, in payment for emergency work in connection with the prison cell block at the Public Safety Building, without previous authority of law and providing for the payment thereof."

Which was read.

Also,

Bill No. 384. A Resolution entitled, "Authorizing issuance of a warrant in the amount of \$1,743.00 in favor of Casciato Bros., 3301 Hyperion St., Pittsburgh, Pa. 15214, in payment for the demolition and removal of 2 story frame dwelling (front) and 1 story frame dwelling (rear) located at 25 & Rear 25 Queen St., 24th Ward, for the benefit of the City without previous authority of law; and providing for the payment thereof."

Which was read.

The titles of the bills were read and agreed to.

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Also,

Bill No. 389. A Resolution entitled, "AUTHORIZING the Mayor to issue and the City Controller to countersign a Warrant in favor of H. C. Kneeland & Assoc., Inc., in the amount of One Thousand Two Hundred (\$1,200.00) Dollars in payment for Emergency Engineering Services furnished for the benefit of the City in connection with the operation of the portable swimming pools during 1972, without previous Authority of Law and providing for the payment of the cost thereof."

Mr. Stone:

Relative to Bill No. 389, this is for the emergency engineering services, which was rendered for our summer swimming pools in 1972. Everything here seems to say emergency engineering, which means pre-work, pre-1972, but we are resolving this matter in 1976, four years later. I don't think that falls, in my opinion, under what is good practice. I am opposed to that bill.

Mr. Mason:

On the basis of lag time; is that correct?

Mr. Stone:

Yes. I think there is too much delay in that instance.

Which was read.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Caliguiri	Mr. Givens
Mr. Coyne	Mr. Lally
Mr. DePasquale	Mr. Lucchino

Noes:

Mr. Stone	Mr. Mason
	(Pres't)

Ayes 6 Noes 2

And there being two-thirds of the votes of Council in the affirmative, the bill passed finally.

Mr. DePasquale presented

No. 433. Report of the Committee on Public Works for March 17, 1976, transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 380. A Resolution entitled, "Further amending Ordinance No. 448, Approved August 20, 1975, as amended by Ordinance No. 803, Approved December 29, 1975, entitled 'An Ordinance providing for a Contract or Contracts for Sidewalk

Construction at Various Locations and providing for the payment thereof', by decreasing the authorized amount from Two Hundred Fifty Thousand (\$250,000.00) Dollars, to Two Hundred Thirty Seven Thousand (\$237,000.00) Dollars."

Ayes 8 Noes none

And there being three-fourths of the votes of Council in the affirmative, the bill passed finally, in accordance with the provisions of the Act of Assembly of May 11, 1921, which provides that where a protest is filed against a proposed zoning amendment a three-fourths vote of all the members of Council in the affirmative shall be required for final passage.

Also,

Bill No. 392. A Resolution entitled, "APPROVING a Form of Contract for Disposition of Land by and between the Urban Redevelopment Authority of Pittsburgh and St. Luke Baptist Church for the sale of Parcel 125 in the Fifth Ward of the City of Pittsburgh."

Which was read.

Also,

Bill No. 393. A Resolution entitled, "APPROVING a Form of Contract for

Disposition of Land by and between the Urban Redevelopment Authority of Pittsburgh and Roosevelt Gilbert and Clara Gilbert, his wife, for the sale of Parcel 48 in the Thirteenth Ward of the City of Pittsburgh."

Which was read.

Also,

Bill No. 394. A Resolution entitled, "APPROVING a Form of Contract for Disposition of Land by and between the Urban Redevelopment Authority of Pittsburgh and Gussie L. Freeman and Tressa Freeman, his wife, for the sale of Parcel 80 in the Thirteenth Ward of the City of Pittsburgh."

Which was read.

Also,

Bill No. 395. A Resolution entitled, "APPROVING a Form of Contract for Disposition of Land by and between the Urban Redevelopment Authority of Pittsburgh and Arnold H. Bennett for the sale of Parcel 35 in the Thirteenth Ward of the City of Pittsburgh."

Which was read.

Also,

Bill No. 396. A Resolution entitled, "APPROVING a Form of Contract for Disposition of Land by and between the Urban Redevelopment Authority of Pittsburgh and River-Towne Construction, Inc., for the sale of Block 55S Lots 178, 196, 199, 202, 203, 210 and 213 in the Fifteenth Ward of the City of Pittsburgh."

Which was read.

Also,

Bill No. 397. A Resolution entitled, "AUTHORIZING the Urban Redevelopment Authority of Pittsburgh to acquire all of the City's right, title and interest, if any, in and to the publicly owned pro-

perty in the 13th Ward of the City of Pittsburgh designated in the Deed Registry Office of Allegheny County as Block 174-E Lot 38."

Which was read.

Also,

Bill No. 399. A Resolution entitled, "AUTHORIZING the Urban Redevelopment Authority of Pittsburgh to acquire all of the City's right, title and interest, if any, in and to the publicly owned property in the 22nd Ward of the City of Pittsburgh designated in the Deed Registry Office of Allegheny County as Block 23-K Lot 231."

Which was read.

Also,

Bill No. 400. A Resolution entitled, "AUTHORIZING the Urban Redevelopment Authority of Pittsburgh to acquire all of the City's right, title and interest, if any, in and to the publicly owned property in the 25th Ward of the City of Pittsburgh designated in the Deed Registry Office of Allegheny County as Block 22-D Lot 175."

Which was read.

Also,

Bill No. 401. A Resolution entitled, "AUTHORIZING the Urban Redevelopment Authority of Pittsburgh to acquire all of the City's right, title and interest, if any, in and to the publicly owned property in the 28th Ward of the City of Pittsburgh designated in the Deed Registry Office of Allegheny County as Block 41-F Lot 211."

Which was read.

The titles of the bills were read and agreed to.

The bills were read on final action.

And on the question, "Shall the bills passed finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Caliguiri	Mr. Lally
Mr. Coyne	Mr. Lucchino
Mr. DePasquale	Mr. Stone
Mr. Givens	Mr. Mason
	(Pres't)

Ayes 8 Noes none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Bill No. 402. A Resolution entitled, "AUTHORIZING the Mayor of the City of Pittsburgh to enter into a Cooperation Agreement with the Urban Redevelopment Authority of Pittsburgh wherein the Authority will act as the Agent of the City of Pittsburgh in receiving ground rent payments from Duquesne University."

Which was read.

Mr. Lucchino:

Mr. President, on Bill No. 402, that's a bill where we authorized the Redevelopment Authority to collect ground rents for us from Duquesne University. I asked Mr. Stone to recommit this bill so as to find out why they couldn't pay the ground rent directly to us. Why do we need an agent acting in between? Why have the Redevelopment Authority doing a job that we can do ourselves?

I move that Bill No. 402 be recommitting again.

Which motion prevailed.

Mr. Mason:

I would like to ask Mr. Lucchino a couple of questions, but I don't think this is an appropriate place to ask them. Mr.

Lucchino, you got a good release, but I still have some unanswered questions.

Mr. Lucchino:

It wasn't a news release. It was a reporter doing a lot of investigating. Are you talking about Frick Park?

Mr. Mason:

Yes.

Mr. Lucchino:

That was not a news release.

Mr. Mason:

Does the story fit in with your original ideas?

Mr. Lucchino:

Yes. The reason the bill was held, and had to be held for some five weeks, is because the plans were held in the Public Works Department for their approval, and we would not release the bill until they got on the job. It had to get out of Public Works before this job could get on the way. It is a good program.

Mr. Lucchino presented

No. 435. Report of the Committee on Parks, Recreation and Libraries for March 17, 1976, transmitting two resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 181. A Resolution entitled, "Providing for the letting of a contract or contracts or the use of existing contracts for the construction and equipping of the Frick Park Nature Center, 14th Ward, in the Department of Parks and Recreation and providing for the payment of the cost thereof in an amount not to exceed \$460,000."

Which was read.

also,

Bill No 390. A Resolution entitled, "Providing for a contract or contracts with a band leader or band leaders for personal services in conjunction with the 1976 music program and providing for the payment of the costs thereof."

Which was read.

The titles of the bills were read and agreed to.

The bills were read on final action.

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Caliguiri	Mr. Lally
Mr. Coyne	Mr. Lucchino
Mr. DePasquale	Mr. Stone
Mr. Givens	Mr. Mason
	(Pres't)

Ayes 8 Noes none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Givens presented

No. 436. Report of the Committee on Public Safety for March 17, 1976, transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 382. A Resolution entitled, "Providing for the letting of a contract for the furnishing and delivery of Projectors, etc., for the Division of Police Community

Relations, Dept. of Police, and for the payment thereof."

Which was read.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Caliguiri	Mr. Lally
Mr. Coyne	Mr. Lucchino
Mr. DePasquale	Mr. Stone
Mr. Givens	Mr. Mason
	(Pres't)

Ayes 8 Noes none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Lally presented

No. 437. Report of the Committee on Lands and Buildings for March 17, 1976, transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 385. Resolution repealing Res. No. 156, approved April 18, 1975, for the sale of property on 1405 Sherman Avenue, in the 25th Ward, and forfeiting hand money of \$100.00 of Aurelia Demus, due to the failure of completing the sale.

Which was read.

Also,

Bill No. 386. Resolution authorizing the sale of property in the 3rd Ward, being a

2½ story brick house on 722 Roberts Street, designated as Block 9-S, Lot 62, to Harold L. Cammon, for the sum of \$1,500.00.

MOTIONS AND RESOLUTIONS

The Chair presented

Bill No. 438. A Resolution approving the appointments of Attorneys John R. McKinley, Jr., Gilbert S. Solomon, Vincent J. Grogan, Donald John Lee, Cyril A. Fox to serve as Legal Advisory to the Council of the City of Pittsburgh, at the rate of \$40.00 each per hour, for wages plus allowable expenses chargeable to and payable from Code Account No. 1001-1, Miscellaneous Services, Supplies, Equipment, etc.

BE IT RESOLVED, that the general description of duties shall include, but not be limited to, the following:

- (a) represent Council, as a body, in legal proceedings;
- (b) check all necessary documents and records of the City of Pittsburgh;
- (c) prepare legal briefs, opinions and memoranda as requested by Council;
- (d) provide any other legal services as requested by Council.

BE IT FURTHER RESOLVED, That general eligible expenses exclusively for the Legal Advisors include, but not be limited to:

- (a) Title searches;
- (b) Audits;
- (c) Staff;
- (d) Typing, etc.

Which was read.

Mr. Caliguiri:

Move for adoption.

Mr. Lucchino:

I think Byrd Brown should be added.

Mr. Caliguiri:

I move to amend to include Byrd R. Brown.

Which motion prevailed.

Mr. Stone:

Should this not be going to the Finance Committee and back on Monday like any other bill?

Mr. Caliguiri:

There is no need for it, Mr. Stone.

Mr. Mason:

It is our decision, but if you are concerned about it, we can put it back in Finance Committee.

Mr. Stone:

Just let it go through the regular procedure as any other ordinance or bill. Refer it to the Finance Committee and let it come back here for final action on Monday.

Mr. Caliguiri:

Let it go to the Finance Committee, and then include Mr. Brown's name in the resolution.

Mr. DePasquale:

Mr. President, we are all aware of the fact that the county has discontinued worthwhile grants in their current budget. The city cannot pick up these expenses, but the one that disturbs me was the WQED grant for \$17,500 that was discontinued by the county. I know that it is five weeks past the expiration date to open the budget, but I would like to make a motion asking the Mayor to give an emergency ordinance to grant WQED \$17,500 that the county decided not to give them.

Mr. Lally:

Second.

Mr. Mason:

You have got to understand what you are talking about because they discontinued Carnegie Institute, as well as others. You are opening up a Pandora's Box.

Mr. DePasquale:

I understand, but Carnegie Institute wants \$600,000, and we are talking about a \$17,500 grant.

Mr. Mason:

Money is very important, but the principle seems to be just as viable.

Mr. DePasquale:

They have wonderful programs, and it is a shame that for some reason or other, especially finance, this great institution would go out of business. They are literally begging for money. They might not be able to operate the following year.

I would like the Mayor to give his opinion as to opening the budget for that purpose.

Mr. Stone:

You need his opinion in advance of that. No harm in that if you are just asking for his view point.

Mr. Caliguiri:

This doesn't mean that it has to be our money. If we can find a way to come up with any funds—in other words, state funds, federal funds, or something of that nature, we may be able to help them with our Manpower people—things of that nature. The Mayor need not just decide on our own operating budget, but can also find federal and state funds that may be available.

Mr. Mason:

Mr. DePasquale, do you want this to go through as a resolution?

Mr. DePasquale:

Yes.

Mr. Stone:

Mr. President, if I may, if there is no other business, I would like to speak on the \$2.5 million Pittsburgh Model Cities Home Loan Repair Program.

This program, which is presently handled by the Neighborhood Housing Service for the Pittsburgh Model Cities, is intended to help low- and moderate-income homeowners who live in the Oakland and Hill District, by providing grants and low-interest loans for home improvements.

The city investigators reported that forty-five percent of the jobs they examined had workmanship deficiencies which required additional work of adjustments, including 24 with major problems and another 28 with less serious problems. Fifty percent of the jobs lacked required building permits, and Neighborhood Housing Service and men writing home repair specifications in one area of the city, and then the same men bidding on work in other areas of the city. Contractors were using their own personnel to install lighting fixtures, instead of using registered electricians. Contractors apparently substituted unauthorized building materials which could be applied faster and save the contractors money.

HUD indicated that such a problem rate was totally unacceptable. But, Bruce Campbell, speaking for Mayor Flaherty, considered "a one-third failure rate" on a par with general workmanship results in the home remodeling business.

If a 1/3 failure rate is okay for Mr. Campbell, it should not be for City Council.

If a 1/3 failure rate is okay for Mr. Campbell, in view of the above investigation by city personnel—it should not be for this Council.

In view of this blatant statement of unconcern, this city needs a reevaluation of its values (certainly, not Mr. Campbell's style, I hope).

The Housing Sub-committee of the City Council of the City of Pittsburgh, therefore, is calling for a public hearing on this matter and anything which flows naturally and consequential therefrom on Tuesday, March 30, 1976 at 10 a.m. in City Council Chambers.

Mr. Caliguiri moved

That the Minutes of Council of Monday, March 22, 1976, be approved.
Which motion prevailed.

And on motion of Mr. DePasquale,

Council adjourned.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 239. An Ordinance entitled, "An Ordinance prohibiting inter-sexual massage."

(As amended in Committee)

Which was read.

Mr. Stone:

On Bill No. 239 Mr. President, I am opposed to it for the following reasons:

I believe the legislation as it is presently written, is discriminatory. It is obviously directed at a specific adverse business establishment.

Secondly, I don't believe that it will accomplish what it was intended to accomplish. It will not clean up Penn and Liberty Avenues in the downtown area of the City of Pittsburgh. The conduct being carried on inside the establishment is not being carried on the outside on Penn and Liberty Avenues: it is "piecemeal legislation" at most, and probably at worst. Finally, it attempts to be an "overall solution" which, in fact, it is not!

A successful attack of this Ordinance will be like a "shot of adrenalin in the arms" of the adverse party, who, if they appeal this case, will be successful I believe, because of the background, and thereafter they will appear to be a "giant" against a "helpless city."

I am not opposed to the general intent, but rather the abortive method being used to accomplish that intent.

I am not opposed to some remedial action, in fact, I am for remedial action. But, to do what we are doing today, is like "trying to stop an elephant with a fly swatter," and I find this is neither realistic nor in the overall best interest of this city.

I believe the answer lies in planning and redevelopment of that entire general area. As I previously informed City Council, I wrote a letter to Mr. Horan of the Greater Pittsburgh Chamber of Commerce requesting that the Chamber, the building owners and operators, the owners and managers of the business establishments in that area, the City administration, the Planning Department, the Allegheny Conference and this City Council meet to discuss an overall redevelopment plan for the area. I shall not read the entire letter but would like it attached to the record.

I have contacted the Chamber this morning, and I understand that an answer is to be forthcoming. I shall pursue this matter further and keep City Council posted.

Mr. Mason:

You are not voting yes?

Mr. Stone:

I am voting no.

Mr. Givens:

Mr. President in reference to Bill No. 239, I would like to step forward in the City of Pittsburgh in cleaning up that particular area down there at Liberty Avenue and also Penn Avenue. I believe that this particular bill that we are passing today is to secure the safety and welfare of the inhabitants of the City of Pittsburgh and the visitors that come here.

I agree with Councilman Stone in his overall approach to Liberty Avenue. This is going to take some time of course, but this particular bill is a step forward in trying to stop what is happening down there in our Liberty Avenue business section and hurting the business establishments in that area.

Mr. Mason:

You made your comments. Any others?

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

MOTIONS AND RESOLUTIONS

Mr. Givens:

Mr. President, I think we have outstanding bills in regards to various people that were being appointed by the Mayor's various committees and boards. We have held them four weeks, and I move to hold them for an additional two weeks so we can hear from some of the other people that we have not heard from or even seen their resumes.

Which motion prevailed.

Mr. Mason:

I appoint Mr. Givens and Mr. Lucchino to a sub-committee on "Bike-Trails" and to investigate same.

Mr. Caliguiri moved

That the Minutes of Council of Monday, March 22, 1976, be approved.

Which motion prevailed.

And on motion of Mr. Caliguiri,

Council adjourned.

Which was read.

Mr. Givens:

Mr. President, I have a couple of points in question here in regard to this particular project, Bill No. 250, the high-rise apartment.

Mr. Mason:

Located where?

Mr. Givens:

Forward and Shady. I went over some

of the specs late this morning with the architect and City Planning, etc., and one of the major discrepancy is the height of the building and how far it should be for the seven-story structure. You are therefore having 25 ft. variance from the end of the building and the street itself.

Article II, Section 1101, where the zoning code indicates 25 ft. for three-story structure, and any additional footage above that 3 ft. per each additional story would have to be multiplied by three. So, if you take the seven stories and anything over three stories, you would have to multiply by three. I come up with 12 ft. additional frontage over the 25 ft.

Looking at their specs, they do not have that. So again, they are not in compliance with the city ordinance on this thing. That's one of the questions I have, and I think it needs further investigation at the present time.

Secondly, the Mayor indicated in a newspaper article, and confirmed by the City Planning Department, that they are going to delay the Squirrel Hill site another year in lieu of the North Side and the South Side site locations. Again, this thing is being postponed for another year, and here we are in Council acting upon this particular bill.

In looking into the Pennsylvania Department of Community Affairs, they use seed money, which is \$118,000 for this one particular project. To date, they have spent \$100,000 primarily in rents, attorney fees, and for the architect. We have eight such housing proposals in the City of Pittsburgh, and only one has been built. So the State of Pennsylvania, not URA, but the State of Pennsylvania has a tremendous outlay here on these site proposals.

In other words, recommending this site for four years now. We paid \$100,000 out so far, and 1975 monies have not been issued as of this date, which means that the price tag on that particular lot out there; a run-down facility has been sitting there for four years; the individual landowner having received in the neigh-

borhood of \$14,000 in rent per year.

I denote some type of problem, and I think that this is something that Council should look into at this time because, No. 1, the variance is going back to court, and before we pass the ordinance, I would like to have a little additional time to confirm this. If so, we will be passing on something that will go into court. Before passing, we can check that time item out.

I am still a little dismayed at the fact that Council has to approve a particular site without receiving any specs whatsoever. I see a disadvantage there, although granted, the City Planning Department, the URA, the Health Department, and the Fire Department all have had input into the final specs on any high-rise building. But, Council, once we approve this particular legislation, the residents only have thirty days in which to file a complaint, and the Court of Common Pleas of Allegheny County, with regard to these specs or stipulations as to what is going to go into this building and without having any specs on this particular building, I can't make a judgment, nor can any citizen make a judgment.

I feel that this is kind of a serious situation. When this housing for the elderly was first brought up, there was almost a complete set of specs on it. It did not meet the variance that went into the court. The court ruled that the building was going on to the street right-of-way.

Mr. Lucchino:

Mr. President, with regard to Mr. Givens' concerns about the variance, I don't think that should be anything that should concern us insofar as a setback variance.

Mr. Givens, almost every one of these projects end up going back to the Board of Adjustment after we approve whatever approval we have to give. It is so as to get some area or front yard variance, so that's not unusual. They are going back after we approve this to the Board of Adjustment to make their case for a setback

variance from 37 ft., if that's how it is calculated, and ask their wisdom as to the circumstances to determine whether under the particular zoning law that is involved, they are entitled to a variance. That's something that we delegated to it years ago. They act on every particular project.

I don't think we have had one that wouldn't require some kind of variance to get the building. With regard to this high-rise for the elderly, this one in particular, it has been, I think, four years since this project was first started, and I think everybody has a good idea of what is going on in there.

The residents won a case in court knocking units from 150 to the present 121, which was a victory for them. We now have a project that comes to us with a 121 units in conformance with what the court handed down. The Planning Commission passed on the issue as to whether we think this is a site that is appropriate for high-rise for the elderly, and I think that's essentially all we are being asked for, conditional approval for high-rise apartment; I think it is time to move ahead. I think we ought to go ahead with this, and act on it.

Mr. DePasquale:

Mr. President, with all due respect to Mr. Givens, I have to agree and concur with Councilman Lucchino.

Mr. Mason:

You concur with Mr. Lucchino?

Mr. DePasquale:

Yes. We have dallied with this too long, and it is time we get the thing through.

Which motion prevailed.

Mr. DePasquale presented

Bill No. 504. WHEREAS, it has pleased Almighty God, in his infinite wisdom, to have removed from our midst, by death H. Grant Smith, on Friday, March 26, 1976; and

WHEREAS, Mr. Smith was employed by the City of Pittsburgh for 34 years rising to the position of Budget Controller for the Council of the City of Pittsburgh; and

WHEREAS, he was a conscientious and reliable city employee and who gave generously of his wisdom in the ways of city government; and

WHEREAS, the Mayor and the Members of the Council of the City of Pittsburgh, who were associated with him, desire to formally record upon the minutes of the Council of the City of Pittsburgh a tribute to his memory.

THEREFORE, BE IT

RESOLVED, That the Mayor and the members of the Council of the City of Pittsburgh do hereby express their grief and sorrow over the death of H. Grant Smith, and extend their sincere sympathy to his family in their hour of bereavement.

Which was read.

Mr. Lally moved

The adoption of the resolution.

Which motion prevailed.

Mr. Lucchino:

Mr. President, Mr. Perry has a resolution that is being offered by Mr. DePasquale, Mr. Coyne, Mr. Givens, and myself, dealing with the Manchester situation. The four of us were at a meeting, and this resolution is from the four of us.

Bill No. 505. WHEREAS, the Pennsylvania Department of Transportation in connection with the Federal Highway Administration desires to purchase properties in the Manchester section of the City of Pittsburgh in connection with highway uses; and

WHEREAS, the Federal Highway Administration has made a decision to use the available funds to purchase vacant buildings; and

WHEREAS, these residents desire to have their homes purchased before vacant and vandalized buildings are purchased; and

WHEREAS, many of these residents would like to relocate within the Manchester community and take advantage of other governmental programs and housing which is now available or soon will be available.

NOW, THEREFORE, BE IT RESOLVED:

That the Council of the City of Pittsburgh hereby requests the Pennsylvania Department of Transportation and the Federal Highway Administration to reevaluate their priorities in Manchester and to give first priority for the purchase of properties to the occupied residential structures.

Which was read.

Mr. Lucchino moved

The adoption of the resolution on behalf of Mr. DePasquale, Mr. Givens, Mr. Coyne, and himself.

Which motion prevailed.

Mr. Lucchino:

Manchester had requested that Council take this action, and I think that it is helpful that we do it. It will help reinforce our credibility in Manchester.

Mr. Caligiuri:

I am impressed to see that nobody has lit a cigarette since we have been in here.

I will move at this time that a public hearing be set up by the President of Council to establish and gain certain information regulation, or whatever, so that a future restricted smoking legislation be imposed by the city and initiated by the City of Pittsburgh in such areas as elevators, theaters, Council Chambers, etc., since we have over 50 percent of the adult population who do not smoke. Look around you, that should bear it out. City Council, at least, has more non-smokers.

I would move at this time that a public hearing be set.

Mr. Lucchino:

I second the motion.

Which motion prevailed.

Mr. DePasquale:

Mr. President, a week or two ago I made a request that WQED be granted \$17,500. Somewhere along the line I have been sidetracked. It went through as a resolution, and was to be forwarded to the Mayor. Did he give a response, or did it just die on the floor?

Mr. Perry:

A letter was sent for his consideration to reopen the budget, and we haven't heard from him.

Mr. DePasquale:

I don't think this is something that should wait.

Mr. Givens:

Mr. President, I have two things I would like to bring to your attention. One, Committee on Public Safety, which I Chair, had sent a letter to the Mayor requesting a hearing to be conducted on the 20th of April. Have you received any communication?

Mr. Mason:

I have not received any communication on that.

Mr. Givens:

Second point, City Clerk, have you received any verbal or written testimony in regard to the Mayor instructing the various directors to give information upon the request of City Council.

Mr. Perry:

No, I haven't.

Mr. Givens:

City Clerk, will you send a follow-up letter to the Mayor, or you, Mr. Mason, as President?

Mr. Lucchino:

Mr. President, I beg the indulgence of Council for a couple of minutes on the issue that has concerned me for a long time, and I think other members of Council, and that has to do with the projected decline in the population of the City of Pittsburgh itself.

The estimate of the Department of Census at the present time is around 480,000; projected in 1980, some figure less than that.

It is a matter of pride and a matter of economics, and I think that this should be of great concern because, No. 1, we thought the 1970 population would level out about a half a million. Secondly, we cannot continue to lose our tax base and still thrive economically as a governmental unit.

So, I would like to see something done about this particular problem. I don't know whether the Planning Department has any affirmative program toward attracting young people to the City of Pittsburgh to raise their families, or whether the Planning Department or any other branch of government in the City of Pittsburgh has any on-going program to discourage people from leaving the city.

We do not emphasize the advantage of this city. We don't talk about the availability of living on the North Side and just walking to the Buhl Planetarium or the Old Post Office Building, or to live in Allentown or Beltzhoover and walk to Grandview Park, or to live in Oakland and walk to the museums and libraries, or to live in East End and ride your bike through Highland Park. By living in the City of Pittsburgh, you can walk to neighborhood shopping areas, or you can walk to parks and playgrounds. I think that there has to be some affirmative action done by city government to continue attracting young families to live in this city, because if the population continues to decline, the wage tax, the real estate tax would decline, and we would lose business, which is very important to us.

I would think that Director Paternoster should be asked to come this Wednesday to our committee meeting to address himself in an exploratory way with Council as to exactly what is the Planning Department doing on the offensive to promote the good things about living in this city.

I know we put convention ads in out of town papers and in out of town magazines, but I think it is time that we started working with our own population in Pittsburgh and in Allegheny County, because we have a lot of things to offer. I would think that if the Planning Commission and the Planning Department don't have any concrete program, I think Council should establish a citizens commission to make recommendations to city government as to what we can do to promote living within the City of Pittsburgh. Most of us have lived our entire lives within the boundaries of Pittsburgh, and all consider ourselves as city people and feel strongly about this city, and I just can't continue to see this erosion of our population base. We can't sit idly around and let it happen. We can't afford to see that something isn't done about it.

Did anyone see 60 Minutes last night? Well, we have emergency medical service. Why aren't we promoting this? Why aren't we promoting families to live in the city rather than to abandon this city and try to move to some God forbidden wilderness. We can't compete for open space with some rural areas, but with services, such as emergency medical service, parks and playgrounds, cultural activities, etc., we can.

I think that if we were to get on the offensive, we could turn this whole thing around and really begin building up this population to all of our benefit. I would request that Director Paternoster be asked to come on Wednesday so that he can focus us in on what we can do on this problem.

Mr. Caliguiri:

I second the motion.

Which motion prevailed.

Mr. Caliguiri moved

That Mr. Stone be excused for absence from this meeting.

Which motion prevailed.

Mr. DePasquale moved

That the Minutes of Council on Monday, March 29, 1976, be approved.

Which motion prevailed

And on motion of Mr. Lally,

Council adjourned.

UNFINISHED BUSINESS

The Chair:

We have before us appointees for approval on the Economic Development Commission, Sinking Fund Commission, Commission on Human Relations, Pit-

tsburgh Housing Authority, Art Commission and the Board of Standards and Appeals. The number who live in the city, city residents, is 14, and the number who live outside of the city, there are only 9.

I hope that we can proceed to naming these people that are eligible and satisfy those who are residents in this city and take whatever other steps we have to take at a later date rather than standstill on all the appointments pending the resolution of these persons who are not living in the city.

Mr. Caliguiri:

I had suggested we might look over this list.

Mr. Givens:

Mr. President, I would like to hold all these appointments until such time as the Mayor of the City of Pittsburgh designates the members of Council to various authorities as recognized within our Home Rule Charter.

Mr. DePasquale:

I second the motion.

Mr. Caliguiri:

The only reason I suggested we look over this list is that we are going to receive an opinion from Cy Fox. I have been in touch with him this last week, and if we have him come in this Thursday to brief us on his opinion. Basically, it indicates that he feels strongly that the Mayor does in fact have appointments for members of Council to the authorities. He is going to let us know on Thursday about the commissions and boards and seeing that there is one authority before us today and in fact, fortunately we do have a member of Council, Bill Coyne, who is on the list of appointed, by Thursday Mr. Fox will give his opinion. Mr. President, if 10 o'clock, Thursday, suits members of Council, we can finish it up right now.

Mr. Lucchino:

Could we have Mr. Fox come in, how about before our meeting on Wednesday?

Mr. Caliguiri:

We can do that.

Mr. Mason:

9 o'clock Wednesday morning.

Mr. Lucchino:

I am just suggesting that.

Mr. Mason:

We have to sit down and really get into the nitty gritty.

It is my understanding that this is not the first time we have asked for an interpretation of this appointments. I want to make sure we lay the ground rules down right at the beginning. If you think an hour is long enough.

Mr. Lucchino:

I would think so.

Mr. Coyne:

I would just like to ask Mr. Givens what purpose would be served in holding up all appointments for the sake of putting Council members on authority boards. I mean why would you want to hold up the Sinking Fund Commission, the Economic Commission and the Commission on Human Relations?

Mr. Givens:

We have a motion on the floor that was seconded that we hold all the boards, commissions and authorities.

In regards to Mr. Coyne's position right there, I have to agree with him that certainly all these boards and com-

missions authorities should be appointed immediately. Here again I feel that Council's position in regards to that of the Mayor that we use this as a focal point, to bring the Mayor to terms in regards to the appointing of people to the various authorities in the City of Pittsburgh as Council Members on the Authorities and I think we are defeating our purpose if we fragment this meaning to approve certain commissions and certain boards of this list in front of us then we are weakening our position in working with the Mayor to try to get him to come around and appoint Council to the various authorities.

The Chair:

We will have further discussion on this.

Mr. Coyne:

I would like to say that I agree with Mr. Givens' philosophy generally, but by holding up the appointments to these various boards and commissions, we are going to force the Mayor to appointing people to these authorities and boards. I agree that with a legal opinion, Council members should be appointed to the authorities and boards, but I don't think we are going to reach that end just by holding these appointments to the commissions and boards.

Mr. Lucchino:

I understand that, but according to Cy Fox we have to be appointed to these boards and the Mayor refused to do that. The alternative then is legal action. Now, short of what Mr. Givens is suggesting, I think he makes a good point. If we want to try to push it, then we should hold them all. I think in the long run that would probably be less aggravating than legal action. That is my opinion.

It would be better than going to Court to force members of Council.

Mr. Coyne:

Then as I take it, Mr. Lucchino and Mr. Givens want to hold all appointments to the boards and commissions until such

time as the Mayor relents and submits Council members to the authorities and boards.

Mr. Lucchino:

No, I am not suggesting that, but I think we should put him in a position for reconsidering the appointments of Council members.

Mr. Caliguiri:

Mr. President, we will hold them for some time, as I have indicated in the beginning. We will have an opinion from our solicitor on Wednesday morning. We can then get a better clarification within two days. We can get a better understanding about the boards and commissions.

The Chair:

You take 14 residents of the City and suppose all 14 were approved, then you have 9 right there who are in question already. I know some City Councilmen who are not going to vote for some of them because they live outside the City. This will be coming up next Monday also.

Mr. Caliguiri:

I am not saying eventually the Mayor will put some of us on these commissions and boards, I just want to know the legal opinion of all of this.

Mr. DePasquale:

The end of the world is not going to come whichever way we vote on this.

Mr. Stone:

One comment. I am joining in this motion and the reasoning for it is, first of all, it is not a matter of satisfying the selfish interest of the Council members to serve on these various boards and com-

missions or authorities. I think it is something that was mandated by the Home Rule Charter. I think we have to make that very, very clear.

Second of all, this issue is very important to the City of Pittsburgh because not only does it ignore the City Councilmen as mandated by the Home Rule Charter, but the Mayor has even chosen to ignore the residents of the City of Pittsburgh. Somewhere there has to be a voice strongly and clearly against this policy of going out of the City for appointees, especially when everyone is demanding self-determination.

We have two major positions in the Mayor's office—filled with persons from Chicago, Illinois and Baltimore, Maryland. The County of Allegheny just hired a person from Connecticut. Where does it stop???

We have an admission from one of the administrations' appointee, an engineer who is being proposed on the Art Commission, who indicated that he, himself, knows of many city residents who are doing the same quality of work as he is. They, as city residents, are paying taxes within the City of Pittsburgh, and they should not be considered first.

On the Economic Development Commission the Mayor has appointed 4 out of 5 who are non-city residents; on the Art Commission, we have 3 out of 5 who are non-city residents. We come to the Board of Standards and Appeals, and again, we go to a non-city resident. It appears to me that this issue is "germane," and I think we can save time and save a lot of legal expense in the future as far as this issue is concerned.

I wholeheartedly am joining to hold, and will continue to hold these appointments until the Home Rule Charter makes some sense "across the hall on the other end of this building"---in the Mayor's Office.

Mr. Coyne:

I'd like to agree with Mr. Stone's com-

ments. It is not the issue of the people, whether they live in the City or not, this is something separate. I don't think we are getting to the point to find out who is appointed to the boards. Until these votes are taken, we can go up or down on the people who do live or don't live in the City. I see that as a separate issue.

Mr. Stone:

One difference Mr. Coyne. If we approve all these appointments, we have now closed the appointments. There will be no future vacancies for Council members or city residents.

Mr. Coyne:

If it appeals to any member of Council that wants to vote against someone that does not have a city residency they can do so.

If we don't approve the Mayor's appointments we can make the appointments ourselves.

Mr. Stone:

In addition to that, I hope I can convince my brother Councilman, office and for all, to draw the line. I don't see how we can be supporters of the Home Rule Charter and support non-city residents to govern this city. We would be talking out of both sides of our mouth, if we did so. That is the problem; it would devastate the credibility of this Council.

I support the Home Rule Charter and I believe in it and I believe in self determination that we should be governed by ourselves just as we City Council members want our own rights under the Home Rule Charter. In spite of it all we are still having non-city residents, and I think it is time to draw the line.

Mr. Caliguiri:

Mr. Stone, I would have to agree with you like I would have to agree with Mr. Coyne. I don't see any reason why we should hold all these appointments. The majority of these boards and commissions have city residents, but when you are speaking of Mr. Finoli, he does live in this

city and has a large retail department store. Being president of Horne's, I think that should be a consideration for that one exception. We should take that into consideration.

Mr. Stone:

The Mayor's Office went to Baltimore for one person and went to Chicago for another, and yet another to Connecticut. It seems now we are even going outside of Allegheny County to consider people for appointments to rule this City. I say, if you want to rule this City, then you have to live here.

Mr. Givens:

I would hold these appointments until such time when the Mayor appoints members of Council to all authorities in the City of Pittsburgh.

Mr. Lucchino:

I second the motion.

Which motion prevailed.

Mr. Coyne:

I would just like to say that rather than go ahead with the issue of appointing these members, we should hold them up until we discuss it.

The Chair:

We will meet with Mr. Fox on Wednesday morning to discuss this.

Mr. Caliguiri:

I shall call Mr. Fox to have him here.

REPORTS OF COMMITTEES

Mr. Caliguiri presented

No. 533. Report of the Committee on Finance for April 7, 1976, transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 475. A Resolution entitled, "Resolved, that the Mayor be and hereby is authorized and directed to issue, and the City Controller to countersign, a warrant in favor of Police Officer Joseph Shaff in the amount of \$100.00, reimbursement of counsel fees, chargeable to and payable from Code Account 1075, Miscellaneous Services, Department of Law."

Which was read.

Also,

Bill No. 476. A Resolution entitled, "Providing for the issuance of a warrant in favor of William Knappenberger, M.D., in the aggregate amount of \$360.00 for professional services rendered for the benefit of the City in connection with physical examinations administered to Police Officer applicants without previous authority of law."

Which was read.

Also,

Bill No. 477. A Resolution entitled, "Authorizing issuance of a warrant in favor of Edmund E. and Dorothy I. Wikert in the amount of \$875.44 in settlement of claim for damage and providing for payment thereof."

Which was read.

Also,

Bill No. 478. A Resolution entitled, "Authorizing issuance of a warrant in favor of Archie L. Howard in the amount of \$542.55 in settlement of claim for damage and providing for payment thereof."

Which was read.

Also,

Bill No. 482. A Resolution entitled, "Authorizing issuance of a warrant in the amount of \$1,990.00 in favor of Edward A.

Brown, 8012 Conemaugh St., Pittsburgh, Pa. 15221, in payment for the demolition and removal of 2½ story brick dwelling and garage located at 7304 Hermitage St., 13th Ward, for the benefit of the City without previous authority of law; and providing for the payment thereof."

Which was read.

Also,

Bill No. 483. A Resolution entitled, "Authorizing issuance of a warrant in the amount of \$1,785.00 in favor of Raymond Crowe, 432 Herschel St., Pittsburgh, Pa. 15220, in payment for the demolition and removal of 2½ story frame dwelling located at 642 Grace St., 19th Ward, for the benefit of the City without previous authority of law; and providing for the payment thereof."

Which was read.

The title of the bills were read and agreed to.

The bills were read on final action.

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Caliguiri	Mr. Lally
Mr. Coyne	Mr. Lucchino
Mr. DePasquale	Mr. Stone
Mr. Givens	Mr. Mason
	(Pres't)

Ayes	8	Noes	none
------	---	------	------

MOTIONS AND RESOLUTIONS

Mr. Givens:

Mr. Chairman, I have passed out to all the Council members and to yourself and to the media, a survey of "The Quality System and Related Administrative Matters of the City Garage" down here. It was prepared by myself and sent to Director Long on February 26, 1976. His report was due, as requested in a letter written to the Director, 30 days in which to respond. That would be effective March 27, 1976. I called him on this date and asked him where his findings were in regards to this report. He indicated he did not have sufficient time and would like an extension, which I gave him, around 14 days or so, and, as of this date, April 12, I still have not received any report from Director Long.

I would like to mention a few facts right here in regards to this particular survey of application of our own Council members and to the City Clerk that they will have Director Long present at our Standing Committees meeting this Wednesday so as all points in this particular survey can be discussed openly in this hearing. I have a deep concern about this and looking into the budget. Director Long of the Supply Department has something in the area of \$16 million annually. If I take the 1,200 vehicles and pieces of equipment that are maintained in the city garage and the house in which they are being maintained, there are deficiencies here that are causing millions of dollars in loss in property—especially vehicles mainly because of preventive maintenance, and Council, I feel, needs to be apprised for this decision before it makes its decision confirmed on the purchase of some additional vehicles.

I am becoming aware of the fact that I have been called by numerous departments within the City of Pittsburgh saying that the maintenance of the vehicles within our city fleet is not up to par. This preempted me going down there and looking into the operation deficiencies, and I think Director Long is trying to correct this. I feel that unless he does take some type of corrective action and bring the

report back to this Council as to what corrective actions were taken, the Quality Control System will not be effective. I have given different fleet operations here in the City of Pittsburgh, one is the Yellow Cab Company and the Inter-Agency motor pool. As far as their operations and that of our City garage, there is no comparison I can assure you.

The Chair:

Before you make any changes, I think you should study this first.

Mr. Givens:

Yes we will, hopefully.

I think it is up to Council here to put pressure if need be on the administration to make any corrective actions down at the garage itself. One question before I get off the subject. One example would be the Yellow Cab fleet. We have some 380 vehicles I believe which they call the Safety Division, which is police and fire. We have 9 mechanics to maintain some 380 vehicles. The Yellow Cab Company has almost the same amount of vehicles and yet they have around 30 mechanics. I think we should hire some additional men to take the workload off of these 9. As I have indicated, I have asked for a reply from Director Long and I have not received it. I have tried to do this in a man-to-man way and I have not received any cooperation from him, so I feel justified in releasing this report to all Council members for their discussion.

The Chair:

I don't think any Councilman was out of line in this matter.

Mr. Stone moved

That the Minutes of Council of Monday, April 5, 1976, be approved.

Which motion prevailed.

And on motion of Mr. Caliguirri,

Council adjourned.

REPORTS OF COMMITTEES

Mr. Caliguiri presented

No. 549. Report of the Committee on Finance for April 14, 1976, transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 508. A Resolution entitled, "Amending Section 1 of Ordinance No. 253 approved May 16, 1975 entitled 'An Ordinance amending Ordinance No. 572 approved November 16, 1973 entitled 'Providing for a contract or contracts for the rehabilitation of Centre Avenue from North Craig Street to Penn Circle (TOPICS Program) and providing for the cost thereof' by providing for the creation of Special Trust Fund and by increasing the authorized amount of the Department of Public Works share of the project from

Two Million Five Hundred Thousand (\$2,500,000.00) Dollars to Three Million Six Hundred Twenty Thousand (\$3,620,000.00) Dollars, and by increasing the Water Department's share of the project from Three Hundred Thousand (\$300,000.00) Dollars to Five Hundred Thirty Thousand (\$530,000.00) Dollars; and providing for the payment thereof'. Providing for periodic Federal reimbursement to the Liquid Fuel Fund."

Which was read.

Also,

Bill No. 509. A Resolution entitled, "Further amending Ordinance No. 104, approved February 27, 1975 as amended by Ordinance No. 527, approved September 25, 1975, entitled 'An Ordinance providing for a contract or contracts for the construction of a fueling facility and other improvements at the Automobile Equipment Garage and Vehicle Storage Area and for the construction of a Headquarters Building for the Bureau of Refuse, providing for the payment of the cost thereof and repealing Ordinance No. 369, approved July 10, 1973' by increasing the authorized amount from \$297,075 to \$377,075."

Which was read.

Mr. Mason:

On Bill No. 509. I will vote for this particular storage facility. We have been mingling around with this for almost five years, and it is a terrible shame to see the kind of conditions that these men work under. There is no reason for it. Now, under the circumstances, the bid was up and went down to way below its original bid. Now, it is raised up to its original bid of \$377,000. That's all I am saying. I think we have to get this work completed.

Also,

Bill No. 510. A Resolution entitled, "Amending Section of Resolution No. entitled, 'Providing for the creation of a special Trust Fund entitled

'Professional Services Murray Avenue Bridge'; providing for a contract or contracts for Professional Services connected with the design of the new or rehabilitated Murray Avenue Bridge over Beechwood Boulevard; and providing for the payment of the cost thereof; 'Providing for Federal reimbursement to Sinking Fund in payment of outstanding General Obligation Note of 1975 Series A.'"

	(Pres't)

Ayes	6	Noes	none
------	---	------	------

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Also,

Bill No. 517. A Resolution entitled, "Authorizing issuance of a warrant in the amount of \$1,990.00 in favor of Edward A. Brown, 8012 Conemaugh St., Pittsburgh, Pa. 15221, in payment for the demolition and removal of 3 story frame dwelling located at Rear 5522 Sunnyside St., 15th Ward, for the benefit of the City without previous authority of law; and providing for the payment thereof."

Which was read.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Caliguiri	Mr. Lally
Mr. Coyne	Mr. Stone
Mr. Givens	Mr. Mason
	(Pres't)

Ayes	6	Noes	none
------	---	------	------

And, there being two-thirds of the votes of Council in the affirmative, the bill passed finally.

Mr. Coyne (for Mr. DePasquale) presented

No. 550. Report of the Committee on Public Works for April 14, 1976, transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 379. A Resolution entitled, "GRANTING unto International Business

Machines Corporation, its successors and assigns, the right and privilege to construct, maintain and use, at its own cost and expense, a bridge over and across East Ohio Street from their office building on the northerly side to their parking garage on the southerly side of said East Ohio Street in the Twenty-second Ward of the City of Pittsburgh."

Which was read.

Mr. Caliguiri:

I would move to recommit Bill No. 379 so it can get at least an honest vote; we have two members missing today. I would ask that we recommit to Committee on Public Works.

Mr. Lally:

I second the motion.

Which motion prevailed.

Mr. Stone presented

No. 551. Report of the Committee on Planning and Redevelopment for April 14, 1976, transmitting one ordinance and one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 331. An Ordinance entitled, "An Ordinance amending the Zoning Ordinance, No. 192, approved May 10, 1958, as amended, Zoning District Map Sheet Z-N10-E32 by changing from 'R2' Two-Family Residence District to 'R1' One-Family Residence District all that certain property bounded by: Lemington Avenue; the Municipal Boundary of Penn Hills Township; Oberlin Street; Stranahan Street; the 'R3' Multiple-Family Residence District west of Oakdene Street; Everton Street; the 'R3' Multiple-Family Residence District west of Silverton Street and south of Tilden Street; Oakford Way; the 'S' Special District south of Latana Avenue;

Which was read.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Caliguiri	Mr. Lally
Mr. Coyne	Mr. Stone
Mr. Givens	Mr. Mason
	(Pres't)

Ayes 6 Noes none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 403. A Resolution entitled, "PROVIDING for a Fourth Amendatory Cooperation Agreement with the Urban Redevelopment Authority of Pittsburgh, amending the Community Development Block Grant Program Cooperation Agreement of 1975, as amended, to include the Urban League Housing Advisory Service, providing for the cost thereof, and repealing Ordinance No. 833 of 1975."

Which was read.

Mr. Stone:

Mr. President, if I may, I would like to move to recommit Bill No. 403 for the

following reasons. City Council indicated that we wanted a contract to be entered into to authorize the Mayor and Coordinator of the Community Development Block Grant Fund to enter into a contract with the Urban League of Pittsburgh, Inc. That's covered by Bill No. 833, which City Council approved last year on the 29th of December, which became law and was recorded in the Ordinance Book on the 31st day of December, 1975. So, in short, three months and nineteen days, the authorization to enter into that contract has been on the books. Bill No. 403 is now not needed, and therefore, I move Bill No. 403 be recommitted, and Ordinance 833 actually gives all the authority that this Council wanted and intended to give.

Mr. Lally:

I second the motion.

Which motion prevailed.

Mr. Stone (for Mr. Lucchino) presented

No. 552. Report of the Committee on Parks, Recreation and Libraries for April 14, 1976, transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 529. A Resolution entitled, "Providing for a contract or contracts or the use of existing contracts at a cost not to exceed \$85,000, for improvements to Brookline Park, 32nd Ward, in the Department of Parks and Recreation, and providing for the cost thereof."

(As amended in Committee)

Which was read.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Caliguiri	Mr. Lally
Mr. Coyne	Mr. Stone
Mr. Givens	Mr. Mason
	(Pres't)

Ayes 6 Noes none

And a majority of the votes of Council being in the affirmative, the bill, as amended, passed finally.

Mr. Lally presented

No 553. Report of the Committee on Lands and Buildings for April 14, 1976, transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 465. A Resolution repealing Res. No. 105, approved May 3, 1972, for sale of property being vacant lots on Lorigan Street, 8th Ward, by forfeiting hand money in the amount of \$100.00 of Eugene W. and Lelia Mae Smith, his wife, for failure of completing the sale.

Which was read.

Mr. Coyne	Mr. Stone
Mr. Givens	Mr. Mason
	(Pres't)

Ayes 6 Noes none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

MOTIONS AND RESOLUTIONS

Mr. Givens:

Mr. President, I have several items here I would like to discuss with both you and other Council members. One, I would like to direct the City Clerk to write a letter to the Mayor requesting that the Mayor's Complaint Section, downstairs on the first floor, that all the records for 1975, which are on file, and dead file down there, and those records for 1976, which they have to use, be given to us in some type of legible file or photocopy. During the morning session, I did receive a

challenge about the Mayor's complaint system. To back up that challenge is to look into all his records and find out actually how much work has been completed by these various complaints that has been turned in by various citizens. Not all the telephone calls are recorded. I imagine the normal procedure, to some extent, is that some of these requests by the various citizens of the City of Pittsburgh are definitely beyond what the city has to perform on that particular complaint; so they are not recorded. But, those that can have some type of response, I would like to have a copy of those records as soon as possible.

Mr. Stone:

Wouldn't you like to have a statement from each department's Complaint Section and what action they took on those?

Mr. Givens:

This is the Master Log that's being maintained down there by department heads. Following that system through, the complaint comes through the telephone. There are three copies; one retained, two go to the department heads. The department head holds one of these copies, and the other individuals perform the work and notes on the third copy. The department head returns the white paper, which is filed. The Mayor's complaint paper is taken off of the record as being an open complaint. I need all those records, and all that documentation to check and verify one way or the other just how these complaints are being dealt with.

Secondly, last Wednesday—I feel that it is extremely important that I direct the City Clerk to put on record the survey that was conducted on the City Garage. I want it to be placed in the Municipal Records, on today's meeting. Also, I would like to have the Director of Supplies', Douglas Long, response to the survey. The importance here is that there have been certain accusations made on both sides. I intend to follow up on that particular survey. As indicated on Wednesday, I requested that an audit, which

is under our new Home Rule Charter, be made on that particular department, in that that department is the largest in regard to dollar value in the City of Pittsburgh; some \$16 million. I move that all those records and all the Minutes of that particular meeting of last Wednesday be put in the Municipal Records.

**"SURVEY OF THE QUALITY CONTROL
SYSTEM AND RELATED
ADMINISTRATIVE MATTERS
OF THE CITY GARAGE**

Prepared by:

The Office of:

Councilman Richard E. Givens

February 26, 1976

DEVELOPMENT AND PURPOSES

My involvement in the operations of the City Garage came about due to the intersection of three developments: first, my office received some complaints concerning vehicle maintenance from various City departments whose vehicles the Garage services; second, the introduction of Bill Nos. 164, 165 and 166 calling for the purchase of new vehicles by the Department of Supplies; and third, my appointment as Chairman of the Committee on Public Safety.

Following an initial survey of the Garage's maintenance records, I decided to put Bill Nos. 164, 165 and 166 into committee because of doubts raised as to the soundness of the quality control system. (Council needed to be appraised of the situation before it made its decision to confirm the purchases. The purchase of these new vehicles could not be considered an economical expenditure until it was determined that the Garage does in fact take measures to assure their peak performance, safety operation, and maximum durability, or that corrective changes were being secured.)

Last week Council approved, and I supported, the purchase of new vehicles as provided for in Bill Nos. 164, 165 and 166. I advised and voted for the approval of these Bills because I am confident that the quality control system and, thus, the maintenance of City vehicles will improve. (The major findings of this survey were brought to the attention of the Director of the Department of Supplies. Most of the critical issues raised were acknowledged and the need for corrective action was realized by the Department. The Director assured that the improvements were not only planned but already in process. With these assurances and satisfactory demonstration that corrective changes were being instituted, the delay in the purchase of the vehicles provided for in Bill Nos. 164, 165 and 166 was no longer necessary.)

The purpose of this survey is to formally alert the Department of Supplies to the weaknesses within the quality control system of the City Garage, and to provide a basis upon which the Department can judge the effectiveness of its planned improvements. The Department's response will detail the planned remedies and enable my office to evaluate their success at a later date.

The examples and recommendations of two fleet operations within Pittsburgh were utilized to help appraise the quality control system of the City Garage. The Yellow Cab Company and the GSA Interagency Motorpool are the consulting agencies.

SURVEY OF THE QUALITY CONTROL SYSTEM AND RELATED ADMINISTRATIVE MATTERS OF THE CITY GARAGE

1. General Operation of the Garage

The City Garage, officially known as the Bureau of Automotive Equipment, services approximately 1200 vehicles from various City government departments. In order to provide for the orderly servicing of these vehicles, the Garage's service

duties are spread among five sections. These five divisions, each managed by a foreman, are commonly known as Police, Fire, Refuse, Public Works, and General Services. The General Services division provides maintenance to all 1200 vehicles in general areas such as tire changes, lubrication, and washing, while the other four divisions service vehicles which are generally described by the division's label. There are approximately 380 vehicles serviced in the Police division of the Garage; approximately 90 in the Fire section; roughly 140 in the Refuse division; and approximately 420 in Public Works. The Garage is responsible for most of the repair, inspection and preventive maintenance performed on this fleet.

2. Quality Control System (20 years in A/C Maintenance) Pilot

A quality control system for a fleet operation is a standardized method of monitoring and recording the operation, repair, maintenance, and servicing of the vehicles. Other fleet operations in Pittsburgh, such as the Yellow Cab Company and the Interagency Motorpool of the Federal government's General Services Administration, have developed formal control systems. The essential features of a quality control system for a vehicle fleet are a central information system, a periodic mileage reading for each vehicle, inspection and preventive maintenance schedule, and specified responsibilities of the drivers of the vehicles.

Both the Yellow Cab Company with a fleet of 400 vehicles and the Interagency Motorpool with a fleet of 1200 vehicles maintain one comprehensive file on each piece of equipment. Mileage, repair, maintenance, and inspection records are filed into a computer in order to provide the fleet's manager with information such as tabulations evaluating each vehicle's operating cost and efficiency, or dates on which specific vehicles are to be inspected or serviced for preventive maintenance.

A quality control system must develop and maintain procedures which, along with the workman's quality craftsmanship, will assure peak performance, safety

operation, and maximum durability for each vehicle. Generally, this survey will hold that the City Garage depends on informal control procedures, that these informal control procedures have proven deficient, and that the service of vehicles has suffered due to the irregularities in the Garage's fleet control system.

3. Central Information - Files¹

Presently, the City Garage does not have a comprehensive, operating filing system or full use of a computer to coordinate information contained in vehicle files. The files should not only maintain a history of a vehicle, but also enable the administrator to adhere to the service schedules of a vehicle. The Garage has two separate record systems to achieve this dual function. The office files include all work performed on a vehicle and listed on the order form. The General Services foreman has a lubrication schedule for each vehicle and uses this filing system to chart the greasing dates. The office files are historical, the lubrication files are operating files.

The City Garage uses one form, City of Pittsburgh Shop Repair Order² to record repairs, preventive maintenance work, and inspections. The inspection record includes a checklist of work performed, but the preventive maintenance measures have no accompanying checklist. The forms themselves are often not thoroughly filled out.³ They are irregularly placed in folders,⁴ the transcription irregularities include failure to provide time, date, name of operator, and the name of supervisor on the order forms.⁵ Work Order. Generally ignored is the down-time record;⁶ where no date is given as to the vehicle's return to operation, an examiner of the files would have to assume it was returned the same day.

4. Preventive Maintenance

The City Garage recognizes the value of a preventive maintenance program. The Garage policy, as explained by the Superintendent, utilizes the preventive

maintenance schedules specified by the manufacturer in the vehicle handbook. A well-administered preventive maintenance program results in savings and assures good operating vehicles. The Garage's adherence to this policy is suspect. When asking the Superintendent for specific vehicle handbooks for the respective preventive maintenance schedules, he advised that the prescriptions are basically the same. The impression is that preventive maintenance work is performed according to a shop devised method which loosely adheres to the manufacturer's specifications. Foremen explained that preventive maintenance consisted of adjusting clutch, repairing lights, and lubricating. Nowhere in all of the examined files did mechanics list preventive maintenance measures which fully correspond with the manufacturer's requirements.

The preventive maintenance measures of the Garage would seemingly be changing the oil and lubricating the vehicle according to the files.⁷ These are the only service operations listed as consistently administered. Inspections include checklists for various evaluations,⁸ but no such thorough checklists or complete listings can be found in the selected files for preventive maintenance. Both the Cab Company and the Government Motorpool have specific preventive maintenance checklist which are filed in the vehicle jackets.⁹ The forms are similar to the inspection cards of the Garage's records. Each item is checked in accordance with the maintenance performed; the mechanic is certain of what maintenance is required and the file contains a detailed record of his work. The City Garage does not have such preventive maintenance checklists, nor do the work orders detail measures on any particular day which can be regarded as thorough preventive maintenance checks.

A periodic mileage reading is regarded by the consulting agencies as the key to a quality control system. This information is not obtained and recorded in the Garage's file system. This mileage figure is essential for the efficiency of a preventive maintenance system as it alerts the

responsible administrator to vehicle mileage accumulations near or at the scheduled levels for maintenance checks.¹²

The pivotal question is: How does the Garage provide for the implementation of its preventive maintenance policy? The existence of the policy is not doubted, but rather its thorough implementation. The lack of a mileage check, the failure to provide checklists for preventive maintenance work, or the failure to demand that the mechanic list all his work, are obstacles to the implementation of the Bureau's policy. There is no current manner for the Superintendent to monitor these preventive maintenance measures. He is unaware of when and if vehicles are coming in for service checks. He does not personally have to direct this operation, but he should have ready access to information revealing the daily flow of repairs and services carried on in his Garage. Again, a central information system based on a periodic mileage reading of each vehicle is essential. The specific information concerning preventive maintenance work should be provided on a checklist similar to the detailed ones used by the consulting agencies. Presently, the Garage depends on the judgement and recollection of the foremen to be aware of the vehicle mileage totals and to estimate the appropriate dates to recall vehicles for maintenance work. These informal methods of alert are more prone to irregularities than standardized procedures.

5. Administrative Fragmentation

One administrative complication which developed partially because of the uncoordinated filing system was the fragmentation of operations at the Garage. The foremen's filing methods are different and independent of each other. They are not guided by the uniform requirements of a comprehensive quality control system. System demands could create certain consistencies in the Garage divisions. The present disjointed condition of the Garage operations make the Superintendent's duties awkward because of too heavy a reliance on persons. This

situation makes the Garage susceptible to confusion resulting from personnel changes.

The Director of the Department of Supplies recognized this administrative failing and recently shifted each foreman to another division to discourage such uncoordinated operations. The action will help the standardization of Garage procedures by placing the control in the Superintendent's office and freeing the foremen to concentrate on assuring the competence of his division's work and service. This fragmentation resulted in the inability of the Superintendent to produce the number of vehicles the Garage services. The information had to be obtained from the division foremen.

Because the Superintendent's office keeps no mileage tabulations, the foremen's awareness and diligence are the sole means the Garage has to estimate the mileage accumulations of vehicles.

The entire packet of foreman's cards was unavailable for the Refuse division, this must be regarded as misplaced which is another indication of the incomplete records system.

Administrative personnel explained of the possible absence of service data in files regarding work performed during hours that the office is closed but the shop is opened.

6. Liaison — Driver Responsibility

The City Garage is confronted with a singular complication: other than the refuse trucks, the vehicles from the various City departments are not parked on the premises, but rather at the various headquarters and stations of the departments. This demands that the Garage alert the department of a vehicle due for inspection or preventive maintenance. Thus, a crucial point in assuring the proper operation of a vehicle is the liaison in each City department who communicates with the Garage. Conversations with the division foremen revealed the varying cooperation of these liaisons. A

Supply Department administrative directive which would establish and formalize this liaison relationship would aid the coordination of the departments with the Garage. Until this policy is developed only personal concern, not procedural assurances, will provide, that vehicles go to the Garage when scheduled for maintenance.

Although these recommendations are outside of the Garage's authority, the proper operation and servicing of City vehicles depends on the recall control of the Garage and the cooperation of the various departments. A formal network of communication and responsibility of each department with the Garage is an essential component of an efficient quality control system for the City fleet. The foreman of the Public Works division in the Garage hardly has the time to pursue vehicles of over 20 departments to assure maintenance, but this is what, in effect, the present system demands. The fragmentation further complicates this area, in that it allows for different treatment of departments by the four responsible Garage divisions.

Examination of the success of fleet operations directed by the Yellow Cab Company and the Interagency Motorpool reveals the absence in the City's vehicle maintenance policy of standard provisions for driver responsibility. At present, the policy for driver responsibility is determined individually by each department. The consulting agencies are strong in their recommendation for the installation of a driver responsibility program as an essential element of quality control for a fleet operation. Driver responsibility should include both operating checks such as battery and oil, and condition checks such as examining the vehicle for damages left by a previous driver. An administrative directive needs to be established which would insure such measures within every City department.

7. Work Force Size

There is also some doubt as to the adequacy of the number of specialists which service the City's 1200 vehicles. There workmanship is not questioned. In

the past few years as the fleet increased there was no expansion in the number of mechanics appropriated.¹³

The question is whether the Garage has sufficient manpower to repair all vehicles, inspect all vehicles, and provide a thorough and timely preventive maintenance system. The fleet size of Yellow Cab Company is approximately 400 vehicles whose usage and number nearly parallels the roughly 380 vehicles serviced in the Police division of the Garage. The City Garage has no more than 9 mechanics working under a foreman on these 380 vehicles, while the Yellow Cab Company has 30 mechanics to maintain its fleet of 400 cabs. Exact data as to the yearly increases in the fleet size were unavailable.

8. Plans and Recommendations

The Department of Supplies recognized many of these inefficiencies in its Garage operation. The development of a computer system to maintain and coordinate the Garage records has been in planning for about a year. The Director of the Central Information Systems Office recognized the difficulties the Garage was having and advised for the renovation of the system. The projection for full operation of the computer system for the Garage purposes is approximately 6 months. There is some delay attributable to the program modifications needed in the prewritten program which was acquired for the Garage. Largely, the delay in implementation of a useful program for the Garage is due to considerations of priorities. The findings of this survey display the urgent need of the Garage for a central information system.

The hiring of an industrial engineer to fill the position of assistant superintendent will aid in the coordination and organization of the Garage operations.

The shifting of foremen to new divisions will aid in the standardization of Garage practices.

The full operation of a computer

system will not only facilitate an efficient quality control system for the Garage, but also will prove a valuable savings tool. Examples of money savings available with the operation of a central information system: with mileage readings being stored in the computer, longer useful life of vehicles could be secured by recommendations to rotate the use of vehicles to insure equal mileage accumulations and prevent over-use of a particular vehicle; with computer tabulations such as cost per vehicle per mile, criteria could be developed to determine when a vehicle is not worth maintaining and should be pulled out of service; and with computer alerts to warn the Garage of approaching vehicle maintenance check dates, parts could be purchased in larger quantities based on speculations of parts used for maintenance work. Next to the savings derived from the preventive maintenance program, the Yellow Cab Company regarded this savings in parts as the major consideration in holding down the cost of operation.

Evaluations of the specific features of the proposed computer program will be observed at later dates as the various steps of the operation go into effect.

It is important that the Department of Supplies be certain that the provisions of its computer program will remedy the various weaknesses of the Garage's operation noted in this survey.

The Department of Supplies is requested to furnish a written report, within 30 days of the date of this survey, detailing the planned corrective actions. This Council office will evaluate the progress and efficiency of these new developments within 60 to 90 days, with this later survey to be presented to the full Council.

Sincerely,
Richard E. Givens
Member of Council

FOOTNOTES

1. Appendices A through G contain information extracted from the order forms

of seven sample vehicle folders compiled in the office files of the Garage. These appendices are summary sheets of data as it was recorded on the forms.

2. See Appendix H.

3. Note the absence of mileage readings for the vehicles in Appendices A, B, and C.

4. Note the order of the dates as they appeared in files recorded in Appendices D and G.

5. Although examples of these irregularities are not demonstrated, their occurrence is verifiable by examination of the vehicle folder's forms in the Garage files.

6. Some dates are listed adjacent to the mileage columns in Appendices A through G, these were the few down-time dates recorded on the forms.

7. The preventive maintenance schedule reproduced in Appendix I, is considered basically applicable to vehicles serviced at the Garage on advice from the Superintendent. It was obtained from one of the vehicle handbooks which detail manufacturer specifications.

8. Using the schedule in Appendix I, no description of preventive maintenance work as copied from the forms appearing in Appendices A through G corresponds completely, or even nearly, with these specifications.

9. Note the description of service work in Appendix G on 11/29/74, 5/7/74, 6/17/74, 8/20/74, 9/4/74, 1/7/75, 1/30/75, 2/26/75, 3/17/75, 4/1/75, 4/22/75, and similarly through to the last recorded servicing. The consistency and regularity of the oil changes and greasing is noted but information regarding other manufacturer specified preventive maintenance measures performed, if any, is negligent.

"DIRECTOR LONG'S RESPONSE

In reply to the "Survey of the Quality Control System and Related Administrative Matters of the City Garage," prepared by the Office of Councilman Richard E. Givens on February 26, 1976, this report has been written to amend some of the inherent misrepresentations of fact common to reports of this nature i.e. based primarily on short interviews and a general overview of the operation.

A sincere effort at constructive criticism would surely be appreciated and helpful. Unfortunately, the above mentioned survey was prepared from a seemingly thorough knowledge of the Yellow Cab Company's Maintenance Department and the Maintenance Department of the Federal Governments' General Services Administration Interagency Motorpool, yet a minimal length of time was spent by the Councilman's Office becoming acquainted with the operation of the city garage. The amount of research into the Garage operation totaled approximately five to six mornings most of which was spent perusing samples of the office files. This can hardly be construed to be a sound basis for criticism.

In Mr. Givens' report, mention is made of complaints being brought to his attention from various City Departments. The fact is that complaints have been received on every level of City Government from the Mayor to the first line foreman. That fact, in itself, does not necessarily imply that these complaints were justified as being legitimate problems or that it would even be fair to mention them. No one who owns a car thinks his car is scheduled for service quick enough nor does the mechanic work quick enough to satisfy the vehicle's owner. After servicing the vehicle, something else is invariably wrong and it is always the fault of the mechanic. The

point is that complaints are just as prominent in a service garage as tires. In this type of an operation, priorities must be set. Consequently, those with lesser priority feel complaining will be beneficial and help get their servicing done quicker. Legitimate complaints are very rare at the City Garage. Not only mechanics' labor hours and vehicle priorities, but parts availability also affects the out-of-service time. Due to the specialized nature of the vehicles serviced at the City Garage, parts are sometimes very difficult to procure. Often the needed parts are not stocked by anyone in the City of Pittsburgh. In order to combat this to a certain degree, an inventory is kept of certain specialized parts. Due to space limitations and frugal management policies, not all of these specialized parts can be stocked.

Conflict in personalities also is a reason for some of the complaints. City drivers do not like to be told not to disturb the mechanics, but it all too often must be said. The City Garage is not meant to be a social club nor will it be managed according to that pretense. Unfortunately, some drivers feel that not only should they get top priority on their repair, but they should also be entertained while they wait.

According to the survey, "A quality control system must develop and maintain procedures which, along with the workman's quality craftsmanship, will assure peak performance, safety operation and maximum durability for each vehicle." This definition is faulty to the extent that nothing or no one can assure peak performance, safety operation and maximum durability. There are too many human factors and room for error in the manufacturing of the vehicle. Let the phrase, "To the extent reasonably and practically possible," be inserted into the definition given. The implication of the survey's insistence on having a formal control on the City Garage's Quality Control Program is that vehicles are failing in one of the three areas mentioned in the definition. The facts indicate that they are not. The manufacturers of the vehicles serviced by the Bureau of Automotive Equipment judge the performance and life of these vehicles to be good. Considering

the abuse to which these vehicles are subjected, the performance and life of the vehicles are excellent. Unsafe vehicles would be sufficient cause for revocation of State inspection privileges. Part failures are not due to a lack of an administered preventive maintenance program but rather due to factory fault. It would not be reasonable to put blame for factory faults on the City Garage. If the vehicles arrive with good parts, those parts are protected under the current preventive maintenance program. According to the records, the current quality control program adheres to the criteria set forth in the definition given by the survey.

Despite the already fine performance of the informal Quality Control System, the implementation of the new computer system will greatly alleviate the intense concentration required in implementing the present system. Although the system is becoming "more functional" daily, it will probably not be ready for use sooner than mid-May according to estimates by the Systems Department. The reason for a rather undependable date estimate is that computer work, much like mechanical work involves a variable number of manhours to achieve a certain goal or accomplish a certain task. The computer, when service commences, will also minimize the effects of replacing a foreman. Currently, replacing a foreman would affect the effectiveness of his section. This happens because a new foreman would not be familiar with the vehicles he is to service. The computer file would be able to help give a historic background by vehicle. The control of scheduling and record keeping will be taken from the individual foreman and required of the computer.

Initial training of garage personnel in providing meaningful data to the computer system through the use of the Shop Repair Order has begun. The use of operation codes to describe maintenance requirements is slightly difficult to use due to the massive listing of codes. Because no concrete meaningful results have yet been seen from this system, stressing precision is very difficult and

seems rather ludicrous to those who are not involved with the system. The vehicle files are currently below par due to the initial problem of absorbing additional keypunching needs into a fixed manhour system. The vehicle files cannot be updated until the keypunching has been completed and the work orders are returned to the shop. When these problems are resolved the vehicle files will again be both complete and orderly with cross references on a computer tape.

Neither the Yellow Cab Company nor the GSA can accurately be used as a standard for the City Garage. There is no valid basis for comparison. The Yellow Cab Company services only automobiles. Even the police section of the garage is more diversified than that. One particular standardized vehicle is very easy to maintain. Historical records would dictate the maintenance requirements and make anticipation of repairs simple. A mechanic would almost be able to diagnose the problem with a vehicle by looking at the odometer. With a fleet containing as many diversified vehicles as are serviced by the City Garage, segregation of common type vehicles is very difficult. This makes historical data suspect. To verify the validity of an application, some very basic assumptions must be made.

Another point of contrast is that the service time to repair a truck is usually at least double the time required for a car with the same problem. The complexity and size of a truck's internal workings make it a totally different and unique problem. To compare the City Garage to the Yellow Cab Company is to compare Harley Davidson to a Bicycle Repair Shop.

The comparison between the City Garage and the GSA is not much better. Although the GSA does service trucks as well as cars, they do so under a nearly unlimited budget. The taxpayer is forced to absorb an unreasonably high tax burden for the servicing of Federal vehicles.

Saying that the GSA Garage must "look good at any cost" is not misrepresenting the facts. As much as the Federal Government is known for its excess "fat" in operations, the City Garage is striving to be known for its efficiency and thrift without compromise of quality. To re-emphasize a point made in contrast to the Yellow Cab Company, the City Garage has probably the widest range of specialized vehicles serviced by any garage. The GSA may have trucks, but they are not the specialized truck. They cannot compare to Refuse Packers, Firetrucks, Forestry Trucks, Sweepers, Flushers, Ambulances, and other specialty equipment that the City Garage services.

The survey strongly emphasizes a need for centralized control and formal reporting procedures. In many operations, decentralized control is much better because the control should be where the work is being done. Centralized control leads to alienation between management and labor and also could easily create barriers to communications. Formalized reporting procedures are essential to the installation of a computer system. The evolution to this formalized reporting has been initiated and is being monitored. Without the computer, centralized control would be very disadvantageous to the efficient and effective operation of the garage. Centralized control becomes burdensome as operations diversify and jobs require specialists. Such is the case at the City Garage.

Concerning the alleged Administrative Fragmentation, a close examination shows that very little exists. Each foreman takes pride in knowing all of his vehicles by city number as well as on sight. He also knows the vehicle's reputation, location, usually the driver's reputation, and the equipment liaison in the operating department. The changing of the foremen was initially resisted by them. It was resisted because they were forced to orient themselves to a new set of names and vehicles. The reasons for this change were explained to the foremen to be related to versatility between sections. In reality,

this was done in order to reawaken the creativity of each of the foremen. Their creativity would be used to attempt a solution to problems the previous foreman in their respective sections had gradually accepted as unsolvable. The transfer of records had not been completed at the time of investigation for the original survey. Because the foremen were forced to make changes, and because they did not totally understand and accept these changes, trivial differences were emphasized rather than the nearly uniform methods of each section. All of the foremen are required to submit the same reports and they must keep the same files. Deviations from prescribed procedure are minor and insignificant because they are not permitted to be substantial. Each foreman can handle any section of the shop, not with specialized mechanical knowledge, but with the knowledge required to operate the section efficiently.

The budgeted work force of thirty-four mechanics is evaluated to be sufficient. Unfortunately, at this time the City Garage only employs twenty-seven mechanics. The other seven currently open positions will be filled as soon as screening procedures can be completed by Civil Service. The effects of the garage being so significantly understaffed could have been disastrous. Fortunately, the City Garage employs men, capable of being mechanics, in other positions. Three of these men have been employed at mechanics' wages, doing mechanics' work and will continue this work until the seven new mechanics are hired. These three men are being considered for the mechanic openings. The efficiency of the garage has been hindered by these openings. Major jobs are beginning to accumulate rather heavily. With a full complement of mechanics, the massive responsibility of servicing the entire City Fleet can be undertaken with great success. The mechanics involved work efficiently and are very knowledgeable and adept in their specific field. This is the key to the Garage's success.

In conclusion, improvements are being made to increase the effectiveness and efficiency of the City Garage operations.

This effort, is being made since it is believed that the best way to do anything is never found. The improvements currently in process include: (A) The implementation of the computer system as a centralized control for scheduled maintenance and inspections, and for use in determining vehicles to be replaced or traded, (B) The monitoring of reports and forms submitted by foremen in order to assure uniformity, accuracy, and conformance with current policies, (C) Training for each man as to information he is responsible for supplying for the computer system, (D) Evaluation of work standards for routine and semi-routine type jobs, and (E) A parts inventory control system which contains an economic ordering system and a program for measures to prevent obsolescence of inventoried parts. Other projects to be investigated include. (A) Starting a second-shift while keeping manpower fixed in order to expand the available space in the garage and (B) Laying out the garage differently in order to use the existing space more efficiently

Any further questions pertinent to the operation of the City Garage or any suggestions on possible avenues of improvement will be greatly appreciated and dealt with in the highest regard."

Mr. Givens:

My third request is the fact that the F.O.P. has requested an emergency meeting in regards to the arbitration agreement, and other grievance that they have had that has been outstanding with the Superintendent of Police. They requested that this hearing be conducted within this week because of the urgency and necessity of having this thing aired very quickly. I might point out that there are many contracts within the City of Pittsburgh . .

Mr. Mason:

Could I interrupt you? I didn't quite hear that.

Mr. Givens:

The public hearing be as soon as the President of Council can hold the meeting

Within this week; as soon as possible.

I might point out that many of the labor unions are under the 195 Act, which gives that particular union the permission to strike. The fact that the firemen and policemen are under Act III does not give them the right to strike. They have to go into mandatory arbitration. Act III, Section 7, SB1343 reads: "No appeal therefrom shall be allowed to any court. Such determination shall constitute a mandate to the head of the political subdivision, which is the employer, or to the appropriate officer of the Commonwealth, if the Commonwealth is the employer, with respect to matters which can be remedied by administrative action, and to the lawmaking body of such political subdivision or of the Commonwealth with respect to matters which require legislative action, to take the action necessary to carry out the determination of the board of arbitration."

It means that it is up to either the Mayor or Council to finish this and put it into action. So, it does, under Act III, give this Council the authorization.

I direct the City Clerk to send a letter to the Law Department to make sure that this is legally within this Council to hear the grievances that are in front of this arbitration agreement. Let's finish this once and for all as to what is to be done to settle the differences between the F.O.P. and the Flaherty's administration.

Mr. Mason:

The request has been put to the Chairman.

Mr. Givens:

Also, coming back to my letter dated March 30, 1976 requesting a public hearing on the manpower of the City's Police Department, I still have not heard anything. Again, the Mayor indicated to you this morning that the two of you will get together and set a date. Has there been anything done in that regard?

Mr. Mason:

Not since I talked to the Mayor this morning. I did try to reach him later.

Mr. Givens:

Can I set up a date for this right away?

Mr. Mason:

I will take care of that, Mr. Givens.

Mr. Givens:

I would like to have it at least two weeks from now. Time is pressing upon us. Can you set a permanent date upon this?

Mr. Mason:

I am well aware.

Mr. Givens:

One other thing, the Mayor should be, according to the Home Rule Charter, attending the hearings and the meetings, and if he does not attend, I caution that Council does have the power to assure that the Mayor will be there. Now, I make that public notation. That's all I have. Thank you, Mr. President

Mr. Mason:

With regard to your third point, the President of City Council will do as directed and not the City Clerk. Therefore, I will undertake the responsibility of setting up the public hearing as rapidly as possible.

Mr. Stone:

Mr. President, since our agenda seems to be short for Wednesday, perhaps we can, without having an extra session, pick up the Capital Budget Progress Report for 1973, 1974, and 1975; only the past.

Mr. Mason:

We set it up as a special meeting.

Mr. Stone:

Mr. President, I would like to keep them separate. Let's deal with the past first, and the second session we will deal with 1976 in the future.

Mr. Mason:

We combine them.

Mr. Stone:

We need to divide them in two sections. We could take 1973, 1974 and 1975 Wednesday, and then we can take 1976 next Wednesday. It is important that we have a gap between them. Do you remember the hour?

Mr. Perry:

2 o'clock, April 28, 1976

Mr. Mason:

Are you saying you want another date?

Mr. Stone:

I thought we might pick up the 1973, 1974, and 1975 progress reports and leave 1976 for next Wednesday.

Mr. Mason:

We were hoping that we could knock it out in one afternoon, but I see the value in having it separated.

Mr. Stone moved

That Mr. DePasquale and Mr. Lucchino be excused for absence from this meeting.

Which motion prevailed.

Mr. Stone moved

That the Minutes of Council of Monday, April 2, 1976, be approved

Which motion prevailed.

And motion of Mr. Caliguiri,

Council adjourned.

No. 561. Communication from Supt. Coll. Department of Police, requesting permission for two Community Relations Officers to attend "Officer Friendly Program Conference" in Syracuse, NY, May 10-12, 1976, at cost not to exceed \$250.00.

Which was read and referred to the Committee on Public Safety.

Mr. Lally presented

No. 562. Communication from Harold West, Director, Department of Lands and Buildings, requesting permission for Paul J. Imhoff, Supt. of Bureau of Building Inspection, to attend Annual Conference and School of the Building Officials & Code Administrators International Inc., in Atlanta, Ga., June 12-18, 1976, at cost not to exceed \$670.00.

Also

No. 563. Communication from Harold West, Director, Department of Lands and Buildings, requesting interim approval for "additional work" in the amount of \$9,500.00 in connection with construction of Fire House, Shadyside Area - S. Millvale Avenue and Maripoe Street, Contractor: Beredo Construction; Controller's Contract No. 22060.

Which were read and referred to the Committee on Lands and Buildings.

Mr. Lucchino presented

No. 564. A Resolution authorizing the Mayor to issue and the City Controller to countersign a warrant in favor of Arcon Construction Company, Incorporated, in the amount of \$1,786.61, in payment for additional work furnished for the benefit of the City in connection with the additions and alterations of Polish Hill Monument, without previous authority of law; and providing for the payment thereof.

Which was read and referred to the Committee on Finance.

Also

No. 565. A Resolution amending Resolution No. 85, approved February 9, 1976, entitled "A Resolution providing for the letting of a contract or contracts for the purchase of supplies, materials, tools, and any other equipment or services necessary thereto for the rehabilitation of the Pittsburgh Zoo at a cost not to exceed \$20,000.00 payable from various Bond Funds in the Department of Parks and Recreation" by eliminating the letting of contracts.

Also

No. 566. A Resolution amending Ordinance 390, approved July 21, 1975 entitled, "An Ordinance providing for the letting of a contract or contracts for the construction of the Carrick Swimming Pool, 29th Ward, in the Department of Parks and Recreation and providing for the payment of the cost thereof" by including the construction of a recreation building and bathhouse.

Also

No. 567. A Resolution amending Ordinance 586, approved October 9, 1975 entitled "An Ordinance providing for a contract or contracts for the rehabilitation of the Phillips Park Recreation Building in the Department of Parks and Recreation and providing for the payment of the cost thereof" by including the construction of a swimming pool and increasing the authorization from \$185,000.00 to \$325,000.00.

Which were severally read and referred to the Committee on Parks, Recreation and Libraries.

Mr. Stone presented

No. 568. A Resolution transferring the sum of \$41,000.00 from Code Account No. 41, Refunds-Real Estate Taxes, to the 1976 Community Development Block Grant Program.

Which was read and referred to the Committee on Finance.

Also

No. 569. A Resolution authorizing the Mayor, the Director of the Department of City Planning, and the Director of the Department of Public Works to enter into a contract on behalf of the City of Pittsburgh for aerial photography maps and other related work and providing for the payment of same.

Which was read and referred to the Committee on Planning and Redevelopment.

The Chair presented

No. 570. A Resolution authorizing the Mayor to issue and the City Controller to countersign a warrant in favor of John R. McGinley, Jr., Esq, in the amount of \$348.00 in payment for professional services rendered to the Council of the City of Pittsburgh, without previous authority of law.

Which was read and referred to the Committee on Finance.

REPORTS OF COMMITTEES

Mr. Caliguiri presented

No. 571. Report of the Committee on Finance for April 21, 1976, transmitting two resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 539. A Resolution entitled, "Authorizing issuance of a warrant in favor of Mary S. and William M. Cestnik in the amount of \$1,430.36 in settlement of claim for personal injuries and damage and providing for payment therefor."

Which was read.

Also,

Bill No. 540. A Resolution entitled, "Authorizing issuance of a warrant in favor of James W. Elwell and State Automobile Insurance Association in the amount of \$649.55 in settlement of claim for damage and providing for payment thereof."

Which was read.

The titles of the bills were read and agreed to.

The bills were read on final action.

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Caliguiri	Mr. Lally
Mr. Coyne	Mr. Lucchino
Mr. DePasquale	Mr. Stone
Mr. Givens	Mr. Mason
	(Pres't)

Ayes	8	Noes	none
------	---	------	------

And there being two-thirds of the

votes of Council in the affirmative, the bills passed finally.

Mr. DePasquale presented

No. 572. Report of the Committee on Public Service and Surveys for April 21, 1976, transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 544. A Resolution entitled, "VACATING Tunnel Street, between Fifth Avenue and Diamond Street in the Second Ward of the City of Pittsburgh, excepting and reserving easements for the 15-inch sewer line and the 6-inch wateline located therein."

Which was read.

Mr. Stone:

Mr. President, if you will recall, I voted against this last Wednesday, and again I think that this little opening is important.

I am not opposed to the construction of the building, but I think they ought to be able to raise the building to the second floor. We now made a decision to go one way. If you went the other way, you've got a barrier to meet that run down from Forbes which makes it difficult to enter Fifth Avenue. For that, I think it is wrong to close it completely. I don't know if we should be so short-sided in cutting out the street in its potential availability.

Mr. Lucchino:

My question is, does the City own that where we park, or do we rent that?

Mr. Caliguiri:

Can I answer that? We own that piece of property. In fact, we need a thru-way that Mr. Stone has indicated.

Mr. Lucchino:

Since we are vacating, are we only giving Mr. Engle one half of Tunnel Street, his half, and the City is keeping their half.

Mr. Caliguiri:

I understand that is a high amount of money for that purchase of the street.

Mr. Lucchino:

I just wondered if it was normal vacating that, which would include selling our half of Tunnel Street or all of Tunnel Street. It is hard to determine from that.

Mr. Caliguiri:

Does that building encompass the entering of the street? Both sides are going to be closed up and they in turn will put it there.

Mr. Lucchino:

They own the other side of the street. The City doesn't own that; is that right?

Mr. Caliguiri:

We own the parking lot that you indicated.

Mr. Lucchino:

Do we own the part that is abutting to Tunnel Street?

The Chair:

What you are talking about is the long side between this Tunnel Street and Robert Morris. We own that. We said that in the future if we need it, we would use that parking lot with one exception, how do we get to Fifth Avenue? We now have a straight run and to say if we move it, we can't do it. The easiest way would be to put a building there, but build it high enough for a thru-way.

Mr. Caliguiri:

Mr. President, again the Director indicated that the street isn't used that

much. I think it would be of benefit here for a building to be constructed rather than allow just a short cut, so to speak, be permitted to be put through there.

Mr. Stone:

That is far from the truth. If I am going up Fifth Avenue and I want to go to the Liberty Tunnels, the natural thing for me would be to make a left and go straight up.

Mr. Coyne:

You can't go through Liberty Tunnels from that street.

Mr. Stone:

I mean Armstrong Tunnels. URA has two pieces of property right alongside of the Medical Pavilion; one is 75 by 100 and the other is 75 by 400 feet. I think that is one whole block.

Mr. Givens:

I believe on the Wednesday session we had on that original concept, was to have an opening where vehicle traffic could transverse that particular street. Then it went to the City Planning Department and, of course, the costs there were going to be quite substantial, and they apparently, have taken some type of survey and indicated that it was not the traffic that was transversed in that particular intersection. Maybe during the rush hours we could do something about it.

The Chair:

Mr. Lucchino has a very interesting question.

Mr. Lucchino:

I appreciate the indulgence of Council in letting me ask these questions. My concern is if we are vacating, I would like to know where. I heard the argument about that traffic. How much are we going to be giving up? Are they going to build a sidewalk on the City's portion of the property?

Mr. Caliguiri:

Mr. Perry, read Section Three.

Mr. Lucchino:

By this resolution it doesn't say which portion of Tunnel Street.

Mr. Coyne:

The fact that we are getting \$25,000 would seem to indicate that we are receiving \$25,000 for their share of it. We wouldn't get \$25,000 for vacating our portion of it.

Mr. Lucchino:

That is what I don't know, Mr. Coyne. Is there any strong objection to recommitting this bill?

Mr. Caliguiri:

We have to call Mr. Paternoster and ask him whether or not we are selling the whole street.

Mr. Perry:

They are vacating the whole street.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

Which was read.

Mr. Stone:

Mr. President, if I may, I would like to amend the bill in the follow respects:

The Chair:

Which bill?

Mr. Stone:

Bill No. 530. We are talking about amounts rather than any specific item. Under the Urban Redevelopment Authority, we are going to increase the figure by \$180,000. It shall read, \$8,625,000. Coming down under administration, that is going to be \$64,567.56. The unspecified local operations will drop 180; it will go down to \$700,000. If you will recall that is because of the requirement from HUD that will be withheld, \$902,000. The strong suggestion from City Council is that we don't want the \$902,000 which is made up of unspecified options. There is a reduction of \$180,000 in one and we still have \$700,000 left. I move that this be changed.

Mr. Caliguiri:

I second amendment.

Which motion prevailed.

Mr. Stone:

Mr. President, we have amended these and I think there is one line we better put in. This is the \$902,000 to go to the

Lower Hill Title I Project Ur-7-1 in the amount of \$902,666.00. That keeps the total figure the same.

MOTIONS AND RESOLUTIONS

The Chair:

Before we get to the resolutions, let me review with you the committees that have been appointed already.

We have the Sub-committee on Housing, chaired by Mr. Stone.

Mr. Coyne is Chairman of a Sub-committee on the Computer System, and Mr. Lally and Mr. Stone are also on that committee. We will have a Hike-and-Bike Sub-committee, with Mr. Givens as Chairman. Also scheduled for May 7 is the meeting groups on police patterns and those things set forth in the letter to the Mayor by Councilman Givens. So, I think our committees are working rapidly. I hope some good comes of it.

Mr. Caligiuri:

Bill No. 575. WHEREAS, the United States House of Representatives will have before it Bill 7216 establishing the Museum Services Act and which will provide for administration of the Act through the Department of Health, Education and Welfare; and

WHEREAS, the United States Senate Committee on Labor and Public Welfare has before it a Museum Services Act; and

WHEREAS, administration of the Museum Services Act through the Department of Health, Education and Welfare

will maintain the present high level of Pittsburgh's Carnegie Institute, as well as other museums throughout the country.

NOW, THEREFORE, BE it

RESOLVED, That the Council of the City of Pittsburgh hereby endorses House Bill 7216 of the United States House of Representatives establishing the Museum Services Act and providing for its administration through the Department of Health, Education and Welfare; and urges the United States Senate Committee on Labor and Public Welfare to adopt a bill embodying House Bill 7216.

Which was read.

Mr. Caliguiri moved

The adoption of the resolution.

Which motion prevailed.

Mr. Caliguiri:

The City Clerk has a list of the names for that bill which will be sent to Mr. President.

Mr. Caliguiri:

I just want to bring up the point about the recycling of refuse into energy in Boston and I thought it might be a good idea to just talk about taking a trip up there to find out exactly what is operating in Boston. There was some discussion on several projects.

Mr. DePasquale:

Is there a date set on that?

Mr. Caliguiri:

No, we can set one though.

Mr. DePasquale:

I wouldn't take a bus up there!

Mr. Lally:

Mr. Chairman, do we have a Water Director yet? Do you know if anybody filled that position? I have a problem over in the North Side. I had some pictures taken of the reservoir over there about the water coming down into the valley. Is there a fence there?

The Chair:

No.

Mr. Lucchino:

There is one in Herron Hill.

Mr. Lally:

These pictures were taken of swimmers in their birthday suits last Saturday and Sunday when it was real hot and I really think it is getting bad.

Mr. DePasquale:

It couldn't get much worse.

Mr. Lally:

I would like to see the Director here.

Mr. Coyne:

Maybe whoever is acting in the capacity of the Director of the Water Department. Maybe the City Clerk would ask him to come to Wednesday's meeting.

Mr. Lally:

That is fine.

Mr. Caliguiri moved

That the Minutes of Council of Monday, April 19, 1976, be approved.

Which motion prevailed.

And on motion of Mr. Caliguiri,

Council adjourned.

Which was read.

Mr. Givens:

Mr. Chairman, I would just like to make one comment with regards to Bill No. 570, which has just been passed. I indicate to you that I feel this is one of an historical event that has happened here today, and that is that City Council had to go out and hire additional legal assistance in order to settle some of the problems that we have here in our City Council. This is predicated, I believe, definitely by the fact that some of the results that we

get back from our requests from our Solicitor do conflict with that we have gotten from our Legal Counsel. I just thought I would make some note of that.

Mr. Mason:

Would you please repeat that. I didn't quite hear part of it.

Mr. Givens:

Well, more or less to summarize, we in Council, in my estimation, were forced to seek advice other than that from our City Solicitor because in all cases we were not getting that type of advice that we should have gotten one way or the other, pro-or-con-approach. I think in some cases we were just getting the one approach and not both sides of the story. As a result, I think this Council, in my own estimation, have been forced to go out and seek additional solicitation from attorneys, etc., to get the other side of the story.

Mr. Mason:

Your remarks will be noted, and will be so recorded.

The title of the bill was read and agreed to.

The bill was read on final action.

A Resolution entitled, "GRANTING unto International Business Machines Corporation, its successors and assigns, the right and privilege to construct, maintain and use, at its own cost and expense, a bridge over and across East Ohio Street from their office building on the northerly side to their parking garage on the southerly side of said East Ohio Street in the Twenty-second Ward of the City of Pittsburgh."

Which was read.

Mr. Stone:

On Bill No. 379, note me as abstaining.

Mr. Mason:

Do you wish to state the reason?

Mr. Stone:

Yes, I do. Mr. President, if I may, on this particular bill I am abstaining. The reason for it is relative to the Art Commission. We put people there who are, so to speak, experts in the matter of the arts and the aesthetic values of particular buildings. It is interesting to note that when, in their good conscious, on this particular project, the commission voted not to approve it. After that we "packed the house" with Mr. Stephen George and with Mr. Raymond Hess, and the vote changed.

It appears to me that that's not fair to have people determine this on a technical

artistic grounds and then later have the administration people come in and upset the vote when they don't like it. I think it is wrong for me to vote for this particular bill. I cannot join in approving this for that reason.

Therefore, I abstain at this time.

Mr. Mason:

You abstain; is that correct?

Mr. Stone:

Yes.

MOTIONS AND RESOLUTIONS

Mr. Caliguiri presented

Bill No. 633. WHEREAS, the Carrick High School Raider Band will participate in the Columbus Day Parade to be held in Baltimore, Maryland, May 6th and 7th; and

WHEREAS, the Band Parents Booster Club have raised over \$20,000 for this Bicentennial Program, which they will present a program "200 Years", a history of our country; and

WHEREAS, under the direction of Bruce E. Burleson, they competed at the Tri-State Band Festival at West Liberty College, West Virginia, where they won 5th Place, the only city band ever to win such an honor; and

WHEREAS, Carrick High School Raiders have been presented the Canadian Flag which is carried by their Color Guard; and

WHEREAS, Carrick is the City's No. 1 band having travelled to Disney World, Florida and Wilmington, North Carolina, where they were judged the outstanding band in the Azela Festival.

NOW THEREFORE Be it

RESOLVED, That the Members of Council of the City of Pittsburgh do hereby extend official congratulations to the members of the Carrick High School Band and their director Bruce E. Burleson, in recognition of their outstanding playing achievement which brought honor to their school and to the City of Pittsburgh.

Which was read.

Mr. Caliguiri moved.

The adoption of the resolution.

Which motion prevailed.

Mr. Caliguiri:

I might add that the Carrick High School Raider Band is in fact one of the largest bands, and that it was with their own money that they do this type of performance. They should be congratulated.

Mr. DePasquale presented

Bill No. 634. WHEREAS, for the last 200 years the World Marble Championship Tournament was staged at Tinsley Green, Sussex England, on April 16, 1976; and

WHEREAS, the United States Marble Team has appeared in this event in the last two years and has been triumphant both times, defeating England's Marble Team who had been World Champions for 21 years prior to 1975; and

WHEREAS, the United States World Marble Team is composed of six members, five of whom are from Pittsburgh and are Susan Regan, Larry Kokas, Raymond Morgano, Jerry Mages and Rickey Usner; and

WHEREAS, Walter Lease, Jr., has worked with young people in this area for 25 years and has coached many who have won numerous National Championships.

NOW, THEREFORE Be it

RESOLVED, That the Mayor and the Members of the Council of the City of Pittsburgh congratulate and commend Susan Regan, Larry Kokas, Raymond Morgano, Jerry Mages and Rickey Usner for bringing international recognition to the City of Pittsburgh by winning the World Marble Championship, and to Walter Lease, Jr., for his 25 years of dedication to the young people of this community.

Which was read.

Mr. Lally moved

The adoption of the resolution.

Which motion prevailed.

Mr. Givens:

I would like to say one thing. I came from Lawrenceville, where most of these members are from, and I have a great feeling of appreciation for what these young people have gone through.

Mr. DePasquale:

Mr. President, while we are on Motions and Resolutions, if I may, I have a request letter that as written to the President of Council, dated December 16, 1975. It was sent to the President of Council and was presented during the budget hearings in regards for a request for \$2,000. The Veterans of Foreign Wars wanted City Council of the City of Pittsburgh to grant them \$2,000 in regard to this convention and parade, which is held semi-annually, and this is the year it is to be held in Pittsburgh. I believe at the time, if I recall, we turned them down because they were getting \$5,000 a year from the county. The County has granted them no aid whatsoever this year. The Veterans of Foreign Wars base their argument, and it is a strong one, that the convention brings a lot of money to the city.

I just thought that there might be a possibility, if there is any chance whatsoever, that we could reopen the budget. Maybe the Mayor could see his way clear to reopening the budget because the Veterans of Foreign Wars was turned down based on the fact that the county was to give them \$5,000, and they didn't. I am looking for a little guidance.

Mr. Mason:

Maybe you and Mr. Caliguiri could get together on this. We got a decision from the Mayor saying that he would not open the budget at this time. We have a serious question here.

Mr. DePasquale:

Exception here. If the funds were available in the Manpower program, he would allow it. Other than the Manpower's treasure, no.

Mr. Caliguiri:

He would allow Manpower people to help with the request, rather than funds itself. What I would like to find out is what they use this money for. I know they would be able to get such service as building a stand, or something of that

nature. What does the Veterans of Foreign Wars need the \$2,000 for? When we find out, maybe we can do something about it.

Mr. Mason:

I don't think we should overlook it.

Mr. Coyne:

Mr. President, I would like to have Mr. Dan Pellegrine come to Wednesday's meeting to discuss why the city's cost for dog violations are in excess of what the penalties are in the fines, the violations of the dog ordinance, and the cost exceeding the fines.

Mr. Mason:

We are getting a lot of complaints.

Mr. Coyne:

I would also like to have Mr. Meade Mulvihill come to Wednesday's meeting to discuss the reasons why the PUC has jurisdiction over the City of Pittsburgh enacting an ordinance to require meter readers to acquire uniforms.

I would also like to have Mr. David Wykoff come to Wednesday's meeting to discuss why the report on the high-quantity users of water has not been submitted. It was asked of him January 7th, and also two weeks ago.

Mr. Givens moved

That the Minutes of Council of Monday, April 26, 1976, be approved.

Which motion prevailed.

Mr. DePasquale:

Moved that this meeting be adjourned and the next meeting be held Monday, May 10, 1976 at 10:00 a.m. for the swearing-in of Ms. Sophie Masloff.

Which motion prevailed.

Mr. DePasquale:

If I may add another footnote, in the Sunday's paper Mr. Roy McHugh stated that people were having difficulties distinguishing Sophie Masloff from Michelle Madoff.

Mr. Lally:

In regard to the picket line that is outside across the street at the Courthouse of the City of Pittsburgh and in front of the City County Building. I made the suggestion to Ms. Masloff that the picket line be removed, which we have done today, or we could swear her outside of the City County Building. We will remove the picket line to have Ms. Masloff sworn in, which we will do at every Council meeting

Mr. Mason:

Thank you, very much.

And on the motion of Mr. DePasquale,

Council adjourned.

Your Honor Mayor Flaherty, Members of Council, Judges and Other Distinguished Public Officials, Friends:

For most of you there isn't anything so special about this day. But I must tell you that for me, this day is an important and auspicious one.

Now I am a member of the Pittsburgh City Council, charged with the awesome responsibility of helping other members of Council, the Mayor, and the citizens of Pittsburgh to run the City Government. I am pleased, I am honored, and I am grateful.

I recognize the rights, duties and responsibilities of this office and I accept it. I recognize my limitations, and I must accept that as well.

Those of you who have been associated with me over the years know that I am not pretentious and that I do try to practice humility.

Therefore, those who know me in this audience must know that my understanding of the responsibility and trust is not contrived.

I do not bring eloquence to my new job, and I cannot recite a long list of educational degrees as evidence of my right to be your City Councilwoman. But I do bring years of practical experience and common sense of this office. My experience in public service in county government and in the courts has ingrained in me a respect for the average citizen who, like me, has struggled to live a law-

abiding, decent life in this increasingly complex world.

I believe that the asset that should best serve me and the people of Pittsburgh, during these next two years is my sincere and humble desire to do what is right for all of the citizens of this great city.

Every candidate, indeed, every office holder, is expected to have a platform or statement of purpose. I have mine.

My purpose is to serve the average taxpayer. I plan to make their concerns my concerns. I have always felt in tune with the average man and woman because I consider myself average. I believe that I have the same anxieties, the same questions, the same worries.

During my campaign, the voters expressed time and time again, concern about the basic services supplied by government—adequate housing, police protection, fire protection, garbage collection and other matters.

As of this moment, these are my priorities—to do what I can to see that these basic services are delivered to the people and in the cheapest and most efficient way. And, as the citizens of Pittsburgh raise new questions, I will raise those new questions, as well.

It isn't possible for me to publicly thank all of the people who have been helpful to me through-out my political life, and I have never forgotten any of you. But there are a few people whom I must single out because of the great personal sacrifices that they have made for many years in my behalf. I refer to my husband, Jack, my daughter Linda, and my sister, Sarah. Without their support and counsel, I could not have reached this day.

There is one other person to whom I am especially grateful. I refer, of course, to Rita Wilson Kane. Rita has been my mentor, my friend and my ideal and example of a truly fine and dedicated

public servant for more years than either of us would like to say. Rita Kane, more than any other person, is responsible for my opportunity to stand here before you today. I am grateful for the opportunity to thank her publicly; and the opportunity for me to try to emulate her in dedicated public service.

If I can even begin to approach her dedication to the principles of democracy, decency and sincere public service, then I feel I will have served the City of Pittsburgh and its people in a commendable fashion.

This is my pledge to all of you in this, my first public utterance as a Councilwoman. I pledge to serve you honestly, decently, and with every ounce of my energy.

Mayor Flaherty:

Councilmen, Ladies and Gentlemen, our new Councilwoman, Mrs. Masloff, Rita Wilson Kane, Officials and Guests:

It is a real privilege and honor to have Sophie join our legislative branch of this city.

I have known Sophie and her career with the courts and observing her judicial career, know she has been a woman of great strength and I know she will be looking forward to working with all of us, myself included, here in the City of Pittsburgh. Sophie, it is an honor to have you here. Thank you.

At this point, why don't we have those who would like to congratulate Sophie, form a receiving line.

Mr. Mason:

The Chair appoints Mrs. Masloff as Chairman of the Committee on Public Service and Surveys.

Mr. DePasquale moved

That this meeting be recessed and re-

convene for the Legislative Session of Council at 2:00 p.m.

Which motion prevailed,

Ayes 8 Noes none

And there being two-thirds of the votes of Council in the affirmative, the bill passed finally.

Also,

Bill No. 584. RESOLVED, That the Council of the City of Pittsburgh will not vote favorably for the payment of financial obligations incurred for the purpose of conducting camera surveillance of "thought to be" abuses of the City's Workmen's Compensation Fund.

Which was read.

Mr. Lucchino:

On the bill dealing with Workmen's Compensation, there is only just one issue that I beg the indulgence of this Council. I have pointed out and will sum this up since the controller's office has supplied me with the inactive compensation people. I have a copy of this.

I think I might also point out something that would be a little alarming that we might want to consider if we had an active compensation program. In March of 1970 we had 61 people on inactive compensation. In March of 1976, 275 people were on inactive compensation. The only point being perhaps if there is a closer scrutiny given to this inactive list that we maintain those people who won't be moving over into the active list. I think this is worthwhile pointing this out and it should be considered.

Mr. Givens:

Mr. President, I will also make a comment in regards to Bill No. 584. It will be a sister bill to more or less parallel this particular bill and to modify it a little. I would like to see both of these bills passed as I indicated in my committee hearing last week.

The Chair:

Mr. Givens, I understand you want a sister bill?

Mr. Givens:

Parallel to this particular bill. I just want to modify it a little in the way that it deals with the actual camera observation. My particular bill will go a little deeper, while I will try to regulate certain individual units in the Treasurer's Office whatever it might be.

The Chair:

You want the opportunity to pass the companion bill or to amend it already?

Mr. Givens:

Yes.

Mr. Stone:

On Bill No. 584, it ought to be expressly understood here once and for all, that City Council all along, has not only respected the right but the obligations of the City Treasurer to oversee the Workmen's Compensation Program.

It should also be said here that if any investigation is proposed, then any public disclosures of its extent, should not be deliberately over-exaggerated.

For instance, when this subject matter first came up, the City Treasurer disclosed that \$3 million was in contest and that was not true.

Each year the employees have

requested and the City has increased benefits and increased salaries and obligations on Workmen's Compensation awards have likewise increased without any illegal or unlawful action by anyone; 1976 would obviously, therefore, be higher than 1975; and the law still permits and provides who is disabled at his employment, he is rightfully entitled to his compensation.

During the course of our hearings on the matter, it was brought out that there were various transfers from the Salary Account into the Workmen's Compensation Account. In four years, the City Treasurer has asked this Council to approve the transfers of \$230,000 that was unspent and ended out as a surplus. In the last five years, transfers requested by the City Treasurer resulted in \$430,000 of unspent moneys which also became part of the City surplus.

It is wrong then to use the gross figure in the Workmen's Compensation Fund without first deducting these unspent funds

When we pursued this matter further, the Treasurer indicated that the group that Mr. Lucchino spoke about, the inactive group, is made up of those people that both the claimant and the City consider is disabled without contest and properly entitled to Workmen's Compensation.

I believe if we are going to make any headlines of this investigation, that Mr. Cosetti should limit and narrow the amount in question to the proper sum.

For example, when he was asked more specifically what was in contest, he indicated that he was looking at roughly 10. If we use the maximum figure of \$15,000, then the most that could be in contest would be \$150,000. And all of these have not been held to be abusive.

When we look at the amount of moneys that the City Treasurer is spending to conduct this investigation, we are talking about roughly \$30,000 a year. Is it necessary to spend \$30,000 when we

already have appropriate and adequate remedies if properly pursued, such as:

1. The claimant's doctor.
2. The City of Pittsburgh's doctor, and the use of a third and impartial doctor.
3. The individual decision of a referee.
4. If not satisfied, ultimate appeal to the courts.

I hope that these remarks will now clear the air once and for all, and bring this into proper perspective.

Mr. Givens:

I would like to bring out one other point that Councilman Lucchino thinks this is an increase.

I might add that in this Police Department, the average police officer today is 44 years of age, and from 1970 to 1976 there was very little hiring in the City in the total of municipal employees, along with the police; especially in the Fire Department also. So this result is a national trend.

MOTIONS AND RESOLUTIONS

Mr. DePasquale:

Mr. Chairman, as you well know, our former councilwoman, Amy Ballinger, had the task of trying to get cable T.V. in our city, and since she has departed and is replaced by Mrs. Masloff, and since you already see fit to appoint her to the chairmanship of the Public Services and Surveys Committee, I wonder if we could order to pursue the task that Amy had in trying to get cable T.V. to the City of Pittsburgh.

I don't mean to burden Sophie with the position all in the same week, but I

think Amy would like to have someone follow up in her footsteps.

I would also like to make a request again to bring us up to date on cable T.V.

The Chair:

Two weeks ago the Mayor was supposed to receive a report, and he indicated to me that he has not yet received it. Certainly there is no reason why we can't find out about this cable T.V. It seems to me it is a little senseless that we keep asking this time and time again. If I remember correctly, there is a committee on this.

Mr. Givens:

Mr. President, in regards to the new legislation that was just brought to us regarding the resolutions for the studies of the pension funds, fire, police and municipal studies, I have before me here, three studies that have been conducted in the past on pension funds within the City of Pittsburgh and, each of these add up to a very alarming figure. I would like to mention here some of them if I might. For the police, the study was completed in 1973 and the total amount was \$95 million. The City itself is outstanding. In fact, if you put \$95 million in there, they take the money out of your pay because they have to match the City.

Also, in municipal the \$79 million report was completed in 1973; and the Fire Department one was completed in 1974 with \$69 million. This adds up to approximately \$243 million that is outstanding for the total pension funds within the City of Pittsburgh.

My question then is, couldn't we appoint as soon as possible, some type of commission to form the studies of our complete pension system? I say that to the members that are present at each of the pension fund meetings, to the Controller, the Treasurer and the people from the administration and this Council to sit down with experts within the field and

say what we are going to do for the City of Pittsburgh Pension Fund.

The only reason I bring this up is an alarming possibility because many of the cities throughout the country are going broke. If I put \$50 into the pension, the City is supposed to match that. It is going into the operating budget and our pension is being paid out of the operating budget. During the last year the budget in 1976 was \$17 million which was being paid out for the pension insurance and compensation, so I can't actually say exactly how much of that was pension, but because of the rapid inflation and basic growth on the base pay, I think this thing is going to get out of proportion. Many communities can't pay it. Therefore, it is either going back to the state or the Federal Government in order to pay that money.

I would like to see this commission be formed to study this thing. Some solution should be found because this is a very serious problem. Thank you.

Mr. Stone moved

That Mr. Mason be excused for absence from this meeting.

Which motion prevailed.

Mr. DePasquale moved

That the Minutes of Council of Monday, May 3, 1976, be approved.

Which motion prevailed.

And on motion of Mr. Stone,

REPORTS OF COMMITTEES

Mr. Coyne (for Mr. Caliguiri) presented

No. 706. Report of the Committee on Finance for May 12, 1976, transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 636. A Resolution entitled, "Providing for the issuance of a warrant to Florence R. Rokicki in the amount of \$1,225.00 in full settlement of claim for personal injury and providing for the payment thereof."

Which was read.

Also,

Bill No. 637. A Resolution entitled, "Providing for the issuance of a warrant to Eleanor Sutti in the amount of \$2,100.00 in full settlement of claim for personal injury, and providing for the payment thereof."

Which was read.

Also,

Bill No. 638. A Resolution entitled, "Authorizing issuance of a warrant in favor of LeRoy Walker, Jr. in the amount of \$1,147.13 in settlement of claim for damage and providing for payment thereof."

Which was read.

The titles of the bills were read and agreed to.

The bills were read on final action.

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne	Mr. Lucchino
Mr. DePasquale	Mrs. Masloff
Mr. Givens	Mr. Stone
Mr. Lally	Mr. Caliguiri
	(Pres't pro tem)

Ayes 8 Noes none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Also,

Bill No. 639. A Resolution entitled, "Resolved, that the Mayor be and he is hereby authorized to issue and the City Controller to countersign warrants in favor of employees for wages earned during the pay period December 17 through December 31, 1975. These wages were earned in 1975 and the code accounts for 1975 are closed."

Which was read.

Mr. Stone:

'Aye' on all bills, with the exception of Bill No. 639, where payments are due to certain employees. It covers the pay period December 17 through December 31, 1975.

I am not opposed to paying those employees, because it apparently has been represented to us that they are entitled to it. I am opposed to the unreasonable delay. I see no reason or any justification for the long delay in having this come up five months after the pay period. The people were entitled to the money last year and should have been paid shortly thereafter. On that bill, I am opposed.

Mr. Caliguiri:

Why don't you abstain so these people won't think you don't want to pay them.

Mr. Stone:

I accept your wisdom, and I will abstain.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne	Mr. Lucchino
Mr. DePasquale	Mrs. Masloff
Mr. Givens	Mr. Caliguiri
Mr. Lally	(Pres't pro tem)

Ayes 7 Noes none

(Mr. Stone not voting)

And there being two-thirds of the votes of Council in the affirmative, the bill passed finally.

Also,

Bill No. 640. A Resolution entitled, "Amending Ordinance No. 226, approved June 4, 1974, entitled 'An Ordinance providing for an Agreement or Agreements for an Actuarial Study of the Policemen's Relief and Pension Fund; and providing for the payment of the cost thereof' by increasing the authorized amount from \$3,500.00 to \$5,000.00; and providing for the payment thereof."

Which was read.

Also,

Bill No. 641. Resolution entitled, "Providing for an Agreement or Agreements for actuarial and related studies of the Municipal Pension Fund; and providing for the payment of the cost thereof."

Which was read.

Also,

Bill No. 642. Resolution entitled, "Amending Ordinance No. 17, approved February 1, 1974, entitled 'An Ordinance providing for an Agreement or Agreements for an Actuarial Study of the Firemen's Relief and Pension Fund; and providing for the payment of the cost thereof' by increasing the authorized amount from \$3,500.00 to \$5,000.00; and providing for the payment thereof."

Which was read.

Mr. Givens:

I have an amendment to certain bills here. I would like to draw your attention to Bill No. 640, Bill No. 641, and Bill No. 642. All of them are pertaining to the actuarial studies.

As indicated, the authorized amount has been increased from \$3,500 to \$5,000. Under Act 293 of 1972, such an actuarial study must be done by the City of Pittsburgh every two years. I would like to

get my motion out of the way so that I may indicate my reasons for it.

The motion is to amend Section 1 of Bill Nos. 640, 641, and 642 by inserting after the words, approved by the City Solicitor, "that said studies be completed and forwarded to the Council of the City of Pittsburgh by September 1, 1976."

Which motion prevailed.

Now, my reason for this is primarily to make an appraisal of our existing City Pension Fund, that of the Municipal Fund, Firemen's Fund, and Policemen's Fund. We need these actuarial studies if we are to do anything within the 1977 budget. We are going to have to have these studies by that date in order to hopefully put this in front of this commission that I have asked the President of Council last week. I had asked you if you would inform the commission to study into the problems of the Pension Fund.

One thing that is of interest, that I noted before--last week I indicated that there were, in 1973, \$243 million outstanding in our total Pension Fund. Although we have discussed this last week, I still would like to make of it for the Municipal Record. The Pension Fund in 1969 took 5 percent of the total funding of our budget. Five percent, and that has increased just about a percent per year.

Now, in 1976, it is 13 percent. It has increased 8 percent or about one percent per year. If this continues, adding a percent per year, we are going to get in a position that has been discussed in many newspaper articles.

As we know, Congress, the federal government, and private sectors have been trying to come to terms on how these pension funds will be handled in the future. It puts a burden primarily on the employee and employer. Presently, they have a House Bill--Congressional Bill No. 12040, introduced the 5th of April, which will subject the public sector to this same scrutiny that the private sector is going through.

A year or two from now the City of Pittsburgh and all cities are going to be responsible for (1) the reports, (2) the disclosures, and (3) the liabilities. The liabilities being such as to how the funds will be handled. There will have to be a surplus in the funds.

Allegheny County started in 1954 to do something about their Pension Fund, and I think they have accumulated over \$80 million in their particular fund. So, if the City of Pittsburgh ever has some serious financial crisis, they are going to have to say to the people on pension that we cannot pay you right now. The County has an \$80 million fund and they can continue to pay their pensioners in case of a crisis. As a result, the City of Pittsburgh is going to have to do this in the future. If we don't, a large share of our operating budget will go to people that have retired. As we all know, the city's working force is a little on the older side. We have not been employing a steady flow of younger people. We have more people in the retirement age group, and people who are going to be retiring shortly.

Mr. Caligiuri:

Your amendment would be the final report be submitted to City Council by the first of September? See if that is a reasonable date for their study.

Mr. Givens:

We in Council need this time, and so does the administration. City Council will find out what we are going to do when the Mayor presents his Budget to us.

Also, we are going to have about 60 days, September and October, to look at this thing before the budget is going to be proposed to us. Talking to the actuarial companies, they indicate that within two months, once they get all the figures from the city, they can complete their studies. They indicate that that's an average time to complete their actuarial report. Now, the city has done these studies in the past, and when they have, it was much easier to compile a two year figure.

Mr. Lucchino:

Now, Mr. Chairman, we spoke about this on Wednesday, and there is one thing that I would like to comment on. Our Pension Fund has not increased to 13 percent. I think, Mr. Givens, that what you are doing is reading the total figure under that category that says, "Pension Insurance and Compensation." The pensions are actually \$7.7 million, and the big part of that is hospitalization, which is \$2½ million; group insurance, which is over a million dollars; and we also have major medical and a whole lot of other things. But, when you take out the pension part, it comes to \$7.7 million dollars.

I don't think we should all have an understanding that we are up to 13 percent because that Pension Plan is a liability that we have. We have all been concerned about it; concerned about how we are going to put enough money aside to begin funding that. It hasn't risen to \$17 million dollars. It is about 5 percent of the city's budget when you consider that the pension is only \$7.7 million.

Mr. Caligiuri:

Good point, Mr. Lucchino.

Mr. Givens:

I did not bring out the other factor; Insurance Compensation to retirees.

Mr. Lucchino:

They don't have group insurance at the same level with us.

Mr. Caligiuri:

That is something they are trying to get. Once you retire, you get your own group insurance. It is no longer with the city. I have had calls from people stating that they would like to continue to be a part of our health benefits. As of right now, they are not.

The titles of the bills were read and agreed to.

The bills were read on final action.

And on the question, "Shall the bills pass finally?"

MOTIONS AND RESOLUTIONS

Mr. DePasquale presented

Bill No. 712. WHEREAS, Councilman Eugene P. DePasquale is of the firm belief that Council should pass a resolution requesting the state and federal governments to cease all further operations and acquisitions of properties in the East Street Valley; and

WHEREAS, there are many reasons that have prompted this action namely that PennDOT has allegedly misappropriated the funds allocated for East Street, and after twelve years of ineptitude, incompetence and utter lack of compassion, they still cannot give the people of East Street a probable starting or completion date; and

WHEREAS, the overwhelming consensus of opinion among the remaining residents is that they wish to stay in the valley, they wish St. Boniface Church to continue to serve their spiritual needs and they would very much like to see the land now vacated in the Valley converted into homes and businesses and thereby entice their former neighbors and friends to return.

NOW, THEREFORE, Be it

RESOLVED, that the Council of the City of Pittsburgh request the state and federal governments to cease all further operation and acquisitions of properties in the East Street Valley as a method of advocating ways and means to bring more people back into the City.

Which was read.

Mr. Lucchino:

I would be prepared to second the Resolution, except that I don't have any evidence that there has been any misappropriation of funds; nor is there any evidence to show that there has been ineptitude, incompetence, or lack of compassion. I would agree that the East Street problem has been handled very poorly.

If Mr. DePasquale would be willing to remove that part that makes these allegations, I would agree to second it because I think that it is time that we do take a stand and show that it is a real folly to locate these expressways in densely populated urban areas.

Mr. DePasquale:

I am inclined to agree, with the exception of misappropriation of funds. They have admitted this themselves. PennDOT was here about two or three weeks ago. We were told that the federal government was going to allocate \$10 million, and the state would have to pay their 10 percent of their \$1 million. In fact, they are bankrupt with regards to their funds for East Street Valley. All of a sudden, they

don't have \$1 million to acquire remaining properties. So what happened to the \$1 million? They couldn't tell you that today.

Mr. Caliguiri:

There seems to be some questions on how the funds were appropriated.

Mr. DePasquale:

I don't want to imply that it was done illegally. I think the money was allocated to other projects, and not used for East Street Valley.

As far as completion, it should be well underway. As far as ineptitude, the government put a moratorium on all property, and something like a year later--two years ago, they lifted the moratorium. Nothing has happened down there. No other piece of property has been acquired. If that isn't ineptitude, . . .

Mr. Lucchino:

This resolution could be dismissed as being an overstatement of what the problem is, and it might overlook the problems that these people of East Street Valley have suffered. Someone could play on that particular part and avoid what the problem is.

If you would be willing to extract that second "Whereas," then I would be willing to second it on the basic principle that is involved.

Mr. DePasquale:

I will go along with it and I move the adoption of the Resolution.

Mr. Lucchino:

I second the motion.

Which motion prevailed.

Mr. Caliguiri:

The second "Whereas" will be

eliminated. The rest of the resolution will remain the same as is.

Mr. Stone:

If I may, Mr. President, I sympathize with the agony and problems that the residents of East Street Valley have had, and I am mindful that PennDOT spent something like \$40 million already, that it has been 14 years, and that the state is only now beginning to acquire more property, which it should have acquired a long time ago.

I am also mindful of some of the financial problems, but I think we should not overlook the fact that the Mayor of the City of Pittsburgh delayed this project for five years. He was opposed to having a six lane highway, and then after five years of delay, we accepted a six lane highway anyway.

I am mindful that the future timetable offers no tremendously brighter picture: a) two years for final plans, b) two years for construction of service roads, and c) three years for actual construction of the East Street Valley Expressway. All of this leaves much to be desired, but I believe we have reached the point of no return. To go back now, I believe, would be much worse!

I nevertheless feel that what Mr. DePasquale is asking is that something be done, and in that general aspect, I concur. But, I think that the right way is not to stop now, I think what we should be pursuing is every avenue of remedy that we can in order to force PennDOT and any federal agency that is involved, to accelerate the buying of those properties, and buy them now - for a fair and reasonable consideration, plus some bonus.

I think we should end the delay, end the agony, and get on with what should be done. It would really serve no final benefit to stop it now. We should not stop, but rather accelerate the project.

Mr. DePasquale:

I would be remiss to say it shouldn't be built, but I am under the impression

that it is not going to be built. I don't know how many times we have sat here in Council Chambers and tried to get our facts. If we had federal people here, state people were not here to dispute them. If we had state people here, federal people were not here to dispute them. After that meeting three weeks ago, I throw my hands up.

Mr. Givens:

I think you had to be at one of these meetings in East Street in order to feel the agony of the people that were there. I have compassion for those people. One reason is that for 16 years this has been going on in East Street. It has been 12 years since they started acquiring property. Looking at the total investigations that have been conducted by every facet of government, state and local, it has been shown that they have acquired 2,000 pieces of property. There are a remaining 300 on the slopes, and 250 in the valley. We are talking about 250 parcels of land, and I think there has to be a certain amount of incompetence or lack of compassion on the part of somebody in government here to keep people for 12 years on the string.

I can only feel that if this were in my neighborhood, going through my area, and having to suffer the penalties that these people have had to suffer, the uncertainties--there has to be some blame here. What Mr. DePasquale is trying to bring out in this particular resolution is the fact that people have been suffering for 12 years for the off-again, on-again attitude of government. For this reason I have to go along with this resolution, and that reason only. This cannot continue. These people have suffered too long.

This Council represents all of the people in the City of Pittsburgh, and even though there are only 500 people in East Street Valley, we as Council members still have to represent that small minority. Majority will rule, but the minorities will be protected, and this is the case of these people in East Street Valley.

Mr. Stone:

I think that in our efforts to help, really, we are compounding the problem. If we are saying "no" at this time--"not at all," what's going to happen? It is going to stop. Then what can we offer them this year? We can give them no funds! Hopefully, out of the Community Development Block Grant program we might give them money next year, but not the amount of money that is necessary to do the required restoration. That kind of money is not there. In fact, the \$16.4 million C/D money drops to \$8 million in one more year. We really don't have anything to offer them. We are creating for ourselves a greater state of frustration. I think that we should do something to stop the agony, but we should not do anything now that is going to aggravate the problem. The Mayor did for five years, we shouldn't. Now, if everything stops, nothing is going to happen.

Mr. DePasquale:

We promised the people that we would have a meeting with all the governmental representatives. It was essential and necessary. I called the meeting and they claimed that they didn't have sufficient time. I move that you set some date, about three or four weeks from now, and we can send letters to all of them so that they are present. I think that we should have everybody face to face, and they ought to be saying one thing or the other, whether they are going to do something or not. We have to do something to help them. There is no question but that this body wants to help them.

Mr. Givens:

I would like to come back again, and repeat again, that in 12 years of this East Street situation--this on-again, off-again--we have to agree with Councilman Stone's remarks. We are in fact stopping this issue, but the fact is that hopefully we are saying to the people that the City of Pittsburgh does not condone what is going on over there. We will not condone it. We

must bring a focal point to what's happening over there. The only way we can do this in this Council is to pass this particular resolution. Hopefully, it will get some of the people in PennDOT moving. They are going to understand when we say, "no there will not be any construction to that particular area,"—then they are going to have to come back to us.

Mr. Caliguiri:

Picking up the old motion of Mr. DePasquaule—getting all the individuals here, we will set a date one month from now, and we will have all the officials here at City Council so that they can explain where it is at.

Which motion prevailed.

Mr. Lucchino:

Mr. President, I request the City Clerk, not this Wednesday, but a week from this Wednesday, invite the Chief Magistrate of the City, Mr. Laffey, to come to Council. The purpose of him coming would be to make a report for Council on the status of the criminal citation procedures in City Court. For those of you who may not remember, or be familiar with, it is the giving of tickets for summary violations, city ordinances, disorderly conduct, and violation of other ordinances that Council has passed that provide for fines up to \$300.00. It is similar to traffic tickets, except that it applies to these particular summary violations.

My concern is that we passed the laws that provide for these violations, the police carry the laws out; and the laws giving these summary violation citations, that have been provided for us, have been in effect since October 1st to be used in Pittsburgh. I am concerned that if there is not a proper mechanism in City Court in following up on these—because what happens here is that a police officer sees somebody violating one of the ordinances, he issues a citation to this particular individual, and files it in City Court. The person to pay the fine must pay or post the fine and ask for a hearing.

Now, the problem is that if they don't post the fine or don't ask for a hearing that the citation can just sit there for months and months until somebody issues a warrant for arrest to follow-up on them. There have been probably 500 to 1,000 citations filed already in the City of Pittsburgh. It is widely used by the police, and probably if City Court doesn't follow-up on these violations, there will be a total lack of respect. Why should the police use citations if it is not going to be used on the judicial end of it.

I would like Magistrate Laffey, as the Chief Magistrate, and that's the reason I selected him, to come up to Council and advise us as to the operation of the citation system. I would like to know: (1) how many citations have been issued since October 1, 1975, (2) how many have paid fines, (3) how many have been dismissed by a magistrate at a hearing, (4) how many warrants have been issued for arrest, and (5) how many have no warrants issued.

If my suspicions are correct, there have been no warrants for arrest. People have just flaunted these citations. Some of these summary citations go back to last October or November and there have been no warrants for their arrest. Those are things that have to be moved quickly, and the Rules of Civil Procedures state that a warrant has to be issued ten days after they are issued if a citation is not paid for. Why should we have summary offenses in our laws if it is just to be flaunted?

Mr. Stone:

Mr. President, I move to have the City Clerk invite Mr. James Balzer and Mr. Raymond Hess to Wednesday's meeting. It is relative to a traffic problem on the South Side. We closed the Brady Street Bridge, and it will be down for some two years. That means the only access to the city from the South Side is across the Tenth Street Bridge. Public Works decided to do some construction, at this time, on that bridge. Mr. Balzer didn't do any traffic pre-planning.

Presently, you go from four lanes at 17th Street into two lanes. Compounding that problem, he has on 17th Street coming from the river up, and coming from Sarah Street down, traffic converging at that particular point. This will create a bottleneck of tremendous proportion. I want to know if they are going to do something about it. I want both of them here.

Mr. DePasquale:

I would like to direct a question to Mr. Lucchino. In regard to the summary offenses. If you don't pay, then are you liable for arrest?

Mr. Lucchino':

Yes.

Mr. Stone moved

That Mr. Mason be excused for absence from this meeting.

.Which motion prevailed.

Mr. Lally moved

That the Minutes of Council of Monday, May 10, 1976, be approved.

Which motion prevailed.

And on motion of Mr. DePasquale,

Council adjourned.

MOTIONS AND RESOLUTIONS

Mr. Lally:

I think at this time we ought to thank the two gentlemen sitting over there for the installation of the new speakers that we have here today. They did a splendid job and they need our congratulations. We should also thank Mr. Perry who pushed the whole thing.

Mr. DePasquale:

It took four years!

Mrs. Masloff:

We should have an off and on button!

Mr. DePasquale:

Next project will be a ladies' room in Council Chambers.

The Chair:

Gentlemen, there is an additional bit of information that I wish to bring before this Council. As you recall some three weeks ago, we had sent a letter under Mr. Mason's signature to the Mayor regarding all the Council members on the boards, authorities and commissions. As yet, we have not received any message or reaction from the Mayor. And at this time I

would like to request the Mayor and Mr. Mulvihill to appear before us this Wednesday to indicate to Council what his feelings are in this matter, and exactly what the administration is going to do. Once we get that on the record, then Council will determine what is the next course of action. I think we certainly waited long enough for the letter to come back.

Mr. Stone:

I would like to re-state something. Not only in this instance, but in all instances, I would like to have something in writing before a hearing comes up so we are able to engage in some sort of meaningful discussion.

Right now, we are here for the first time and we will be back a second time. I don't think that is really a kind of engagement.

Mr. DePasquale:

I am curious Mr. President. Can we get some valid interpretation? The City Solicitor says under the Home Rule Charter the Mayor doesn't have to answer, and the Council Solicitor, Mr. Fox, said the mayor is at a standstill. We have two different solicitors here with two different answers. Where do we go now?

The Chair:

That's the problem. We have had no response as to whether the Mayor does or does not agree with our solicitor, but I think Mr. Mason's council letter was clear, Mr. Stone.

I just want the Mayor to be here Wednesday morning and Cyril Fox to be here to get an answer.

Mr. Lally:

I would like to book that bet!

Mr. Stone:

If I may, I agree with the suggestions you are making, but if I might make a slight amendment and that is, request that they submit to us something in writing in one week and to come before us the following week.

The Chair:

I think we had requested the Mayor to submit something to us by Mr. Mason's letter, Mr. Stone. It has been at least three weeks, and he has indicated nothing to us. We shouldn't have any problem with this, but if you want to wait an extra week.

Mr. Stone:

I would like to see something in advance before the meeting so we can have some idea where we are heading.

The Chair:

In this case Mr. Fox will be along.

Mr. Lucchino:

I think the problem, Mr. Stone, is that we haven't gotten anything in writing. So after three weeks without a response we should call them and then get a written response.

Mr. Stone:

Just on the same subject, the reason that I am suggesting a written reply is exactly what Mr. Lally is saying. Some of his excuses have been, "not enough time" or "not enough notice." I think one week from Wednesday he should appear before us, and there should be no reason why he can't be here.

All kinds of feeble excuses now leads me to another portion. I think it is time for a reminder to all department heads that the signature of City Council is not to be easily overlooked; and that Council

does not regard lightly the fact that they are not appearing when they are required to appear.

They should all be informed when they are on the agenda and not leave until they are excused by the Finance Chairman at that time. It has been happening too often.

The Chair:

I think we instructed Mr. Perry the last time.

Mr. Perry:

I already did that.

Mr. Coyne:

Mr. President, on another subject, it is my understanding that public hearing with regards to East Street was a recessed meeting. Have we re-scheduled a hearing for the continuation of that meeting?

The Chair:

We are now in the process of gathering the names of the people we want present at this meeting. I instructed Ruth Law to get the names of people involved in East Street. As soon as I have those names, which should be today or tomorrow, I will send the necessary letters out to have them come back.

Mr. Coyne:

Could you suggest along the line those who were here, to give them enough time to be able to be prepared to come to Council to answer what we have just discussed?

Mr. Stone:

Mr. Coyne, that was a motion we passed last week. I gave them one month in which to respond.

Mr. Pasquale:

I want to say something with regard to Cable T.V.

Two weeks ago a formal request went to the Mayor updating him on Cable T.V. Apparently, we are back on the subject again. Three months ago I believe the Mayor had some consulting firm conduct a study, approximately \$25,000, and to respond with a report to us.

Apparently, that has stopped. Here again we have a long-running situation. It has been at least five years that I know of that we have been trying to get it. If we can just find something as to where they are.

The Chair:

Find out where that report from the consulting firm is, and ask them why they haven't submitted?

Mr. DePasquale:

Yes, and while we are making that request, I will go along with Mr. Stone in the way of being prepared when they come before us.

I think we also ought to get Mr. Cosetti a week from Wednesday to come up with some sort of report on the Convention Site. I believe he is the chairman of that committee.

The Chair:

Do you want Mr. Cosetti here?

Mr. DePasquale:

Yes, along with the consulting firm.

Mr. Lally:

Mr. Chairman, on the Cable T.V. study, they didn't give us a report like they gave the Mayor.

The Chair:

According to the Mayor, he has not received any final report. We had asked him three or four times and he said he has not received it.

Mr. Lally:

Council may pass an Ordinance to pay for this study?

The Chair:

We already did and we paid for the legislation.

Mr. Lally:

I think we should be entitled to the results on the study as the same way the Mayor was.

The Chair:

I agree.

Mr. Lally:

Bring the firm in, along with the Mayor.

Mr. Stone moved

That Mr. Givens and Mr. Mason be excused for absence from this meeting.

Which motion prevailed.

Mr. DePasquale moved

That the Minutes of Council of Monday, May 17, 1976, be approved.

Which motion prevailed.

Mr. DePasquale moved

That this meeting of Council adjourn and that the next Legislative Session of Council be scheduled for Tuesday, June 1, 1976, at 2:00 p.m.

Which motion prevailed.

And Council adjourned.

MOTIONS AND RESOLUTIONS

The Chair:

Gentlemen, as you are aware, the letters have gone out to a number of elected officials in regards to the East Street Valley situation and the meeting has been set up for June 29, 1976 at 10 o'clock a.m. I think all of you have received a memo. Mr. Coyne has indicated to give them enough time to make whatever arrangements are necessary. Does anyone want to add any names that are not on the list? Please let us know.

Mr. DePasquale:

Mr. President, have we been in touch with the GAO in regards to that report that they issued from the Federal agency?

The Chair:

We are having a Federal agency appearing before us. We have representatives from the State, County and City - we have also written to Congressmen Heinz and Moorehead.

Mr. Stone moved

That Mr. Givens, Mrs. Masloff and Mr. Mason be excused for absence from this meeting.

Which motion prevailed.

Mr. DePasquale moved

That the Minutes of Council of Monday, May 24, 1976, be approved.

Which motion prevailed.

And on motion of Mr. Lucchino,

Council adjourned.

Yes, during the course of the hearing.

Mr. Givens:

That has not been forwarded to the Department of Public Works that is going to do the actual negotiations?

Mr. Stone:

They needed this kind of money to purchase the property.

It was Site 1 that we were to purchase. We would still have to do \$300,000 worth of improvements to Chestnut Street. So, what is happening here, we are acquiring the land and putting the fire house there and this gives us the opportunity to loosen up that tight intersection.

This is a rather difficult area here, as far as negotiating whether to put up the fire house. It seems to me this site, Site 2, makes more sense.

Mr. Givens:

I have two questions regarding these fire stations. Both are in the Site 2 location of Chestnut Street. They have Engine Co. No. 32 relocated from Eighth Street to Fourteenth Street. This is the ordinance in fact that gives the money to build these particular stations.

I have gone out and looked at the two stations under construction which Council has approved and it is definitely inadequate for the personnel living in those stations. What they call a quiet area or the living area, especially in South Millvale, they have both the fire fighters company and the police - there is too much cost involved for very little highway; but my question comes down to these two stations—if the money is going to be allocated, how can I be sure that there is going to be adequate space available for living quarters of these firemen? This is a problem that has gone past the budget hearings.

I have no objections to these, but my question is, is this money going to cover the total cost of putting adequate space or a rest area for these firemen?

The Chair:

Mr. Givens, when this contract is put forward, we should indicate to the department heads that they bring back to us plans and specifications to meet the concerns that you have. So before they go ahead with anything, they must appear before us at City Council.

Mr. Givens:

Did they consider that adequate?

The Chair:

Mr. Givens, that is something none of us could answer. We just take their word for it. We have the final say so.

Mr. Lucchino:

I think this is a good point. I might want a resolution that Mr. Cosetti introduced this morning dealing with the structuring of the Capital Improvements Projects. There is a paragraph in there that will permit the executive branch of the Government to avoid doing what Mr. Caliguiri just suggested. In that resolution it says, "so long as we spend within the limits that is set forth." This way they

don't have to come to us for an ordinance. I am not in favor of that and I hope that you will read this with the same critical eye that was mentioned before.

I think the Parks Department alone has had disputes over this also, and we shouldn't be giving up our final say on this.

Mr. DePasquale:

Mr. Chairman, I just wanted to add what Mr. Givens was talking about before. I went down to the 40th Street Station and Bedford and the quarters there are inadequate. Chief Kennelly has said that he would send us the plans and specifications on this and he hasn't as yet. What we are doing is making the same mistake. Perhaps in the future the firemen will sleep standing up!

The Chair:

Well, before they can start any construction, they have to come to us first.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne	Mr. Lucchino
Mr. DePasquale	Mr. Stone
Mr. Givens	Mr. Caliguiri
Mr. Lally	(Pres't pro tem)

Ayes	7	Noes	none
------	---	------	------

And a majority of the votes of Council being in the affirmative, the bill, as amended, passed finally.

Also,

Bill No. 507. An Ordinance entitled, "An Ordinance authorizing an increase in the nonelectoral indebtedness of the City of Pittsburgh by a borrowing of \$10,000.00, to be represented by notes issued in anticipation of the issuance of not more than \$10,000.00, principal amount, of City of Pittsburgh Serial General Obligation Bonds; establishing the form of such notes; approving and accepting the proposals to purchase the notes and authorizing the negotiated sale thereof to said banks; establishing a Sinking Fund and appointing a Depository and Paying Agent; authorizing and directing certain officials to cause to be made the filings required by law, to execute and deliver the notes, and to take such other actions as may be necessary or desirable."

(As amended in Committee)

Which was read.

Mr. Stone:

Mr. President, are we now clear on how we are going to get around to making it legal? It is illegal to accept bids before we go out and bid. Did we clear that?

Mr. Lucchino:

That is in the amendment. I move in connection with Bill No. 507 that Section 1 be amended to read, "the action of the City Treasurer in soliciting and thereafter obtaining written proposals for the purchase of the Bond Anticipations Notes hereafter described be, and the same hereby is, ratified and confirmed". Section A, have the date, "July 1, 1976" and place in there the maturity date, "July 1, 1979". The interest rate is to be "4.50%" instead of "4.25%".

Section B, have the date, "July 1, 1976," and place in there, the maturity date "July 1, 1979". And in Section 3, change the date from "April 19, 1976" to "June 7, 1976".

Mr. Lally:

I second the motion.

Which motion prevailed.

Mr. Stone:

I am faced with a dilemma. I would like to do something to help, but I don't think we can do what is now being suggested. I don't know how you can ratify something that began before you opened up bids. I find that absurd.

Let's assume that someone didn't want to bid on that prior day. Now, if the ordinance is passed today, those who didn't want to bid on that particular day are locked out. I feel that this thing is failing legally, and until you authorize for bids on proposals, nobody has the right to bid on it until it is out and everyone has then the equal right to bid on equal terms.

I find there is a serious legal problem, and I still want to help.

The Chair:

Mr. Lynch, would you address yourself to that question that Mr. Stone has?

Mr. Lynch:

There are two ways to see bonds or notes—one is a public sale and the other a private sale. What we are doing here is selling a note. At a private negotiated sale, there is absolutely no requirement for bidding. There is a requirement that you get it sold, but there is not requirement that the ordinance be in writing.

I have had considerable discussions with the Attorney General and he agreed with me that there is a proper way to handle this. We have requested the banks to participate in short-term borrowing and to respond to the advertising that appeared in the papers on Thursday, and to respond to the requests of Mr. McGrady

and the City Treasurer to submit sealed proposals in writing to Mr. McGrady and Mr. Cosetti at 1 o'clock today; and the banks have done that.

It is my understanding that Mr. Cosetti recommends the acceptance of this by rewriting an ordinance which could be adopted or rejected. I merely said in the ordinance with the approval of the Attorney General's Office that you can ratify what has been done. It states it very clearly that if you want to negotiate, you can determine that at the time you do it. That is another way to do it.

Mr. Stone:

One difference. If we authorize bidding as of today, why don't we just approve the letter, dated as of today, and we will have no problem. I am now trying to get this straightened out. Up to now, Equibank didn't submit any proposal, and what if they wanted to submit it today—it is only a matter of a day or two.

Do you want to come in with a dated proposal today, or don't you think we should handle it that way?

Mr. Lynch:

I totally disagree with you. As far as the law is concerned, what is before you is legal. The banks really aren't interested in this business at all.

I would say that if City Council passed this ordinance within the next few days after final passage and proper advertisement, there would be contractual obligation with the City of Pittsburgh to honor it.

The Chair:

Did we ask or sell bids on all banks? Did I hear that a few moments ago?

Mr. Lynch:

This is secondhand knowledge here. I think the original proposition was con-

sistent with what Pittsburgh always did in the past.

The Chair:

Any other questions?

Mr. Givens:

Do we in Council know what the interest rates are?

Mr. Lynch:

4.50 and 4.68 percent. If anything, those bids were originally made April 19 and there have been increases in principles since April 19.

Mr. Givens:

I think that Council members know that the rate is going up, and my question is, is there any feeling that maybe we should put limitations on the interest rates for this particular bond issue?

The Chair:

There is a limit.

Mr. Lynch:

Last year we put a limit on at 7% and when we received the bid, we got it for all practical purposes and I recommend that the City of Pittsburgh stick with public sales on their bonds. But, it takes 30 days to get it. Now, if we pick a rate as we did last year, I think it will be a mistake.

Mr. Lucchino:

Mr. Lynch, isn't the point that it makes no difference what the interest rate is, you have to come back to us?

Mr. Lynch:

It will authorize the administration to advertise.

The Chair:

We have the right to reject it.

Mr. Lucchino:

My question is on the bond sale. Do we participate in negotiated private sales?

Mr. Lynch:

Right.

Mr. Lucchino:

So that the interest rate has been agreed upon and the decision was made to negotiate?

Mr. Lynch:

Right.

Mr. Lucchino:

Then there is really no concern as to whether anyone is interested on bidding and that is why we are being asked to accept the decision of the treasurer that we have a private negotiated sale with these two.

The Chair:

If there are not further questions, thank you Ralph.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne
Mr. DePasquale

Mr. Lucchino
Mr. Stone

Mr. Givens
Mr. Lally

Mr. Caliguiri
(Pres't pro tem)

Ayes 7

Noes none

And a majority of the votes of Council being in the affirmative, the bill, as amended, passed finally.

Mr. DePasquale:

Mr. Chairman, I voted and I wanted to ask one question. Am I to understand that the bids are binding on banks and not on City Council?

The Chair:

Yes.

Mr. DePasquale:

We can reject the bids?

The Chair:

Yes.

Mr. Stone:

On Bill No. 507, I am voting yes. As I have indicated, I am in a rather difficult position and I find there is a legal opinion there that I specifically differ with our bond solicitor. I think we need the bonds. I brought it up in an effort and I hope I turn out to be wrong.

Also,

Bill No. 751. A Resolution entitled, "Providing for the issuance of warrants in the aggregate amount of \$321.00 in favor of persons providing testing and procuring services rendered in the administration of Lifeguard Examinations for the benefit of the City without previous authority of law and providing for payments thereof."

Which was read.

And there being two-thirds of the votes of Council in the affirmative, the bill passed finally.

Also,

Bill No. 752. An Ordinance entitled, "An Ordinance amending Chapter 10, Section 107, and Chapter 4, Section 403 of Ordinance No. 6, approved January 28, 1971, entitled: 'Providing for the licensing and for the control of dogs and other animals; providing definitions; requiring animal bite reporting; requiring ten-day quarantine of biting animals; requiring vaccination of dogs against rabies; regulating the handling of suspected rabid animals and animals exposed to rabies; authorizing emergency measures; prohibiting the harboring of a nuisance and animals at large and providing for the public peace, safety, comfort, convenience, and general welfare; and providing penalties'."

(As amended in Committee)

Which was read.

Mr. Givens:

On Bill No. 752, the old ordinance indicated that we had a contractual

agreement with the Animal Control Service, Inc.

Has there been any inspection in your ordinance to indicate a change from the Animal Control Service to that of the Animal Control of Pittsburgh?

The Chair:

Animal Control will take that responsibility that is existing. I am now under the impression that the City of Pittsburgh will pick up the responsibility.

Mr. Givens:

They will automatically decide or do we have to amend the ordinance to reflect that?

The Chair:

We can amend that now to make it specific that the Animal Control of the City of Pittsburgh will have the prerogative to pick up citations and/or fines.

Mr. Givens:

Yes, I would indicate under enforcement of Bill No. 752, that the Animal Control of Pittsburgh is to act as the law enforcement agent for this City.

In looking into this particular ordinance, I feel the public should look into it in regards to new legislation and of animals, etc; that in some cases they should refer to the Animal Control Service so people will become aware of it and make their calls to the Animal Control of Pittsburgh.

I think it would eliminate a lot of confusion on the part of people calling the police.

The Chair:

Where it says Animal Control Service, I believe you want Animal Control of the City of Pittsburgh?

Mr. Givens:

That's correct.

Mr. Lucchino:

You mean we will eliminate Animal Control Service?

Mr. Givens:

We don't have a contract for it.

Mr. Lucchino:

You mean we are taking it out of the ordinance? What you have in mind is our own city employees would work the Animal Control Service and be authorized to give citations?

Mr. Givens:

Correct.

MOTIONS AND RESOLUTIONS

Mr. Givens presented

Bill No. 795. WHEREAS, Pittsburgh City Council desires to enhance the City's attractiveness in this, our bicentennial year; and

WHEREAS, throughout the months to come residents and tourists will tour the neighborhoods and the central business district of Pittsburgh; and

WHEREAS, the fountain at the Point is a symbol of history and achievement.

NOW, THEREFORE BE IT RESOLVED,

That the Council of the City of Pittsburgh requests that the spouting of the Point fountain and its lighting be maintained until midnight of each day of the week during the months this fountain is in service.

Which was read.

Mr. Givens moved,

The adoption of the Resolution.

Mr. Givens:

I would like to make a request that we should keep the fountain going for an extra hour or two.

Mr. Stone:

That is not our property.

The Chair:

That isn't our property, Mr. Givens.

Mr. Givens:

Well, I think the energy crisis has stabilized and I believe from all the requests that I received, I am sure all the other Council members would agree, to forward to the administration the cost factor involved to operate it an extra hour or two. I think we can come up with that.

The Chair:

Are we making a recommendation?

Mr. Givens:

Of the costs involved.

The Chair:

We will take it up ourselves.

Mr. Stone:

I am not fighting it, but I think what you are saying is incorrect. It is not our property and we can't order them to do it.

Mr. Givens:

That is true.

The Chair:

He is just requesting, Mr. Stone.

Mr. Lucchino:

I second the motion.

Which motion prevailed.

Mr. Givens:

Mr. President, I would like the ap-

proval of enabling representatives from the West End to make a brief presentation at the Standing Committees of Council Meeting this coming June 9, 1976, and I will need approval from the majority of Council. I ask that all Council members review and come up with some concrete recommendation regarding the fire station.

It has been over a year or better since any representative appeared before us and there are certain events that are happening with regard to the fire houses.

The Chair:

Let me consult with the commissioners over there so we can be granted permission to speak at a part of that meeting.

Mr. Stone moved

That Mrs. Masloff and Mr. Mason be excused for absence from this meeting.

Which motion prevailed.

Mr. Lucchino moved

That the Minutes of Council of Tuesday, June 1, 1976, be approved.

Which motion prevailed.

Mr. DePasquale moved

That this meeting of Council adjourn and that the next Legislative Session of Council be scheduled for Tuesday, June 15, 1976, at 2:00 p.m.

Which motion prevailed.

And Council adjourned.

Mr. Givens:

Mr. Chairman, I would like to make a comment on one of the resolutions that has been submitted today. That is the one where the Controller does the monthly audit on the Director of Supplies. If I may, I would like to go back on the history of the Department of Supplies. Several years ago we only had several million dollars in that particular account, and on today's budget it has grown to \$15.8 million. For this reason, Mr. President, I would hope that you would consider the magnitude of this new department and possibly assign a committee or Council member to oversee that particular department because of the magnitude to which this Department of Supplies has grown. It has grown very quickly, even within this last year.

Mr. Caliguiri:

I think you are right, Mr. Givens. It is large enough that a Councilperson should be representing that department. In the

meantime, since you have done some investigative studies on that, we will put a committee under your chairmanship until we assign a Council member as chairman of the Department of Supplies.

Mr. Givens:

Thank you.

Mr. Lally presented

UNFINISHED BUSINESS

Mr. Lucchino:

Mr. President, I would just like to bring up for consideration to Council these appointments that we have pending. I think that they have special interests and that we now should begin to consider the appointments to the Economic Development Commission and the appointments to the Commission on Human Relations. I think that those are the most important ones that we now have pending.

I am not going to suggest that we take a vote on it this week, because I don't think anybody is prepared to vote this week. But, I would like to see that they get on the table. I also think that these other commissions that we now have pending before us should also be given consideration or begin to move.

We have now held them for at least two months, if not longer, and I would request that under "old business" for next week we get the City Clerk to place on the agenda the appointments to the Mayor's Commission on Human Relations and the appointments to the Economic Development Commission. If you want that in the form of a motion, I will make that.

Mr. Caliguiri:

I don't think we need a motion. We can just put it on next Monday's agenda, and at that point we can vote it up or down.

Mr. Lucchino:

I am just suggesting that we begin to move on those appointments.

Mr. Givens:

It was indicated last week that the legal action pending against the Mayor will only take 30 days before this thing will come before a judge so that we can

have a determination on it one way or another.

Mr. Caliguiri:

The matter before us was whether or not we would defer any action for at least two months. It was later decided that it would take at least 30 to 60 days before we even get to the courts. We were talking about 60 days. They go through a sort of a summer program, although they are still in session. I think it would be anywhere from 30 to 60 days.

Mr. Givens:

Are you saying that these two particular commissions should go forward . .

Mr. Lucchino:

Vote for or against these two commissions for next week so that we can be prepared to have the background on the individuals.

With regard to the time involved, I think it would be somewhere between three to six months, because I think there is no question the Mayor is going to fight us all the way. I think that if you look at some of the others that have been pending for a long time, you will realize that there is no reason for us to wait this long.

Mr. Caliguiri:

We still will be holding up the majority of the appointments, or delaying them.

Mr. Givens:

How can we make a decision on some of the commissions, for example, the Economic Development Commission? It has no more weight than some of the others, for example, the Art Commission, and one that I think is very vital, the Board of Standards and Appeals that we have in regard to the building inspectors.

Mr. Caliguiri:

The Economic Development Commission, we have not appointed anybody. It is not in existence yet. Some of the others have been moving forth, but this one here is sitting in limbo.

Mr. Givens:

This is a serious decision, and we have a colleague that is not here to stand up for himself, Councilman Stone. He is against the non-residency of some of those people. If we act on these two commissions. . .

Mr. Lucchino:

Not act today. I am just saying it today so that everybody will have sufficient notice.

Mr. Givens:

Why not vote on all the commissions and boards?

Mr. Lucchino:

I suggested these two commissions only because there seems to be so many appointments, and these two are reasonable enough to begin with. The following weeks we can take up the other. There is no advantage in taking them all today.

Mr. DePasquale:

I just want to say that I go along with Mr. Givens. I think that we should act on all the boards and commissions at one time. I also think that we should wait about two weeks, and in the meantime, strike all non-residents names off that list. We are not going to vote for anyone that isn't a resident of the City of Pittsburgh, and it doesn't matter how capable or talented the non-city residents are. If we are to follow the Home Rule Charter mandate, we have to determine this first. We have to leave a slot open on each commission or board for a Councilperson. The

Court has to say whether or not we should serve on these commissions. If the Mayor would strike those non-city residents names off the list, I would be prepared to vote.

Mr. Caliguiri:

He has the prerogative to submit whomever he chooses, and we have the right to waive on non-city residents; we have the right.

Mr. DePasquale:

Council is not going to vote for non-residents.

Mr. Caliguiri:

We can vote them down. If he wants to send us 20 non-city residents names, he can do it. But, we can strike them all down and let him submit them again. It is unfortunate, but he can do it.

Mr. DePasquale:

If we have that attitude, then I am not ready to vote.

Mr. Lucchino:

We can't move forward unless we move them up or down. That's the only way to get them.

Mr. Caliguiri:

We will get them before us next week.

Mr. Givens:

Mr. Chairman, I would like to have all the commissions and boards as one because it isn't a total package when you bring one or two commissions and leave the rest.

As Mr. Pasquale has indicated, let's ask the Mayor to submit the names and let it come up before the full Council.

Mr. Caliguiri:

Nothing is before us today. We will have to wait until at least next Monday.

Mr. Lucchino:

The Mayor is not going to submit all city residents names just because we ask him to. Let's just vote it up or down.

Mr. Caliguiri:

This is correct. Some members of Council have indicated their opinion very, very strongly, and still the Mayor has not come forward and removed any names. The only thing that we can do if we do not want non-city residents serving on the boards and commissions is to vote them down.

I would say that we vote on each individual name for whatever reason we want to approve or disapprove.

UNFINISHED BUSINESS

The Chair:

Gentlemen, we have before us the appointments to the various commissions, authorities, etc. I think each of you has a list in front, I will start with the Sinking Fund Commission first.

The Chair presented

Bill No. 299. Resolution that the appointment by the Mayor of Mr. Leonard Walk of 1223 Benrlington Avenue, Pittsburgh, Pennsylvania 15217 be and the same is hereby approved and confirmed

as a member of the Sinking Fund Commission for a term to expire in March, 1981.

Which was read.

Mr. DePasquale moved

That the appointment be approved.

Mr. Lucchino:

Seconded the motion.

And the roll being called, the ayes and noes were taken, agreeably to law and were:

Ayes:

Mr. Coyne	Mr. Lucchino
Mr. DePasquale	Mrs. Masloff
Mr. Givens	Mr. Stone
Mr. Lally	Mr. Caliguiri
	(Pres't pro tem)

Ayes 8 Noes none

And a majority of the votes of Council being in the affirmative, the appointment of Mr. Leonard Walk as a member of the Sinking Fund Commission was approved.

Also,

Bill No. 301. Resolution that the appointment of the Mayor of Mr. Ronald Schmeiser of 5612 Aylesboro Avenue, Pittsburgh, Pennsylvania 15217, be and the same is hereby approved and confirmed as a member of the Sinking Fund Commission for a term to expire in March, 1981.

Which was read.

Mr. DePasquale moved

That the appointment be approved.

Mr. Lucchino:

Seconded the motion.

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne	Mr. Lucchino
Mr. DePasquale	Mrs. Masloff
Mr. Givens	Mr. Stone
Mr. Lally	Mr. Caliguiri
	(Pres't pro tem)

Ayes 8 Noes none

And a majority of the votes of Council being in the affirmative, the appointment of Robert Schmeiser as a member of the Sinking Fund Commission was approved.

Also,

Bill No. 295. Resolution that the appointment by the Mayor of Mrs. Tamara Silverman of 5540 Darlington Road, Pittsburgh, Pennsylvania, 15217, be and the same is hereby approved and confirmed as a member of the Mayor's Commission on Human Relations for a term to expire in March, 1980.

Which was read.

Mr. Stone:

May I make a comment dealing with the Commission on Human Relations. I think it is no secret to everyone here that one of the prior appointees has no longer been re-appointed. That is Mr. Tom Kerr. In fairness to him, he has been one of the most active participants in the Commission on Human Relations, and I think the members of that commission have testified during the course of the hearing that it would be a great loss not to have him re-appointed. I would therefore, move that this be held for one week to give the Mayor the opportunity to ascertain which one he would like to strike, and place Mr. Kerr's name back in.

The Chair:

Mr. Stone, are you sure of that?

Mr. Stone:

There is no other alternative. I move to approve the three incumbents and leave the other two open.

Mr. Givens:

I am just wondering Mr. Chairman, if we could possibly approve the people that have been presented before us and hold that appointment pending the Mayor's selection of one of those names.

The Chair:

What do you mean?

Mr. Givens:

Submit the names and approve the board rather than hold the Commission up.

I am making a stipulation that we approve this with the exception that the Mayor reconsider that one nomination again and give him the authority to strike anyone of those members in the Human Relations Commission, or to approve that particular list. It would be giving the Mayor the option.

The Chair:

Again, if we approve all five of those that are now on the Commission, the Mayor does not have the prerogative to go ahead and strike it. Now, do I hear a motion to approve these or to hold them up for a week, or a motion to approve the three and hold the other two?

There is no second, so the motion is dismissed.

Mr. Lucchino moved

That the appointment be approved.

Mr. Lally

Seconded the motion.

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne	Mr. Lucchino
Mr. DePasquale	Mrs Masloff

Ayes 8 Noes none

And a majority of the votes of Council being in the affirmative, the appointment of Michael Reilly as a member of the Housing Authority Board was approved.

Mr. Coyne:

Before we begin with the Economic Development Commission, I would just like to make one address known to the members of Council. Mr. Edward Lewis has told us at a Committee on Finance meeting that he was planning on moving from Fox Chapel to Pittsburgh in the near future, and I understand that he has already moved into the city.

The Chair:

Gentlemen, mark Mr. Lewis as a city resident.

Also,

Bill No. 287. Resolution that the appointment by the Mayor of Mr. Norman Robertson of 1006 North Highland Avenue, Pittsburgh, Pennsylvania, 15206, be and the same is hereby approved and confirmed as a member of the Board of Economic Development for a term to expire in January, 1980.

Which was read.

Mr. Lucchino moved

That each appointment be taken under consideration individually.

Which motion prevailed.

Mr. Lucchino moved

That the appointment be approved.

Mr. Lally

Seconded the motion.

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne	Mr. Lucchino
Mr. DePasquale	Mrs. Masloff
Mr. Givens	Mr. Stone
Mr. Lally	Mr. Caliguiri
	(Pres't pro tem)

Ayes 8 Noes none

And a majority of the votes of Council being in the affirmative, the appointment of Norman Robertson as a member of the Board of Economic Development was approved.

Also,

Bill No. 289. Resolution that the appointment by the Mayor of Mr. Vincent Finoli of 302 Greenvue Drive be and the same is hereby approved and confirmed as a member of the Board of Economic Development for a term to expire in January 1977.

Which was read.

Mr. Stone:

May I make comment to non-city residents. I have become a little disgusted, and I am wondering—do we on City Council know what the hell we are doing?! The Mayor appoints non-city

residents and no Council members. In the City Charter the Mayor comes back and signs a contract with the Urban League and says if you are going to work in that particular area you have to be a city resident. The Mayor is using some legal opinion from the Court indicating our police and firemen must reside within the City of Pittsburgh, and yet at the same time the Mayor continually appoints non-city residents to these particular commissions and boards.

As I have said time and time again, and I will say it one more time—3 out of 5 people on the Stadium Authority are

NON-CITY RESIDENTS! 3 OUT OF 5 ARE NON-CITY RESIDENTS!!

We were told that the Director of Public Works was moving into the city and he never moved, even though a waiver was signed with the understanding that he would move. If we look at these other appointees on the Economic Development Commission—until Mr. Lewis decided to move into the city, 4 out of 5 were non-city residents. And, going down the list of others I see there are more non-city residents! I am disturbed. In fact, I am sick and tired of having this city run by non-city residents! I am saying to everyone here, while you vote for a non-city resident, what you are doing at the same time is insulting the intelligence of the intellects in this city. Out of 500,000 people here, there certainly ought to be a city resident qualified to fit into this.

The Economic Development Commission is a very important commission for the city, and I think it is time that we work together, but we shouldn't have it loaded with non-city residents! There have been some from out of the state, such as Baltimore and Chicago. What is it? Don't we have anybody within the City of Pittsburgh who are qualified? It seems odd since they are qualified taxpayers they aren't qualified to serve on these boards and commissions.

Mr. Lucchino:

I share Mr. Stone's concern about the

appointments of non-city residents. To answer his questions, yes, I think I know what I am moving to. I don't think we can draw the analogy to city employees be they police or fire. Those people are receiving tax funds for their salaries. If it is good enough to work here, it is good enough to live here. That is the exact opposite to what Mr. Finoli is. He owns one of the three largest department stores in the city and probably much more. I am sure he spends as much time and has as much interest in the city as any of us, and I think that is the distinction why Mr. Finoli should be considered for this position. I am not aware there is anybody else within the city who would have the qualifications that Mr. Finoli has. I don't think we should turn our backs on the kind of background he has, and I think he should be given special consideration. He spends a considerable amount of time everyday at Stanwix Street and Penn Avenue and his whole involvement is for the city.

Mr. DePasquale:

I just want the prerogative to give to Council members individually to grant waivers regarding residences. I couldn't care less whether they are appointed to a commission or a board of even a directorship unless they are city residents. I share Mr. Stone's concern.

Mr. Stone:

I can deal with the situation between the Mayor and Council regarding city residents and non-city residents, but in the last couple of months we have been holding up these appointments. Just because these appointments are delayed, doesn't change the position of the administration. I feel the situation would have been better with city residents, but I don't think we should hold it for lack of qualifications. Some of the members here could contribute a lot to the city.

Mr. Lally:

I know what I am doing also. I agree with Mr. Stone's statement due to the fact that they are non-city residents, but on

the other hand, Vincent Finoli, Paul Nelson and Vincent O'Brien are men of high caliber, and I know they will give a lot of their time to the City of Pittsburgh.

I agree with Mr. Stone's statements about non-city residents, but these people are different. I have to go along with these resolutions to ratify their appointments.

Mr. Givens:

I look at each of the commissions and authorities, etc., and I think the Economic Development Commission is the most important one of all, after hearing the testimony that was given before us.

For example, Norman Robertson is internationally known for his economic forecast, and I think we need people of this type of caliber to inform us as to what is going on in the City of Pittsburgh.

I just want to speak on this because no other commission or boards deals with handling the money or stopping the economic growth of this particular area.

Mr. Stone:

Mr. President, I hope nobody took it to mean that I don't like the individuals personally. I am not dealing with the individuals themselves but rather the issue as a whole. I think I have mentioned about ten times that they ought to be appointing city residents. Each time we appoint a non-city resident, we say, "wait until the next time." How long are we going to have to wait until the time when we appoint a city residents!

The Chair:

The reason we are taking these separately is because of the things that are happening countrywide, so we have to be sure.

I think Mr. Finoli's involvement certainly would be one that is welcome because he has the interest here, and with that in mind I will ask Bill No. 289 to be

moved and seconded.

Mr. Lucchino moved

That the appointment be approved.

Mr. DePasquale

Seconded the motion.

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne
Mr. Lally

The Chair:

I request a ruling from the parliamentarian on the roll call.

Mr. Curtin

The bill is defeated. Any bill that is on final action that does not receive a majority of the vote of the members of Council is not tabled, it is defeated.

And there not being a majority of the votes of Council in the affirmative, the bill was defeated.

Also,

Bill No. 291. Resolution that the appointment by the Mayor of Mr. Edward Lewis of 107 Fairway Lane, Pittsburgh, 15238 be and the same is hereby approved and confirmed as a member of the Economic Development Board for a term to expire in January, 1981.

Mr. Lucchino

And a majority of the votes of Council being in the affirmative, the appointment of Mr. Lewis as a member of the Board of Economics Development was approved.

Also,

Bill No. 293. Resolution that the appointment by the Mayor of Mr. Paul Nelson of 1814 Swissvale Avenue, Pittsburgh, Pennsylvania, 15221, be and the same is hereby approved and confirmed as a member of the Board of Economic Development for a term to expire in January, 1978.

Which was read.

Mr. Lucchino:

Mr. Chairman, since we are dividing some of these, do you think it is worthwhile to vote on these with eight members instead of 9? I move that this bill be tabled until such time when we have the full Council here.

Mr. Coyne:

I second the motion.

Mr. DePasquale:

We may never have a seat on these, right?

The Chair:

That is possible.

Mr. DePasquale:

Why are we voting on the city residents with 8 members and not on non-city residents? We should be consistent.

Mr. Stone:

I think this is a game we are playing. We voted on some of them and now we are asking to table a part of them. That is changing the rules!

The Chair:

The rule is to vote on each of the bills that are before us today, and we have done that. I don't think it is wrong to disapprove a bill that we are not sure of.

The only reason I took the Sinking Fund Commission, the Commission on Human Relations and the Housing Authority first was because I thought there would be very little discussion on their residency. That is the only reason I did that. Let's not discuss anymore with the voting. I heard a motion to table this.

And on motion to table, the ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne	Mr. Lucchino
Mr. Lally	Mr. Caliguiri

Noes:

Mr. DePasquale	Mrs. Masloff
Mr. Givens	Mr. Stone

And there, not being a majority of the

votes of Council in the affirmative, the motion to table the appointment of Mr. Nelson was defeated.

Mr. Stone:

I move that Bill No. 293 be placed up for action at this time.

Mr. DePasquale

Seconded the motion.

Which motion prevailed.

Mr. DePasquale moved

That the appointment be approved.

Mr. Lally:

Seconded the motion.

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Noes:

Mr. Coyne	Mr. Lucchino
Mr. DePasquale	Mrs. Masloff
Mr. Givens	Mr. Stone
Mr. Lally	Mr. Caliguiri
	(Pres't pro tem)

And there not being a majority of the votes of Council in the affirmative, the appointment of Paul Nelson was not approved.

The Chair:

I had said before that each one of these individuals had made a report of themselves, and also a resume for us to look over.

Also,

Bill No. 356. Resolution that the appointment by the Mayor of Mr. Vincent

O'Brien of 126⁴ Barner Road, Pittsburgh, Pennsylvania, 15227 be and the same is hereby approved and confirmed as a member of the Board of Economic Development for a term to expire in January, 1979.

Which was read.

Mr. DePasquale moved

That the appointment be approved.

Mr. Givens

Seconded the motion.

And the roll being called the ayes and noes were taken,, agreeably to law, and were:

Mr. Coyne	Mrs. Masloff
Mr. DePasquale	Mr. Stone
Mr. Givens	Mr. Caliguiri
Mr. Lucchino	(Pres't pro tem)

Noes 7 Ayes one (Mr. Lally voting "Aye").

And there not being a majority of the votes of Council in the affirmative, the appointment of Vincent O'Brien was not approved.

Mr. Lucchino:

I just want to point out one thing. The problem we have now by not approving Mr. Finoli is that the Economic Development Commission does not now have a quorum, so now we are in the exact same place where we started. We have a two-member commission which is really no greater than a no-member commission.

Perhaps if we consider an amendment to the ordinance so this commission can get started on work which is so vital to the city. There is time for us to consider exceptions.

Mr. Coyne:

I don't think if we defeat the bill it will serve as a message to the administration. They have their minds set. I think we should vote for it to get this started.

Mr. Stone:

I agree.

Mr. Lucchino:

The only problem is, what do we do when we pass it? Wait another year for the Mayor to send over three more names?

Mr. Coyne:

I am prepared to vote for all five members just to get the Commission moving, but the motion to table it was defeated, and I say there was no real purpose to approve the rest because we didn't have a confirming vote.

The Chair:

Again, that is three non-city residents before us.

We will move onto the Art Commission.

Also,

Bill No. 344. Resolution that the appointment by the Mayor of Mr. Paul Apostolou of 145 Noble Avenue, Pittsburgh, Pennsylvania, 15205, be and the same is hereby approved and confirmed as a member of the Art Commission for a term to expire in March, 1980.

Also,

Bill No. 297. Resolution that the appointment by the Mayor of Mr. Milt Daniels of 3615 Ridgewood Drive, Pittsburgh, Pennsylvania, 15235 be and the same is hereby approved and confirmed as a member of the Board of Standards and Appeals for a term to expire in March, 1980.

Which was read.

Mr. Givens:

Mr. Chairman, Mr. Frank Schneider was never approved to my knowledge.

If Council will, at the present time, hold all the appointments to the boards, commissions and authorities. In following that action I will look into Mr. Frank Schneider. I just want to bring that out as a comment.

Secondly, the appointment of Milt Daniels to the board. In looking at that particular one and in accordance with Ordinance 300, which is the Building Code of the City of Pittsburgh, the Mayor must go to various societies within the city to make sure he is a member of the Master Builders Association. This board is very vital to the City of Pittsburgh.

To my knowledge the Mayor had written to some of these associations and the associations have given many names,

back. The name before us is not in compliance with that ordinance. I ask that this be tabled until this thing can be resolved.

Mr. Lally:

Mr. Chairman, I would like to know what Mr. Givens is saying that Mr. Schneider has never been approved and to be removed from the board?

Mr. Givens:

It is on the Municipal Record of March 8, 1976. I ask that all boards and commission be tabled.

Mr. Stone:

I think we already voted on it.

Mr. Givens:

I don't think Mr. Schneider and Mr. Daniels went through the normal procedure that is directed by the ordinance.

Mr. Lally:

I am against it Mr. President. Mr. Schneider is a member of the Master Builders Association and is also a contractor and a member of their association also.

The Chair:

We voted on Mr. Schneider; he was approved. The only thing before us today is Milt Daniels.

Mr. Givens:

I would like to make a point to look into the fact that the Mayor didn't follow the Ordinance 300 which is the Building Code. It should be investigated.

The Chair:

Make a notation of that Mr. Givens,

and find out just how that bill was taken.

Mr. Givens:

I move to table Bill No. 297 until we can investigate it.

I would like to know if the Mayor did request the names from those associations.

The Chair:

We will ask the Mayor to show us evidence that he is complying with Ordinance 300.

Mr. Coyne:

On that basis, I would like to second the motion to table.

And on the motion to table, the ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne	Mrs. Masloff
Mr. DePasquale	Mr. Stone
Mr. Givens	Mr. Caliguiri
Mr. Lally	(Pres't pro tem)

Curran, former Assistant Superintendent, Department of Police, in the amount of \$1,698.50; William Best, former Inspector, Department of Police, in the amount of \$1,496.10; James S. Longacre, former Detective, Department of Police, in the amount of \$1,127.04; Obert W. Griffin, former Detective, Department of Police, in the amount of \$1,048.92; Elmer E. Nestor, former Detective, Department of Police, in the amount of \$726.40; Tony F. Butera, former Sergeant, Department of Police, in the amount of \$838.15; John E. McAllister, former Fiscal Coordinator, Department of City Treasurer, in the amount of \$662.50; William J. Salem, former Fiscal Officer, Mayor's Office, in the amount of \$1,297.09; David O'Loughlin, former Housing Coordinator, Mayor's Office, in the amount of \$871.22; Gordon Mulleneaux, former Project Leader, Mayor's Office, in the amount of \$748.05."

Which was read.

Mr. Lucchino:

Mr. Chairman, with regard to Bill

Nos. 806 and 808, that vacation pay bill that Mr. Givens introduced, I would again urge the members of Council to consider this bill seriously. There is no provision for payment of social security, no payroll account and there is a severe question of what occurs. I think we are making a real mistake in going ahead and acting this way.

With regard to Bill No. 808, we are asking the City Controller to do something he told us he can't do. He doesn't have the ability to do this. If he does perform these audits, how much money is he going to have to spend for outside help?

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

And there being two-thirds of the votes of Council in the affirmative, the bill passed finally.

Also,

Bill No. 808. A Resolution entitled, "Directing the City Controller to conduct a performance audit of the Department of Supplies with its attendant bureaus."

Which was read.

Mr. Givens:

Mr. Chairman, in going into the garage, it is just for safety reasons. As far as the performance audit is concerned, it is within the Home Rule Charter that the Controller and an elected city official must abide with this particular 4-year time period to do it whether he has qualified people or not. I think the problem is within the department and with this Council. If he needs additional outside help, I think he should have it.

It is a very serious accusation that I have made regarding the garage. I have talked to the Treasurer and to the Controller and do have to say that I am impressed with these two bodies, but the Controller has the last word. If the Controller says they will not be aid, they won't be paid until they go to a court of law.

All I am saying is these gentlemen should be paid and this Council should sit down and try to work out something between the Controller and the Treasurer. I think a vote would indicate that these men should be paid. That is something that should be looked into.

Mr. DePasquale:

Where did we get the money?

The Chair:

Contingent funds.

Mr. Stone:

I ask that Mr. Givens delete this, I think his bill, No. 808 intended to be an addendum with the other ones. In Article 4, Section 404C reads as follows: "to conduct performance audits of all agencies; trusts, Council and unit of Government whenever the Controller decides it is necessary or is directed to conduct such an audit either by the Mayor or by Council, but in any event no less than once every four years."

Mr. Givens:

I will pass it this way, but I am only trying to suggest an aid.

MOTIONS AND RESOLUTIONS

Mr. Stone:

Mr. President, if you will recall, we just had a rock festival at Three Rivers Stadium recently, and I was somewhat provoked by the efforts in the sense that the Mayor has given his authority away.

I don't have much authority over at

Three Rivers, but I would like to say that this isn't the first time we had problems with rock festivals. This is the first time that it has been severe. I am wondering why it took the Mayor so long to exercise his new-found authority. I would like to request an immediate report to what took place at Three Rivers officially, as well as what is being remedied to insure the safety and security of all parties. And the report is to be submitted within ten days. If necessary, we will call them to report to us at our Finance meeting in two week.

Mr. Stone moved

That Mr. Maxon be excused for absence from this meeting.

Which motion prevailed.

Mr. Lally moved

That the Minutes of Council of Tuesday, June 15, 1976, be approved.

Which motion prevailed.

And on a motion of Mr. Givens,

Council adjourned.

UNFINISHED BUSINESS

Mr. Coyne:

Last week during the debate over the appointments to the Economic Development Commission I informed the members of Council that Edward Lewis had moved

into the city. As it turned out, that information wasn't accurate.

Being that some of the members of Council had based their decision on the fact that he did live in the city, I just wanted to apologize for that inaccurate information and to inform the rest of the members of Council that he has not moved into the city.

Mr. Caliguiri:

He made it quite clear that he was looking for a house in the city.

Mr. Coyne:

That's what was pointed out in a letter that he sent, but as yet, he is still in Fox Chapel.

MOTIONS AND RESOLUTION

Mr. Caliguiri:

I just have one comment on Special Committees. We have had a committee on Cable T.V., which has been going on for sometime. Mrs. Ballinger was the Chairman of that committee, and I would at this time appoint Mrs. Masloff as Chairman of that Cable T.V. Committee. Mrs. Masloff, you can continue to gather information and report to us when this report from the Mayor comes back.

Mr. DePasquale:

We have requested a report. We are waiting on a report.

Mr. Caliguiri:

I think that in two weeks it would be forthcoming. But, that has been going on for sometime now, and we have appropriated \$25,000.00.

Mr. DePasquale:

In a piece in the newspaper I said that Council meetings were as boring as a weaving session. They are having a convention, and if they would be so kind as to invite me, I would like to see what weaving is all about.

Mr. Givens presented

Bill No. 923. WHEREAS, in this our Bicentennial year, the Council of the City of Pittsburgh desires to honor the authors of our historic Home Rule Charter.

NOW, THEREFORE BE IT

RESOLVED, That the Mayor and the members of the Council of the City of Pittsburgh, on behalf of all the citizens of Pittsburgh, will formally congratulate and present mementos to the Government Study Commission at a ceremony to be celebrated in the near future. Chargeable to and payable from Code Account No. 1001-1, Miscellaneous Services, Supplies, Equipment, etc., Council.

Which was read.

Mr. Givens:

If I might, I think it has been the year 1911 since our Charter has been changed last. Council has not or any governmental body, to my knowledge, has recognized this particular commission, and one that is very important. Council and the citizens of the City of Pittsburgh voted this Charter in, and yet, no governmental body has recognized this particular group.

I submit this resolution in this regard so that we do in fact recognize this group, and I move the resolution be adopted.

Mr. DePasquale:

Seconded the motion.

Mr. Lucchino:

Mr. Givens, with regard to the money out of the Code Account, how much money do you anticipate spending?

Mr. Givens:

The money will be minimal.

Mr. Lucchino:

I think there should be something in here as to indicate some control. I don't know who is going to buy this, City Clerk, I guess.

Mr. DePasquale:

How many people are involved?

Mr. Givens:

Just the members listed on the Home Rule Charter itself.

Mr. Caliguiri:

Eleven. I think we should have some figure in there that we should not exceed, so that we are not spending \$10,000.00.

Mr. Givens:

It will just be some little plaque or memento of some kind. I would think in the neighborhood. . .

Mr. Caliguiri:

Not to exceed \$500. Mr. Givens, would you make that amendment, please?

Mr. Givens:

I move to amend the resolution to indicate that the cost is not to exceed \$500. It should also include staff members.

Mr. Lucchino:

They had all kinds of staff help, and they also had part-time staff. Staff is a paid position, and I would be reluctant, although they did a credible job. Staff is a paid position.

Mr. Caliguiri:

We could honor those elected officials and invite the staff members to be present.

Cost not to exceed \$500.00. We need a second to that amendment.

Mr. DePasquale:

Seconded the motion.

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne	Mr. Lucchino
Mr. DePasquale	Mrs. Masloff
Mr. Givens	Mr. Caliguiri
Mr. Lally	(Pres't pro tem)

Ayes 7 Noes none

And a majority of the votes of Council being in the affirmative, the bill, as amended, passed finally.

Mr Lucchino presented

Bill No. 924. WHEREAS, the Great High School Site in East Liberty has been vacant for a long period of time and;

WHEREAS, the Board of Public Education has voted to consider offers for development of the property and;

WHEREAS, the Urban Redevelopment Authority has great expertise and experience in the disposition of large parcels of publicly owned property.

NOW THEREFORE, BE IT

RESOLVED, That the Council of the City of Pittsburgh urges the members of the Board of Public Education of Pittsburgh to appoint the Urban Redevelopment Authority as its exclusive agent for the disposition of the parcels of land which are collectively known as the Great High School Site.

Which was read.

Mr. Lucchino moved

The adoption of the resolution.

Mr. DePasquale

Seconded the motion.

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne	Mr. Lucchino
Mr. DePasquale	Mrs. Masloff
Mr. Givens	Mr. Caliguiri
Mr. Lally	(Pres't pro tem)

Ayes 7 Noes none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Lucchino:

We had a Housing Sub-committee meeting on this last Thursday, and the purpose of this is just to help the Board expedite the position of these 24 acres that have been vacant for almost 10 years now. I think that unless we give them a nudge, along with the residents and the business people in the area, the Board will just continue to lag along and not move ahead.

The Chair presented

Bill No. 925. WHEREAS, City Council recognized the need for properly disposing of refuse in an economical and environmentally safe manner; and

WHEREAS, the growing shortage of land and the environmental problems associated with landfill operations have intensified the search for new and more attractive and productive methods of refuse disposal; and

WHEREAS, modern technology now permits the disposal of refuse by a number of different methods, such as front or back-end resource recovery pyrolysis systems and on-truck compaction and direct disposal in addition to the traditional landfill-transfer station method; and

WHEREAS, the technical sophistication necessary to build, operate and maintain these new refuse disposal systems is possessed by a small number of private firms, only a few of which could be expected to bid on a refuse disposal project for the City of Pittsburgh; and

WHEREAS, City Council recognizes its responsibility to protect the public's interest in this matter because of the high cost associated with the latest refuse disposal systems - \$40 million or more - and the small list of potential bidders; and

WHEREAS, Council desires to have independent review and study of the various refuse disposal systems available to the City of Pittsburgh prior to voting on their implementation.

THEREFORE BE IT RESOLVED

That this Council hereby establishes a Citizens Task Force on Refuse Disposal composed of the following persons, and others that Council may deem appropriate:

1. John P. Robin, Program Advisor, Allegheny Conference on Community Development.
2. Mary Lou Daniels, President, Pittsburgh Neighborhood Alliance.
3. Dr. Ronald D. Neufeld, Chairman, Solid Waste Legislation Committee, American Society of Civil Engineers.
4. C. Leroy Hacker, Pastor, Shiloh Community Baptist Church and author of Waste is Wealth.
5. Maurice A. Shapiro, Professor of Industrial and Environmental Health Sciences, University of Pittsburgh.

for the purposes of conducting an in-depth study of the relative merits of the various refuse disposal systems available to the City of Pittsburgh; examining the opera-

tional, technical and financial feasibility of each; investigating the availability of markets for refuse by-products and, where necessary, the willingness of other municipalities and private refuse haulers to participate in an integrated system; and identifying prospective plant sites, where appropriate.

BE IT FURTHER RESOLVED

That the Citizens Task Force on Refuse Disposal will report periodically to Council on its findings so that Council may have the benefit of independent review prior to the implementation of any of the proposed refuse disposal systems for the City of Pittsburgh.

Which was read.

Mr. Caliguiri:

They are all city residents. If anybody has any other names, please submit them.

Mr. Lally:

Yes, I will probably have a couple of names that I would like to submit to you.

It is important that we move as quickly as possible, not only for what it will bring with regard to city construction, but as a way of getting rid of our refuse.

As a Councilman who visited the plant in Boston, I well know this plant is well operated and is doing quite a job for the 13 communities. I think the study will recognize these facts, and I think that we should move as quickly as possible. I move for adoption.

Mr. DePasquale:

Seconded the motion.

Mr. Lucchino:

With regard to this, I have a concern. All due respect to the people who are appointed. As to seeking proposals, it seems

to me that a task force is generally appointed whenever you are seeking a solution to a very general problem. I think we all pretty much agree that the solution to this problem is a refuse recovery system, be it any one of the types mentioned, front or back-end recovery pyrolysis systems, on-truck compaction, or whatever. We are now appointing a task force to zero in on the problem that was ahead defined. They are not going to be recommending a solution to the general solid waste problem, but rather, just looking into some technical and logistic kind of thing with action to that.

I am not sure that the task force can assist us in doing this. That's the real concern that I have. My concerns are not with the qualifications of these people, but rather, we may not need to delegate this authority to them right now.

Mr. Caligiuri:

My reason for submitting this as a resolution was that during the morning session it was indicated to us by Director Hess that they merely wanted to see "what was out there." They are not even sure about what they are going to do. In fact, they did not exclude the landfill concept. It is still up in the air.

As for this reason, as we seek these proposals, somebody certainly has to put in some ordinance, make some analysis with regard to the landfill operations that we now have going on. With all of these things going on, I think we do need a group that has some knowledge of landfill problems so that they can try to put them in some sort of order and come back to Council and make some sort of recommendation.

We have to look into the feasibility, not only the technicality of the system, but also the location of the system. We have to know where it is going to go in the City of Pittsburgh so that we can get the benefit of taxation that would be derived from that. Should we use J & L or Allegheny County Steam Heating, as Mr.

Lally suggested? I think that all of these questions would be something that this task force would be charged with, and to come back to us and tell us what really is the most feasible.

Do we, in fact want to commit ourselves to a 20 year program? And for that reason alone, I think we ought to have a task force.

Number one, do we make that 20 year commitment. Secondly, try to encourage everybody to submit whatever it might be to City Council.

Mr. Lucchino:

But, I am still reflecting on the experience of Cable T.V. We formed a committee, they held hearings, and it went on for months and months, and even years. What did we give, \$25,000.00, to Metz and Jarvis to give us a qualified study?

I am just not sure. What we need is specific answers to all those questions. What we should be doing then is going to somebody similar to Metz and Jarvis Associates in this field. Thus, cutting short all the time that will be delayed by citizens' groups doing a splendid job, as fine as they can do, but, they do not have the technical expertise. We will end up several months from now paying somebody with this technical experience. Why not do it now? It requires a lot of technical answers. Let's hire the technical people that can give us the conclusions.

Mr. Caligiuri:

Most of these people can give us these technical answers. It has been almost two years since resource recovery was put forward to the city. It has been almost two years, and nothing has been done.

Mr. Lucchino:

If we need some technical information, then let's hire the technical people to give

it to us. As Mr. Lally says, let's move on this quickly.

Well, I don't see that this citizens task force is going to help with regard to technical questions that have to be answered with regard to marketing, with regard to location, with regard to transfer stations, and with regard to techniques. That's where our problems are going to come.

Mr. Caliguiri:

We have all been sitting around for almost two years, until a few took a trip to Boston. I am sure that we do need a task force, so that they do in fact come back and tell us what our next step should be. We certainly don't have the staff to do this. Why did we not hire technical people years ago, or even a year ago?

Mr. Lucchino:

We should have. But, we should not delay it now.

Mr. DePasquale:

I share the fear of Mr. Lucchino for a couple of reasons. Number one, looking at the five names, with the possible exception of Mary Lou Daniels, we are going to find it rather hard to get them all together on any one occasion.

Mr. Caliguiri:

Now, we are not. I would not have put people on this committee if I thought they were not going to serve.

Mr. DePasquale:

We form these committées and they will sit around for years. You are going to delay it a couple of more years.

Mr. Caliguiri:

This is going to be part of their recommendation to do exactly what you

are talking about. Part of their job would be to make these recommendations and not to sit around for two years. That has been our problem, putting a committee together and then just letting them function in a vacuum.

This task force is not going to function this way. Each one of these people have been checked very thoroughly, I can assure you.

On any board, authority, or commission, you are going to find out that there are some people that have a lot to do, but are willing to serve. They are willing to provide some of their extra time, so to speak.

Mr. DePasquale:

We can't even get a quorum at the Parking Authority.

Mr. Coyne:

I don't see where this resolution here would interfere with the resolution that was entered by the administration this morning. I was very surprised to see that the administration really isn't clear as to that landfill route or the steam generation, and the other things. There is no time limit as to when the administration is going to have any answers, which indicates to me that it is not a priority matter with them and maybe a resolution like this, where we can have some input from some people, would be helpful.

Mr. Caliguiri:

That's exactly the reason why I don't want them to sit on their hind legs over there and just let the resolution go on for another two years.

Mr. Givens:

It was this morning when I asked Mr. Hess specifically if that ordinance was going to cover just the one type of refuse waste disposal or other types. When I

read the ordinance it narrowed it down to the one system, and there have been two studies. They had one study in Allegheny County in 1969, the landfill study, which I believe Director Long apparently has in his possession.

I don't think your resolution takes away from the scope of what the ordinance or resolution presented to us today with regard to that new disposal system. I think a total review has to be implemented. I think that though your resolution is leaning towards the facility there in Boston, you have also indicated in your last "Whereas" that, "Council desires to have independent review and study of the various refuse disposal systems available to the City of Pittsburgh prior to voting on their implementation."

Mr. Caliguiri, are you including all phases?

Mr. Caliguiri:

All phases.

Mr. Givens:

Including landfill; is that correct?

Mr. Caliguiri:

That is correct.

Mr. Givens:

Whereas Council recommend the appropriate people to sit on this committee, other than the ones you have recommended. I think that it is very commendable, and in fact, I would like to review that. But, I feel that Council is very limited in our own resources and we need technical experts so that they can give us guidance. I don't think we are all experts, but I feel that study commissions are good, providing they get out there and work in order for us to make intelligent decisions.

Also, this is something like that of the Fire Department, where they are requesting \$20,000.00 to review and study their particular Fire Department.

Mr. Lucchino:

One of the things that I think there is to fear is that Mr. Givens may have some people that he feels should serve on the task force, Mr. Lally says he has some people, and I think there definitely should be some people from the Brighton Heights Citizens Federation on this because their pet peeve is getting stuck with the odor of whatever that comes from these plants. ALCOSAN has done a lot to correct that problem, but they still don't want this stuck down there.

Also, it could end up with Mr. Coyne, Mrs. Masloff, and a lot of other people suggesting names. You will end up with a board of 15 to 25 people, and Mr. Caliguiri, honestly, I can foresee the overall general problem that will come when you get that many people with divergent opinions. I think that's where the problem lies.

Let's hire the experts who will give us the answers to the questions we are looking for. Let's just pay them to do this job for us period! I think that's the way to go, rather than to have a 15 to 25 member committee.

Mr. Caliguiri:

That's just not so. Why are you saying it will be a 25 member committee?

Mr. Lucchino:

If we all submit two names—I have two people.

Mr. Caliguiri:

I think all of us are intelligent enough not to exceed a certain limit. We are not going to appoint a 25 member task force on there.

Mr. Lucchino:

You have submitted 5 names, and if the Councilmen that are here today submitted two, that would be twelve more. I think we have a right to appoint people on here.

Mr. Caliguiri:

That's why I put that part in the resolution, so that members of Council would in fact intelligently and discriminately put on somebody, and not a bunch of people, say their friends. I think we are all intelligent people, and we understand and know that. If you had that fear, why would you even recommend somebody?

Mr. Lucchino:

Because this task force will make a recommendation with identifying a plant site. Definitely, two people appointed to serve on this task force should be from the Brighton Heights Citizens Federation because this task force will have to make that determination. I think this Council would be very hard pressed to turn them down.

Mr. Caliguiri:

No problem with having a couple of names. I think we could consider them. Also, there are no odors coming from this plant, ALCOSAN.

Mr. Lucchino:

I said they were working towards it, but they haven't solved it.

I am prepared to offer this afternoon that there be two additional names placed on here to be appointed by the Brighton Heights Citizens Federation.

Mr. DePasquale:

I can't help but come back to the

Convention Center. This was long before you and I, or anybody here sat on Council. There were disagreements with the Mayor, and finally a committee was picked to look for a convention site. They picked the same location, gave the same reasons, that Council had been advocating for years, which in a sense was a complete waste of time. This is a fear that I have. I don't think we really get too much accomplished.

Mr. Caliguiri:

All of that is contingent upon the people who were put on those committees. If they sat around for two years, then shame on them. You know that there is no reason for this to happen. If for any reason this committee doesn't work out and you don't see anybody trying, then disband the darn thing. Why even have it?

Mr. Lucchino:

I never made that suggestion.

Mr. Caliguiri:

They will report the facts, then we can act and put something into action.

Mr. Givens:

Mr. President, in this morning's meeting, it was indicated by Director Hess that he thought it would be about a 90 day time-frame by the time of advertising. Now, we find out that we need an in-depth study by technical people. I go along with Mr. Lucchino, but I think we must then have a report from this task force as to what they have found out during a certain period of time. I see that at this time we need a study. We have been doing away with refuse for a long time in the city, and I don't think we should rush into something off-handedly. There are a lot of things that can be discussed Wednesday when this particular bill comes up on the pros and cons on that particular bill.

Mr. Caliguiri:

That's correct. May I emphasize that we have to be ready to commit ourselves possibly to a 20 year project.

Mr. Lucchino:

Set the record. I have never said and do not now say that there should not be citizens task forces. My objection here is that this is a technical area not a general area. In general these citizens task forces have done a fine job in the past dealing with general solutions. But, this is a technical problem, and we need technical solutions. I will move that this resolution be tabled.

Mr. Caliguiri:

It has been moved that the resolution be tabled. Do I hear a second?

We come back to the original motion for the adoption of the resolution. Do I hear a second on that motion?

Mr. Lucchino:

I move that it be amended to include two people approved by the Board of the Brighton Heights Citizens Federation.

Mr. Givens:

Any member can add names to this task force. I would like for the person who introduced this to keep it at a limit as to how many will be on this particular task force. We need this so we don't have, as Mr. Lucchino pointed out, but I might since this proposal just came to this Council today. It is going to take a little time for me to review and to make a recommendation. I think we need to have a limited input into the resolution.

Mr. Caliguiri:

This may seem appropriate.

Mr. Lucchino:

I would like for those two positions to be created right now as part of this resolution.

Mr. Caliguiri:

If anybody has a name to be submitted, then they ought to submit it. We will also have to keep this down to a certain location.

Mr. Lucchino:

We will want to locate this in Pittsburgh along the river. Just look at the river and think for yourselves as to what sites are available for a plant of this size. One of those sites already has been located in the Brighton Heights area, and I think we should give them due consideration. ALCOSAN places no reason for us to deny them a chance to serve on this task force, for one of its duties will be identifying prospective plant sites.

I don't see any problem in creating two additional places. I am arguing for the fact that it is now appropriate for us to select Brighton Heights to have two appointed on this committee; that's all.

Mr. Lally:

I think we are missing the point here as far as the location is concerned. It has to be built in the City of Pittsburgh. Namely, Downtown Pittsburgh or close to the rivers or toward North Side along the river. Council would certainly take that into consideration.

Mr. Lucchino:

All I am saying is that I have made a motion. Nobody has seconded; that's up to the rest of Council. I move that there be two appointed from the Brighton Heights Citizens Federation.

Mr. DePasquale:

I agree with Mr. Lally. I know your

reasons. You state them very clearly. You are talking about every community in the City of Pittsburgh. It will just get too complicated.

Mr. Coyne:

I think it is a legitimate concern if it is too large. If we could amend Mr. Lucchino's amendment to say a specific number of people to be represented on the committee and to have two people from the Brighton Heights Citizens Federation as two of the additional members. . .

Mr. Caliguiri:

That very well could be part of it. A number rather than a specific location.

Mr. Coyne:

We could add not to exceed 9 or whatever.

Mr. Caliguiri:

Fine. It is acceptable to me, and I would welcome somebody from Brighton Heights to serve on this.

Mr. Coyne:

I move that the amendment should not exceed 9 and that 2 of those be from the Brighton Heights Citizens Federation.

Mr. Lucchino:

Seconded the motion.

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne	Mr. Lucchino
Mr. DePasquale	Mrs. Masloff
Mr. Givens	Mr. Caliguiri
Mr. Lally	(Pres't pro tem)

Ayes 7 Noes none

And a majority of the votes of Council being in the affirmative, the bill, as amended, passed finally.

Mr. DePasquale moved

That Mr. Mason and Mr. Stone be excused for absence from this meeting.

Which motion prevailed.

Mr. DePasquale moved

That this meeting of Council adjourn and that the next Legislative Session of Council be scheduled for Tuesday, July 6, 1976, at 2:00 o'clock, p.m.

Which motion prevailed.

And Council adjourned.

Mr Coyne:

Mr. Chairman, on Bill No. 784, I move to amend that bill as follows: In Section 3, following the word "interest" to insert the words, "materials and repairs" and in Exhibit 1, to list project numbers in numerical order for each department and by changing allocations on pages 3, 4, 6, 7 and 8.

Mr. Lucchino:

I second the motion.

Which motion prevailed.

Mr. Givens:

Mr. Chairman, I have just received Exhibit No. 1 now, and I have asked Ed Albert to look it over. I was hoping we could hold this until Ed can double check the funding on this exhibit. He is checking over the original summary that they gave us three weeks ago.

Mr. Albert:

I think this is basically all right.

The Chair:

Mr. Givens, if you want to hold this towards the end of the meeting, we won't have roll call on it until the end.

Mr. Givens:

We come out here and we don't have

an opportunity to make a double check on this. I would like to have an opportunity to go over the financial statement here to see if it is correct in accordance with the latter portion of it.

The Chair:

We will hold Bill No. 784 until we can get an answer.

Mr. DePasquale presented

No. 962. Report of the Committee on Public Works for June 30, 1976, transmitting two resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 889. A Resolution entitled, "Providing for proposals for a contract or contracts for the provision and operation of facilities for the disposal of garbage, refuse and solid wastes, using ferrous and energy resource recovery."

(As amended in Committee)

Which was read.

Mr. Stone:

I am opposed to Bill No. 889. Mr. President, if I may, relative to Bill No. 889, this is a matter of the garbage disposal situation. If you will recall at least a number of years ago and possibly a little longer, the Mayor had suggested the Wheelabrator-Frye Development. At the time I thought he was pursuing that course. Since that time, various officials of the city administration have visited that installation, including members of City Council.

Heretofore, and before the last change in the political structure with regard to county government. It could not be carried out because of the need of six hundred tons to supplement the city supply in order for the Wheelabrator-Frye project to be carried on.

The political structure has now changed and the Mayor obviously with his brother at the head can work that one out because the issues have changed. I think it is wrong and misleading to have anyone at this stage of the game to be thought of, or even considered, or even hope that there is a chance for them to be finally accepted.

The question that is important now is, can we afford to abandon the solid waste that we have presently with the county in order to switch over? Those decisions must be made first, I think we are now going to use a round-about way in trying to act fair when we are not. I think it leaves much to be desired. I think the Mayor's contract from Wheelabrator-Frye should take a test through some public hearing to find out whether we are going to have it or not. I am opposed to it.

Mr. Lucchino:

So the record is clear, I think that Council is the check-and-balance in this city, and it is our responsibility to make sure the procedures are fair, whether the Mayor has a relationship with one of the

county commissioners, namely, Jim Flaherty, being his brother, or not. I don't think it has anything to do with it. I think that what is done is our responsibility and not a charade.

The Chair:

Since we are putting together the task force, I have received a number of calls and, in effect have submitted a proposal that is legitimate. Otherwise, I think it is incumbent upon us to make sure we are in fact, accepting the best proposal.

Mr. Stone:

If we could make a decision based on all available facts that would be fine, but we are faced with the fact that the parties making the decisions just happen to be the Mayor and the County Commissioners, so we can't ignore the program.

The Chair:

It is land filled. That is the problem.

Mr. Stone:

Where are we going to abandon it? Will we be able to switch to another program?

Mr. DePasquale:

Can we approximate how many firms do this type of work?

The Chair:

I know of at least three or four of them. One is Union Carbide in Charlton, West Virginia, and other plant is in St. Louis. We are going to have to look at all of these plants and these proposals that come before us.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

DEFERRED BUSINESS

The Chair:

Now we will go back to Bill No. 784.
Mr. Albert, have you checked the bill?

Mr. Givens:

Mr. President, I just have one comment here. Ed did check it over, if, you look on the latter pages. He said these are now revised compared to prior years. They are just different bond and trust funds. Ed is not sure if the money within those bond funds are to be shared. I

am assuming if there is money we should go ahead and request that these moneys are put to a specific project.

The Chair:

Mr. Givens, this is just a sub-account and the bond fund is staying the same.

Mr. Givens:

I would ask that if you made an error with one of these bond funds, primarily to the finance account, to take the money out. How soon does Council have to approve that? I hate to see something come in and then it lays on the table.

I have no objections to it and I am willing to pass it, but it is a poor way of doing business.

The Chair:

Mr. Albert, they didn't change to any account did they?

Mr. Albert:

Some they did. They reverted the money back.

The Chair:

I guess we have to assume there is money in the bond fund.

Mr. Givens:

It will go back to the Controller.

The Chair:

Mr. Coyne made an amendment to the legislation and it was seconded by Mr. Lucchino. Now, we will have a final reading.

Bill No. 784. A Resolution entitled, "Approving 1976 Capital Improvements Projects; allocating and setting aside amounts in connection therewith; creating

trust funds; transferring Bond Funds to said trust funds; providing for necessary professional service agreements in connection with said Projects; providing for contracts for implementing said Projects; and providing for the payment of the cost thereof."

(As amended)

And a majority of the votes of Council being in the affirmative, the bill, as amended, passed finally.

MOTIONS AND RESOLUTIONS

Mr. Lucchino:

In connection with the task force, Council was informed last week that there would be two names submitted from Brighton Heights. I move that Mrs. Nancy Pusateri and Mr. Ed Schneider be approved to serve on the Citizens Task Force on Refuse Disposal.

Mr. Stone:

I second the motion.

Which motion prevailed.

Mr. Stone moved

That Mr. Mason be excused for absence from this meeting.

Which motion prevailed.

Mr. Stone moved

That the Minutes of Council of Monday, June 21, 1976 and Monday, June 28, 1976, be approved.

Which motion prevailed.

And on a motion of Mr. Lally,

Council adjourned.

Mr. Givens
Mr. Mason

The meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all.

The Chair:

Members of Council, we are distinguished this afternoon by having a group of people from Belgium that are

touring the United States. They are spending five weeks in this country, and part of their tour is to spend a week here in Pittsburgh, Pennsylvania. They have been viewing all of the sites. We are very proud of Pittsburgh, and are glad that they have come to see the many interesting things that we have here.

They have decided to spend a few minutes with us here to see just how City Council works, City Council in action, our government here in the City of Pittsburgh.

Again, we are very pleased and proud that you picked Pittsburgh to visit.

Mr. Lally	Mr. Caliguiri
Mr. Lucchino	(Pres't pro tem)

Ayes 7

Noes none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Stone:

Just checking here. I think my mistake is that I may have included both on that Providence Hospital.

Mr. Lucchino:

This is Public Works, now.

Mr. Stone:

I stand corrected. It is not in my bills, but apparently it is in the printed sheet which you have. It should not be included.

Mr. Lucchino:

That's because Mr. McCray was on vacation.

Mr. Caliguiri:

What we just did in Public Works was to approve a number of streets to be reconstructed in Pittsburgh. What did we spend this time, gentlemen and lady; another \$2 million or so?

Mr. DePasquale:

I know my old man said, "it never amounted to a quarter." We are going to ask Belgium for a loan to get the money to pay for these new streets.

Mr. Stone presented

No. 998. Report of the Committee on Planning and Redevelopment for July 7, 1976, transmitting two resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 775. A Resolution entitled, "Approving a Conditional Use under Section 2801-1-A-(8) of the Zoning Ordinance,

No. 192, approved May 10, 1958, as amended, for the conversion of 12,589 square feet of space on the third and sixth floors of the original hospital building for staff physicians private offices on property of the Divine Providence Hospital of Pittsburgh zoned 'R5' Multiple-Family Residence District having frontage on Arch Street, identified as Lot Numbered 90 Block 23-P in the Allegheny County Block and Lot System, 22nd Ward."

Which was read.

Mr. Lucchino:

That's the problem. That one is not in our file copies Bill No. 960.

They just copied the wrong one.

Mr. Perry:

Bill No. 960 is the Giant Eagle Market.

Mr. Caliguiri:

It is correct as far as the bill that Mr. Perry has in his hand. This bill pertains to the parking lot on the South Side.

Mr. Coyne:

You just read the bill for the parking lot on the North Side.

Mr. Perry:

No, it was the parking lot on the South Side.

Mr. Caliguiri:

Read it once more.

What is the bill number on the other one?

Mr. Perry:

I believe it is No. 776.

Mr. Lucchino:

Mr. Caliguiri, before we take the vote, I think it is necessary that we suspend Rule 8 of Council because we haven't had the bill for 48 hours prior to final action.

Mr. Perry:

Bill No. 960. A Resolution entitled, "Approving a Conditional Use under Section 2801-1-A-(4) of the Zoning Ordinance, No. 192, approved May 10, 1958, as amended, for a 31-stall community parking lot by Giant Eagle Markets, Inc., on 7,000 sq. ft. of property situated in the 'R4' Multiple-Family Residence District handed by: South Twenty-Fourth Street; Mary Street; Lot Numbered 29, Block 12-R in the Allegheny County Block and Lot System, and Harcum Way, 16th Ward."

Mr. Lucchino:

Because we didn't get the notice 48 hours before. With regard to Bill No. 960, I move that the suspension of Rule 8 providing for the mailing of printed copies of all ordinances and resolutions to each member of Council at least 48 hours previous to their consideration by Council after the return of such papers from Committee.

Mr. Lally:

I second the motion.

Which motion prevailed.

The titles of the bills were read and agreed to.

The bills were read on final action.

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne	Mrs. Masloff
Mr. DePasquale	Mr. Stone
Mr. Lally	Mr. Caliguiri
Mr. Lucchino	(Pres't pro tem)

Ayes 7 Noes none

And a majority of the votes of Council being in the affirmative, the bills finally passed.

Mr. Lucchino presented

No. 999. Report of the Committee on Parks, Recreation and Libraries for July 7, 1976, transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 956. A Resolution entitled, "Providing for the repeal of Resolution 147 approved March 19, 1976, effective March 23, 1976, entitled 'Resolution providing for an Agreement or Agreements with the Pennsylvania Higher Education Assistance Agency for the participation by the City of Pittsburgh in a summer work program, under the College Work Study Program, and providing for the payment of the cost thereof.' "

Which was read.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne	Mrs. Masloff
Mr. DePasquale	Mr. Stone
Mr. Lally	Mr. Caliguiri
Mr. Lucchino	(Pres't pro tem)

Ayes 7 Noes none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Lally presented

No. 1000. Report of the Committee on Lands and Buildings for July 7, 1976, transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 894. Resolution authorizing the sale of property in the 5th Ward, being a vacant lot on Bedford Avenue, designated as Block 10-J, Lot 313, to Reeble G. Day and L. H. Green, Joint Tenants with right of survivorship, but not as tenants in common, for the sum of \$2,200.00.

MOTIONS AND RESOLUTIONS

The Chair presented

Bill No. 1001.

City of Pittsburgh

Pete Flaherty, Mayor

July 12, 1976

President and Members of Council
510 City-County Building
Pittsburgh, Pennsylvania

Dear Gentlemen and Madam:

I am forwarding a Resolution for the appointment of Mr. James L. Kristiansen as Director of the Department of Water.

Very truly yours,

Pete Flaherty

PF:fk
Enclosure

Which was read, received and filed.

Also,

Bill No. 1002. Resolution THAT the appointment by the Mayor of Mr. James L. Kristiansen of 3060 Marshall Road, Pittsburgh, Pennsylvania, 15214 be and the same is hereby approved and confirmed as Director of the Department of Water.

Which was read.

Mr. Coyne:

I move that the resolution be held for two weeks.

Mr. Lucchino:

I second the motion.

Which motion prevailed.

Mr. Coyne:

I would like the City Clerk to send notification to the Mayor's Office stating that I would like the resumes of all those individuals who applied for the job, and I would like to have it as soon as possible.

Mr. DePasquale:

I just can't let this pass without commenting. The Mayor is trying to put Mr. James L. Kristiansen into a highly skilled department such as the Department of Water, for which he doesn't have the experience or the qualifications, and there are other people in that department that have been there for 25, 30 years and have devoted a greater part of their lives to this department and have been bypassed to favor Mr. Kristiansen. I don't understand what could be in the Mayor's mind.

Personally, I could never vote for a man of Mr. Kristiansen's ability. Mr. Thomas Bruecken and other people in the Department of Water, who have the experience and the seniority, would be more

deserving of the position. Mr. Kristiansen may qualify for the job, but not compared to these other people. Under no circumstance will I ever vote for his approval.

I agree with Mr. Coyne, that we should read the resumes of the other individuals who applied for that job. I think Mr. Bruecken was one of these, I am not positive.

Mr. Caliguiri:

Thank you, Mr. DePasquale. It has been moved and seconded that we hold the resolutions for two weeks.

Mr. Stone:

I would like to speak to an article which appeared in the newspaper relative to the Salvation Army of the City of Pittsburgh. I would like to request that Mr. Bruce Campbell, the Mayor's Executive Secretary, Marilyn Cosseti, and some representative of the Salvation Army appear here next week.

I have been reading that Mr. Campbell would allegedly like to brush this off as an innocent mistake as being a bureaucratic error. I don't agree, in view of the city's past record. Here, the administration has denied this particular organization something like \$75,000. I think all of you know that City Council appropriated to the Urban League \$120,000.00. After contractual problems with the administration, the contract came out lower, \$68,000, almost half what was originally intended. We denied to the low and moderate income people tenant and housing counseling service. It is not too many years ago that this same administration denied on two occasions something like \$95,000.00 to Freedom House, who provided the city with valuable emergency medical services. It has not been too many years ago that they held up \$275,000.00 when only \$25,000.00 was in contest on a contract relative to GMC truck purchase.

No, I don't look at this as a bureaucratic error! It shows a settled, deliberate, and consistent practice of utter disregard. This administration even lacks the decency to treat a worthwhile, non-profit organization, such as the Salvation Army who performs functions, which was essential and necessary. The Salvation Army is operating a tight financial schedule, and should not have been denied this money due them this long. Somebody ought to be looking over their shoulders. I think it is about time this Council take a better look at this administration in that respect.

Mr. Caliguiri:

When would you like them to appear?

Mr. Lally:

They are all in New York.

Mr. Stone:

Following Wednesday. Marilyn Cosseti is not in New York. I would like for them to appear a week from Wednesday.

Mr. DePasquale:

This morning we had asked why did they hold up paying that money. They said it had something to do with the insurance and other factors where the Salvation Army didn't follow through.

Mr. Stone:

Everytime, someone else is wrong! Urban League was wrong because the city administration didn't sign a contract. When we were getting emergency medical service from Freedom House, and the administration knew they were operating on a shoe string, yet they held back nine payments. It reminds me of a mother who

said, "everybody is out of step but my son!"

Mr. Coyne:

I would like the City Solicitor to be at Wednesday's meeting. I would like an opinion granting permission to Centre Video Corporation to use the existing poles along Becks Run Road to provide cable television to Baldwin Borough residents. I would like to discuss the utility meter readers uniforms within the city.

I would also like to discuss the petition to the P.U.C. relative to the purchase of West Penn Water Supply, and have a discussion on the ratio of rate of taxation on land and buildings.

Mr. DePasquale:

With regard to Baldwin, didn't they ask for a hearing?

Mr. Coyne:

Yes. They asked for an opinion from our Law Department.

Mr. Stone moved

That Mr. Givens and Mr. Mason be excused for absence from this meeting.

Which motion prevailed.

Mr. Stone moved

That the Minutes of Council of Tuesday, July 6, 1976, be approved.

Which motion prevailed.

And motion of Mr. Stone,

Council adjourned.

REPORTS OF COMMITTEES

Mr. Coyne (for Mr. Caliguiri) presented

No. 1032. Report of the Committee on Finance for July 14, 1976, transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 967. A Resolution entitled, "Transferring the sum of Forty Thousand (\$40,000.00) Dollars from Code Account No. 1141, Salaries and Wages, Regular

Employees to Code Account No. 1150, Outside Repairs-Contract, Bureau of Automotive Equipment, Department of Supplies."

Which was read.

Also,

Bill No. 968. A Resolution entitled, "Transferring the sum of Six Thousand (\$6,000.00) Dollars from Code Account No. 1167, Wages, Regular Employees, Bureau of Refuse, Department of Supplies to Code Account No. 1176, Miscellaneous Services, Bureau of Refuse, Department of Supplies."

Which was read.

Also,

Bill No. 969. A Resolution entitled, "Providing for the letting of a contract or contracts for the maintenance, rental, inspection or servicing of personal property owned by the City of Pittsburgh and for the maintenance and repair of buildings, structures, or any other properties in the custody of the various departments of the City of Pittsburgh, and for the miscellaneous services in and for any or all departments of the City of Pittsburgh during the calendar year of 1977, and providing for the payment thereof."

Which was read.

Mr. Givens:

Mr. President, I just have a few questions on some of the bills that have been presented today. In one, I have a question on the salary changes, I don't know if that was brought up last Wednesday or not, but almost \$46,000 have been transferred from Supplies' Salary Account into Supplies' Equipment Account. I think we have a problem down there right now with the number of employees in the Supplies Department, and they're buying more equipment.

Also, Public Works, another \$75,000.00 of premium pay. I believe we come up

with \$126,000.00 in Salary Account being used other than for salaries. I think this is a trend that has been with the present administration; something you have indicated in your Financial Report that shows \$5 to \$6 million excess. Here we can see right now that these three bills being presented today amount to \$126,000.00, coming from other Salary Accounts, buying up new equipment, or premium pay; this I think is a warning signal.

With regard to what has happened here, I would also like to make note of Bill No. 969, as it reads from the bottom, "all departments of the City of Pittsburgh during the calendar year of 1977, and providing for the payment thereof."

I would like to know if that is correct.

Mr. Perry:

Yes.

Mr. Givens:

It seems that Director Long is delegating his power by authorizing department heads to go into contract.

Mr. Caligiuri:

For maintenance, repairs, inspection, and servicing, etc. This is putting the contract together and going off for bid, but they can't utilize these contracts until 1977. There is a list of over a hundred or so; putting them all together. They have to have it prepared for January 1, 1977. They can't introduce these contracts until next year. There is no money appropriated.

Also,

Bill No. 970. A Resolution entitled, "Providing for the letting of contracts for materials, general supplies, equipment and machinery required by the several departments of the City Government, for the year beginning January 1, 1977, and for the payment thereof."

Which was read.

Also,

Bill No. 971. A Resolution entitled, "Providing for the letting of a contract or contracts for the furnishing and delivery of Street Sweepers, Bond Project No. Supplies Department 76-3, and providing for the payment of costs thereof."

Which was read.

Mr. Givens:

What happened to Bill No. 971?

Mr. Lucchino:

I got a report from Director Long. I received it today from Director Long. It lists all of the divisions and how much the sweepers from each division and the condition of the sweepers. Several were rated in poor condition.

Mr. Givens:

Were they replaced, or were they additional?

Mr. Lucchino:

Four were to be replaced; two additional.

Also,

Bill No. 972. A Resolution entitled, "Providing for the letting of a contract or contracts for the furnishing and delivery of Communication System (Equipment), Bond Project No. Supplies Department 76-2, and providing for the payment of costs thereof."

Which was read.

Mr. Givens:

Also, Bill 972, communication system equipment, some \$80,000. May I ask what that is for; it doesn't say it here.

Mr. Stone:

This is part of that new communication system.

Mr. Albert:

That's in the Capital Budget. It is for police communications.

Mr. Givens:

That's all I have.

Also,

Bill No. 973. A Resolution entitled, "Providing for the letting of a contract or contracts for the furnishing and delivery of Fire Trucks, Bond Project No. Supplies Department 76-1, and providing for the payment of costs thereof."

Which was read.

Also,

Bill No. 974. A Resolution entitled, "PROVIDING for the filing of an application by the City of Pittsburgh with the United States Department of Labor for a Grant in connection with the Comprehensive Employment and Training Act of 1973, as amended, Title II Public Employment Program Project; providing for the execution of Grant Contracts; approving the Title II Public Employment Program Project; providing for required assurances, providing for execution of payment vouchers on Letter of Credit and for certification of authorized signatures."

Which was read.

Also,

Bill No. 975. A Resolution entitled, "PROVIDING for the filing of an application by the City of Pittsburgh with the United States Department of Labor for a grant in connection with the Comprehensive Employment and Training Act, as amended, Title I Project; providing for

the execution of Grant Contracts and for the filing of requisitions and other data; approving the Comprehensive Employment and Training Act, as amended, Title I Project; providing for required assurances; providing for execution of payment vouchers on Letter of Credit, and for certification of authorized signatures."

Which was read.

Mr. Givens presented

No. 1037. Report of the Committee on Public Safety for July 14, 1976, transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 988. A Resolution entitled, "Providing for the letting of a contract for the furnishing and delivery of Handguns, for the Department of Police, and for the payment thereof."

Which was read.

Mr. Givens:

On Bill No. 988, the 2,000 handguns. This is a change of policy with the administration. Before the policemen and the policewomen bought their own equipment, and now there has been a change of policy.

Mr. Caliguiri:

This seems to be quite a bargain for the amount of guns being purchased.

Mr. Givens:

The guns were purchased at \$101.00 each.

Also,

Bill No. 989. A Resolution entitled, "PROVIDING for a contract or contracts for the furnishing of automotive equipment to conduct the Police In-Service Training Project. The cost of these contract or contracts shall not exceed \$5,000 and is chargeable to and payable from the Police In-Service Training Project Trust Fund."

Which was read.

Mr. Givens:

Five thousand dollars for an automobile is for our inservice training program, which is new for police. It is being conducted on Washington Blvd. To transfer to and from the Public Safety Building to Washington Blvd.—up until now they didn't need this automobile, but now it is located out there and there is a lot of movement back and forth.

Also,

Bill No. 990. A Resolution entitled, "Providing for the letting of a contract for the furnishing and delivery of One (1) Cardio Polygraph Unit, for the Division of Investigative Branch, Department of Police, and for the payment thereof."

Which was read.

Mr. Caliguiri:

What is the polygraph for?

Mr. Givens:

That's for anybody that lies.

Also,

Bill No. 991. A Resolution entitled, "Providing for the letting of a contract for the furnishing and delivery of High Pressure Hoses with Audible Alarms, for the Department of Fire, and for the payment thereof."

Which was read.

Mr. Givens:

I would just like to make some commentary. Some might ask what high pressure hose was. It is not a firehose. It is oxygen or a fresh air supply device. High pressure hose, in fact, sounds about 500 pounds for five minutes worth of fresh air. It uses an audible signal to the firemen to indicate five minutes to get out of that particular area.

The titles of the bills were read and agreed to.

The bills were read on final action.

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

MOTIONS AND RESOLUTIONS

Mr. DePasquale:

Mr. Chairman, these remarks are meant for the record.

"I was astonished to read in the editorial section of the Pittsburgh Post Gazette this morning that the Post Gazette advocates breaking the law. It was done specifically by the request for Council to ignore and not try to enforce Charter Section 702, that section which deals with an appeals board.

"It strikes me that the Post Gazette's editorial writers or writer used unduly acid language in that Council members adhere to the section dealing with disclosure of Council members financial status. That section, if you will recall, calls for immediate dismissal of our members if we fail to comply.

It seems that only Council favors implementing the Home Rule Charter to the letter of the law. When it suits Mayor Flaherty, he chooses to ignore the Charter, and now in this instance, the Post Gazette emulates him.

Well, I say we either implement the whole Charter or scrap it period. Some duly elected and dedicated people founded this Charter, and it seems criminal that

people who should know better now want to scrap it."

Mr. Stone moved

That Mr. Mason be excused for absence from this meeting.

Which motion prevailed.

Mr. Stone moved

That the Minutes of Council of Monday, July 12, 1976, be approved.

Which motion prevailed.

And motion of Mr. Stone,

Council adjourned.

Ayes none

And the majority of the votes of Council agreeing to the negative recommendation the bill was defeated.

Also, with an affirmative recommendation,

Bill No. 1003. An Ordinance entitled, "INCREASING the Bonded Indebtedness of the City of Pittsburgh by an issue of Serial General Obligation Coupon Bonds of the denomination of Five Thousand Dollars (\$5,000) in the principal amount of Ten Million Three Hundred Thousand Dollars (\$10,300,000), and in an additional amount not to exceed Fifty-two Thousand Dollars (\$52,000), principal amount, by an issue of General Obligation Coupon Bonds of the denomination of One Hundred Dollars (\$100), for the purposes of paying a portion of the cost of acquiring and constructing its 1976 Capital Improvements Program, refunding a portion of the principal due on the General Obligation Note of 1975, capitalizing one year's interest and paying the costs of the bond issue; fixing the form, number, date, interest rates and maturities thereof; levying a tax for payment of debt service charges; authorizing execution, sale and delivery thereof; pledging the repayment of said bonds; and authorizing the filing for approval of said debt with the Department of Community Affairs, and authorizing the payment of the required filing fee therefor."

(As amended in Committee)

Which was read.

Mr. Coyne:

I move to amend Bill No. 1003 to read as follows:

... in Section 1. which reads:

"Average Annual Debt Service of \$456,603,"

shall be amended to read:

"Average Annual Debt Service of \$456,887."

... in Section 2. which reads:

"Ordinance No. 66 of 1975."

shall be amended to read:

"Ordinance No. 36 of 1976."

... in Section 11. which reads:

"It is hereby authorized and directed that \$24,375.00 for the payment of interest due on the first installment. . ."

shall be amended to read:

"It is hereby authorized and directed that \$692,395.00 for the payment of interest due on the first installment. . ."

Mr. Stone:

I second the motion.

Which motion prevailed.

Mr. Givens:

I know that within the various sections there is a blank that has to be filled. Is that at 6.76 percent?

Mr. Stone:

That's an average.

Mr. Givens:

Do these all have the same rate?

Mr. Stone:

The rate changes on a yearly basis. That is on an average for the twenty years.

Mr. Givens:

It appears that the City of Pittsburgh is going into a contract and my question is, are all these other bonds that are issued by the City of Pittsburgh, wouldn't they fill in that particular interest rate if it is going to be 6.76?

The Chair:

What blanks are you talking about?

Mr. Givens:

Section 4 in the ordinance. If it keeps going on where it is getting down to \$5,000, where they give the date and time, etc., doesn't the Administration and the Treasurer have to sign it? I am assuming the blank is for the rate.

Mr. Stone:

Mr. Givens, if you look on Page 2, I just want to explain this. The interest rate changes in the years, and it averages out to 6.76 so this makes the bonds available in different denominations but the interest rate will not change.

Mr. Givens:

It would still be at 6.76?

Mr. Stone:

The overall average.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

------	---	------	------

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Givens presented

No 1079 Report of the Committee on Public Safety for July 21, 1976, transmitting one ordinance to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 809. An Ordinance entitled, "An Ordinance GOVERNING the existence of a minimum 1,500 Uniformed Police Officer Force of the Department of Police, City of Pittsburgh."

Which was read.

Mr. DePasquale:

I would like to make a comment in regards to the bill. My concern is about the patrolmen here in the City of Pittsburgh. I wonder if we couldn't have a trial period of the beat patrolmen in the subsection of North Side. Somewhere in the City we should have a 60-day trial period of beat patrolmen.

Mr. Lucchino:

Before I vote, I would request that the remarks I made at last Wednesday's Committee Meeting be inserted rather than repeat them now.

"Mr. Chairman, I have a very difficult feeling, and my feeling with this bill is I clearly believe from everything that I have heard so far, that the City of Pittsburgh needs additional police officers.

The biggest problem is we are going about it in the wrong way to accomplish a goal.

I will submit to you that in 1966 at No. 9 Station there were 134 uniformed police officers. As of May 19, 1976, there were 134—which is exactly the same amount of police as they had in 1966. The fact is,

that even adding 100 or even 200 more police officers in the next two years, it would have 'a very minimal effect on crime.' Will it mean any more than one officer per precinct per shift? Can it mean any more when you begin to divide them among other branches, and is that going to have an impact on crime? Should we sacrifice an essential principle involved for this minimal effect? The principle involved is that distinction between the Office of the Mayor and of City Council. I value my colleagues opinions and I can understand their desires, but the City Charter has put a great deal of power in the Office of the Mayor and the people of this city count on a strong and organized government. Good or bad, that is the system that we have and I believe it is a good system. There are certain powers which we as a collective body cannot effectively or realistically carry out. They can only be carried out by the Executive Branch of the Government.

"You may not recall this but a little more than eight months ago City Council recognized and ratified the Fire Fighters collective bargaining—Section 4 of the agreement. The Fire Fighters recognized it also because they voted for it. Section 4 "recognizes the sole discretion of the Mayor and the Chief to determine vacancies and to fill vacancies in accordance with the needs of the Bureau of Fire as determined by the Mayor," were the words which the Fire Fighters revert to when they came before this Council to avoid having a lot of discussion on it. We voted on it because we recognized it, but we shouldn't ignore the powers that the chief executive has in this city.

"We are the body that has a great deal of difficulty in saying no and that is because we are a collective body. That judgement is vested in the corner office of power—the Mayor. The people of this city have an opportunity every four years to vote for one individual and when I speak of that, I am talking about the Mayor. I don't think we should delete the responsibilities of Council and the responsibilities of the Mayor by passing a bill like this.

"I will close by saying that I wish there were some way I knew of to remedy this situation because we can't disrupt this delicate balance between Council and the Mayor and still get additional police officers which I heartily believe we need them. There are more principles involved in this one bill and we are getting into collective bargaining. That is not our function--that is the Mayor's, but if someone else knows some other way to suggest a manner by which we can get additional police officers, I will be happy to vote for it. I just believe that although the effort is necessary and sincere, you are attempting it in the wrong way."

Mr. Stone:

I likewise request that the remarks I made at last Wednesday's meeting also be inserted here.

"Mr Chairman, since I have been on City Council, I have had an opportunity to listen to the Administration, particularly the Mayor, indicating his philosophy on this. I have also had an opportunity to listen to the citizens of the City of Pittsburgh complaining about the lack of police protection. I personally think that the streets in this city aren't as safe as we would like them to be. We should stop comparing ourselves with other cities and begin to ask ourselves if we're doing the best job we can. I don't look upon police protection as a luxury. It's an essential service, and I think people are willing to pay for it."

I would just like to make a slight summary. We ought to be saying that contrary to the editorial that appeared in the newspaper, we didn't overact because of the Northview Heights situation. If I recall correctly, we voted on this matter somewhere around 10:30 in the morning and the Northview Heights citizens never came until 2 in the afternoon.

In addition to that, this situation has been going on for the past four years that I know of, and the majority of the citizens contend that the City of Pittsburgh's

streets are not as safe as some of us would like to believe they are and I think we ought to get away from that contention; they are safe when they are not. The citizens' groups are telling us that they can't walk the streets and are being victimized by clubs. Many places in these areas have got to use their own method for protection. I think the citizens are being denied the protection that they are entitled to and on that basis I vote, "Aye."

The Chair:

It is a tough vote for all of us to direct the Mayor to do anything. I am casting my vote because I feel this is a need rather than the principles involved here and I vote, "Aye."

Mr. Lucchino:

Not to debate on the bill, but I just want to respond to Mr. Stone's remarks.

I just have a different point of view from what Mr. Stone says in regard to the safety of the streets. I think that a lot of fear is the conception that people have. I have walked on all the streets and in all the sections in the daytime and nighttime and I don't think there is a reason for alarm. I think that at some point you do have to consider what other people from other cities say when they come back to Pittsburgh and visit and continue to talk about the safety of the streets. I think it is worthwhile to promote the safety that we do have on the streets. There are a lot of people who lock their doors because they fear of what is going to happen if they don't, and I think that they have hit some of us with the idea that it is not safe to go out. Now, there is no one on the streets but there is no good reason not to be on the streets. I think we ought to emphasize that. I haven't seen or heard from anyone who is in any authority to speak on this subject that has said it is not safe.

Mr. Stone:

I happen to live in the South Side of the City of Pittsburgh where the main ar-

tery is Carson Street—the main artery is Carson Street. I have indicated there is a druggist there who bolts his doors after letting only one customer in at a time. Where are the police in the South Side? There is a tavern four doors away from the drug store where the owner has a German Shepherd and a gun before he engages in his business within the City of Pittsburgh. We have heard the Northview Heights people indicate that they don't have enough police in that area. We have heard the Hill District residents say to us it is about time you clean some of our streets like you have in the other areas. We have heard about the problems in the Homewood and West End areas as well.

I think we should quit masquerading by saying the streets in this city are safe when they are not and for us to believe that they are is even worse. It took us four years to pass a bill when all we kept losing was 60 to 70 policemen a year. In 1974, the Mayor said we should have 1500 men. He still doesn't believe today that he had said that, and it is a tragedy that it is not known what is really happening and what is not happening.

We have set up this time table gradually, but remember, we actually said that Council committed ourselves to 1500 men. Now, until we have 1500 men, we are in effect saying that we are not up to the standards, and I would be the last person to sit here, as we have so far, and say to the old-timers that you can't walk the streets. I think it is about time that we not ignore them!

Mr. DePasquale:

I don't want to get into debating on the subject, but I question the remarks of Councilman Lucchino about the streets being safe. I never thought I would live to see the day that I would be ashamed to actually walk on Forbes Avenue. I have been in Philadelphia, Baltimore, and Boston, and the Boston sections aren't any worse than ours. It's a fact, 20 some years ago I would walk on the streets any time of the night and it was safe. I would

suggest that Councilman Lucchino look in to the emergency rooms of the hospitals at 2 or 3 o'clock in the morning and see how many cases are brought in. All we are asking is to beef the force up to 1500 men for a period of three to four years and I don't think that is too much to ask.

Mr. Givens:

Mr. President, on May 7th a public hearing was convened as a response to the many pleas of neighborhood organizations, informal groups, and individual citizens asking for more police protection.

From this public advice and that of my colleagues, I introduced Bill No. 809 which would establish a minimum of 1,500 uniformed officers for the Pittsburgh Police Department.

In accordance with the Home Rule Charter, the ordinance was given to the Mayor for recommendations before any council action was taken.

On Monday of this week, the Mayor issued his recommendations and reasonings. It is my belief, as I demonstrated at the public hearing, that the Mayor's position is based on faulty analysis and misconceptions.

In Paragraph 2 of the Mayor's response, he contends that Pittsburgh ranks high in its ratio of police to population. But he compares national figures and ignores regional grouping. When comparing Pittsburgh to other large cities in the Middle Atlantic states of New York, New Jersey, and Pennsylvania, our city does not have a high ratio of police to population — 4.0-2.6.

In Paragraphs 3 and 4, the Mayor writes of the low crime rate in Pittsburgh. Yet, the number of crimes in Pittsburgh continues to rise annually since the police force fell below 1,500 officers in 1973.

In Paragraph 7, the Mayor contends that his office has the sole authority and

responsibility for the manning of the Department of Police. But I counter that when the public safety is involved the very lives and property of our citizens, this council has a duty, as provided in Section 208 of our Home Rule Charter, to offer its guidance.

The Mayor explains, in Paragraph 9 of his letter, that there is a point of diminishing returns when expanding the police force. The data and figures indicate that this point was reached in 1973 with the force at approximately 1,500 officers. Mayor Flaherty himself characterized 1,500 police officers as the optimum during the 1975 budget hearings.

In the conclusion of his correspondence, the Mayor asserts that the appropriate time for manpower deliberations is during the 1977 budget review. But this ordinance was written because of the Mayor's failure to honor his own budget judgments and those of this council. The Administration's policy of padding the budgeted personnel with no intention of full hiring is clearly evidenced. Waiting another time for the Mayor to elude commitment with unkept promises is no way to insure the safety of the people of Pittsburgh.

Mr. President, the main point that I want to bring out is that the last class at the Allegheny County Police Academy will begin September 13 until the first of the year. And until that time the Mayor has to decide whether to comply with the ordinance or not. If not, then Council will have to consider legal action.

Mr. Lucchino:

It is extremely difficult to remain silent on this subject because it gives the intention that you agree with the people. I don't mean to prolong this, but I would suggest to you that after this bill is passed and if it is fully implemented, to visit that store where the man has a German Shepherd and see if he gets rid of the dog. I really don't think he will. We are always going to have problems just

like any other city has and it will never cease. These problems aren't city-wide, they are nation-wide if not world-wide.

All I am suggesting is that it doesn't do us any good to continue to promote the idea that you can go on our streets and not be victimized. That isn't the fact. The police are the last area to deal with this problem. All I am suggesting is that we ought not to promote the idea that the streets are unsafe, but not to cover it up either.

The Chair:

I agree that we do have safe streets in this city and I think we want to keep it that way.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne	Mrs. Masloff
Mr. DePasquale	Mr. Stone
Mr. Givens	Mr. Caliguiri
Mr. Lally	(Pres't pro tem)

Ayes 7 Noes 1

(Mr. Lucchino Voting "No")

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Lally presented

No. 1080. Report of the Committee on Lands and Buildings for July 21, 1976, transmitting two resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 992. A Resolution AUTHORIZING the proper officers of the City of Pittsburgh to sell a portion of land being a 5 ft. strip (approximately 250 sq. ft.) on Tunnel Street, being Part of Block 2-F, Lot 290, 2nd Ward, to Prudential Realty Company, for the sum of \$3,000.00.

Which was read.

Ayes 8 Noes none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

MOTIONS AND RESOLUTIONS

Mr. Givens:

I would like the City Clerk to get in touch with Mr. Glenn Cannon and Mr. Findley on the subject of Baxter's emergency vehicles that we have, and also Chief Kennelly and Mr. Imhoff of Building Inspection. I also ask that Director Hess might be here and the subject will be Highrise Building Code. I would like to know why this high-rise code never came before this Council and what is the present status of it.

Mr. Stone:

If I may, I happened to read an article that appeared in one of the local newspapers relate to Dr. Joseph Finegold who was fired by the Stadium Authority. I think he has earned a good reputation for carrying out the work, and I had made a remark of the lack of proper, adequate medical assistance during the rock festivals at the Stadium. I think we ought to have him in at this time to find out what the problem is and ask why he is not totally satisfied with Three Rivers Management. After Dr. Finegold, we don't have a replacement and I think we ought to check it out. I would also request that Mr. Colby and Mr. Portman be present at Wednesday's meeting.

The Chair presented

Bill No. 1081. WHEREAS recent decisions by the Federal Communications Commission with respect to regulation in the telephone industry have raised serious questions relative to the long-term effect of increased competition on the cost of private telephone service for homeowners; and

WHEREAS some industry officials predict that monthly rates for home phones could increase by as much as 75% because of the loss of higher revenue producing telephone services to independent equipment manufacturers and service companies; and

WHEREAS at the same time, independent equipment manufacturers and service companies maintain that increased competition can result in lower cost and improved service to the consumer; and

WHEREAS a bill dealing with the question of competition versus regulation in the telephone industry known as the "Consumer Communications Reform Act of 1976" has been introduced recently in the Congress of the United States; and

WHEREAS the question of competition versus regulation in the telephone industry is an admittedly complex one and deserves a full public hearing before decisions are made which can affect the cost and quality of phone service for all Americans; and

WHEREAS, numerous organizations and agencies across the nation, such as the Pennsylvania General Assembly, Philadelphia City Council, Pennsylvania Federation of Women's Clubs, International Brotherhood of Electrical Workers, Communications Workers of America and Pennsylvania Association of Older Persons, have called upon Congress to address this complicated and far-reaching issue.

THEREFORE BE IT RESOLVED

That this Council hereby requests the Congress of the United States to hold public hearings on the proposed "Consumer Communications Reform Act of 1976" as quickly as possible so all interested parties will have the opportunity to present their view; and

BE IT FURTHER RESOLVED

That certified copies of this Resolution be sent to the President Protempore of the Senate, the Senators from Pennsylvania, the Speaker of the House of Representatives and Members of the House from Pittsburgh.

Which was read.

Mr. Coyne moved

The adoption of the resolution.

Which motion prevailed.

Mr. Caliguiri:

Ladies and gentlemen, the reason this bill is before you is that communication is such a vital thing for all of us and Congress has a bill also. This is merely asking them to hold a public hearing.

The Chair presented

Bill No. 1082. WHEREAS, the Pittsburgh Order of Vexillology is the world's first local organization devoted to the science of vexillology - the study of the history, symbolism and usage of flags; and

WHEREAS, during this bicentennial year, the Pittsburgh Order of Vexillology will operate a series of programs and events to make people more aware of the importance of flags and the role they play in the history of this nation, including a traveling Bicentennial Flag Exhibition, a special display of historic flags at the White House, a series of articles on Revolutionary War Flags and a Flag Loan Program for area organizations; and

WHEREAS, the Pittsburgh Order of Vexillology is now making plans to celebrate Vexillology Week from August 8 15, 1976.

THEREFORE BE IT RESOLVED

That this Council hereby commends the Pittsburgh Order of Vexillology for the unique contribution which it is making in the field of historical research through the study and preservation of flags; and

BE IT FURTHER RESOLVED

That City Council wishes the Pittsburgh Order of Vexillology "good luck" in all of its many endeavors and urges the citizens of Pittsburgh to participate in the events and programs of Vexillology Week.

Which was read.

Mr. Coyne moved

The adoption of the Resolution.

Which motion prevailed.

Mr. DePasquale moved

That Mr. Mason be excused for absence from this meeting.

Which motion prevailed.

Mr. DePasquale moved

That the Minutes of Council of Monday, July 19, 1976, be approved.

Which motion prevailed.

And on motion of Mr. Stone,

Council adjourned.

Resolution approving Contract for Disposition of Land by between the Urban Redevelopment Authority of Pittsburgh and Iburia Scott, in connection with the sale of Block 174F Lot 118, 13th Ward, it being in substantial conformity with the terms and conditions of the Residential Land Reserve Fund Cooperation Agreement.

Which were severally read and referred to the Committee on Planning and Redevelopment.

Mr. DePasquale presented

No. 1121. Resolution amending Resolution No. 526, approved July 12, 1976, entitled, "Providing for a contract or contracts and Agreement or Agreements for the performance of off-site work in connection, with the Glen-Hazel Housing Development; creating a special Trust Fund in connection therewith; and providing for the payment of the cost thereof;" and to include Project No. (PW 76-37).

Which was read and referred to the Committee on Public Works.

Mr. DePasquale:

Mr. President, Director Hess brought to my attention with regard to the Resolution No. 526. There was a mistake made with regard to the bank doing business with the city. It is not the Pittsburgh National Bank. It is the Mellon Bank; other than that there is no change.

Mr. Caliguiri:

See that the bill comes back to us on Wednesday.

UNFINISHED BUSINESS

The Chair presented

Bill No. 1002. Resolution THAT the appointment by the Mayor of James L. Kristiansen of 3060 Marshall Road, Pittsburgh, Pennsylvania, 15214 be and the same is hereby approved and confirmed as Director of the Department of Water.

Which was read.

Mr. Coyne:

Mr. Chairman, I intend to vote no on the appointment of Mr. James L. Kristiansen as Director of Water. I vote no, not because perhaps in time Mr. Kristiansen could learn to be an effective Director of the Water Department, more because the people who would teach him were applicants and others could well serve as Director within the department.

On several occasions in the absence of the past Director of Water these people have been named Acting Director by the Mayor. They had the confidence of the Mayor at that time that they were capable as Director of Water, and on one occasion an individual served 15 times over the past six years as Director of Water.

I would urge the Mayor to send to Council a nominee with at least as much experience and knowledge of the water utilities as the former Director Miller. In that way the city could avoid going backwards to a less experienced Director and naming one who will require extensive on the job training. My vote is "no."

Mr. DePasquale:

Mr. President, I voted "no." I would

like to make a few remarks with pleasure. Let that be on the record.

First of all, Mr. Kristiansen is not of the expertise. No way, no how. The thing that got me—I had to leave early, I was due in Court. I didn't hear the remarks that Mr. Kristiansen made with regard to the City of Pittsburgh's employees today putting 8 hours of work in. I worked with the City of Pittsburgh for 22 years, every division in the City of Pittsburgh, and I take offense to that remark.

Clearing up a few of his statements with regard to the amount of work that was done in those days, we put out much more work, much more efficient work, under much more pleasant surroundings, and with a smile on their face. Today the morale is down to zero.

Mr. David Warner went out to Liberty Avenue with me, we had an asphalt job to look at that was done three months before. The complete asphalt job was out. That never happened in the City of Pittsburgh until this administration came along. So, I say, we put in 8 hours and we did better work, and we did it with much better morale than Mr. Kristiansen said.

I would like to add one other thing. There is definite proof, although the parties involved would not give their names, that they were being coerced. They were told to get their applications out of there, we don't want you, we want Mr. Kristiansen, and that's the way it is going to be. The administration was not going to let anyone apply in no way, form, or shape.

Mr. Givens:

Mr. President, my vote is also "no" for some of the reasons stated previously. Primarily, I think we have to look up another subject coming up later in the Mayor's bill on the Civil Service Commission.

Mr. Caliguiri:

The Appeals Board.

Mr. Givens:

Within that personnel system they are supposed to be promoted on merit and on-the-job training, etc., along with the ability and seniority. All these conjectures are my reasons behind Mr. Kristiansen and my vote against Mr. Kristiansen, his position, and from the fact we do have qualified people within our Water Department. In keeping with the interest and hope of the personnel system, people will be promoted predicated upon their experience and achievements that they have done while working for the City of Pittsburgh.

Mr. Lally:

Mr. Chairman, for the reasons previously stated by Councilmen Coyne, DePasquale, and Givens, I feel that the position should be filled from the ranks of the Water Department and for that reason I emphatically vote "no."

Mr. Lucchino:

With regard to Mr. Kristiansen's appointment, it seems to me that there are three separate issues involved. Council has got to make a decision. Firstly, is Mr. Kristiansen a competent individual to act as Director of the Department of Water. The only evidence that we have is his speech that he presented on Wednesday, as well as the resume submitted by him, and there was no one that apparently contradicted Mr. Kristiansen's competency. So, I think the record is clear that as far as Council is concerned he is a competent individual to carry out the Director's responsibilities.

The second question is has Mr. Kristiansen, and I believe this is a serious one, adversely affected the morale of the department in which he is now acting, has this affected his administrative capabilities. That was leveled against him. But, there was never any evidence presented with regard to the morale factor. I specifically asked Mr. Kristiansen that question, hoping to get some discussion

about that subject, that someone could come forward and present instances where Mr Kristiansen adversely affected the morale so that the people cannot perform; if that was the case. No one presented this to us at Wednesday's hearing, which was the appropriate time.

The third is against the basic problems that Council continues to mix up the role of Council and the role of the Mayor. Our responsibility is to confirm appointments from major departments, not to be part of the selection process. I think this Mayor or any Mayor has the right to choose Directors of the major departments so long as they are competent. I think it was clearly pointed out that there are other people in the department with more experience, and perhaps if one of us were making that decision we might have chosen someone within that particular department. But, again, that's not our decision. That is clearly an executive decision to be made by the Mayor to determine who will be one of his department heads of a major administrative department.

I don't see how my vote could be anything other than "yes" in my role as a member of Council to confirm Mr. Kristiansen. I in fact vote "yes."

Mr. Coyne:

I would just like to respond to Mr. Lucchino on two points. With regard to the idea of competency, one of the things that you have to look at in determining whether a person is competent is the experience that that person has. I don't doubt for one minute that Mr. Kristiansen is a competent person. The question before Council though is whether he is competent to direct the Department of Water. The lack of experience and Mr. Kristiansen's resume, with regard to having ever worked within a Department of Water, except for the Department of Water in the City of Pittsburgh for a very short period of time, leads me to conclude that he isn't the most competent person for the job.

As far as the role of City Council denying confirmation of him, the very idea of Council being called upon to confirm or deny is evidence to me that we do have the power to either accept or reject the appointments of the Mayor.

Mr. DePasquale:

I think Mr. Coyne answered rather well. I am curious that Mr. Lucchino feels that we do not have the power to select a director of any department. We have that right. Also, let's not be childish. No one is going to come in here to confront Mr. Kristiansen and stand in jeopardy of losing their job. Who is kidding who? What party is going to walk in here and then remain on the job? It would last about three minutes. Let's not kid each other.

Mr. Lucchino:

Just to respond to Mr. DePasquale. Since we were asserting that Mr. Kristiansen was affecting the morale in Public Works—he did not make any suggestions of any instances where some employees said my present boss shouldn't be appointed. I would like for a person to show how he is adversely affecting the morale and to tell us how that is occurring, rather than just saying they are bad for morale. I was looking for someone to show instances, not names, that would lead back and show that he was adversely affecting the morale in the department. Were that shown, it would cause me to vote no, but I can't substantiate and speculate. The time was on Wednesday. Nobody asked him any questions about any morale situations.

With regard to confirmation, our power to confirm, absolutely we have the right to deny appointments. I have voted against appointments of the Mayor. But, I believe in this instance we just can't be arbitrary just because we don't like Mr. Kristiansen and we like somebody else better. I think that's clearly the issue, not that somebody else is more likely to be better for the job or that the Mayor has deleted somebody that can carry out the job.

Mr. Lally:

I answer to that question that was asked of Mr. Kristiansen about the morale. That was asked of him.

Mr. Lucchino:

I asked it.

Mr. Lally:

He didn't know the answer to it.

Mr. Lucchino:

It was brought up on Wednesday, and I asked if there is any instances where we can rely on other than speculation.

Mr. DePasquale:

Whoever brings it up would be a hung man.

Mr. Lucchino:

Mr. Kristiansen cannot cut any members of Council. I didn't ask for a worker. I asked if any member of Council could show any instances where we could rely on and not be expected to speculate. No member of Council came forward. Nothing; silence.

Mr. DePasquale:

I wasn't here that afternoon. But, if you want an instance, I know of an employee who stopped in at Isaly's to get a drink, and was in there only two minutes, and by the time he came back to the truck he was suspended.

Also, with regard to Mr. Kristiansen, I understand he is responsible for the mess on Campus Street. Not only do I feel he is not qualified to be the director, but I recommend that he be fired.

Mrs. Masloff:

I vote "no" for the reasons that were previously stated by Mr. Coyne.

Mr. Caliguiri:

I vote "no," and let me say that it is certainly clear that the Mayor should and will continue to have the right to submit names to us. I don't know that any of us voting think that somebody else is more competent. That may well be. However, there is no doubt that the Mayor has that right, and I believe he should continue to have that right. I hope that the Mayor will come back with another name as quickly as he can, and a person of his choice.

My reason for denial is that there is no doubt that members of Council feel very strongly about Mr. Kristiansen. I think that it is a very important academic ability that the Director of a major department should have. He should be able to get along with members of Council who pass legislation, even more important than that, in this case he should be able to get along with the citizens of this city. A number of people just this past week called me because they could not get in touch with Mr. Kristiansen. I, myself, took the time out to see what the problem was.

These types of things are my reasons for voting against him. I think it is incumbent upon the department head to not only get along with his workers and to get the work out of them, but to be able to get along with members of Council. For that reason, I cast a "no" vote.

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Noes:

Mr. Coyne	Mr. Lally
Mr. DePasquale	Mrs. Masloff
Mr. Givens	Mr. Caliguiri
	(Pres't pro tem)

Noes	6	Ayes	one
		(Mr. Lucchino voting "Aye").	

And there not being a majority of the votes of Council in the affirmative, the appointment of Mr. Kristiansen was disproved

MOTIONS AND RESOLUTIONS

Mrs. Masloff:

Mr. President, I move that Joseph Pois, M.D., be appointed a member of the Citizens Task Force on Refuse Disposal.

Mr. Lally:

I second the motion.

Which motion prevailed.

Mr. DePasquale:

I move that Mr. Art Davis, of the Western Pennsylvania Conservancy, be appointed a member of the Citizens Task force on Refuse Disposal.

Mr. Lally:

I second the motion.

Which motion prevailed.

Mr. Caliguiri:

That completes the Task Force Committee.

Mr. Lally:

Do you have the exact number down there?

Mr. Caliguiri:

We have nine. If anybody has somebody that they feel has information concerning this, they can come before this Task Force Committee.

Mr. Lucchino:

Mr. Chairman, here is two matters. One is Rosemary D'Ascenzo, the Chair-

man of the City Planning Commission. She sent a letter to all members of Council, and I felt that maybe we should think about it. The high-rise in the Grandview Avenue area—I know members of Council who were on Council a year ago when we had this debate will remember that there was a great deal of controversy about that Grandview High-rise.

What apparently has occurred now is that the original developer who showed us the plan for this 14 story building has now decided that he is not going to go ahead with this development. The development is not intended to be carried over by another individual by the name of Marvin Elman who has put other buildings on the city. There is being considerable unhappiness among the community in Mt. Washington about this new development proposal. In fact, they spoke against it at the Planning Commission's hearing. I know that Mr. D'Ascenzo and Mr. Paternoster feel that this is an unusual circumstance and are looking for our point of view on this. We approved the zoning change to "AP", which now means that the only thing left to be done is for the Planning Commission to approve the site plan. Unfortunately, what occurred is that the original developer went out of the window on the site plan that we saw and approved for zoning, and this is not the zoning they are now proposing; not even the same developer, architect, everything has changed. Now, clearly the zoning stands changed to "AP", and the Planning Commission wants to know whether we think the new proposition comes within the guidelines that we passed. They are looking for some direction from us. I don't really know how we can go about in approaching this. We can give them our feelings, and maybe come up with eight different feelings.

I move that Director Paternoster come on Wednesday to explain to us the new proposition to members of Council. I know there was solid community opposition to this new proposal and a lot of it may have had to do with the proposed developer, because at the public hearing they were really pointing out previous

developments of this particular developer.

Now, the whole basis of their objections are not entirely clear to me, but one thing is clear, and that is that the Planning Commission's hearing will be before us on the 10th of next Tuesday.

Now, how do we feel about this?

Mr. Caliguiri:

We will have Director Paternoster here before us on Wednesday to find out what alternatives we have and possibly then have the developer to show us also.

Mr. Lally:

Is this the same scab builder that is putting this building up there now with the nine basements?

Mr. Lucchino:

Without any reference being made to the adjective preceding the developer's name, this is the same developer.

Mr. Lally:

That's what we call him in the labor movement.

Which motion prevailed.

Mr. Caliguiri:

I would then like to have Director Paternoster here on Wednesday to explain the situation and what step we might take. We have an August 10th deadline.

Mr. Lucchino:

I received a mailogram from the Shadyside Action Coalition with regard to the Liquor Control Board hearing on the Fantastic Plastic next Tuesday. But, the essence of the Mailogram is that the city's Law Department is not willing to cooperate with the community. They are trying to coordinate their options to the transfer of the Liquor Control Board's

lines to the transfer being on Centre Avenue.

I received this mailogram this afternoon and have to determine whether Mr. Pellegrini in the Law Department has in fact cooperated with the community. In having some answers from the Law Department as to their intentions to cooperate, they will be able to present one unified case as opposed to going both in different directions. It doesn't make sense that the Law Department doesn't want to cooperate with the community since their feelings on the issue are mutual.

Mr. Caliguiri:

When?

Mr. Lucchino:

There is a hearing next Tuesday, Liquor Control Board, in the State Office Building. The community is having a meeting this evening.

In fairness to Mr. Pellegrini, this is just their statement that he would not meet with them to discuss the city's intentions. There just doesn't seem to be any reason why he shouldn't meet with them or some representative of the community.

I move that the Law Department contact the Shadyside Action Coalition's representatives and attempt to work out some mutual legal opposition to the proposed liquor transfer to Fantastic Plastic.

Mr. Caliguiri:

Just meet with them?

Mr. Lucchino:

That's all they appear to be requesting is a meeting.

Mr. Lally:

I second the motion.

Which motion prevailed.

Mr. Caliguiri:

Mr. City Clerk, would you make a copy of that letter and send it down to Mr. Pellegrini along with a phone call indicating that motion was made as to merely meeting with the citizens group.

Mr. DePasquale:

To get back to the high-rise, is this where the developer has been changed? Do they have to resubmit?

Mr. Caliguiri:

If they have changed significantly from the original plan. That's the point of question. Have those plans been changed significantly?

Mr Lucchino:

The problem is that they will never have to come back to us. They already changed the zoning. The zoning stands changed. We approved the zoning change and they never have to come back to us.

Mr. Depasquale moved

That Mr. Stone and Mr. Mason be excused for absence from this meeting.

Which motion prevailed.

Mr. Lally moved

That the Minutes of Council of Monday, July 26, 1976 be approved.

Which motion prevailed.

And motion of Mr. DePasquale,

Council adjourned.

REPORTS OF COMMITTEES

Mr. Coyne (for Mr. Caligiuri) presented

No. 1161. Report of the Committee on Finance for August 4, 1976, transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 807. A Resolution entitled, "Providing for the hiring of a professional consultant qualified to evaluate fleet operations and to evaluate the Bureau of Automotive Equipment, an agency of the Department of Supplies."

(As amended in Committee)

Which was read.

Mr. Givens:

I move to amend Bill No. 807, but the change will not affect the actual bill itself. The third "whereas" which reads, "Article 3 Section 310a empowers Council to employ consultants." I move that be scratched and in Section 1, to change the word, "Council" to "Controller."

Mr. Lucchino:

I second the motion.

Which motion prevailed.

Mr. Stone:

I agree with the intent, but I don't think that City Council should do it. I am questioning the procedure now. I am wondering if we could transfer the money to the Controller's office and for him to make the legislation.

Mr. Lucchino:

Mr. Stone, it is in there.

Mr. Givens:

We had that discussion on Wednesday. The money from Council's account would be transferred, and that is what we are doing.

Mr. Stone:

Let me see if I understand you clearly. City Council has nothing to do with this, we are giving money to the Controller? The controller is going to do what he wants to do?

Mr. Givens:

Right.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne	Mr. Lucchino
Mr. DePasquale	Mrs. Masloff
Mr. Givens	Mr. Stone
Mr. Lally	Mr. Caliguiri
	(Pres't pro tem)

Ayes: 8 Noes none

And a majority of the votes of Council being in the affirmative, the bill, as amended, passed finally.

Also,

Bill No. 966. A Resolution entitled, "Transferring the sum of \$90,200.00 from Code Account #42-6 Contingent Fund-Civil Service Commission, Salaries-Regular Employees to Code Account #1099, Salaries, Regular Employees, Civil Service Commission."

Which was read.

Also,

Bill No. 1083. A Resolution entitled, "TRANSFERRING the aggregate total of \$22,000.00 within code accounts of the Department of Law."

Which was read.

Also,

Bill No. 1084. A Resolution entitled, "PROVIDING for an Agreement or Agreements for consulting services in connection with pursuing public works projects and developing of other federal aid programs, and providing for the payment of the costs thereof."

Which was read.

The titles of the bills were read and agreed to.

The bills were read on final action.

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne	Mr. Lucchino
Mr. DePasquale	Mrs. Masloff
Mr. Givens	Mr. Stone
Mr. Lally	Mr. Caliguiri
	(Pres't pro tem)

Ayes: 8 Noes none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Stone:

I would like to comment on Bill No. 1084. This is the one dealing with the consultants relative to the Public Works projects. As I have indicated, I am in favor of this with these comments. I am questioning as to what happened to the Mayor's Office personnel, when in the past five years are being paid to do this kind of work. Why did we hire them in the first place if we are going to bring someone from the outside to tell us what is available?

Also,

Bill No. 1085. A Resolution entitled, "PROVIDING for the filing of an application by the City of Pittsburgh with the United States Department of Commerce for a grant in connection with the Local Public Works Employment Act of 1976 providing for the execution of Grant Contracts and for the filing of requisitions and other data; approving the Local Public Works Employment Act of 1976; providing for required assurances; providing for execution of payment vouchers on Letter of Credit and for certification of authorized signatures; creating a Special Trust Fund in connection with the Project; and providing for the deposit of funds in bank account."

Which was read.

Mr. Stone:

Mr. President, I would like to go to Bill No. 1085. It is my understanding that we should be aware of the priorities, but the application has not been presented as yet and we don't have a form of it. I have been vocal on this subject before, particularly where it involves Federal applications. I think City Council ought to know this, and I would like to make this amendment if I may. In Section 2, after "The Mayor of the City of Pittsburgh is hereby authorized to file an application," I move to insert the words, "after prior submission and prior approval of City Council." Now, in order that I don't indemnify this, I don't think there should be any delay, particularly in this piece of legislation that is before us. I think it is folly for us to permit this application to go through and completely ignore City Council.

Mr. Lucchino:

I second the motion.

The Chair:

The only problem is that this is a one-shot application so to speak, on this type of Federal program. Most of these projects have to be qualified that are accepted. Most of them begin within 90 days and they are projects that are already in the Capital Improvement Project and have begun or are ready to move on. I am only concerned that this is a first-come, first-serve basis. The fact that the City is in there first doesn't mean that we will receive the most benefits. I think all of us have received a letter on this thing and I know he indicated that the monies won't be ready until September or October.

Mr. Stone:

The way I am amending this is to have City Council approve it first before the Mayor files an application in the form that is required and then to give us a copy. If it is necessary, to send a letter of intent so there shouldn't be a delay.

I think we are oblivious to the fact that this Administration has never filed any application, and to consistently authorize them to go ahead—if that is what you want to do, fine. But I think I have been vocal on this many, many times that I am opposed to this.

The Chair:

I realize this is a two or three or four-year program and it is one shot., Mr. Stone.

Mr. Stone:

I think we ought to see it before we buy it.

Mr. Lucchino:

In the past the administration has submitted applications without our approval and with a note on the applications that it is formal, pending City Council's approval.

The other point is, he says strongly to seek immediate priority approval for filing applications, and Joe Rodgers can seek approval. I think we ought to urge him through this discussion this afternoon and the discussion we had on Wednesday, to file a letter listing priorities with the Department of Commerce to go ahead and get approval.

And the roll being called on the motion to amend Bill No. 1085, the ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne	Mr. Lucchino
Mr. DePasquale	Mrs. Masloff
Mr. Givens	Mr. Stone
Mr. Lally	

Ayes: 7 Noes one (Mr. Caliguiri voting "No")

And a majority of the votes of Council being in the affirmative, the motion to amend prevailed.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne	Mr. Lucchino
Mr. DePasquale	Mrs. Masloff
Mr. Givens	Mr. Stone
Mr. Lally	Mr. Caliguiri
	(Pres't po tem)

Ayes: 8 Noes none

And a majority of the votes of Council being in the affirmative, the bill, as amended, passed finally.

Also,

Bill No. 1093. A Resolution entitled, "Authorizing the Mayor to Issue and the City Controller to Countersign a Warrant in favor of Graphic Products, in the amount of Four Hundred Forty Six Dollars and Sixty Nine Cents (\$446.69), in payment for repairs to a Micro Film Camera, without previous authority of law, and providing for the payment thereof."

Which was read.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne	Mr. Lucchino
-----------	--------------

Mr. DePasquale Mrs. Masloff
Mr. Givens Mr. Stone
Mr. Lally Mr. Caliguiri
 (Pres't pro tem)

Ayes: 8 Noes None

And there being two-thirds of the votes of Council in the affirmative, the bill passed finally.

Also,

Bill No. 1095. A Resolution entitled, "TRANSFERRING the sum of \$30,000.00 from Code Account No. 42-3, Contingent Fund, Emergency Medical Services, as follows:

\$17,000.00 to CETA Trust Fund
\$13,000.00 to CETA T-6 Trust Fund

Which was read.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne Mr. Lucchino
Mr. DePasquale Mrs. Masloff
Mr. Givens Mr. Stone
Mr. Lally Mr. Caliguiri

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. DePasquale presented

No. 1162. Report of the Committee on Public Works for August 4, 1976, transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1121. A Resolution entitled, "AMENDING Resolution No. 526, approved July 12, 1976, entitled, 'Providing for a contract or contracts and Agreement or Agreements for the performance of off-site work in connection with the Glen-Hazel Housing Development; creating a special Trust Fund in connection therewith; and providing for the payment of the cost thereof;' and to include Project No. (PW76-37)."

Which was read.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne Mr. Lucchino
Mr. DePasquale Mrs. Masloff
Mr. Givens Mr. Stone
Mr. Lally Mr. Caliguiri
 (Pres't pro tem)

Ayes: 8 Noes none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Stone:

I would like to see that when we are dedicating some project, that somebody check with Council's calendar to see what our schedules are so we can all be present.

Mrs. Masloff presented

No. 1163. Report of the Committee on

Public Service and Surveys for August 4, 1976, transmitting two resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1113. A Resolution entitled, "VACATING Gatewood Way between Butler Street and Baker Street, in the Tenth Ward of the City of Pittsburgh, excepting and reserving an easement for the 15-inch sewer line located therein."

Which was read.

Also,

Which was read.

The title of the bills were read and agreed to.

The bills were read on final action.

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law and were:

Ayes:

Mr. Coyne	Mr. Lucchino
Mr. DePasquale	Mrs. Masloff
Mr. Givens	Mr. Stone
Mr. Lally	Mr. Caliguiri
	(Pres't pro tem)

Ayes: 8 Noes none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Stone presented

No. 1164. Report of the Committee on Planning and Redevelopment for August 4, 1976, transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1116. A Resolution entitled, "PROVIDING for an Amendatory Cooperation Agreement with Urban Redevelopment Authority of Pittsburgh for acquisition for certain properties in the 16th and 17th Wards for South Side Park in the Project 70 Program, (A/K/A Project 500); setting forth source of funding; repealing Resolution No. 405 of 1976."

Which was read.

Also,

MOTIONS AND RESOLUTIONS

The Chair presented

Bill No. 1168.

Pete Flaherty, Mayor

City of Pittsburgh

August 6, 1976

President and Members of Council
510 City-County Building
Pittsburgh, Pennsylvania

Dear Gentlemen and Madame;

I am forwarding a Resolution for the appointment of Mr. John C. Miller as Director of the Department of Water.

Very truly yours,

PETE FLAHERTY

Which was read, received and filed.

Also,

Bill No. 1169. RESOLVED, That the appointment by the Mayor of John C. Miller of 940 N. Lincoln Avenue, Pittsburgh, Pennsylvania, be and the same is hereby approved and confirmed as Director of the Department of Water.

Which was read.

Mr. Coyne:

Mr. President, normally we hold up appointments that come to us from the Mayor, but in this instance we know Mr. Miller's qualifications and the work he has done for the City of Pittsburgh, and I would like to move that we vote on the appointment this afternoon.

Mr. Stone:

I second the motion.

Which motion prevailed.

Mr. Givens:

I have one question, Mr. President. This is in regards to a letter that the Mayor had supplied to our City Clerk in regards to the appointments to the Board of Standards and Appeals. That letter was dated the 6th of August, and I have received it today, in which the Mayor said that Milt Daniels had been cleared and screened through an appropriate and professional society and recommended that this name be brought to Council for approval. And, it was to my knowledge that his individual was never recommended to the Master Builders Association, of which this opening had come from. I would also like to add Mr. Frank Schneider to the list. Both of these individuals didn't go through in accordance with City Ordinance No. 300, and I might add that one of the requirements is that the appointees be a member of the Master Builders Association of Allegheny County. Mr. Daniels and Mr. Schneider have not done that yet, and either the ordinance must be changed or they must comply with it before Council can approve them.

I might also like to mention that of all appointments that were made, there are only three on the Board right now whose terms expire in September or October of this year, and we will be looking at two more applications.

So, the result is that the Board of Standards and Appeals is almost non-existent within the City of Pittsburgh and something has to be done and done very quickly.

The Chair:

Have you checked with the two agencies?

Mr. Givens:

I have checked into this and found out that this didn't follow the procedures.

The Chair:

I ask that the City Clerk communicate that to the Mayor and to get his response to this.

Mr. Givens:

This is nothing personal against either of them, but it is the appointments themselves.

Mr. Lally:

First of all, Mr. Schneider was reappointed and he is not with the Master Builders, but he is with the Mechanical Contractors Association of Pittsburgh, which is the plumbing and heating contract on the sprinkler systems. He is also a national contractor. Because he is not with the Master Builders shouldn't have any bearing on it.

Mr. Givens:

It should be in accordance with the ordinance. That is what I am indicating.

The Chair:

They don't have to belong to it.

Mr. Givens:

Until we receive a letter back from the Mayor stating that these people did follow procedures in being appointed or selected, I still cannot see evidence to the fact that they belong to any association even though the Mayor's letter stated that they did belong to one.

The Chair:

Why don't we ask for a confirmation from the Mayor?

Mr. Givens:

We did request it, but to this date we have nothing from the Mayor.

Mr. Stone:

How much final approval does it need?

Mr. Givens:

To my knowledge, I have not received any notification that this individual has been reappointed.

Mr. Stone:

Councilman Givens, we had asked the Mayor to comply with it and he did. First of all, we approved one individual and we had put him on the board. Secondly, if you want to move this, I will second the motion.

Mr. Givens:

I move that he comply with the ordinance that we have in existence.

Mr. Stone:

Didn't he carry out what was necessary? I think we ought to take some action, and I second the motion.

Which motion prevailed.

Mr. DePasquale:

Wasn't Mr. Schneider screened the first time?

Mr. Lally:

Yes he was.

Mr. Givens:

All I am saying is that he was appointed without going through the formal procedures under Ordinance No. 300 of the City of Pittsburgh.

The Chair:

I think we ought to send a resolution to the chairman to let Mr. Schneider start serving his term on this board. Also, we ought to let the Mayor know that we have not received any notifications from those agencies that they have selected and until we do, we can't do anything.

Mr. Givens:

I would urge him to select two more until the others come up for election.

Mr. Stone moved

That Mr. Mason be excused for absence from this meeting.

Which motion prevailed.

Mr. DePasquale moved

That the Minutes of Council of Monday, August 2, 1976, be approved.

Which motion prevailed.

And on a motion of Mr. Stone,

Council adjourned.

UNFINISHED BUSINESS

The Chair presented

Bill No. 1170. Pete Flaherty, Mayor

City of Pittsburgh

August 9, 1976

Dear Gentlemen and Madame:

I hereby veto Bill No. 809 as passed by Council on July 26, 1976.

The Bill is an intrusion of the executive and administrative powers reserved to the Mayor by the Home Rule Charter.

The City Solicitor has rendered an Opinion that the Bill is illegal, and I am enclosing a copy of the Solicitor's Opinion.

Very truly yours,

PETE FLAHERTY

Which was read, received and filed.

The Chair presented

Bill No. 809. An Ordinance entitled, "An Ordinance GOVERNING the existence of a minimum 1,500 Uniformed Police Officer Force of the Department of Police, City of Pittsburgh."

Which was read.

Mr. Givens:

I move that we override the Mayor's veto of Bill No. 809.

Mr. DePasquale:

Seconded the motion.

Mr. Givens:

Mr. President, I think it has been well debated before this particular Council that the Police Department of the City of Pittsburgh in the past had some seventeen hundred police officers and is now reduced to thirteen hundred and seventy-one officers. As depicted on the board over there, the amount of crime in the City of Pittsburgh has increased. Substantially, I think this is a hard fact. I think we should ask ourselves the question, "are our streets safe, not compared to other cities, but for our people and our residents..."

We should go back over our own life time and realize what we lived under, and what our streets were like then, and what they are like now. Of course, policemen are doing more now than ever; but, at the same time, the crime rate has risen unchecked. The only way to stop this climb is to keep our force strength at some level. To be productive we would need a backup force, which we do not have in our present Police Department.

We only have 24 people right now today working in the office, in the Police Department, and all the rest are in the field. If we were to have a disaster or if anything were to happen within the city—we do not have a reserve force, other than the officers coming from some other section of our community.

As indicated before, the budget provides for fifteen hundred officers this past year. Sixth, there is \$3 million unspent money for our Police Department. Council cannot sit here and tolerate the absence of police on the streets of the City of Pittsburgh. Therefore, I move for affirmative action.

Mr. DePasquale:

Mr. Chairman, a couple of points. Federal funds were allocated for the training of 16 police officers, and this administration has already cut it down to 12. Sixteen new recruits, now down to 12, and no explanation. The sum of \$231,000 was allocated to train 16 new recruits, and now Superintendent Coll wants to cut it down to 12. We were told specifically that the money is to train and bring aboard 16 new policemen, and now down to 12. This is just another case of what the administration has been doing. They came here to Council and asked for the money, and we said it was okay. Then, all of a sudden, it is cut down to 12.

It is almost the end of the year and no policemen are hired. Big surplus, same old story. While we are on this subject, some people came in this morning, perhaps you saw them, they came in from the Hill District, and they have a very sad story to bring with regard to the passing of this ordinance.

I would like to ask if a spokesman from that area would be able to say a few words. I would like to introduce the Reverend Jessie T. Boyd. I have had the pleasure of working with him for some 20 years. He has been a reverend for the last 10 years, and he would like to be the spokesman for that group. With your permission, he would like to say a few words.

Mr. Caliguiri:

Does anybody have any objections? If not, would you please take the podium in the back and give your name and address.

Reverend Jessie Boyd:

My name is Reverend Jessie T. Boyd, and my address is 221 Dinwiddie Street in the Hill District, Pittsburgh, 15219. I am pastor of the Good Shepherd Church of God in Christ in the Hill District.

We have been working in the streets to help the dope addict, the alcoholic, and the criminals. We have been robbed four times.

When I say "we", I mean my wife and I. Her name is Clara Boyd. We work some 16 to 18 hours a day out in the streets with these individuals in the various bad sections of the Hill District, which is Centre and Kirpatrick, and also Herron and Centre Avenue. We see guns carried by some of these individuals, sometimes in shopping bags and handbags, and pistols being handed from one individual to another. We have been robbed and we see some of this going on.

We feel the need of more police protection in the Hill District. It is getting to the place where our young women and the elderly cannot walk the streets at night without being robbed. The same night that we were robbed about two weeks ago, one man was walking down the street and about five minutes later robbed an individual of \$1.40. The individual was robbed at gunpoint. This and the other things that I have mentioned is why we feel the need for more police protection in the Hill District. I am working there day in and day out with these criminals, and I see the need of this.

We have a group here with us today, Mr. Herbert Beans, Mrs. Vivian Mason, and other business people who have been robbed a number of times. Thank you.

Mr. Stone:

Mr. President, I am here today to join in the override of the Mayor's veto without hesitancy. I feel that there is a need for additional police protection. Police protection, in my opinion, is not a luxury. Especially, is this so when the major problem confronting all major cities is crime. In the City of Pittsburgh where we have an abundance of elderly people, we obviously have a greater need for police.

In this request, which we make in this ordinance, we are not asking for additional new police, which we never had before. We are asking for the return of some we had. More specifically, we are asking for a replenishment of that which has eroded through retirement, disability, etc.

Our Mayor, himself, set an optimum figure of fifteen hundred. He since then,

either suffers from a loss of memory or (lack of concern), since his recently announced departure. Our present Superintendent of Police, likewise, seems to suffer a loss of memory of his days and his experience "out in the field" as he now "poll-parrots" the administration line. He even fails to understand that an increase in crime in an increase as he attempts a rationalization of those figures which do show an increase. Those figures should alarm us, for he and we know and understand the present recording system and the added burden of reporting crime, which we now put on the victims, that those figures do not purport to reflect the true crime figure.

Interestingly, the figures set out by our Superintendent of Police are based on the five hundred thousand population in the City of Pittsburgh and we are compared to other cities; those for example, that have flat, level, straight, terrain. We have heard many, many times that "Pittsburgh is someplace special", and that includes our unique hills and dales and our lack of circuity of travel in the City of Pittsburgh. But, worse, the population of the City of Pittsburgh swells daily and we get close to the million mark, and yet, time and time again, we still say that based on the five hundred population. What about the daily influx of people? Are they not to receive protection?

I don't feel that this action we are taking today is an interference in the administration's province for the following reasons: I think the Home Rule Charter gives Council the power to set minimum standards. Also, I believe this Charter, the past Charter, and any other Charter, under its check and balance of government, provides for Council to act.

When the administration fails to act, the Legislative Branch, Council, must be responsible. This Council is not interfering in the daily administration of the city! This Council, being responsible, had appropriated the money necessary. By acting responsibly in appropriating the money, we have appropriated for a minimum standard for the city. Council in the spirit of conciliation set a gradual plan of increase in this ordinance. conciliation set a gradual plan of increase in this ordinance.

I likewise don't believe that a tax increase will result. Yearly, this city has taxed to meet its budgetary needs. In the budget there has been—and I say again—there has been sufficient monies to pay for the minimum police standards which we have set and which are set in this ordinance.

True, it will limit the size of alleged "surpluses" yearly. In business, if we get a surplus, it is creditable. But, in Government, if year after year, you get a surplus, what you really in fact have is an over charge of taxation! How can we even boast about a surplus in this city when admittedly, yearly our budget is in deficit close to \$14 million (which is our share of federal revenue sharing). It almost becomes ridiculous when you are subsidized that much money, from someone else, to claim a "surplus"!

I personally believe there are definite advantages in this legislation. First and foremost, it is to reduce crime. It is a matter essential to the present and future life of any major city on this continent today. I think we heard an example here today.

This issue is important to me! I am getting a little short fused with those people that say our streets are safe. They have policemen concentrated in the downtown business Pittsburgh area. But, a lot of businesses are in the neighborhoods of the City of Pittsburgh. We have a lot of elderly people in our housing projects and a lot of other people in housing projects and neighborhoods who are crying out for protection. I think it is time that we look at protection for the entire city, and not some segregated portion of it.

We will in time, in my estimation, be able to correct what has now become a myth, "that the streets of the City of Pittsburgh are safe"; (they are not). I have cited examples many, many times during my pursuit on this cause, police protection, these past four years, and they need not be repeated here again. I say again, the streets are not safe! I will not go into now repeating examples other than to say, that if you cannot walk a commercial area or on a main street in the neighborhoods, it is ridiculous to claim that your streets are safe. Hopefully, by acting

now, we can add truth to that myth and resolve it.

In my opinion, there is also a very definite economic consideration involved with this ordinance. Allegedly, this city and this region will be expecting something like \$60 million of convention and related business. Allegedly, it will cost an additional \$2 million to provide the necessary police protection requested here. Is \$2 million too much to spend to protect \$60 million. . What lunatic would fight those mathematics?

There is a belief that this ordinance is without effect, says our City Solicitor who repeatedly writes his legal opinions to agree with a predetermined administration desired result. I believe this ordinance has and will have effect.

There is a belief that a court battle may be eminent as a result of this. I don't believe that that is necessary, for I believe that this issue is more paramount, more important, than both City Council and the administration together.

So, is it not time for the administration to bend a little on the issue, since Council already has?

But, on the other hand, if the administration should fail to act or ignore the ordinance, which I hope will be passed today, then I feel that this Council cannot and will not shirk its duty, its responsibility to the people of this city to represent the people's needs in the hue and cry for additional police manpower; and to do whatever else is necessary to obtain it. In short, to stand up!

I speak here today with a great deal of feeling for this issue, it is a very important one to me, because I believe in this city and I love it. But, I will do whatever I can to preserve it as it should be, and that's to keep it safe!

Mr. Caliguiri:

Thank you, Mr. Stone. Any other comments? If not, the bill before you is the Mayor's veto. "Aye" to override, and "Nay"

to sustain the veto; two-thirds vote of Council is needed or a total of six.

And the roll being called the ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne	Mrs. Masloff
Mr. DePasquale	Mr. Stone
Mr. Givens	Mr. Caliguiri
	(Pres't pro tem)

Ayes 6 Noes none

And there being two-thirds of the votes of Council in the affirmative, the objects and veto of the Bill by the Mayor were overridden.

Mr. Caliguiri:

As Finance Chairman, I have heard the statement to the effect that if this bill is enacted it would cause additional monies to be added to the city budget. I might add that someone brought out in various statements that we already have money for almost fifteen hundred police officers. The bill provides that by January 1, 1977 there will be fourteen hundred uniform policemen, and by January 1, 1978, there will be fourteen hundred and fifty uniform policemen, which is still 50 less than we have allocated in the budget this year. I think that's an important figure, that it is less than was appropriated for the 1976 budget. So that means that in 1978 we are going to show fourteen hundred and fifty men.

I will be the first to submit any legislation if the Mayor in fact shows a sincere intent that he will put these men on the budget. We then can remove such legislation that mandates that these numbers be put on. But, he must first come forward and show that sincere intent.

Mr. Givens:

I would just like to add one other comment. I think it was Council's hope all along that the Mayor would show some intention of keeping this particular manpower level. If he had, this act would not have been necessary. But, as it is right now with the addition of 12 more officers, we are going to end up the year 1976 with 37 less officers than what we

started with. The addition of these uniform police officers will not cause an increase in taxes as has been indicated.

Mr. Caliguiri:

I think that a number of people feel that we are going to put fifteen hundred police officers on immediately, and that's just not the case.

Mr. Givens:

I would like to cite some excerpts to show that Council does have the authority to establish a minimum manning for the Department of Police. The Charter states: "All units of government, except those mandated by this Charter, may be established, revised or abolished by ordinance. Such an ordinance may be introduced by the Mayor or Council." The Commentary to Section 208 affirms Council's right to structure executive departments, it explains: "To provide flexibility, there is no required structure for the executive branch. With some exceptions, this is left to the Mayor and Council." The Police Department is not one of the exceptions: There is also support for Council's authority to set manpower requirements in the Second Class City Code. The Code provides that Council has the power to maintain police positions which are necessary for the good government and interest of the city. There is also support found in Case Law. The courts have ruled that the City Council possesses the power to provide for positions, where those positions are designed to protect the lives and safety of the people.

REPORTS OF COMMITTEES

Mr. Coyne (for Mr. Caliguiri) presented

No. 1171. Report of the Committee on Finance for August 11, 1976, transmitting one ordinance and sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1087. An Ordinance e

"PROVIDING for an Appeals Board for the City of Pittsburgh."

(Amended in Committee)

Which was read.

Mr. Givens:

I would like to amend Bill No. 1087. Certain things were left out in this bill. I move to amend Bill No. 1087 by deleting the present Section 1 and inserting in lieu thereof the following revised Section 1. "Section 1. An Appeals Board shall be created in conformance with Section 702 of the Home Rule Charter which shall consist of three members: One member to be appointed by the Mayor to serve a four-year term concurrent with the term of the Mayor; one member to be appointed by a majority vote of City Council to serve a four-year term concurrent with the term of the Controller; and one member to be appointed by the City Controller to serve a four-year term concurrent with the term of the Controller."

And, further amending the ordinance by adding a Sub-section (a) under Section 1 as follows: "A" The three initial appointees will serve for the remainder of the unexpired term of their respective appointing branches of government; after which all re-appointments or new appointments will be made according to the manner prescribed in this ordinance."

Further amending the ordinance by adding Section 5 and Sub-section 5(a) as follows: "Section 5. The yearly salaries of the three members of the Appeals Board and their clerk-typist shall be as provided in the Budget Ordinance. A. The salaries of the Appeals Board members and their clerk-typist for the remainder of this present year will be computed according to the number of months worked."

Mr. DePasquale:

I second the motion.

Mr. Stone:

Mr. Givens, would you go back to Section

5. I do not quite understand what you are saying there.

Mr. Givens:

The Appeals Board is budgeted for about \$11,000.00. But, this will enable payment to be based on a portion of the total salary according to the actual months worked. Thus, if they worked the last three months of this year, they will receive about one quarter of their total budgeted salary.

Mr. Stone:

Yes, I understand.

Mr. Caliguiri:

It will be.

Mr. Stone:

It is answered.

Mr. DePasquale:

Are the Board members themselves paid?

Mr. Caliguiri:

Yes, they are in the budget.

The motion prevailed.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

Which was read.

The titles of the bills were read and agreed to.

The bills were read on final action.

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne	Mrs. Masloff
Mr. DePasquale	Mr. Stone
Mr. Givens	Mr. Caliguiri
	(Pres't pro tem)

Ayes: 6 Noes none

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Also,

Bill No. 1130. A Resolution entitled, "Transferring the sum of \$100,000.00 from Code Account No. 1167, Wages, Regular Employees, \$60,000.00 from Code Account No. 1171, Wages, Clean-Up Campaign, Bureau of Refuse and \$40,000.00 from Code Account No. 1141, Salaries, Wages, Regular Employees, Bureau of Automotive Equipment, to Code Account No. 1154, \$200,000.00, Motorized

Equipment, Bureau of Automotive Equipment, Department of Supplies."

Which was read.

Mr. Givens:

Mr. President, I would like to amend Bill Nos. 1130 and 1135. If I might, I would like to give you the amendments. On motion to amend Bill No. 1130, I move to amend Bill No. 1130 by deleting: "\$40,000.00 from Code Account No. 1141, Salaries, Wages, Regular Employees, Bureau of Automotive Equipment," and by deleting the total amount of "\$200,000.00" and inserting in lieu thereof, "\$160,000.00" in both the title and in Section 1.

I also make a motion to amend Bill No. 1135 by deleting in Section 1 following "at cost not to exceed" the figure \$200,000.00 and inserting in Lieu thereof "\$160,000.00."

Mr. DePasquale:

I second the motion.

Mr. Stone:

Mr. Givens, I know you have a hangup about moving money from the Salary account, but do we have now \$140,000 to carry out the intended purpose for the purchase of the equipment ?

Mr. Givens:

Yes, we appropriated in the Motor Equipment Account \$750,000.00 and they are putting an additional \$40,000.00 from wages into that particular account. There is \$160,000.00 in the budget to buy these refuse trucks, but the \$40,000.00 from the Salaries and Wages Account would be withheld, and also the \$50,000.00 from the total in Bill No. 1132.

If I might bring to your attention, as you may recall, there have been some problems down at the City Garage. In my estimation there are serious problems with the maintenance of equipment at the City Garage. As they are adding \$200,000.00, and we have

already gotten this year. We have budgeted for 7 mechanic working foremen, and as of July there are 5. Automotive maintenance specialist, we budgeted for 34, and as of July there are 28. Body and fender specialist, we budgeted for 4, and as of July there are 3. Road service drivers, we budgeted for 9, and as of July there are eight. Truch driver-tow truck operators, we budgeted for 6, and as of July there are only 2. Skilled laborers, we budgeted for 5, and as of July there are 4.

As for the mechanic working foreman's job, they want to bring one aboard, but that individual has only been a resident of the City of Pittsburgh for two weeks. Now, we have 28 people presently working as automotive maintenance specialists, and not one of these could qualify for superintendent. That's hard to believe and to understand. Out of 28 men they couldn't find one person in that group to be a foreman, and for that type of work?

The position, automotive maintenance specialist, they realize now that they have a handicap and said they were willing to go out and seek an additional six mechanics to bring that up to 34. He did hire two, but one was fired, and one was retired. We are now at the same old 28 figure.

Mr. Caliguiri:

Mr. Givens, would you be willing to recommit these bills so that we will have a better opportunity to . . .

Mr. Givens:

In order to table Bill No. 1131—excuse me, Bill No. 1130—there is no way I can take \$40,000.00 without tabling it. I would like to hear from Director Long.

Mr. Caliguiri:

We could recommit to Wednesday's meeting, and have Director Long explain his reasons for wanting this money. Do you have enough money?

Mr. Givens:

Yes, we have enough money to carry them over to September.

Mr. Caliguiri:

Then we can hold for two weeks.

Mr. Caliguiri:

Mr. Givens, is there enough money there to carry us over in the Gasline and Oil Account?

Mr. Givens:

In looking over the account, there seems to be sufficient money.

Mr. Caliguiri:

Then we will take it up again in September.

Mr. Givens:

We have some 12 hundred pieces of equipment and a thousand and some vehicles and no type of driver training instructor. We have a lot of new and sophisticated equipment and no one to give them a formalized instruction program. This is safety hazard, and something that needs to be corrected.

Mr. Caliguiri:

It has been moved and seconded that the two bills to be recommitted.

Mr. DePasquale:

Just one question. Mr. Givens says that they have enough money to carry them through September 9.

Mr. Givens:

They have enough to carry them well up until October, I believe.

Which motion prevailed.

Also,

Bill No. 1131. A Resolution entitled, "Transferring the sum of One Hundred Thousand (\$100,000.00) Dollars from Code Account No. 1171, Wages, Clean-Up Campaign to Code Account No. 1174, Rental of Equipment, Bureau of Refuse, Division of Collection and Disposition, Department of Supplies."

UNFINISHED BUSINESS

The Chair:

Gentlemen, the Appeals Board is back before us with a communication from Mayor Flaherty vetoing our action. Mr. City Clerk will you please read the letter.

The Chair presented

Bill No. 1238.

City of Pittsburgh

Pete Flaherty, Mayor

August 27, 1976

President and Members of Council
510 City-County Building
Pittsburgh, Pennsylvania

Re: Bill No. 1087

Dear Gentlemen and Madam:

Returned herewith is Bill No. 1087 providing for an Appeals Board for the City of Pittsburgh.

In an effort to find a compromise which was consistent with the Home Rule Charter and the Civil Service rights of City of Pittsburgh employees, I submitted on July 30, 1976 an Ordinance providing for an Appeals Board for the City of Pittsburgh. The Ordinance which I submitted was consistent with the Home Rule Charter and the Civil Service Law.

In considering this matter City Council substituted a new Ordinance for the compromise Ordinance which I had proposed.

The City Solicitor has reviewed Council Bill No. 1087 and found that it is inconsistent with the Home Rule Charter and the Civil Service Law, existing collective bargaining Agreements and arbitration Awards, and if enacted would be of no effect. A copy of the City Solicitor's Opinion is attached hereto.

Therefore, I am vetoing Bill No. 1087 and returning it without my signature for your reconsideration.

Very truly yours,

PETE FLAHERTY

PF:fkf
Enclosure

Which was read, received and filed.

Also,

Bill No. 1087. An Ordinance entitled, "An Ordinance PROVIDING for an Appeals Board for the City of Pittsburgh."

(As amended)

Which was read.

The Chair:

I think all of us have received the

Mayor's letter stating his reasons for legalizing the ordinance. Who will entertain a motion to override or sustain?

Mr. Stone:

I move to override.

Mr. DePasquale:

I second the motion.

Mr. Lucchino:

I really think we should have an appeals board. I think the only problem is that there has been displeasure and the question now is the new F.O.P. contract.

One of the things some people have not noticed is that a clause and a subsection states that Civil Service cannot be changed during the terms of the agreement, which means that the police are saying that they will bid by the Civil Service laws and that 1400 or so will not be covered by it unless we are prepared to pay some price on this issue. I think we should have other people besides the three commissioners to sit on the Appeals Board.

As I had suggested at the time that this came up, I thought it would be worthwhile that the Appeals Board start now, rather than go to court, and the only way we can get some amelioration from those members is to add one for us and one for the Controller. I know we are going to sit here for another year so I think it is more important for an appeals board rather than a court case.

Mr. Givens:

I am addressing my colleague, Frank Lucchino. The bill before us is for a three-man appeals board and it has just been defeated. The Mayor has already vetoed it and it is up to City Council now to make a determination as to how we feel individually towards this three-man board.

As far as the Mayor is concerned, these contractual agreements within the various F.O.P. and Firefighters' officials and all the others, our Home Rule Charter states that he has won the war. To my knowledge, that is the first contract that is coming up that we are going to be signing under the new Home Rule Charter in January. And it contends that the Mayor still is ignoring the Home Rule Charter which was voted on and is now an ordinance and a law. As far as I am concerned, he is breaking that law and he is challenging Council and all unions and the members that come, under the Civil Service Commission to cause a close action suit against the City of Pittsburgh.

If the Mayor continues to use the commissioners that are presently on the Civil Service Board to act in the judicial area, then he will be going against this ordinance. So far, the Mayor has not chosen to sit a man on this three-man board and if he or the present commissioners attempt to hear any cases, he is still in violation of our ordinance and from what I could see that would cause immediate court action, either from us or the individual or the union-whichever the case might be.

Again, we are coming down to the wire of this issue in regards to the Home Rule Charter.

Mr. DePasquale:

Mr. Chairman, if I recall, I think the Mayor was either going with the three-man board or no board at all. He received great encouragement from the Pittsburgh Post-Gazette to go ahead with the so called eight or nine-man board which is ridiculous.

I want to be recorded as saying that if the Mayor is going to be persuaded by the Post-Gazette, I am not going to be persuaded by them, and I hope my colleagues aren't either!

I also want to be recorded as saying that the editorials are "completely

assinine." The Pittsburgh Post-Gazette isn't going to dictate to me and I hope to no one else!

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne	Mrs. Masloff
Mr. DePasquale	Mr. Stone
Mr. Givens	Mr. Caliguiri
Mr. Lally	(Pres' pro tem)

Noes:

Mr. Lucchino

Ayes 7 Noes 1

And there being two-thirds of the votes of Council in the affirmative, the objections and veto of the Bill by the Mayor were overridden.

MOTIONS AND RESOLUTIONS

The Chair presented

Bill No. 1239. WHEREAS; City Council recognizes that a clear need exists for all citizens to be able to rapidly summon help in an emergency situation; and

WHEREAS; a communications system which is immediately available and easy to use can help meet this need; and

WHEREAS; any citizen should be able to summon police, fire, rescue and other medical emergency assistance without confusion or regard to his/her familiarity with a particular community; and

WHEREAS; the three-digit telephone number 911 has been designated by the White House Office of Telecommunications Policy for public use throughout the United States to report an emergency and to request emergency assistance; and

WHEREAS; provision for a single, three-digit emergency number for the City of Pittsburgh through which emergency services can be quickly and efficiently obtained would provide a significant contribution to law enforcement and other public efforts by making it easier to notify emergency center personnel to save lives, reduce the destruction of property and more quickly apprehend criminals; and

WHEREAS: the Pennsylvania General Assembly is now considering House Bill 2363, which would mandate the establishment of a 911 emergency telephone system (as four other states have already done) throughout Pennsylvania within the next five years.

THEREFORE, BE IT RESOLVED that this City Council hereby supports the establishment of a 911 emergency telephone number system for the City of Pittsburgh and urges the speedy adoption of House Bill 2363 by the Pennsylvania General Assembly; and

BE IT FURTHER RESOLVED that certified copies of this resolution be sent to the following members of the Pennsylvania General Assembly: President Pro Tempore of the Senate, Senate Majority Leader, Senate Minority Leader, Speaker of the House, House Majority Leader, House Minority Leader and members of the House and Senate from Pittsburgh.

Which was read.

Mr. Lucchino moved

The adoption of the resolution.

Which motion prevailed.

Mr. Lucchino:

Wasn't one of the problems of im-

plementing in the past due to the fact that our exchanges cross municipal boundaries?

The Chair:

It is not a problem with that. They can very easily. In fact, some residents in Mount Lebanon have one an agreement with those people that the equipment would be somewhere in that area. Also, if a police officer in Dormont needed assistance, all he would have to do is press a button. That is being done in other communities and it has worked out very well.

Mr. Lucchino:

In our own communities we have to take calls from exchanges across the city line and I thought that was the problem.

The Chair:

I think about 40 percent of the city residents cross over. Hopefully, the bill will pass.

Mr. Givens:

Mr. President, we have within the City of Pittsburgh the same problems of overlapping calls from suburban areas and it is also across the state line, so this is needed within the City of Pittsburgh.

As far as I am concerned, I think it is time for the City of Pittsburgh legislators to enact this particular law.

I think all of us have to look back to some moment in our lives to the point of not even knowing our own telephone number or street address. I can assure you it can happen, so we need this very desperately.

The Chair:

Any other motions and resolutions?

Mr. DePasquale:

Mr. Chairman, I have one resolution

to make in regards to the Post-Gazette.

My resolution is in regards to the old bugaboo on the convention center. I have been informed by a reliable source that it was locked up because no agency has been designated or named to run the convention center.

I think a resolution should be that the County and City should get together to choose an agency to run it and operate it. Until that is done, I am told the convention center is not going to get off the ground.

The Chair:

You want to put a resolution in?

Mr. DePasquale:

The City and County should get together and designate a convention center.

Mr. Stone:

Mr. DePasquale, I don't think it matters what agency it is. It comes under the Auditorium Authority.

Mr. DePasquale:

It does not. We never designated an agency.

Mr. Stone:

You are advertising somewhere around \$20,000, and I think they are having trouble picking one out.

Mr. DePasquale:

They are saying that they never designated an agency.

Mr. Stone:

I am not saying we are free from the problem. That part you are correct on. I think it is clear that the Auditorium

Authority is supposed to run the thing.

Mr. Givens:

I recommend that the President of Council send a letter to the County Commissioners indicating Mr. DePasquale's desire to this particular thing. To my knowledge, I haven't seen any document.

The Chair:

I think we should.

Mr. Lally:

I was under the impression that all bids are on the 15th of this month.

Mr. DePasquale:

That is the prerogative.

The Chair:

Who is going to run it?

Mr. Stone:

I was just trying to correct Mr. DePasquale. I think he is leading to a point that needs resolution. If he is willing to move, I would second it. I think we should bring in Commissioner Flaherty and Mayor Flaherty a week from tomorrow which will be the 15th of September, and let them tell us who will run it because it seems to have governmental confliction rather than confliction within the Stadium Authority.

Mr. DePasquale:

Make it the 22nd of September.

Mr. Stone:

Fine.

The Chair:

You are moving that Commissioner

Flaherty and Mayor Flaherty appear before City Council on the 22nd of September to find out whether or not who is going to run the convention center?

Mr. DePasquale:

Yes.

Mr. Stone:

I second the motion.

Which motion prevailed.

Mr. Lally moved

That Mr. Mason be excused for absence from this meeting.

Which motion prevailed.

Mr. Stone moved

That the Minutes of Council of Monday, August 16, 1976 be approved.

Which motion prevailed.

And on a motion of Mr. Stone,

Council adjourned.

(As amended in Committee)

Which was read.

Mr. Givens:

Mr. President, on Bill No. 1183, I vote "no" for the reasons stated previously in our Committee Session, and I would like part of that transcription to go into the Municipal Records.

COLLECTIVE BARGAINING AGREEMENT

(SECTION 4, PARAGRAPH A)

Included in the collective bargaining agreement between the City of Pittsburgh and the FOP is an extension of the powers of the Mayor beyond what is provided for in the Home Rule Charter. Paragraph A of Section 4, entitled Management, provides in relevant part that:

"The City through the Superintendent of Police shall have . . . the sole and exclusive right to determine the size and organization of the Police Department including the discretion to determine vacancies and to fill vacancies in accordance with the needs of the Department and the public safety as determined by the Superintendent and the Mayor."

Section 208 of the Home Rule Charter provides that both the Mayor and the Council have authority to revise the organizational structure of units of government. But the language in this collective bargaining agreement gives the sole and exclusive rights of organizing the Police Department and determining the public safety to the Superintendent and the Mayor.

If Council would approve this agreement it would be condoning this improper extension of his power.

COLLECTIVE BARGAINING AGREEMENT

(SECTION I, PARAGRAPH 4)

Also, included in the collective bargaining agreement between the City of Pittsburgh and the FOP is a revision of a unit

of government. The fourth paragraph of Section I, entitled Recognition, provides in pertinent part that:

"Park Police Officers shall be transferred into the Police Department . . ."

Section 208 of the Home Rule Charter is quite clear in discussing organizational structure:

"All units of government . . . may be established, revised, or abolished by ordinance."

The commentary to this Section further explains that:

"Changes can be made . . . by the ordinance process . . ." the authors of the Home Rule Charter, and the electorate of Pittsburgh, believe that the ordinance process provides sufficient flexibility for revising the structure of the executive branch.

The Park Police comprise a Bureau under the Department of Parks and Recreation as is evident in both the 1976 Budget Ordinance and the Table of Organization compiled and presented by the Mayor's Office on January 28, 1976. The transfer of this Bureau and its officers, a unit of government, can only be accomplished by an ordinance submitted by the Mayor or the Council.

Such an ordinance must be submitted because the collective bargaining agreement does not have the authority to act in this area.

Now, these two matters are not legal technicalities. They are clear abridgements by the administration of necessary authorities granted the Council in the Home Rule Charter. These improper inclusions in the collective bargaining agreement ignore the wishes of the electorate who voted for our Charter. The voters saw, in Section 208, as did the Charter Commissioners, that to strengthen the checks and balances in Pittsburgh government the City Council must have the power to exercise its representative discretion. Section 208 charges the Council to

monitor the structure of government to safeguard the citizens in the event that the executive branch ignores the citizenry's rightful claims. How fortunate we are that the framers of the charter had the foresight to provide this check to protect our citizens. Because today—we have a Mayor who will not respond to the pleas of our neighborhoods for more beat patrols and greater force strength. We have an administration which would dupe this Council into surrendering its legitimate sharing of power. For the sake of power, the administration does “play politics” with the public safety.

I, for one, will not risk the security and welfare of the citizens of Pittsburgh. The proposed amending resolution still might hinder a later legal challenge to Section 4, paragraph A. The language of the contract seeks to deny Council its necessary balance of power. Our approval condones the whole contract and a compromising resolution risks weakening Council's intentions.

In the findings of the Commission, the Home Rule authors note that the city's strong Mayor form of government is sound, but strength needs to be balanced for each branch of government to prevent any single branch from abusing its power.

Here we have an abuse of power by the executive branch which illegitimately grabs for power so as to have justification for its deafness to urgent citizen needs.

If Council does not retain this authority as provided in the Charter, the Mayor will continue to ignore the pleas of our neighborhoods for police protection and we will have given him our approval.

I would also like to reiterate in regards to this bill—that is, some of the complexities that might come about with regard to this bill itself. Number one, by our own law and ordinance it requires that an ordinance come with this bill—passage of this bill in order to move units of government in regard to home rule; fact number one. Fact number two, is that there is money that's going to have to be changed from one department to another department.

I have been trying to get a readout from the Controller and the Solicitor, and I haven't at this time been able to do so. I would encourage the Mayor, Bruce Campbell, and the other negotiators to forward this ordinance to no avail saying legislation has to be passed—will be passed to at least comply with what the Home Rule Charter and ordinance is telling us to do.

Of course, I still feel personally that the long term effect is something—on this decision—is something that I guess only time will tell. I would hope for a seven to one vote as indicated, and I will go for the majority vote. That is the sole and the heart of our democratic philosophy; majority will rule, but the minorities will be protected. And that I feel very strongly about.

There is one other area that I would like to comment on. Last Friday night—in reviewing everything that has transpired at the Thursday's meeting, and going over it Friday, and resting and trying to sleep, I became very proud of the fact that I serve on Council and that I can take part on what's going on, because I think it is really tremendous, what's happening within this Chambers. I feel very proud of the fact that this decision is coming out the way it is. That indicated one thing to me and that is that democracy is working at its best. As I indicated before, anytime you have majority rule, so be it; that's the way it will be carried out. Thank you.

Mr. Lucchino:

“Aye” on all bills, but I have a comment to make on Bill No. 1183. I believe the amendment that was added at Thursday's meeting in Committee is unenforceable and surplusage to it.

Mr. President, as indicated in our last Thursday's meeting, we have here passed today almost some four hundred thousand dollars from wages and salaries accounts to various other accounts that total \$2.6 million, and pending this coming Wednesday there will be almost two hundred thousand dollars in the Department of Supplies; bringing their total to almost some four hundred thousand dollars that they have transferred.

If this continues—I don't know how the other Council members feel—this is something we are going to have to scrutinize in the months ahead.

Mr. Stone:

Point of order. What's that got to do with what we have to do?

Mr. Caliguiri:

Transferring money out of salary accounts into other various accounts.

Mr. Givens:

I just wanted to make a point of it for the record. I would now like to summarize.

I caution all Council members to look at his scrutinizingly, and I will bring out more of the details on Wednesday.

Mr. Caliguiri:

I agree with Mr. Givens. We will take

this into consideration, but Council has been tightening up on positions that have not been filled. I guess we have to further tighten up on these unfilled positions.

	Mr. Caliguiri
	(Pres't pro tem)

Ayes: 7 Noes none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

MOTIONS AND RESOLUTIONS

Mr. Lucchino:

Mr. Chairman, I have passed out to all the members of Council today an amendment that I am proposing to the Rules of Council that before legislation can be introduced we must have one week's written notice. As things are now, the bills come to us on Monday, and then go to Committee two days later on Wednesday, and then come back to final action the following Monday. I've thought since I have been on Council that this would give more notice to the public of what Council is doing. Things have been moving much too fast. The train is going by much too fast before the public can find out what we are doing. They have a right to be here. Unless they can be prepared and know what we are doing, those other two things are of little value.

I thought that the proposal along the lines where the bills are introduced, but could not go to Committee until a week from Wednesday would have a two-fold purpose. It would give us more than Tuesday to prepare ourselves for the Wednesday meeting, but would give us almost ten days to prepare ourselves.

The second thing, more importantly, would allow the people to find out what is on our agenda. As it is now, the agenda is not prepared. It takes the City Clerk until

Tuesday to get it ready late in the afternoon. The public doesn't know what we are going to do for Wednesday; they are not prepared.

Under this proposal the bill will be held until the Wednesday following presentation, and then the City Clerk will have time to prepare and agenda. So, there will be almost six days for anybody in the public who wants to have a copy of the agenda, or posted downstairs in the lobby, or other places were posted.

Under this proposal people will really have an opportunity to exercise the two rights they have—to be present and to know what Council is doing. So, I would ask members of Council to consider this and give it serious consideration. It will come up for a vote next week.

Mr. Caliguiri:

Has the Law Department been involved in this at all?

Mr. Lucchino:

No, but I now would like for Mr. Mulvihill to be informed of this.

Mr. Lucchino presented

Bill No. 1275. Amendment to Rule VIII of Rules of Council, which will call for consideration of a bill only on or after the 9th calendar day following the meeting in which the bill was introduced except for special cases such as when a bill may be passed finally on the day of its introduction.

Also

Amendment to Rule X of the Rules of Council, which will require the Clerk of Council to prepare at least 5 days before each committee meeting a calendar list of all undisposed matters that have been submitted to Council.

Which was read.

Mr. Givens presented

Bill No. 1276. WHEREAS, Pennsylvania State Act 372 provides for the free transportation of pupils who regularly attend non-public kindergarten, elementary and high schools within the district boundaries or outside the district boundaries at a distance not exceeding ten miles; and

WHEREAS, each School District Board is charged with the responsibility to provide such transportation for the legitimate needs of its students; and

WHEREAS, the School Board of the School District of Pittsburgh continues to disregard Act 372 though it is applicable throughout the Commonwealth; and

WHEREAS, by so ignoring state law the School Board denies the children of our City social justice as prescribed in Act 372.

NOW, THEREFORE, Be it Resolved

That the Council of the City of Pittsburgh strongly urges the School Board of the School District of Pittsburgh to comply with Act 372 by providing transportation to non-public school students in conformance with the law's directions; and that certified copies of this resolution be sent to the following members of the Pennsylvania General Assembly: President Pro tempore of the Senate, Senate Majority Leader, Senate Minority Leader, Speaker of the House, House Majority Leader, House Minority Leader, members of the House and Senate from Pittsburgh, members of the Pittsburgh School Board, and the Superintendent of the School District of Pittsburgh.

BE IT FURTHER RESOLVED

That the School Board must heed Council's advice or be in violation of state law designed for the welfare and protection of all youths in Pennsylvania.

Which was read.

Mr. Givens:

Mr. Chairman, I would like to amend

that last sentence—strike it out—to read like this, “that the School Board is in violation of the state laws designed for the welfare and protection of all youths in Pennsylvania.”

If I might, I would like to elaborate on the bill and why this comes up. There was a hurried meeting, and it was called—recalled, and all the members of Council were invited to attend last Friday. One hundred and fifty to two hundred people representing about 26 various parochial and private schools throughout and outside the municipal boundaries in the City of Pittsburgh.

This Act 372 gives the nonpublic school student the prerogative of being bused ten miles outside that particular limit. I can say that within all the counties and school districts within the Commonwealth of Pennsylvania this is being done. One outstanding example is Philadelphia County to New Jersey County.

When there is no highway, roads or traffic conditions are very bad, such as having the children walking on the shoulder of the roads where there is no sidewalk, then the constitutes a hazard for the children. I can give a good example. Right here in the City of Pittsburgh, Brashear High School, where I know there are hilly terrains, lack of Sidewalks—there was a great problem here. The Pittsburgh School Board recognized that problem, and as a result, I think, there are only about 250 children that are not bused.

I would like to give you the cost. It costs about \$125.00 a year for the School Board to bus a student. We are talking about 2,000, approximately 2,300 students per school system, there are nonprofit type schools. If we consider the cost of educating a child within the City of Pittsburgh public school system, it runs \$1,500 per child, which comes to a seven hundred million dollar figure.

There are cases pending against the Commonwealth for reimbursement of those parents since 1972, when this act was amended to indicate these children have this benefit and right.

The School Board of Pittsburgh is just

ignoring this particular act and law, and I might add that in attendance at this meeting last Friday were some of the members on the State Committee. All these gentlemen were for this particular part of the act. The only thing that Council can do in trying to represent our people is to pass on this resolution.

I ask you to pass this particular act for the safety of the children in the City of Pittsburgh.

Mr. Caliguiri:

Before I ask for your motion, I would like to know if you want it to read, "Be it further resolved that the School Board is in violation of state law designated for the welfare . . ."

Mr. Givens:

I don't know that this has been concluded, that they are in violation of the act because they are not complying. Rather than to have us make that determination, I would think that would be up to the judge.

of Act 372?

Mr. Givens:

I will accept that.

Mr. Coyne:

Mr. President, I think that Mr. Givens' resolution might have some merit to it, but there are two paragraphs that aren't totally accurate. For instance, "Whereas, the School Board of the School District of Pittsburgh continues to disregard Act 372 though it is applicable throughout the Commonwealth." I don't think the School Board is disregarding the fact because there are presently 4,000 students bused within the School District of Pittsburgh that was mandated by the Act.

Also, "Whereas, by so ignoring state law the School Board denies the children of our City social justice as prescribed in Act 372." I don't think they're denying anyone social

justice, it is a matter of the interpretation of Act 372, and along the lines of further resolving the situation, I would like to see maybe if the act could be amended. It seems that the hangup and why this problem has come about is that the School Board feels that the language in the Act says that "public school students shall be treated exactly the same as private school students." That's what the School Board is hanging their hats on. They feel that there are no public school students being transported outside city boundaries, whereas many of the private school students are being requested to be bused. I think that if the legislator would amend the Act and take out the language where it says that transportation services should be equal, then that would go along way to resolving the problems.

Mr. Givens:

I will have to agree with you. But, the fact that the act is here and has been on the books since 1972—so it states in here that an Act relating to the public school system, including the certain provisions about the private and parochial schools—the law is there. The legislators passing particular Act 372 were taking into consideration, I am sure, all factors in regard to this.

Of course, again, all I am trying to do, as the Chairman of Public Safety, is to be interested in the safety of our children. Every county, with the exception of one (to my knowledge) and the School Board, is responding to this irony, and yet the City of Pittsburgh's School Board is rebuffing this particular act. That be the case, then the burden lies upon the School Board of the City of Pittsburgh to change the language. It was voted upon; it is an Act.

I feel this is where the community and the people get frustrated, when they know they have a freedom or right, and that right is being denied to this by act or legislation.

Mr. Caliguiri:

In your third "Whereas"—I don't think you should say they are disregarding Act 372. I don't think they are . . .

Mr. Givens:

The thing that I am saying is that I am staying within the 10 mile limit; that's the only thing that I am addressing myself to.

Mr. Coyne:

Amending the Act, that's something that has to be taken up later. As to amending the resolution, I move that both of those paragraphs be removed from the resolution.

Mr. Stone:

I second the motion, but with comment. I agree with Councilman Coyne, we have ended up being the prosecutor, the judge, and the jury in what we are attempting to do here. We are sitting here on Grant Street, while they are out there in Oakland trying to run their body with all their problems. They went through a high escalation in cost for their teachers. They are now going to knock off a lay office to melt that budget. Now, we have something like that.

I feel certain that in the first place, if someone was to say to the legislators of the City of Pittsburgh and this Council that they are going to have the people bound to a 10 mile limit City of Pittsburgh's boundary line, we would be up in arms.

As Mr. Coyne indicated in these other paragraphs, "ignoring the law," and "denying the children social justice." We must think we sit pretty high here to think we can resolve the School Board's problems and that they must heed Council's advise. He has taken it out, but nevertheless, it still says the same. I am beginning to wonder if we are inflated with our position and power.

Now, to say to the School Board you must run it this way. There is a clear demarcation. We are being asked to watch the School Board out in Oakland and be here in Pittsburgh, downtown, on Grant Street.

Mr. Givens:

I think there is a meeting tomorrow; you ought to go there.

Mr. Stone:

If I may, I might go along with the general intent of the resolution, but I think what we ought to do is to appeal in some sense, a general appeal, not a accusatory nature, that we would like where ever possible that some parts of or portions, that there be a substantial compliance where that Act is concerned. But, for us to accuse them of this and that, then to prejudice in damnation because they are in violation of an Act, without giving them an opportunity to be heard, seems to me far beyond the rights and jurisdiction that were ever intended for these Chambers.

Mr. Lucchino:

I agree wholeheartedly with Mr. Coyne and Mr. Stone. I think that there are a number of concerns. First, you are never sure of what kind of resolution you are going to find and be asked to vote on in a few minutes after it is placed on your desk. Maybe it would be helpful if members of council know beforehand that they are going to introduce a resolution and that they are going to introduce a resolution and that they get it to us hopefully on the Friday before so that we will have a chance to look at it.

Now, one as complicated as this one I would like to have some answers. If something like this would be approved, would that mean if the School Board were to comply they would have to bus the students to Shady Side Academy or another expensive private school who live within the city? It says private schools. Those are the kinds of questions I would like to know.

The School Board has budgetary problems, the same as we feel, perhaps even to a greater extent than what we feel. Are we telling them to go and bus all these kids around the town?

The other thing is that this is going to court, from what I understand. To say that the School Board is in violation of state law—when did we get elected judge? I am not prepared to say that. I don't think they are in

violation. I think Mr. Coyne made a good point.

It is also difficult for us to be confronted with this at 2 o'clock and be asked to vote on it as 3 o'clock, something as complicated at this. I think this bill should be at least held until next Monday, If it is to be voted on at all. Obviously Mr. Givens feels very strongly about it, and as an individual he could go to the School Board or write the School Board members stating his feelings. I think it is unfair for City Council to be asked to take an official City of Pittsburgh position on this issue. I don't think it is our business as a legislative body. Maybe it will individually our business, but not as a legislative body.

Mr. Givens:

I would just like to summarize. The reason for the urgency of it was as I indicated before, all Council members receive a letter asking them to attend this particular meeting last Friday night at 8 p.m. It would have been impossible for me to have it on your desks on Friday. One of the things an interested Council member is to do is to find out what is happening within our city and communities. We were all invited, and I was the only Council member to attend that particular meeting. There are approximately 2,300 students that are presently in this situation, and the ironic thing about the whole thing is that the students in most cases are not being bused as far as they would if they went to a normal high school right within the city boundary.

These people want to be represented, and we are trying to open up government. They wanted a Council member to come out and hear their problems, even though I indicated to them that Council does not have jurisdiction over the state wide educational system. I explained to the people out there that the only thing we have at our disposal is to aid the people who we serve—just because they go to the Pittsburgh School Board that they are not our residents of the City of Pittsburgh. But, these are our own people. In most cases legislators put that in to protect these children; 2,300 children. As I have indicated, I have the Act before me. I am sorry

I didn't have time to pass it out for everyone to study.

The urgency is that the School Board is meeting this Tuesday, tomorrow at 7:30 p.m. at which time much will be discussed. I know that the people will probably take the School Board to court or the School Board will comply with this Act 372 in trying to represent the people that were at this meeting, some 150 to 200 people from various parochial and private schools.

There is a law that says it should be done, and it is not being done. Regardless of what the School Board's opinions are on this particular issue; is a law; it is in black and white; it shall be done. These people are crying in wilderness for our help. It would hope that it would be considered.

If anything is wrong with the wording, as Mr. Coyne has indicated, then it should be scratched out. My main objective is that we serve from this Council as to why the School Board is not enacting or carrying out the provisions of Act 372.

Mr. Caliguiri:

You will delete the third and fourth "Whereas"

Mr. Givens:

I will be more than happy to.

Mr. Caliguiri:

And where it says "Be it further resolved that the School Board is in violation of state law designed for the welfare and protection of all youths in Pennsylvania." Strike that out?

Mr. Stone:

Has anybody talked to the School Board officials to find out whether they are complying; if not, why they are not complying?

Mr. Givens:

Yes, this is what the meeting—they had

representatives from the School Board there, their solicitor, and various members from the School Board. They held their position, and they are trying to resolve this before it goes to court, because in the long run if the court suit would come out in favor of the parents, then you are talking about a couple of million dollars they will have to give in transportation expense.

The fact that all other counties and school boards are doing this right now, and here in the City of Pittsburgh we are not doing this adds more emphasis to the fact that apparently they feel that there is some justice in this. I would hope our legislators in approving this thing would feel very strongly about it.

Mr. Coyne:

I have talked to Mr. John Soboslay, Public Information Officer for the School Board, and he said that the reason that the School Board doesn't want to go forward with this type of transportation is because part of the Act says that the school districts must provide equal transportation for nonpublic schools as well as public schools. He says that they don't provide any kind of transportation for a student who goes say from Oakland to Crafton. The School Board doesn't feel that they have to provide that service. Nonpublic schools don't provide that service. So, they feel they shouldn't have to provide the service.

Mr. Givens:

It provides within the law that it has to be within a certain mile and a half, certain walking distance, and that walking distance is the keyword.

Mr. Coyne:

Apparently, Mr. President, we won't be able to resolve this here. Something that was amended by the legislators will not be able to be resolved here.

Mr. Lucchino.

Well, Mr. Givens, if the School Board en-

forces it the way you are requesting in this resolution, does that mean that they have to bus these children from the city who attend these expensive private schools?

Mr. Givens:

Yes, all nonprofit parochial and private schools. You are making an isolated case.

Mr. Lucchino:

One other question. I am not sure what the resolution is at this point.

Mr. Caliguiri:

What you have now before you is the first "Whereas", the second "Whereas", and you have eliminated the third and fourth "Whereas", and "Be it further resolved that the School Board is in violation of state law designated for the welfare and protection of all youths in Pennsylvania."

Mr. Lucchino:

By eliminating that last paragraph it still doesn't help anything. If you leave that one in there, "Now, therefore, be it resolved that the Council of the City of Pittsburgh strongly urges the School Board of the School District of Pittsburgh . . ." I don't think as legislative body we can make that determination. That's a judiciary determination, and that's my objection to this thing.

Mr. Givens:

I ask that we hold one week, and I ask that the Council members read the Act and take a vote on it then.

Mr. Caliguiri:

The motion has been made to pull back the motion and to hold for one week.

Mr. Lally:

I second the motion.

Which motion prevailed.

Mr. Givens:

Mr. President, is there anything from your position that you can do such as send a letter at least indicating Council's concern in this particular matter and that . . .

Mr. Caliguiri:

Not as President Pro-tem of Council. I would have to be given that instruction and authority by members of Council. I will say that if members of Council wish to do that then that is certainly our prerogative. Mr. Givens, you can certainly write a letter as an individual matter. The only way as President Pro-tem of Council, would be through the instructions of my colleagues, and they have already indicated their objection by at least holding up the resolution. If anyone wishes to do so individually, then do so.

Mr. Givens:

I would ask that each member of Council express their sentiments. I would ask that each member of Council would let me know if they are going to attend the meeting tomorrow evening. I think that this will put forth what I feel is support to these people who are asking only for something that is in Act 372. In general, they are just trying to protect what is already there. Hopefully,

this would reflect on the School Board, some of the pressures that are involved in this particular thing; if not, then it will end up in court, and if upheld it will mean that the people of the City of Pittsburgh are going to be paying more money, not less money, in the long run. I am not looking at the short range tomorrow issues, but the long range issues.

Mr. Stone:

I would just like to say that I have no trouble with the Act, I can read; I have trouble with his resolution.

Mr. Lally moved

That Mr. DePasquale and Mr. Mason be excused for absence from this meeting.

Which motion prevailed.

Mr. Lally moved

That the Minutes of Council of Tuesday, September 7, 1976, be approved.

Which motion prevailed.

And motion of Mr. Givens,

Council adjourned.

UNFINISHED BUSINESS

The Chair:

Would you please read the corrected resolution Mr. Givens.

Mr. Givens:

On Bill No. 1276, the correct resolution is, "WHEREAS, Pennsylvania State Act 372 provides for the free transportation of pupils who regularly attend non-public kindergarten, elementary and high schools within the district boundaries or outside the district boundaries at a distance not exceeding ten miles.

Mr. Givens presented Bill No. 1276.

NOW, THEREFORE, Be it Resolved

That the Council of the City of Pittsburgh urges the School Board of the School District of Pittsburgh to comply with Act 372 by providing transportation to non-public school students in conformance with the law's directions; and that certified copies of this resolution be sent to the members of the Pittsburgh School Board, and the superintendent of the School District of Pittsburgh."

Which was read.

Mr. Givens:

As you can see from the original resolution that was amended, that was considerably turned down. I have heard many people talk on this particular issue and even the School Board members were asked, "How many have read Act 372?" Only two of them out of the whole board have read the Act, although they have been remiss in their points of view.

Of course, after hearing both sides of the story, one then has the compassion and feeling both for the School Board and the people, and in this resolution today, it is asking that the School Board consider Act 372 and ask them to comply within the Act itself.

The Chair:

Do I hear a motion for approval?

Mr. Givens:

I move for approval.

Mr. Lally:

I second the motion.

Mr. Coyne:

Mr. President, I would like to oppose this resolution as it is drawn up here because I think it presumes that the School Board is not making an attempt to comply with the law, and, when in fact I think they are in compliance with the law.

Mr. Stone:

Mr. President, as I see this particular act, it is putting City Council in a position as a supervisory committee over and above the School Board. As this resolution is now written, I think it really says nothing because we are urging the School Board in the City of Pittsburgh to comply with the Act.

I have the Act now in front of me and in Section 1361 it says, "that the Board of the school director in any school district." Well, they may or may not want to.

More than anything else I might agree with the general intent, but I think it is wrong for City Council to tell anybody who is not in our jurisdiction as to how they should run their school board. It is a sensitive and emotional problem for them and I take into consideration the financial problems that they have today. I also think it is wrong in the sense that we don't know their budgetary problems.

Again, as I have indicated, I am not opposed to the general intent, but I think we are getting ourselves to where we are now acting as a supervisory committee and I think it is inflating the powers of City Council, and I don't think we ought to take them any further than we have jurisdiction.

Mr. DePasquale:

If I understand the Act of the School Board, why haven't they complied?

The Chair:

Mr. Givens, you went to the School Board meeting.

Mr. Givens:

The reason they haven't made a compliance is that the whole board hasn't looked into the Act. Apparently, there is no really strong movement by any large group of people to have them enforce this Act, although they are talking about it and finally have gotten to the point where they said it is near. They compared our school district with the others throughout the State that are complying with the Act and they agree with the intent in the letter.

I think we are missing a great point here in the fact that this is for primarily the safety of the child, in the areas that the children are going to be transported to these particular outside limits of the City of Pittsburgh and as we know there are very few sidewalks and the children will have to be transported on open highways. This is the main intent of inducing this legislation. They realize that there are those people who want to seek a non-public school education for their

children, should have this opportunity. In the long run, it is not costing the School Board that much money.

As I indicated last week, the news media had stated that the cost of transporting the 2300 or so students ran up a bill of \$6 million. If I can recall, I think the figure falls somewhere between \$500,000 to \$800,000 to transport them, but I am not sure. The main principle the main thrust behind this is for the safety of the children. Since I have been on this Council, and in looking back for as many times as this Council embarks on resolutions that you put forward, we had asked our state legislators to really encourage them, and I would hope that they see our viewpoint today.

The School Board does have certain feelings about this and they might take it to court, but they didn't say they will. All I am asking is to look at the security of the children. I have heard the parents talking and I have talked with them and you could appreciate and understand them. And, as a body we represent these people out there, although there is that difference between the state educational system and that the City of Pittsburgh and this Council.

Many times the State tells us things to look into and we have done it. Now we are asking the State to go to the School Board and ask them to comply with this particular law. If it is going to court, so be it, but I think it is of greatest concern on the part of non-public and parochial schools and it should not be tested in a court of law. Regardless of who wins, the children are going to lose.

Mr. Lucchino:

In answering Mr. DePasquale's question, I think the reason the School Board hasn't moved is that they are waiting for an opinion from the Solicitor's Office and they don't have any rights or obligations to go beyond their districts. I think what it boils down to is the legal interpretation of the Act and I don't go for the resolution—I agree with Mr. Stone.

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. DePasquale
Mr. Givens
Mr. Lally

Mr. Lucchino
Mrs. Masloff
Mr. Caliguiri
(Pres't pro tem)

Noes:

Mr. Coyne

Mr. Stone

Ayes: 6

Noes: 2

And a majority of the votes of Council, being in the affirmative, the bill passed finally.

Mr. Lucchino presented

No. 1275. Amendment to Rule VIII of Rules of Council, which will call for consideration of a bill only on or after the 9th calendar day following the meeting in which the bill was introduced except for special cases such as when a bill may be passed finally on the day of its introduction.

Also

Amendment to Rule X of the Rules of Council, which will require the Clerk of Council to prepare at least 5 days before each committee meeting a calendar list of all undisposed matters that have been submitted to Council.

Mr. Lucchino:

The reasons for this amendment is with the suggestion that was made last week. I think that the reasons are valid and I would hope that the rest of the members of Council would agree they are. This is giving us more time to do sufficient investigations and getting the background into these bills, and to give an opportunity for the public to become aware that the bill is before Council. The only way the public knows about these bills is through the publication after the bill is passed. So many times questions come up even though they are being considered and this will show the intentness on how we intend to proceed. It is not written in the Rules

of Council but I think it is a worthwhile attempt on our part, so I would move for its approval.

Mr. DePasquale:

I second the motion.

Mr. DePasquale:

Is this a "must" in the Home Rule Charter?

Mr. Lucchino:

No, we have the right to do it if we want to.

Mr. Stone:

Mr. Lucchino, I might agree on some bills, but I just wonder if we couldn't have a "Class A and Class B" kind of idea because I think we are making an exception on the ordinary kind of stuff. For instance, some of the things are just dispositions of property. That, to me, seems kind of foolish to be holding back with all the delayed time that we have, and with Mr. Lally holding back his. If we keep making exceptions, perhaps we can go through some system of classifying "a and b." I would like to see something along those lines rather than have a language problem about the Government itself, rather than delaying.

Again, we are overlooking the fact that Council members are sensitive and therefore, where there has been something important, we never pushed it through. Anyhow, each of us as chairmen, have held back for public hearings or some other reasoning or means on the committee meeting, when what we are really getting at in effect, is I don't have any fault in trying to have people informed, but I am questioning the other extremes. What I think we are doing here is going completely to extremes, and I would attempt to favor a kind of "a and b" classification, and that is what I am suggesting now.

The Chair:

What you are saying is that the

legislation should be classified as "a" and "b?"

Mr. Stone:

Yes.

Mr. Lucchino:

The only suggestion I have Mr. Stone is that Jim Lally already holds all of his dispositions for one week, so that wouldn't change any of that because they have all been deferred a week for action, so all this will stay the same.

Mr. Stone:

I am talking about the passage of transportation expenses.

Mr. Lucchino:

I am sorry, I don't understand.

Mr. Stone:

It is almost a matter.

Mr. Lucchino:

That is not legislation.

Mr. Stone:

I am talking about going on a trip.

Mr. Lucchino:

Those are travel vouchers. Those are not bills.

Mr. Perry:

Those bills don't come up for final action.

Mr. Lucchino:

So many of those we get after the fact that they have submitted the requests.

I can further amend that. Why don't we try it and see what happens. once we begin this procedure and come back in a week.

The Chair:

It has been moved and seconded.

Mr. Givens:

I agree with Mr. Lucchino. It has nothing to do with the new Home Rule Charter. I think it is through the spirit of the Charter and that of the neighborhood organizations that want to be involved, and must be involved in any of the discussions that will be made here within this Council.

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Givens:

Mr. President, on Bill No. 1130, also Bill No. 1132, because of those two, the \$40,000 that was taken out of Code Account No. 1141 which is the Salaries and Wages Account for the Automotive Section, I vote "no" on 1130, 1132 and 1135 and do this with some remorse in the fact I feel that the safety of the City drivers down there, and the lack of the present number of mechanics required to fulfill the job that has been done by taking money from the Salaries Account right now, with no intent on the part of that particular department head to hire up to his number of people authorized in the 1976 budget. I feel that in all sincerity I can't say "yes" on these bills. I would like last Wednesday's meeting be so recorded as my remarks in the Municipal Record.

"I would like to see some type of commitment from Director Long as to what he is going to do down there and then we will hold this money and only this money so he can look at some of the other accounts rather than taking the money out of the Wages and Salaries Account. I would also like to see some increase in the mechanics that he has.

I would like to hold Bill Nos. 1130 and 1132 for a total of \$90,000 out of those two bills until such time as Director Long will come back and tell this Council what he is going to do down there in trying to hire adequate mechanics to increase the work fleet."

Also,

Bill No. 1200. A Resolution entitled,

"REPEALING Resolution No. 652, approved August 18, 1976, entitled: 'A Resolution appropriating and setting aside the amount of Eight Hundred Sixty-one Thousand (\$861,000.00) Dollars from Bond Fund No. 234, Department of Public Works, from Bond Anticipation Note No. 2, Bond Fund No. 233, Department of Public Works, and from Bond Fund No. 230-100, Department of Public Works, Engineering Personnel Expenses (PW76-20) and (PW76-35), for the payment of the cost of engineering and related expenses in connection with general public improvements within the City of Pittsburgh to be carried out by the Department of Public Works.'"

Also, with an affirmative recommendation,

Bill No. 1191. An Ordinance entitled, "An Ordinance for the Control of Backflow and Cross-connections."

Which was read.

Mr. Givens:

Mr. Coyne, in reading the bill itself, and I think you were trying to bring out the discussion last Wednesday, but you never

quite heard the discrepancies that might be involved, from Director Miller, as to some of the costs that might be entailed—in what way and how extensive is it going to be?

I would just like to read part of that Bill No. 1191. "The Water Purveyor shall notify, in writing, the owner, or authorized agent of the owner of the premises in which there is found to be a violation of the provisions of this Ordinance. Failure of the owner to remove or correct the violation within the time provided will constitute cause for the Water Purveyor to discontinue water service to said premises."

I am wondering if anyone has any magnitude on this particular ordinance?

Mr. Coyne:

I would just like to say that it gives the Director of the Water Department the responsibility and the opportunity to notify the customers that they, in fact, must install the apparatus. There is no reason in the bill for not granting him that ability. As far as the cost of it, the Director had sent around to me I know I received it, a letter indicating what the cost of this apparatus is.

Mr. Givens:

What are those costs?

Mr. Coyne:

From \$800 to about \$7500. As far as the expense, it was quoted in a separate survey that the water commissioners in Detroit indicated that ten percent of those people, ten percent of the customers could use this kind of gadget.

Mr. Givens:

Is it mostly commercial or residential?

Mr. Coyne:

Commercial and industrial.

Mr. Lally:

Those are the people that would be in-

volved. It wouldn't be getting into the private sectors or homes or things like that. I think they would make a cheaper cross connection that would run about \$25.00.

Mr. Givens:

Is that just for the material or the total labor?

Mr. Coyne:

It is just the mechanical part.

Mr. Givens:

Actually the biggest part of this cost is finding a new location.

Mr. Lally:

You are putting all the plumbers to work!

Mr. Givens:

My only concern is that it could become something that the City was going to add at their expense, and I don't think it would be a good survey.

MOTIONS AND RESOLUTIONS

Mr. Givens presented

Bill No. 1318. An amendment to the Rules of Council further amending Rule X by adding the following section "d":

"The Clerk of Council shall maintain a public list of current neighborhood organizations throughout the City and shall update this list periodically. Said list may be revised on the advice of each Member of Council as well as by the Clerk. The Clerk shall mail the prepared Committee meeting agenda, detailed in section c above, to the organizations on this list at least five (5) days before such meeting. This mailing shall be the only authorized mailing of the Committee agenda to neighborhood organizations at Council's expense."

Which was read.

Mr. Lucchino:

I found out about this just this afternoon and I have spoken to Mr. Givens about it and I understand he introduced this. I have asked him to make a change but he is reluctant to make the change or he doesn't want to.

As you may or may not have been aware, I have been mailing out these agendas for almost 2 and a half years since I have been on Council to various neighborhood organizations. While this is a good idea in letting the public know what City Council has been doing, my only objection is to the last sentence stating "this mailing shall be the only authorized mailing of the Committee agenda to neighborhood organizations at Council's expense."

I don't think there has been any legislation or rule of Council that was ever passed that penalizes any member of is aimed at a member as to what they mail or don't mail out. I believe if this kind of

legislation is to be passed, either this last sentence should be omitted or I would make an amendment stating, "that any member of Council currently mailing out copies of the agenda may continue to do so." I think any member of Council should be able to mail anything to any organization that they please.

All I am asking is that consideration be given before this is passed next Wednesday and during the coming week, to removing that last sentence or by adding the additional clause. I think those are our rights, especially of us, and I would be willing to fight if any member of Council couldn't maintain their privacy.

The Chair:

Are you just referring to the agenda or to any mailing?

Mr. Givens:

No, Mr. President. It is just to the agenda itself. I think Mr. Lucchino does have a valid point there with regard to maintaining privacy.

When I first came onto Council back in January, I had even recommended to the City Clerk that such a mailing should go out, but was unaware that Mr. Lucchino was already sending them out. The question I want to ask is how frequently has this agenda been going out?

I agree that Mr. Lucchino has a right to mailing these agendas, but I don't think it is an infringement on the Council's part to have these lists be made known to the public. If Mr. Lucchino wants to do it privately, he may do so at his own expense, but because this is the government of the people, I think it should be open to the public.

I think you will agree with me, Mr. President, that the costs of mailing these agendas and other information has risen considerably and I think we could cut the costs down in some way. For instance, inserting information that one might want to go out

with the agenda that is not included on the agenda.

Since this is becoming a great cost in the City Clerk's office, that is my only reason for putting the last statement in.

Mr. Lucchino:

I think the way in which Mr. Givens presented this was in bad form in terms of courtesy. At no time at all has Mr. Givens come and asked me about this mailing, or seeing about a compromise. I just think it was a lack of courtesy on Mr. Givens part.

Secondly, with regard to including a police questionnaire in the mailing, I told him absolutely—I have no objection to that. He also wanted to give the secretary other information to be stuffed in the envelopes. I have no objection to that either. I am just offended in his lack of courtesy that he didn't come to me personally to talk about this.

I really think this is a good idea with the exception of the last sentence that's all.

Mrs. Masloff:

Mr. Lucchino, we didn't even know this was going out.

Mr. Lucchino:

Mrs. Masloff, I wouldn't ask you who you send out information about Cable TV—that is none of my business. I don't want to know and I wouldn't want you to expect me to know. I just think that the mailing system is one of the few private rights that we have and I would think some courtesy should be extended to me.

Mr. Lally:

I had some summer employees working for me that were stuffing envelopes. When I had asked them what they were doing, they said "mailing agendas." I happened to see that your name was on the letterhead.

Mr. Lucchino:

Not true!

Mr. Lally:

Your name was on the envelope. I had also asked the other Council members about it and they had no idea what was going on.

Mr. Lucchino:

All I am saying is for the last sentence to be omitted and to leave the rest up to the City Clerk.

Mr. Lally:

Do you object to the agenda being sent and our names are not on it?

Mr. Lucchino:

Why should I put your names on the letterhead when I am sending out the mail? It has to do with the fact that I have been resourceful enough for the last 2 and a half years to send out the agenda to these organizations that requested they receive it, and I don't see why anybody else's names should be on my mail.

All I am saying is if you want to make this a permanent thing, fine, but don't infringe on my rights or even the rights of all of us.

Mr. Coyne:

Mr. President, I think it would be a unduly restrictive sentence to include in this resolution. If any Council member chooses to send out mail, he should be able to. In any case that a duplication should arise, I would think it would be the individual member's responsibility to see that that doesn't happen.

The other thing I want to know is whether or not the people in these neighborhood organizations want to receive this mail. I think we ought to check with these organizations to see whether they feel superfluous about it.

The Chair:

Since the price of mail is going up, we should make sure with the City Clerk that no duplications are being sent and making sure that the ones requesting it receive it.

Mr. Givens:

The only reason I am doing this is that this is a public document, and the public should know about it.

At one time Mr. Lucchino had a complete list of neighborhood organizations which I asked him for and in the final analysis was turned down so I had to do some research in getting my own list up for the private mailing that I wish to do myself.

I think we do have to change the rules a bit, so I would say that this should be a permanent thing—something that is going to be carried on from year to year.

Mr. DePasquale:

I couldn't care less who sends the agenda. Everytime we send the agenda out, no one shows up at the meetings anyway!

The Chair:

As you know, the sunshine laws make the public aware of everything that is going on in Council and since the agenda gives the complete and up-to-date information, this will become a permanent thing.

Mr. Lally:

How many agendas are sent out from this office?

Mr. Perry:

Around 280 copies.

Mr. Stone:

Mr. President, I don't think we need an amendment here—we need something to change. I think it is ridiculous to sit here and

continue to argue. We all have suggestions and ideas, but if you have a suggestion that robs an individual of his official business of this Council, I don't think it is right.

Okay, we dreamed up an idea. It is easy for us to start looking for ideas, but to put our signature on some mass mailing every week is ridiculous. I don't care what was intended here. As I see it, the agenda is the official business of Council and it should be done over the Clerk of Council.

In addition, I don't think any organizations should be restricted from receiving the agenda. I think whoever is on those mailing lists should receive it. I don't really care who puts their name on it. I just think it should be the Clerk of Council and not me.

Mr. Coyne:

I think Mr. Perry said that 280 copies are sent out. That is not the number of copies that are sent normally, is it?

Mr. Perry:

About 250.

Mr. Coyne:

That are getting mailed out?

Mr. Perry:

Yes.

The Chair:

Between now and then we will determine what to do with this amendment.

The Chair presented,

Bill No. 1319. An Amendment to Rule VIII, sub-section b. which will eliminate the necessity of reading a bill twice in the phase of final action.

Which was read.

The Chair:

Mr. Mulvihill said we are permitted to do this.

Mr. DePasquale:

Mr. President, I would request that Governor Shapp please come to Pittsburgh. Once and for all we will try to resolve the East Street Valley situation. I know all of us would like to see East Street disappear, but it is there.

We had the Secretary of PennDot, William Sherlock, here two months ago and he lied through his teeth! He didn't even have the courtesy to attend a meeting out at St. Boniface Church a week ago and some other fellow came there by and name of O'Burn. Mr. O'Burn is the rudest, crudest person that I have ever seen in my life. He acted like those people were dirt under his feet and he couldn't care less in this stage of the game. Mr. O'Burn is comparing a house-for-a-house deal. He has the misconstrued idea that he is going to pay somebody \$15,000 to relocate them whereas a house is selling for somewhere in the neighborhood of \$27,500 to around \$32,000. It has risen that high with inflation. Mr. O'Burn comes to this meeting and he doesn't know a thing about it but has the audacity to make a statement, "I'll give you a house-for-a-house." A house is worth \$32,000 and he is going to give them only \$15,000!

I have never seen grown people cry like they did the other night, and I am saying this from the bottom of my heart that if this continues and they don't pay a fair amount of compensation and if they bring those bulldozers in, I am going to stop them myself. I have also heard that Mr. O'Burn has threatened some of these people by saying that if he makes an offer and they couldn't accept to move within ninety days, the money will be put into escrow.

I have tried to talk to Mr. Sherlock and all the other hog crowd of PennDot over the years, but never got anywhere. They are too busy running for offices all over the state. We have to get this thing resolved once and for all. Shapp has got to come to Pittsburgh. I

don't know if he has the ability to do anything, but we will have to try. This is our last resort—I mean that!

The Chair:

You are asking for a letter to be sent to Governor Shapp that he be present to solve the final phase of the East Street Valley situation?

Mr. DePasquale:

Yes.

Mr. Stone:

I second the motion.

Which motion prevailed.

Mr. Stone:

I think Mr. DePasquale is oversimplifying the problem in a sense of bringing someone new into the picture. The last thing these people need is someone novel telling them what to do. These people have suffered abuse for 13 years and have not gotten any relief as yet. If Governor Shapp comes to Pittsburgh, I think that is the only way we are going to come to a resolution.

Mr. Givens:

Mr. President, I would just like to bring a point in reaction to the people on the East Street Valley situation. I know all of us have some compassion for the people over there to what is happening. But you know when these things don't happen to you or to your family, you can't have the same emotional feeling as they have. I know Councilman DePasquale has been over there many times and has attended many meetings and I agree with him. I think the only way we are going to get anything done is to have the Governor here to try to resolve it. I would third this motion—something must be done in order for those people to get some type of equal compensation for their homes.

The Chair:

Thank you Mr. Givens.

Mr. Givens:

Mr. President, I don't know if you had received a verbal communication in regards to the Firemen's Collective Bargaining Agreement in which they asked Council to sit in and possibly hear some of their collective bargaining problems with the Administration. In going over the Act 111 and until they get to arbitration, Council does have an input as far as listening and giving advice to the Administration and to the Firefighter's Local Union No. 1. I think this is what they are seeking in this collective bargaining arbitration, because there have been a great many times when Council has almost been forced out. I had received two letters—one from the president of the F.O.P. and from the Mayor's executive secretary saying I shouldn't interfere with collective bargaining. The F.O.P. contract and the testimony before the various subcommittees indicated that the chairman of the Public Safety Committee will be kept out of collective bargaining.

Council recognizes that the Executive Branch of Government is the sole bargaining agent, but in Act 111 it does not exclude Council from sitting in because ultimately, we are the third party in that collective bargaining. I do feel very strongly that we should have some type of input. This was brought to my attention by the Firefighter's Local Union No. 1. They have agreed on some of their grievances, one of which is being paid—they still haven't been paid. I want to know why these particular firemen have not been paid, and if anything is coming about.

The Chair:

I was in touch with Mr. Campbell and, of course he said the same thing Mr. Givens—the Mayor is the sole agent in bargaining. I think your point is well taken as a Council member and presently we will be seeing Mr. Lewis this week so maybe we can sit down and meet with him.

I will find out from Mr. Campbell whether or not he can permit some member of Council to sit in—as you are suggesting, an arbitration session. In the meantime, we will take up the grievance.

Mr. Lally:

Mr. Chairman, I would have to ask the question of whether this was legal or not, and after our City Solicitor gives us an opinion whether Council can negotiate a contract with the labor unions.

The Solicitor did at one time render a discussion in regards to the joint bargaining group and he discussed it with the Mayor and City Council, but it never took place, and I would like to ask this question of whether it was legal for Council to do this?

The Chair:

Council along with the Mayor.

Mr. Lally:

I think as grown men we should be able to sit down with the firemen and enter into an agreement rather than bringing in a third party.

The Chair:

A letter will be so directed to Mead Mulvihill as to whether or not Council, along with the Mayor, can sit in.

Mr. DePasquale:

Prior to the new Act, Council and the Mayor did negotiate the contract?

Mr. Lally:

Prior to Act 195 and Act 111 Council and the labor unions used to negotiate their own contracts.

Mr. Stone:

I have become somewhat increasingly disturbed about this bit about the collective bargaining. As indicated by Mr. Lally on Acts 195 and 111. It appears to me that now the time has arrived when perhaps we ought to be sending a resolution to the state legislators to do something about amending those acts and that is exactly what we are talking about.

I don't know who enters into these negotiations, but someone has to start them and I think in the final analysis City Council has been called upon for monies to pay for this. It is important that we understand our powers of "check and balance."

For instance, let's assume that the parties have come and then it was closed. Should it not be reviewed before we go into arbitration?

I think this is a whole new ballgame we are going into and it is costing us just a little bit more than we can handle. I have no objections to the Mayor's Office negotiating initially, but it appears to me that somewhere in this enlightened house of ours it is costing us more money and there is no control over it. I think something should be done, and in addition we should prepare an amendment to the State Acts 195 and 111 so we can become partners in city government again.

The Chair:

I believe Steve George will be bringing back to Council the situation on St. Margaret's Memorial Hospital. We said we would put that back on the agenda.

Mr. Stone:

You can't do that.

The Chair:

Well a motion can be made now to put it on the agenda.

Mr. Stone:

All you have to do is recall it on Wednesday. You have two different meetings here. You can't supercede the other one.

Mr. Lally:

I second the motion.

Which motion prevailed.

The Chair:

Before we close the meeting, I am sure you know by now that the people behind us are connected with the Home Rule Charter. We had asked them to be here today for the presentation of the awards.

Before we adjourn this meeting, I would like to have this as part of the record.

I am sure that the people in the audience, including the commissioners and the staff members who serve on the Home Rule Charter, are aware of the fact that by reading in the newspapers that in the past sessions we have referred to the Home Rule Charter a number of times. There may be things in the Charter that we may or may not get along with, but I think the issue today is that we do have a charter. It really allows city government to open up itself like it has been done today, as well as hopefully made it more responsive to the people of Pittsburgh, and you commissioners as well as the staff members certainly deserve so much from this body here in everybody in the City of Pittsburgh. We certainly owe you a bit of gratitude.

We are very happy to be making presentations to you today, but as short as they may be in all our hearts and minds, we can't say enough to you in gratitude that is, that you have put in Pittsburgh in guiding a lot of people not only today but everyday. On behalf of myself and City Council I want to thank all of you.

As you know, President Louis Mason is ill at home and he sent in some remarks which I will read to you:

"The Citizens of the Commonwealth of Pennsylvania, through their elected representatives in the legislature, recognized the need for a revitalization of the Pittsburgh Charter of 1916.

"The chronology of legislative procedures undertaken to achieve this is set forth in the report of the elected Government Study Commission for Pittsburgh. Indeed, it is a clear demonstration, slow as it may seem, of democracy in action.

"It is a privilege and a pleasure to be able to express appreciation and gratitude to the members of the commission who labored to produce what can now be considered a gigantic step and a milestone in the growth of Pittsburgh.

"In the performance of their duties, each brought their individual disciplines, training and experiences to the conference table, via the public press, public meetings and their own staff commission meetings. The Commissioners, individually and collectively, brought to the task, integrity, courage, wisdom, foresight, tenacity and dedication of purpose. Each gave the highest of leadership abilities.

"This ceremony today is right and proper and the public should be made fully aware of the great contribution these citizens have made to the City of Pittsburgh.

"On behalf of my colleagues, both those now present and those who preceded them, I wish to take this opportunity to express our appreciation and gratitude to the Commissioners for a job well done."

And now I will ask at this time our City Controller, John McGrady to come forward for a few remarks.

Mr. McGrady:

Thank you Mr. Caliguiri, Members of Council, Members of the Commission, Staff Members and Ladies and Gentlemen:

Usually when a person is asked to take a seat on a commission or a board they visualize normally about one or two meetings a month and about four or five hours at the most, serving on a committee and doing some work. But, I have wondered about two in particular in the City of Pittsburgh, and I have wondered quite a bit what there is in these persons that make them want to be members of the commission or board. I am referring to the Commission of the Home Rule Charter and the School Board of the City of Pittsburgh.

I have asked many members of the

School Board of the City of Pittsburgh what it is that motivates them to serve on a board that it requires at least 20 to 30 hours each month of their time serving with a lot of abuse at times and many, many long meetings throughout the month. I think it is only that these people have a spirit of service within themselves that makes them do this. I certainly commend you for your public spirit and for a good that you had given to the City of Pittsburgh.

We are amazed about one thing in particular and that is that there are very few conflicts between the new charter and the old charter under which we operate. That is the thing that we are definitely going into every once in awhile. Just last Friday something came up that we wanted to know about the Sinking Fund Commission what you had to say about it. I found out you have little or nothing to say about the Sinking Fund Commission which leave us free of having to operate under the old city charter.

Now on behalf of the Mayor I want to congratulate each and every one of you for the fine work you have done for the people of the City of Pittsburgh.

The Chair:

At this time we will have Mr. Dave Welty, who is representing the Mayor, to please come forward for a few remarks.

Mr. Welty:

I am unaccustomed as far as being a public speaker! Seriously though, the Mayor's out of the City and he had asked me to represent him, which I am very pleased to do, in extending to the commissioners and the staff members his personal thank you for providing the city with a new Home Rule Charter.

We realize it was a great deal of time and personal expertise put into the extensive research and planning and writing the Charter. There is really no way the City of Pittsburgh can adequately repay you for this extraordinary public service, but you can take considerable pride that this public document represents your combined effort.

On behalf of the Mayor and myself, I am pleased to be joining with City Council and the City Controller in giving public recognition to the Government Study Commission and their very confident hard-working staff. Thank you very much.

The Chair:

If there is any Council member that would like to make a remark for a minute or so.

Mr. Stone:

Mr. President, as you are well aware, I had served on this Home Rule Commission at one time and had an opportunity to see them work and I was gratified to find the dedication that was on the commission at that time. While I did help to plant a few seeds, I think they are just starting to nurture. I commend all the present members as well as the former members for a great job.

Mrs. Masloff

If it wasn't for the Home Rule Charter, I wouldn't be here. I want to thank them for making provisions for replacing vacancies.

Mr. Lucchino:

I would affirm what Mr. Mason said and on behalf of City Council, now we are free from the chatter of Harrisburg!

Mr. Givens:

Once and for all this city government can then begin to rule ourselves and to remove some of the debris from the state laws.

Mr. DePasquale:

I regret to say that some of the people in the City of Pittsburgh see it fit to ignore the Charter. I know Council as a whole would like to see the Charter as a state law.

Mr. Coyne:

I would like to commend the commissioners and the staff. They are giving the

City of Pittsburgh a workable document, and I would also like to thank them for being able to make themselves so available during the drafting of the document. I know they worked extensively throughout the summer and the winter and for that I want to thank them.

Mr. Lally:

I would also like to congratulate the members of the Commission and the staff for a fine document to work with. I have to go along with Councilman DePasquale's statement that I hope the Charter is implemented as a state law.

The Chair:

Ladies and gentlemen, as I call your name, would you please come forward for your award.

PRESENTATION OF HOME RULE CHARTER AWARDS

Presentation of Award to Robert Kennedy by Mr. Coyne.

Presentation of Award to Robert Martin by Mr. DePasquale.

Mr. Martin:

It has just occurred to me that while all of us are very aware of this, being that the people of the City of Pittsburgh have adopted this Charter, while other communities are being unwilling to try something new and different. I commend the people of Pittsburgh for adopting this Charter. Thank you.

Mr. Givens:

Some people in the audience may not know that this particular document was made up with the idea in the minds of these people of using the city colors which are black and gold as part of this plaque. It so reads, "Government Study Commission, for dedicated service to the people of Pittsburgh while embodying the ideals of democratic self government in the Home Rule Charter, effective January 1, 1976.

Presentation of Award to Mary Hall by Mr. Lally.

Ms. Hall:

A very hardy thank you to all of you.

Presentation of Award to Arthur Holloway by Mr. Lucchino.

Presentation of Award to Gabor Kish by Mrs. Masloff.

Mr. Kish:

To the Chairman of City Council: It is an opportunity to speak to the City of Pittsburgh at this particular time. It is indeed a pleasure and an honor to have served as a member of the Pittsburgh Government Study Commission. The voters have made this document possible for the City of Pittsburgh and despite those who poo-poo the Charter, it is just a minority that we can overlook. I may be over-reacting, but these are my personal opinions. I also want to congratulate Councilman Givens. I hope he holds to the solid ground and I hope the sarcastic remarks made in the editorials are eaten by the editors and that the citizens will demand implementation of this Charter!

Mr. DePasquale:

I'll agree to that.

Mr. Kish:

I can't for the life of me understand why we have to run to the state legislators to interpret what the Home Rule Charter means. The editorial poo-pooing the Charter dealt with the whole question of a strong mayor. This is only half the story. I think we have stressed the need for a strong mayor.

Certainly all of us have put in a lot of time in the promotion of this charter, however, I am one commission member that will not just sit back. I intend to put in as much full time in seeing that the Charter is implemented.

Presentation of Award to Sister Michele O'Leary by Mr. Stone.

Sister O'Leary:

I always prayed that I would never follow Gabe Kish. I would like to thank you very much but do think that the citizens of Pittsburgh deserve the credit.

Since being on this Commission I had discovered how difficult the task is on the whole Government level and I think you need all the help you can get, so for that reason I never hesitate to remember all of you in my prayers.

Presentation of Award to John Bingler by Mr. Caliguri.

Mr. Bingler:

Thank you very much on behalf of the Commission and the staff for having this ceremony and the celebration today. I can't tell you how hard our staff worked and how much effort was put into it. Thank you again.

The Chair:

Now we will make the presentation to the staff members. If I may, I would like to read the inscription.

"Government Study Commission

"Your service to the Home Rule Charter Commissioners aided their drafting of this historic Pittsburgh document, effective January 1, 1976.

"On behalf of the people of Pittsburgh, we wish to offer our gratitude for your essential contribution to the ideals of democratic self-government embodied in our Home Rule Charter."

When I call your name, please come forward and receive your document.

UNFINISHED BUSINESS

Mr. Givens presented

Bill No. 1318. The Clerk of Council shall maintain a public list of current neighborhood organizations throughout the City and shall update this list periodically. Said list may be revised on the advice of each Member of Council as well as by the Clerk. The Clerk shall mail the prepared Committee meeting agenda, detailed in section c above, to the organizations on this list at least five (5) days before such meeting. This mailing shall be the only authorized mailing of the Committee agenda to neighborhood organizations, at Council's expense.

Which was read.

Mr. Givens:

Mr. President, if I might, I would like to table this bill.

Mr. Lally:

I second the motion.

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne	Mr. Lucchino
Mr. DePasquale	Mrs. Masloff
Mr. Givens	Mr. Caliguiri
Mr. Lally	(Pres't pro tem)

Ayes 7 Noes none

And there being a majority of the votes of Council in the affirmative, the motion prevailed.

Mr. Givens:

I would just like to make a comment here. This is an internal matter, and that's one of my main reasons for tabling the bill. That, plus the fact that the President of Council sent a letter to all Council members indicating his opinion on this particular bill.

Mr. Caliguiri:

To discuss it again on Wednesday was his intent, I think, Mr. Givens.

Mr. Caliguiri presented

Bill No. 1319. Amendment to Rule VIII, sub-section b., which will eliminate the necessity of reading a bill twice in the phase of final action.

Which was read.

Mr. Caliguiri:

What this would do is that once the bill is read—the title of the bills, I will then ask after

the City Clerk has read the titles, "Are there any discussions on the bills." If there is discussion, fine. If not, then we can go right into the bills that are ready for final action. It won't be redundant. I have received an opinion from the Law Department.

Ayes:

Mr. Coyne	Mr. Lucchino
Mr. DePasquale	Mrs. Masloff
Mr. Givens	Mr. Caliguiri
Mr. Lally	(Pres't pro tem)

Ayes: 7 Noes none

And there being two-thirds of the votes Council in the affirmative, the bill passed finally.

Mr. Caliguiri:

I think this will make us more effective and give us more time for important things rather than reading the bill twice.

REPORTS OF COMMITTEES

Mr. Coyne (for Mr. Caliguiri) presented

No. 1362. Report of the Committee on Finance for September 22, 1976, transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1278. A Resolution entitled, "Transferring the sum of \$25,000.00 from Code Account No. 1042, Salaries, City Information Systems Office-Mayor's Office to Code Account No. 1044, Supplies, City Information Systems Office-Mayor's Office."

Which was read.

Also,

Bill No. 1279. A Resolution entitled, "TRANSFERRING the sum of \$20,000.00

from the CETA Trust Fund to the LPWEA Trust Fund."

Which was read.

Also,

Bill No. 1280. A Resolution entitled, "Providing for the letting of a contract or contracts for the furnishing and delivery of Plows and Salt Spreaders, for the Bureau of Automotive Equipment, Department of Supplies, and for the payment thereof."

Which was read.

Also,

Bill No. 1281. A Resolution entitled, "Providing for a Cooperation Agreement with the Public Auditorium Authority of Pittsburgh and Allegheny County and the County of Allegheny for the operation of the Convention Center Exhibition Hall by said Authority and for the equal sharing of operating costs by the City of Pittsburgh and the County of Allegheny."

Which was read.

Mr. Givens:

Mr. President, I think on Bill No. 1281, dealing with the Public Auditorium Authority of Pittsburgh, in Allegheny County, and that of the state, I would like to amend Section 2 and add, "The Mayor of the City of Pittsburgh will fill the next Public Auditorium Authority of Pittsburgh vacancy by appointing a City of Pittsburgh Councilperson to serve on said authority."

My reason for this, I think, is very obvious. We are asking this bill to go into the contractual agreement between the City of Pittsburgh and the County of Allegheny, along with the State of Pennsylvania. For us to sit here and not have some type of representative sitting on that authority to let other Council members know exactly what is going on there—I asked the question of Mr. Dickey, when he was here Monday, if he had to deal with the amount of monies that was involved in this particular authority would he not have

some type of representation on that particular board. He said that yes, he would like to have some type of representation.

We in Council have to approve these contractual agreements. Therefore, I feel that it is very necessary that we have someone sit on these authorities. In the Home Rule Charter it also states that Council should sit on all authorities.

Mr. DePasquale:

I share Mr. Givens' sentiment with the exception that it would possibly delay the convention center further. Also, I would like to refer back to the Home Rule Charter. The Home Rule Charter states that each authority, board, and commission should have a Council member on it. We are at a stage where we have two opinions, one from our Solicitor and one from the Mayor's Solicitor. Hopefully, the opinion from our Solicitor will prevail and the Mayor will have to appoint a member from City Council to sit on all authorities and boards.

I feel that if we were to put this in now it would hold up the convention center. This is quite possible. This is my only reason for not wanting this to be added.

Mr. Coyne:

I share Mr. Givens' feelings that a Council member should serve on these authorities and boards. But, I don't think this is a proper vehicle to accomplish that. I don't think it is going to make one bit of difference to the Mayor, whether this is a part of the bill or not, whether or not he puts someone on the authority. I am opposing to including this in the bill.

Mr. Givens:

I would just like to re-emphasize my viewpoint. Regardless of how or what the Mayor feels in this position, we in Council have to make decisions, and yet we are doing it more or less after the fact. We don't have anybody there making policy decisions that have to be made, and yet we are here to pass on the legislation. Council will be incurring a

debt upon the people of the City of Pittsburgh, as well as that of Allegheny County, and I feel that we should have some say-so—this Council should have some say on what goes on.

To a certain degree I am trying to pinpoint when he makes that next appointment and that that be a person from City Council. We should have somebody sitting on this authority. We appropriate the money. We should have input. We don't have a committee. They sent us their Minutes of the Meeting after the fact.

I feel very strongly on this one point. I feel, personally, that we in Council owe some type of responsibility to the citizens we represent to sit on these authorities and boards and to give input, because many things are behind the scene, so to speak, at these meetings. We should have councilmanic input into it. If we don't, we just are not representing our people, I think. We are asking for taxes to be put upon the City of Pittsburgh, and we do not have any representation as yet.

I think the amendment indicates, Mr. President, that in his next appointment he give consideration to having a Councilperson sit on this authority and that if he does not want to agree with that, I don't think it will delay the convention center any further. The Mayor wants it to go, as well as the other board members and Council.

Mr. Caliguiri:

There being no second, the amendment dies for the lack of a second.

Also,

Bill No. 1287. A Resolution entitled, "TRANSFERRING all monies contained in the Police Communications Project II Trust Fund to the Bureau of Police Communications Project Trust Fund located at Pittsburgh National Bank Special Trust Fund No. 2."

Which was read.

Also,

Bill No. 1302. A Resolution entitled, "Transferring the sum of \$20,000 from Code Account 1850, Salaries-Regular Employees to Code Account 1855, Materials, Supplies, and Equipment."

Which was read.

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne	Mr. Lucchino
Mr. DePasquale	Mrs. Masloff
Mr. Givens	Mr. Caliguiri
Mr. Lally	(Pres't pro tem)

Ayes: 7 Noes none

And there being a majority of the votes of Council in the affirmative, the bills passed finally.

Also,

Bill No. 1306. A Resolution entitled, "AMENDING Resolution No. 499 approved July 12, 1976 entitled 'Authorizing and directing the issuance of a warrant in favor of the Urban Redevelopment Authority of Pittsburgh in the sum of Two Hundred Seventy Thousand One Hundred (\$270,100) Dollars for acquisition and related activities in Project 70.' by eliminating the Whereas provisions and adding an account name."

Which was read.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne	Mr. Lucchino
-----------	--------------

Mr. DePasquale Mrs. Masloff
Mr. Givens Mr. Caliguiri
Mr. Lally (Pres't pro tem)

Ayes: 7 Noes none

And there being two-thirds of the votes of Council in the affirmative, the bill passed finally.

Mrs. Masloff (for Mr. Stone) presented

No. 1363. Report of the Committee on Planning and Redevelopment for September 22, 1976, transmitting one ordinance and sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1029. An Ordinance entitled, "An Ordinance amending the Zoning Ordinance, No. 192, approved May 10, 1958, as amended, Zoning District Map Sheet Number 7 by changing from 'AP' Planned Commercial-Residential Unit Development District to 'I-C, Institutional-Civic District all that certain property bounded by: Colbert Street; the existing 'I-C' Institutional-Civic District located approximately 389 feet east of Colbert Street; Locust Street and Lot No. 2 in the Hillman Plan of Subdivision, recorded in Plan Book Vol. 80 Pages 111 through 114, 1st Ward."

Which was read.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne Mr. Lucchino
Mr. DePasquale Mrs. Masloff
Mr. Givens Mr. Caliguiri
Mr. Lally (Pres't pro tem)

Ayes: 7 Noes none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Also,

Bill No. 1030. A Resolution entitled, "Approving a Conditional Use under Section 2801-1-A-(9) of the Zoning Ordinance, No. 192, approved May 10, 1958, as amended, for rehabilitation, enlargement and conversion of an existing industrial building into a Library Resources Center by Duquesne University on 44,414 square feet of property situated between Locust Street and Colbert Street, 1st Ward."

Which was read.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne Mr. Lucchino
Mr. DePasquale Mrs. Masloff
Mr. Givens Mr. Caliguiri
Mr. Lally (Pres't pro tem)

Ayes: 7 Noes none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Also,

Bill No. 1232. A Resolution entitled, "Approving a Conditional Use under Section 2801-1-A-(8) of the Zoning Ordinance, No. 192, approved May 10, 1958, as amended, for the construction of a six story 269-bed general hospital with parking area for 640 cars for St. Margaret's Memorial Hospital on 20 acres of land having 582.79 feet of frontage on the northerly side of Freeport Road and 1212.95 feet of frontage on the easterly side of Delafield Avenue zoned 'S' Special District being a portion of the former City of Pittsburgh Water Filtration Plant, 12th Ward."

Which was read.

Mr. Lucchino:

Discussion on Bill No. 1232. That's the bill dealing with St. Margaret's Memorial Hospital. I would like to give one try to convince my colleagues on Council that we ought to send that back to Committee or do something with that particular area that we have out there. The bill is to grant the Conditional Use to St. Margaret's Memorial Hospital.

Basically, I am not opposed to the Conditional Use of the hospital. I am as anxious for the hospital to do the good work that they do, and that is providing medical care for Pittsburgh and surrounding areas.

I think this lease, the way it has been negotiated, is a real give away. I mean, give away 99 years at a fixed rate and not provide for any escalation cost. I think I understand the reason, but at least provide in there for renegotiation of the lease after 20 or 30 years. The way we have it right now we have tied it to this fixed sum for the next 99 years. I don't think any of us being prudent individuals would rent out an apartment or home or anything else for 99 years at today's rate. That's where the problem lies here. I would hope that you might reconsider and be willing to send this back to the URA for them to renegotiate with some protection in mind for the people who follow us in city government and the taxpayers of Pittsburgh in 20, 30, or 60 years. The lease sits there because it is an albatross lease that holds at \$110,000.00 a year to the year 2076. We will be getting the same amount. I have also talked to some real estate people and they said that they would never enter into a five or ten year lease, let alone a 99 year lease, without some type of protection, satisfactory protection, mandating some renegotiation at the end of a given period of time—25 years, 50 years, something to protect us. The way it is right now we are not protected.

Unfortunately, the URA has negotiated a real bummer of a lease. It is not there, and is not going to provide us with any kind of protection.

Mr. Caliguiri:

Are you putting this in the form of a motion?

Mr. Lucchino:

I would be happy to if I thought I could get somebody to . . .

Mr. Givens:

You say you don't want to enter into a 99 year lease. Do you have any other suggestion or proposal? Are we to enforce that within this particular bill?

Mr. Lucchino:

My suggestion would be that we send this Conditional Use back to Committee and instruct the URA to provide some protection in terms of an additional clause in the lease that says it has to be renegotiated at the end of a given period of time.

I think that we can work that out satisfactorily to the hospital and to us without scaring the hospital in terms of what we might be doing. I think it is something that we have to provide for.

I understand their opposition to an escalation clause because you have no control over that if you put that in, but I don't see why there should be an objection to renegotiating after a reasonable period of time.

How we got into this bind, URA came to us for permission to enter into a lease, and we desired to move that along. We gave them that authority to enter into an agreement. We really don't get a chance to discuss it until the Conditional use comes in. That's the point now. I am not in favor of holding it back. However, I am in favor of renegotiating and putting a clause in that would protect all of us. I don't think the hospital would object that much. What I am calling a lengthy period of time is maybe 20 years, and after that period of time there be an option on our part to renegotiate the lease.

As it is right now, there is no allotting for the increase of cost of living. No escalation cost. Someone has performed a miracle. I don't think that miracle is on the horizon.

Mr. Caliguiri:

Are you putting any year in this now?

Mr. Lucchino:

I don't think we could put it in now. I move that the bill be recommitted to Committee so that the lease can be renegotiated to provide for some renegotiating clause at the end of a given period of time.

Mr. Caliguiri:

Any second? No second

I still don't think this would keep the conditional use—it has no real bearing on the agreement that we continue to renegotiate the bill.

Mr. Lucchino:

I have tried that. I have spoken to URA, and they insist they have negotiated a real good lease.

Mr. Caliguiri:

In lieu of that, we will be receiving \$110,000.00 for the next 99 years. Normally, we receive no taxes. It is a good lease. We are getting something rather than receiving absolutely nothing.

Mr. Lucchino:

The only problem with that agreement and that argument is that we are talking about 20 acres adjacent to Fox Chapel. That is prime property, and that much land doesn't exist vacant in that area of Allegheny County. I think that's where the distinction lies, and we should get some protection for that.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne
Mr. DePasquale
Mr. Givens
Mr. Lally

Mrs. Masloff
Mr. Caliguiri
(Pres't pro tem)

Ayes: 6 Noes

(Mr. Lucchino voting "No")

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 1266. A Resolution entitled, "Approving a Conditional Use under Section 2801-1-A-(8) of the Zoning Ordinance, No. 192, approved May 10, 1958, as amended, for additions and alterations to Montefiore Hospital on property zoned 'I-C' Institutional-Civic District and 'R4' Multiple-Family Residence District located on the northerly side of Fifth Avenue between Chesterfield Road and Darragh Street identified as Lot Numbered 5, Block 28-F and Lot Numbered 306, Block 28-A in the Allegheny County Block and Lot System, 4th Ward."

Which was read.

Mr. Lally:

On Bill No. 1266, Conditional Use for Montefiore Hospital, I had some questions about this bill. I have been in contact with the official of the hospital, and I have been assured that the laboratory has been moved back from the retaining wall approximately 30 feet, which will satisfy the residents of Chesterfield Road to some extent.

The hospital has agreed to meet with the community and try to improve the relationship between the community and the hospital. So, this is why I would like to change my vote. They have already set it back an additional 30 feet from the original plans.

Mr. Givens:

I have an amendment to Bill No. 1266, which follows along with Councilman Lally's comment.

Section 1 after reference thereto:

"Recommend a study and review be conducted by the Allegheny County Health Department on animal noise pollution surrounding Montefiore Hospital to include both planning and construction phase of Hospital expansion, so as to assure and protect the peace and quiet surrounding Residential area."

I think the people are concerned about the noise that comes from the animals in the building. With their new facility I would hope that it be air-conditioned, windows closed because the bedroom level faces right at the level of the construction site itself. This building must be constructed in such a way that there is complete seclusion.

Mr. Lally:

I second the motion.

Mr. Coyne:

I don't see how we are going to get the Allegheny County Health Department to conduct a study as a part of a resolution for a conditional use.

Mr. Givens:

I intend to follow this with a letter to them, more or less, recommending a study. Any citizen can do this. All I want to do is to put this in the body of the ordinance. We can't force them to conduct a study, but it would add more emphasis to our position and our point of view if we do it this way. We want them to go over there and to look at this facility and to see whether or not it meets with these standards of noise levels. I think they can do that for us. It adds more emphasis and gives this Council and the Allegheny County Health Department more direction in conducting their business of carrying out the health programs.

Mr. Coyne:

I prefer that the amendment be left out or let Mr. Givens send a letter to the Health Department. That would be appropriate, but I will not support the amendment. I know that you have the word recommend in, but we certainly cannot obligate them, nor can we force them.

Mr. Givens:

It would help the people to know that we requested a possible study. I agree it is an unusual request. One, I think, we are safeguarding the rights of the people. If you don't want it, fine. I thought it would be the strongest language that we could use to try to assure these people living adjacent to the Montefiore Hospital construction site. If the hospital knows beforehand that place is going to be reviewed by the Health Department, and if the Health Department were to give them their blessings, it would save headaches and money. It is alright by me.

I am trying within the protection of the ordinance to give the people protection. It would be sort of a bible document, so to speak. It would be a letter of intentions, weaker in the form of the ordinance.

Mr. Caliguiri:

It might lead them astray.

Mr. Lally:

When I was in contact with the hospital official, he explained to me that they will conform with all the federal regulations concerning animal laboratories. I think this might be enough. As far as construction, I don't know how you can stop noise during construction.

Mr. Givens:

Not noise construction, but after the building is completed I would like for it to be soundproof.

Mr. Lally:

The animal laboratory in Plum Borough, I don't know if it is conforming with federal regulations. That possibly might be closing down.

Mr. Givens:

Exactly what I am trying to do is to get Montefiore Hospital to construct a sound-proof facility and to let the people and the builders know what we are trying to do.

Mr. Caliguiri:

Mr. Lally, there are federal regulations regarding animal hospitals?

Mr. Lally:

Mr. Goldberg has assured me that they will do anything possible to help control this. Well, I had seconded Mr. Givens' motion, but I now withdraw my second.

Mr. Caliguiri:

Do I hear a second? Mr. Givens, I recommend that you send a letter to the Allegheny County Health Department.

Mr. Givens:

This is under the committee of Mr. Stone. I would prefer that he write the letter.

Mr. Lally:

The letter could be sent in care of Mr. Goldberg at the hospital.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Which was read.

Mr. Givens:

I would like to amend Bill Nos. 1290, 1291, and 1292, Section 6 and add, "The above application be reviewed by the Chairman of Public Safety Committee before filing with the Pennsylvania Governor's Justice Commission."

I would like to explain a little further. As Chairman of this particular committee, I am truly interested in working more closely with Superintendent Coll and the Governor's Justice Commission. Superintendent Coll has various things that he wants to put forward to the Governor's Justice Commission, and Council and myself, particularly, are unaware of these things until the bills are

presented by the Mayor, and we have a very short period of time to work on them. I also have expertise in this area. One, for example, is the communication system presently going in the Public Safety Building. It is not a master plan per se. Personally, I feel that I should be more active in what is happening and to make sure that the taxpayers' dollars are being spent in their best effort. So, that in mind, I recommend that someone second this amendment.

Mr. Lally:

I feel like Mr. Givens does in this. He is the Chairman of that particular committee. I think he should be consulted. I think this has merit, and I will second it.

Mr. Coyne:

I just wonder why we couldn't hold the bill up?

Mr. Givens:

I think this is something that happens in today's legislation. We are having problems down there. If you can recall, we have given them additional money to get somebody to work on those federal programs. Not only in Superintendent Coll's position, but in other areas, we are not fully utilizing federal money that is available to us because people don't have the adequate time themselves to go in and research.

We used to have a Department of Public Safety that did most of the federal work. That is not so now. Now Superintendent Coll and the Chief of the Fire Department do all their administrative work. This is becoming too much on their part. As a result, we are getting into these crash programs where we have to react very quickly.

I think this amendment will tell the Superintendent of Police that I want to be actively participating in these programs, and then he will call upon myself and brief me as to what is going on, I have asked for many reports that I haven't received yet. I just don't get the feedback that I feel is needed in major legislation involving multi-million

dollars. Two, three, or even seven days do not give me enough time. It is a disadvantage. We are here to be the watchdog, so to speak.

Mr. Coyne:

I don't think this language is going to accomplish this. If you want to become a part of drawing up the application, I don't think this wording will accomplish that.

Mr. Givens:

I think you have a good point there. It could read, "The above application be reviewed 30 days—inject 30 days—by the Chairman of Public Safety Committee before filing with the Pennsylvania Governor's Justice Commission." That will at least give me a month.

Mr. Lally:

I second the motion.

Which motion prevailed.

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne
Mr. Givens
Mr. Lally

Mr. Lucchino
Mrs. Masloff
Mr. Caliguiri
(Pres't pro tem)

Ayes 6 Noes none (Mr. DePasquale not voting)

And a majority of the votes of Council being in the affirmative, the bills, as amended, passed finally.

Mr. Lally presented

No. 1366. Report of the Committee on Lands and Buildings for September 22, 1976, transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1256. Resolution authorizing the sale of property in the 3rd Ward, being a red brick garage located on Bedford Avenue, designated as Block 9M, Lot 302, to Albert T. Charley, Sr. and Juanita Charley, his wife, for the sum of \$400.00.

(As amended in Committee)

Which was read.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

MOTIONS AND RESOLUTIONS

Mr. Coyne presented

Bill No. 1367. WHEREAS, it is the policy of the Pittsburgh Board of Education to offer to give former and unusable school buildings and land to the City of Pittsburgh for development by the City; and

WHEREAS, the former Cowley School site on the North Side was offered to the City and not accepted by the City in the past; and

WHEREAS, the opportunity now exists to reconsider and change the decision not to accept the property; and

WHEREAS, the Council of the City of Pittsburgh and the Mayor of the City are fully aware of the dwindling tax base due to loss of residents in the City; and

WHEREAS, the low and middle income housing built on the former Cowley School site would provide tax revenues for the City to strive for; and

WHEREAS, the Mexican War Streets neighborhood is a neighborhood that is dramatically rebuilding itself and could use the added impetus that new housing in its midst would provide to mix with old, rehabilitated housing; and

WHEREAS, one of the responsibilities to the office of Housing Coordinator in city government is to encourage and attract developers to build new housing in the City where feasible; and

WHEREAS, the Mexican War Streets area and the former Cowley School site in particular, is a desirable and feasible location for new housing.

NOW, THEREFORE, BE IT

RESOLVED That the Council recommends to the Mayor and housing administrators of the City that they exercise their opportunity to acquire the Cowley School site and procure developers who will

construct revenue producing housing on the site that is consistent with the plans for the Mexican War Streets neighborhood.

Which was read.

Mr. Coyne:

Mr. President, all this resolution does is to encourage the administration to take a second look, if it is possible, for procuring that property over the North Side, and I move the adoption of the Resolution.

Mr. Lucchino:

I second the motion.

Mr. Lally:

Wasn't there a court case involving this property before Judge O'Malley?

Mr. Coyne:

Yes. It was turned down by the court, and that's exactly why this might be an opportunity for us to go in and eliminate the problems that exist and take over and become owner for revenue producing purposes.

Mr. Lally:

The hospital appealed its decision.

Mr. Coyne:

That's right. There has been no decision as yet on that bill.

Mr. Lally:

Can we do this then?

Mr. Coyne:

I don't know what the legal ramifications are. I would like for the administration, if it is legally possible, to go on.

Mr. Lally:

The hospital feels very sure they will win the appeal and the property.

Mr. Coyne:

If the court rules in favor of the hospital and/or the church, that takes precedent. Until that takes place, I am asking that the administration look at it.

Mr. Lally:

Not committing us to buy?

Mr. Coyne:

Just to go over and to take a look at it.

Mr. Caliguiri:

It does not commit us to buy it.

Mr. Coyne:

No.

Mr. Caliguiri:

The court will ultimately have the final ruling. Mr. Coyne is encouraging the administration to take another look.

Mr. Coyne:

I am encouraging them to take the same action URA did with the East Park piece of legislation they introduced this morning. This would be a similar type of motion.

Mr. Givens:

Until this thing is settled in court, I go along with your resolution, Mr. Coyne.

Mr. Coyne:

If the property goes to either the hospital or the church, then we are out of business. If they don't take over the property, maybe

then the city could develop it for housing. If either one of the bidders get the property, then we can't accomplish what this resolution sets out to accomplish.

Mr. Givens:

Could we possibly make an amendment to it, pending the outcome?

Mr. Caliguiri:

That would be automatic.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne	Mr. Lucchino
Mr. DePasquale	Mrs. Masloff
Mr. Givens	Mr. Caliguiri
Mr. Lally	(Pres't pro tem)

Ayes: 7 Noes none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Givens presented

Bill No. 1368. WHEREAS, the nation's inland waterways system is an integral part of our nation's transportation system; and

WHEREAS, the rivers of the Pittsburgh area are a major component of the economic life of Western Pennsylvania; and

WHEREAS, U. S. Senate Bill 3823, Section 5 intends to establish a system of user charges assessed to the commercial users of inland waterways; and

WHEREAS, the imposition of such charges would disrupt the economic network of this nation; and

WHEREAS, such user charges would be severely discriminatory against and would prejudice the economic life of Pittsburgh which is so heavily dependent on low cost water transportation for access to distant markets and for receiving raw materials for its industry; and

WHEREAS, water transportation is the basic logistical structure of the electric utility, coal, petroleum, steel, and other industries of the Pittsburgh area;

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Pittsburgh on behalf of the residents of the City of Pittsburgh urges the Senate to oppose the imposition of user charges by deleting Section 5 from Senate Bill 3823.

AND BE IT FURTHER RESOLVED that certified copies of this resolution be sent to Senators Schweiker and Scott along with Senator Russel Long, Chairman of the Finance Committee of the U. S. Senate.

Which was read.

Mr. Givens:

I move the adoption of the Resolution.

There was a bill passed previously in regards to a water users tax. We all had an opportunity to look at Senate Bill No. 3823, and that would affect all the dams and water ways. This tax is put upon the shippers on our rivers, and I think this has a distinct possibility of causing extreme damage and harm to the business establishments within Western Pennsylvania. I think we should all write our Senators, especially Russel Long, who will present this bill to the full senate. I feel that this will drastically affect or change the overall industrial complex of the City of Pittsburgh and will erode our tax dollars away from us.

Mr. Lucchino:

I second the motion.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne
Mr. DePasquale
Mr. Givens
Mr. Lally

Mr. Lucchino
Mrs. Masloff
Mr. Caliguiri
(Pres't pro tem)

Ayes: 7 Noes none

And a majority of the votes of Council

being in the affirmative, the bill passed finally.

Mr. Lally moved

That Mr. Stone and Mr. Mason be excused for absence from this meeting.

Which motion prevailed.

And motion of Mr. Lally,

Council adjourned.

Mr Lally:

On Bill No. 1301, I would like to recommit the bill for further study.

Mr. Lucchino:

I second the motion.

Which motion prevailed.

MOTIONS AND RESOLUTIONS

Mr. DePasquale:

This is probably Chapter 9,846 on the East Street Valley situation, but I had read in the paper this morning that over the weekend Mr. O'Byrne has threatened eviction for three families because they had refused to pay rent. This isn't true. Two out of these three families have paid their rent into an escrow fund at the Mellon National Bank, but for some reason PennDot hasn't repaired or even cleaned up the homes that they are living in, in order to make it safe and sanitary.

I think we should urge someone from the Government to come and try to resolve this because they are at the point now where the area is completely up in the air. Now to the packing plant. They had requested PennDot to relocate them in the City. Now I understand there is an ordinance against a packing house being built in the city at the present time, so apparently this is an impossibility.

On the other hand, the only other recourse is for PennDot to pay these people a fair price of just compensation. Here we are a year later and the same situation exists that had existed back in 1969--a fair compensation. That's what these people want.

The Chair:

Mr. DePasquale, we are waiting for a response from Harrisburg.

Have we received that yet, Mr. Perry?

Mr. Perry:

No, we haven't.

The Chair:

If we don't receive something by the end of the week, we will call them.

Mr. DePasquale:

I still think the Governor would be able to resolve this. If he fails to come in, I don't know what is going to happen.

The Chair:

Before I ask for an approval of the Minutes, I had received a letter from the Allegheny County Medical Services, and I would like to read two pertinent paragraphs at the present time.

"The Allegheny County Emergency Medical Services (EMS) Council has recently been reconstituted after having been inactive for a period of time. The purpose of

the Council is to promote and support the establishment of an effective and efficient EMS System within the County. This is accomplished through the voluntary organization of lay and professional persons with an interest in and/or responsibility for emergency medical services.

At the EMS Council meeting on July 27, 1976, a recommendation was accepted to forward a letter of invitation to Pittsburgh City Council. It is hoped that City Council will appoint a representative to the EMS Council because of the recognized need for having local government represented. It is anticipated that the City's representative will be elected to one of the few remaining Board of Directors' openings."

I would like to appoint Mr. Stone to be our representative to this committee since he has been involved with the Emergency Medical Services and also has been involved with some of the County things. Mr. Stone, I will give you the mail and the letters so you can get in contact with them and to start attending these meetings and to bring back things that are pertinent to City Council.

Mr. Lally moved

That Mrs. Masloff and Mr. Mason be excused for absence from this meeting.

Which motion prevailed.

Mr. Lally moved

That the Minutes of Council of September 27, 1976 be approved.

Which motion prevailed.

Mr. DePasquale moved

That the next scheduled meeting of Council will be on Tuesday, October 12, 1976, at 2 p.m.

Which motion prevailed.

And Council adjourned.

MOTIONS AND RESOLUTIONS

Mr. Caliguiri presented

Bill No. 1428. WHEREAS, the com-

modities of heat and light cannot be considered luxury items but are, in fact, necessities, just as food and clothing are for all of our citizens; and

WHEREAS, escalating utility bills have become a mounting problem for the people of Pittsburgh, especially for low and moderate income families, senior citizens and those living on fixed incomes; and

WHEREAS, ten percent of the average citizens' utility bill is composed of state taxes, two of which the Gross Receipts Tax and Utility Realty Tax contribute to higher Utility bills while allowing the state to reap windfall benefits from the public's plight; and

WHEREAS, The Gross Receipts Tax taxes not only basic utility costs but also the fuel adjustment charge, thereby further increasing the consumer's monthly utility bill; and

WHEREAS, twenty percent of the revenue collected by the state from the Gross Receipts Tax comes from taxes on the fuel adjustment charge, which is passed on entirely to the consumer; and

WHEREAS, the Utility Realty Tax also overtaxes Pennsylvania consumers by providing a \$23 million windfall for the state; and

WHEREAS, no tax should capitalize on a public crisis, such as the current energy crisis, or further aggravate that crisis.

NOW, THEREFORE BE IT RESOLVED that the Council of the City of Pittsburgh hereby urges the House and Senate of the State of Pennsylvania to adopt Senate Bills 1507 and 1508 to remove fuel adjustment charges from the Gross Receipts Tax, freeze Utility Gross Receipt Tax collections at current levels, and end Utility Realty Tax overcharges.

BE IT FURTHER RESOLVED that copies of this resolution be sent to the Speaker of the Pennsylvania House of Representatives, the House Majority and

Minority Leaders, the President Pro tem of the Senate, Senate Majority and Minority Leaders and Members of the Pennsylvania General Assembly from the City of Pittsburgh.

Which was read.

Mr. DePasquale moved

The adoption of the resolution.

Which motion prevailed.

Mr. Caliguiri:

This resolution is regarding two bills in the Senate at the present time. I am sure you all pay electric and heating bills and you have noticed there is an extra tax put on. This bill would eliminate at least that one tax.

Mr. DePasquale:

Are we talking about tax and not fuel adjustment, itself?

Mr. Caliguiri:

That's correct. The other is being taken up by PUC at the present time. The way it is now, it is a sort of double-dip tax.

Mr. DePasquale:

And the charge is to the customer?

Mr. Caliguiri:

The tax is put on to the utility company and the utility company passes it directly to the consumer. Those bills now pending in the Senate would eliminate the tax on fuel adjustment and also the over tax of real estate on utility companies.

Mr. DePasquale:

This charge has been on for a great number of years. Why, all of a sudden have they decided to pass it to the consumer? If I know

the PUC, they won't throw it out. That's almost 50 per cent of your bill.

Mr. Caliguiri:

Yes, it is a large portion of your utility bill.

Mr. DePasquale:

Persons on fixed incomes, it could drive them right down to the ground.

Mr. Givens:

There are two points I would like to bring up and mention. One, I think we all received our actuarial studies on Fire, Police and Municipal Pensions. It is noted in our Resolution No. 351 as amended that said studies would be completed and forwarded to Council of the City of Pittsburgh by September 1, 1976. In talking to the actuarial study people, Johnson and Higgins, they indicated they could get the Municipal one by September first and I think either the Fire or Police by September 15th and the other by the 30th of September. I think we needed these in order to study the issues.

Continuing, I find, within this Council's right here, that I read about something in the newspapers that, in fact, we should have received weeks ago so that we could have done proper studies on the particular issues. The report coming out in yesterday's newspaper saying the Mayor has made certain recommendations and here, their local Council sits, not knowing the actuarial report had gone out. I had made phone calls previously asking for them and never received them, and I think this is somewhat unfair to Council, that we do not have the proper time to look over various documents presented us until after the fact.

Within the actuarial reports, I was glad to see the Administration was moving forward in one direction. However, I remind Council, and yourself, Dick (Mr. Caliguiri), in regard to what to do in particular studies, the Mayor addresses himself to municipal employees, 1975 onward. I might mention there are only 151 employees in the City of

Pittsburgh to this date. There is no address to other municipal employees we have.

Again, one is going to have to look through these and come up with some recommendations and studies on them. I know you had mentioned about \$1 million per year should go in this, and I think you were talking about across-the-board?

Mr. Caliguiri:

That's right; all the employees.

Mr. Givens:

With something of this magnitude, I think this has to be done. Actually, contributions due from the City of Pittsburgh for the first year is only \$50,000, if I am reading this correctly and municipal employees before 1975 some \$9 million outstanding; fire \$7 million; police \$8 million. I don't think we can tackle the whole thing at one time but the County had a nice program after the Depression, around 1936 or 1938. They initiated, on all pension plans, one per cent, escalating to 2 per cent, and to 3 per cent. I think they went up to 4 per cent. Right now, somewhere around \$80 some million has accumulated in their pension fund.

Again, I mention this. This is something we have to do and I think, with more consideration than what the Mayor has presented to this Council, his letter dated October 8th, which was Friday, Subject: Actuarial Report.

Mr. Caliguiri:

Thank you, Dick (Mr. Givens) Is there any other discussion?

Mr. Givens:

That was my one comment. The second comment is to the City Clerk. If we could have Mr. Cannon present for Thursday's Standing Committees meeting, I would appreciate it.

Mr. Caliguiri:

That meeting is at 10 o'clock on Thursday?

Mr. Perry:

Yes, 10 o'clock A.M.

Mr. DePasquale:

Aren't you doing actuarial studies, yourself?

Mr. Caliguiri:

Yes, but Johnson and Higgins should continue on with their study and an independent one should continue, also.

Mr. Coyne:

I would like the City Clerk to ask the Director, or someone from the Water Department, on Thursday, to come up and explain where the funding or additional monies to Western Pennsylvania Water Company is coming from. The City is going to have to

come up with a subsidy to Western Pennsylvania Water Company. They have been granted a rate increase and the City is going to be liable for back payments to the Western Pennsylvania Water Company.

Mr. Caliguiri:

Someone will be here.

Mr. Lally moved

That Mr. Lucchino, Mr. Mason and Mr. Stone be excused for absence from this meeting.

Which motion prevailed.

Mr. DePasquale moved

That the Minutes of Council of Monday, September 27, 1976 and Monday, October 4, 1976, be approved.

Which motion prevailed.

And on motion of Mr. Lally,

Council adjourned.

Code Account No. 1449, Supplies \$25,000
Code Account No. 1452,
Equipment & Machinery 5,000"

Which was read.

Mr. Givens:

Mr. President, since I have been here, many of the bills have gone through Council, especially those that deal with salaries and wages going into other accounts.

Over the past weekend the Mayor has indicated that there is going to be a \$1 million surplus. As I foresee it right now, there is a curtailing on all expenditures, supplies, material and equipment, etc., and even to a point of freezing the hiring. Even though

City Council has approved the Budget, the Mayor has not seen fit to bring onto the City, mentioning some 5300 employees within the City of Pittsburgh. Presently, I think there are 4600 employees working for the City of Pittsburgh and around 700 that were not being paid.

If you look into the Salaries' Account, you will see that it is over the \$4 million figure. Now, getting into the Controller's Office, they print out sheets each month and the Controller states the figure of \$2,861,880.00 for the year 1976. The Mayor had estimated that the revenues had generated around \$100 million, and a difference of \$300,000. If you look in the right-hand column, the percentage of the 1976 revenues received and estimated come out to 73.73 at the end of the third quarter and just about 1.7 percent below that should have been going out.

In looking over the records in the past, we find that last year and the years previous, it would be somewhere around 79 percent. At this stage, it shows a difference of about 6 percent.

I ask myself this question in reading this. If there is a curtailing on all expenditures, supplies, material and equipment, etc., where is it all coming from? Several months ago there was a transfer of monies from the Salaries and Wages Account over to the Supplies Account. Now, how can something go out when we didn't budget it in the 1976 Budget? I ask this Council where do we go from here? We are transferring monies and I think what we are doing financially is incorrect.

The Mayor has also indicated that there is going to be a six to seven million dollar deficit probably in next year's budget. So I wonder about his wisdom, but I am grateful that he has looked upon the total budget and seen fit not to do any more transferring. Today we have some bills in front of us for transfer of funds. I don't know whether or not to hold them or pass them today, and I would like to know if any of the Council members have an input into this.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne	Mrs. Masloff
Mr. De Pasquale	Mr. Stone
Mr. Lally	Mr. Caliguiri
Mr. Lucchino	(Pres't pro tem)

Ayes 7 Noes one
(Mr. Givens voting "No")

Which motion prevailed.

MOTIONS AND RESOLUTIONS

Mr. Stone:

I have a question. What success are we

having with getting Governor Shapp and Mr. Sherlock here?

Mr. DePasquale:

That is what I wanted to speak about.

Mr. Perry:

I can't get through to any office—I can't even get a response from the secretary.

Mr. Stone:

You mean to tell me that no one will give you the courtesy of a return answer?

Mr. Perry:

No.

Mr. Stone:

Mr. Chairman, I would suggest that you personally make the call. Maybe we ought to put an ad in the paper that the Governor doesn't want to meet with the City! This is ridiculous. Mr. DePasquale is supporting this cause and everytime someone new comes into this, it is just upsetting the balance. They ought to stay with the old personnel instead of switching to other committees which they are now doing. How much abuse can this valley take?! We should settle for nothing less than the Governor and Mr. Sherlock. No more independent groups—we have enough of them already. I think we ought to stay with what we have.

Mr. DePasquale:

Mr. Chairman, I would like to speak on this subject also. This is in regards to the Governor. He hasn't responded as yet and it has been three weeks already. Apparently, the Governor doesn't think it is an important issue and doesn't feel that he should come in. Lately he's been too busy granting the useless PUC a \$16,000 a year increase, and he has been legislating rights for homosexuals. The PUC so far has done nothing, and the homosexuals are the most degrading group of people. Perhaps they are more important than East Street!

I would also like to make an an-

nouncement that there is going to be a walking tour of the Valley on October 21, 1976, at 10 a.m. It will start at St. Boniface's, so I would appreciate it if you would come. All of the Council members have received letters and know that most of them are going to be there. It would be a great help to the people out there. It seems that the Council members are the only ones to "carry the ball" down there.

Mr. Stone:

I would like to state again that there should be no more independent groups. I can't over-emphasize that enough. Everytime someone new comes in, it is delayed for some reason or another. I think these people have had enough of it.

I don't subscribe to stopping the highway—I say complete it. On the other hand we ought to do what we can as this Council and that is to be prepared to back them 100 percent.

The Chair:

Any discussion?

Mr. Givens:

Mr. President, we are getting close to the budget hearings, and I have looked at the Controller's report and am starting to realize that some action hasn't been taken in relation to "Line 28—Model Cities' Reim-

bursements." There is \$213,000 outstanding and has never been collected. I am also questioning "Line 30—\$931,000 to LEEA." I know that the Superintendent has put in quite a bit of legislation here to try and get some grants from the Federal Government. So far within this ten-month period we have not received even \$1.00, and I would like for Superintendent Coll or anyone else from the administration, the Treasurer or whoever is working on the program, to come in this coming Wednesday and explain to us what action is being taken and how much of these funds will we figure on receiving this particular calendar year.

The Chair:

Mr. Rush, check on both items and find out what the status is of both of them.

Mr. Stone moved

That Mr. Mason be excused for absence from this meeting.

Which motion prevailed.

Mr. Stone moved

That the Minutes of Council of Tuesday, October 12, 1976, be approved.

Which motion prevailed.

And on a motion of Mr. Stone,

Council adjourned.
